PARISH AND CITY NEWS.

LOCAL CLEANINGS.

River is rising at a rapid rate. Some of the sidewalks need repairing. Some men are like brooks - always murmuring.

Mr. Lemee has charge of Editorial columns during our visit to New Orleans. A. E. Lemee is authorized to receive and receipt for the Vindicator during the absence of the Editor.

Get the WHITE sewing machine. Mr. L. Caspari has received a fine stock of ready made goods in the latest style.

Tax collector Holmes gives notice in this issue that he is ready to collect and receipt for licenses and taxes. Take warning. The WHITE sewing machine is the best.

Joe Emanuel, an aristocratic copper-colored individual donated \$2.50 to the city treasury for ponding a nappy-headed "pig" in front of the colored Methodist church.

A certain individual remarked the other day to a crowd who were solving a problem, that "no one could show him anything about mathematics, if he did run a mill-saw."

Chew Jackson's Best Sweet Navy Tobacco. Nov. 30-ly. Jacob Levy is still in the land of the living and handling estates on Front street.

Harris Jaffa's genial countenance can be seen every day at his store on Front street. The WHITE sewing machine is the cheapest.

It is rumored about town that our young men intend organizing a Home Minstrel company. We hope they will. Herman Leichtenstein fearing quarantine laws has received a large supply of goods, etc., for the summer.

The WHITE sewing machine has more capacity and power than any other family machine made. For sale by H. A. Walmesley. The painter's brush has been applied to the Methodist church building, and work is progressing rapidly.

The WHITE Sewing Machine is the simplest and best constructed made. For sale by H. A. Walmesley. Kahn, who is known as the Beer King of the town is still holding forth on Second street dispensing the cool beverage at five cents per glass.

Those hot brims introduced by our popular merchant, Mr. L. Caspari, is all the go with the average swell. Theodore Schuman, the champion mockingbird whistler of the season, can be seen every day entertaining his customers at his emporium on Front street. He's a jolly fellow, if he don't catch a fish.

Those of our young men about town say that the word "lots" is a good English word. No doubt they have a vocabulary of their own, and what they say must be so. How's a chance for you boys. Frank A. Conlin, of Pennsylvania, challenges any man through the N. Y. Sun that he can out move snakes, especially rattlers, than any other man in the country, and says that he comes from a snake family, and that his money, snakes and himself will be ready at any time. Where are you, Tom!

There is a young man in town, who is always taking up to attack the character of some of the "boys" in one way or the other; there is one in particular, who he wants us to brand as a liar. We don't think that the name of liar could be truthfully borne by him. But the "young man" could be more appropriately branded with that name than any one else in town. And we say that "young man" to "wipe off his chin" when he reads this, and then "give us a rest."

The Weather.

This week has been a favorable one to our farmers, especially to those who had been unable to break their land on account of dry weather, and hardness of the surface. Sunday we had a slight shower, Monday brought us a good heavy rain, making farmers feel jubilant, and garden truck put on a new dress. Tuesday we had the heaviest rain of the season, accompanied with a severe hail storm doing much damage to fences and trees.

Sweet to the Ear.

There are some who are not forgetful of those sweet, enchanting strains, which floating upon the midnight air, awake fair sleepers from most pleasant dreams. This reporter accidentally dropped in on "Tanzin's String Band" last Saturday night, and found the members gathered about a table whereon was a waiter covered with a white napkin, bearing upon its survey surface, two beautiful frosted cakes, surrounded with artistically arranged white and red roses. Expressions of admiration were numerous, and when those cakes were cut, the "boys" eyes fairly danced with pleasure, while their palates were being tickled with the delicious sweetness of this elegant token of remembrance and encouragement. The Band feels grateful to know that at least one young lady encourages their efforts. The fair donor was Miss H. Georgia Barlow, and the Band passed truly elegant resolutions of thanks for this truly elegant gift. The incident, being a rare one, is worthy of mention by this local reporter.

Shot by a Wild Hog.

A farmer in Ward 8 whose name we fail to learn met with a severe accident this week, while hunting hogs. His dog boyed a wild hog within the roots of a fallen tree, the aforesaid farmer got on the tree to punch the hog with the butt end of his rifle to make it get out, and while so doing the hog snatched the gun, causing it to fire, and empty its load into the farmer's side. Our informant says that the wound is not serious, but thinks this is the only case on record where a hog is known to have shot a man. We think so, too.

Easter Sports.

Easter sports are not so popular now, as they were when we were a boy, we remember when it was impossible for any one to pass down St. Denis or Second on account of the large crowds that congregated on those streets testing the strength of colored eggs, pitching quoits, wrestling, etc. Last Sunday, we do not think that there could have been over fifty persons who indulged in breaking eggs, and as for the other sports they are lost.

There is a settlement in this parish, about eighteen miles from the city, known as "Spanish Town," whose settlers in the old days were Spaniards and Mexicans, they kept up the Easter sports until the war. They had a society who styled themselves as the "Wolf Repellers." The members all wore masks, and dressed in gaudy costumes. Any member of the church who failed to attend mass regularly was booked by the secretary of this society and on Easter Sunday they would administer to that stray member of the flock a sound thrashing. Spaniards and Mexicans were known to travel a hundred miles to attend the festivities of Easter at this place. The men formed a procession and paraded around the church, in the meantime the women would hurdle together, knowing that the men would break ranks and attack them for a kiss, which they claimed the right to, and in case of refusal the lady had to pay a fine, Ugly maids and widows stood a poor show for a kiss, and in consequence of which a big "row" would take place between the feminine sex, creating lots of merriment for the visiting sports.

Tents were numerous around the church, eating shops, dance houses, and gambling carried on to a great extent. Messrs. Fred Hubley and Sam Parson, who are yet living and residents of this city, dealt for a number of years, at this place, the Mexican's favorite game known as "Monte." It is a well known fact that the Mexican get so infatuated while betting at this game that he will stake everything he has on it. All of these Easter sports also have lost their popularity out in that settlement.

Parish Court.

In these piping times of extreme inertness and dullness, it is seldom that anything like activity and bustle is discernible, either on the streets or about the departments of justice.

Last Thursday, however, was an exceptional day. About the Court House quite a crowd gathered in the morning. It was occasioned by the preliminary examination of two white citizens accused of the larceny of a hog. Without comment as to the evidence, or giving names, it is only necessary to state that, after due examination before his Honor, J. M. B. Tucker, Parish Judge, the accused were required to give bond in the sum of \$100 each for their appearance before the District Court next June.

Seldom Met With.

The Clerk of the Court issued licenses to two couples this week, which furnish an item worthy of mention. In one case the couple were aged respectively 85 and 80 years, and in the other 75 and 73 years.

Supper.

The Catholic Ladies' Aid Society will give a grand supper at Lacoste Hall next Wednesday night. Don't fail to go there and get on the outside of a good square meal.

Special Notice.

The Tax and License payers of this parish are hereby respectfully notified, that I am now prepared to collect State and Parish taxes of 1878, and all delinquent Taxes, also Licenses for 1879.

WILLIS HOLMES, Tax Collector, Parish of Natchitoches, March 22 - 1879.

Base Ball.

Last Sunday was the day appointed for ball to-ing between the "Allwrights" and "Acemes," and in a business point of view of course the sporting fraternity were anxious to see a good clear and bright day, but their hopes were blasted; as the men were making their way to the grounds large black clouds could be seen gathering with signs of a heavy shower, but as the boys were intent on deciding the first game of the series for the championship, they cared naught for the clouds.

At 3:30 o'clock game was called with "Acemes" to the bat and the "Allwrights" to gambol on the green. "Acemes." - Leonote who is well known for his avoidipussy weight gathered the stick and belted the leather making first base, followed by Janin, Raggio and Greneaux. Schuman went out on a "fly" caught by C. Ware. Sers was allowed also to take a rest. Lattier sent a grounder into short stop and made his first by a scratch. Kile drops one inside of the diamond ring and made first Tucker picked up the bat and went out on a foul and the "Acemes" retired with five runs.

"Allwrights." - Tazuin grasped the willow and sent a hot scraper into third base, making his first. Noonan walked up with a smile and went out on a foul Sprawl sent a daisy cutter into the field, giving him two bases, and Tazuin was heard to say, as he placed his mud perambulator on the home plate, "Tally, one, Mr. Scorer." Briggs gathered the willow and put a dropper between the home plate and pitcher, which gave him two bases. C. Ware made 1st. Kile took second on call balls. H. Ware picked up the bat and "resolved to die" or bring the boys in, he sent a fly into left-field, which was gracefully handled by Kile making a double play. Greneaux stepped in and stepped out quickly on a foul. Scores - 3.

"Acemes." - Leonote snatched the bat to belt the ball but was allowed by the catcher to take a seat on the grass, that he might take a dose of anti-fat. Janin sent a sky-wallow into 2d which was muffed by Briggs. Raggio and Greneaux made 1st and 2d. Schuman handled the willow with such force that he brought them all in. Sers picked up the bat but was told by the umpire to take a rest on the grass. Lattier sent a fly into field and made his 1st. Kile went out on a grounder. Scores - 5.

"Allwrights." - Gabin made 1st. Tazuin sent a fly into third which was muffed by Schuman. Noonan sent a fly into left-field, and was taken by Kile. Sprawl made 2d. Briggs knocked a fly into 3d and was muffed by Schuman. H. Ware brought Sprawl in, and he took 1st. Kile sent a ground whizzer by 1st, which Raggio was unable to stop. C. Ware sent a ground cutter to 3d which put Kile and side out. Scores 2.

As the "Acemes" came in the rain commenced to pour down, and the game was postponed. The following is the score for the two innings: "Acemes, 10; "Allwrights, 5. Umpire, A. Ducourant. Scorer, W. H. Tannard.

Personal Mention.

Col. Bachemin, of New Orleans, is in the city representing the firm of Messrs. Schmidt & Ziegler, whom we commend to our business men as fair and upright dealers. Col. Bachemin, it will be remembered, took an active part in the interest of our boys in their trial before the U. S. Courts, and we hope our merchants will extend to the gallant Colonel a liberal patronage.

Judge Pierson after holding a two week's session of the District Court at Mansfield, returned home last Wednesday, to recuperate and chaw old law books for the June term in this parish.

Laundry Charleville, of Cloutierville, paid as a flying visit this week, and talked in the interest of building a short line air railroad between this city and Cloutierville, for better mail facilities.

Col. Sam M. Hyams, one of Ward 4's prominent young men, was in town this week, and presented as with a carotte of perique tobacco for which he has the thanks of a penitential editor.

THE MEXICAN WAR.

Meeting of the Old Veterans Last Saturday - Election of Officers - They Form a Permanent Association.

In pursuance of a call published in the Vindicator, the old veterans of the Mexican war met at the court-house last Saturday, April 12th, to arrange some plan to secure their pensions.

Mr. William P. Morrow in calling the meeting to order, said: "Comrades, I greet you, not as I would like to, because I see before me, but very, very few of the 160 men who went into the Mexican war from this parish, and I regret to say that our ranks have been sadly thinned." Lt. E. Valery Deblieux being the only surviving officer from this parish, was chosen president of the meeting. The president in a few well-timed remarks thanked his comrades for the honor conferred upon him, explained the object of the meeting, and recited several interesting war stories. At the conclusion of his remarks, he was warmly congratulated by his fellow members. Mr. M. C. Broset was chosen as secretary, and Mr. Wm. P. Morrow as corresponding secretary.

The president presented his commission as a commissioned officer in the volunteer service of the United States Army. The commission is printed on parchment, it is as clear and neat to-day as when first issued. The following is a copy of the commission:

UNITED STATES OF AMERICA, State of Louisiana. By ISAAC JOHNSON, Governor of the State of Louisiana and Commander in Chief of the militia thereof. In the name and by the authority of the State of Louisiana.

KNOW YE, That E. VALERY DEBLIEUX having been duly and legally elected 2d Lieutenant of the 2d company of the regiment of National Guards, raised by Colonel B. Peyson by order of the Major General E. P. Gaines of the United States Army of the militia of Louisiana, to serve for five years from the eighteenth day of May, 1866, I do hereby appoint and commission him 2d Lieutenant to take rank as such from the eighteenth day of May, 1866. He is, therefore, carefully and diligently to discharge the duties of his office by doing and performing all manner of things thereto belonging. And I do strictly charge and require all officers, non-commissioned officers and privates, under his command, to be obedient to his orders as 2d Lieutenant and he is to observe and follow such orders and directions, from time to time, as he shall receive from me, or the future Governor of the State of Louisiana, or other superior officers, according to the rules and articles of war and in conformity to law.

In testimony whereof, I have caused these letters to be made patent, and the seal of the State to be hereunto annexed. Given under my hand, at the City of New Orleans, on the twenty-fourth day of May, in the year of our Lord one thousand eight hundred and forty-six and in the year of Independence of the United States of America, the Seventieth.

By the Governor. ISAAC JOHNSON, Secretary of State. It is moved that President Deblieux's commission be spread on the minutes, and he be president of this association for life, was unanimously carried. Mr. Scarborough said, "This day has been one of the most pleasant event of my life, meeting comrades with whom I have been separated for many a long year, it awells my bosom with emotion to think of those pleasant recollections, but and few of us remain to "chat" about our youthful days, and I think Mr. President, it would be wise to make this meeting a permanent association, for the purpose of cultivating fraternal relations, and, therefore, I will move that this meeting be called the Veterans' Association and meet twice a year and that the president call a meeting of the veterans at an early day to make this association a permanent one, and that the secretary give due notice of meeting in the VINDICATOR," was carried.

The President instructed members to inquire for heirs entitled to claims and give postoffice address.

Five Regiment Louisiana Volunteers. 2d Lieut. E. Valery Deblieux, Natchitoches, La. Samuel Parson, Natchitoches, La. Wm. P. Morrow, " " E. J. Cockfield, " " Theodore Hertzog, " " John J. A. Honorably discharged at St. Augustine, Florida. Natchitoches, La. Missouri Volunteers. Patrick McCann, mustered in St. Louis under Capt. Hale, 14th Regiment U. S. Infantry. Discharged in New Orleans in 1848. Claims pension only. Natchitoches, La. Texas Volunteer. Henry Biggs, Natchitoches, La.

The minutes were read and approved and ordered printed in the VINDICATOR, and meeting adjourned subject to call. We suggest to the members of the association that at their next meeting they should themselves the "Veterans and Old Folks Association." This would increase the number of members, and then they

could have a Mexican Veterans and Old Folks concert, ball, picnic or barbecue charge admission fee, and devote the proceeds for member who are in destitute circumstances. We know that the young people of our parish will encourage this move, and let us have by all means an "old folks" picnic in May.

Kahn's Parade Ox.

Ever since we can remember, it has been the custom in this place for the butchers to have a parade on Saturday, before Easter Sunday, with five and drum, and a fatted beef. A large beef is selected for the occasion, stabled and fed on corn for four or five weeks prior to Easter Sunday. Mr. Kahn, our popular butcher, and his trimmers, turned out last Saturday morning with five and drum, and a mounted herder leading a fine large black beef, handsomely rigged up with evergreens and bouquets. The beef looked as gentle as a lamb. The procession marched down Second street from the slaughter-house, thence up Front to the slaughter-house, there to be killed and dressed for the public. We got a hump of that beef for our Easter dinner, and our mind don't call to memory of ever tasting a more delicious or sweeter piece of the bovine flesh in all our days.

Justice Court.

The cranks of the Justice court went to work this week on three descendants of Ham, namely, Charles Brown, Henry Presley and Joe Abbe, charged with assaulting old man Lewis Hall, colored. From the testimony introduced before Squire Tucker's Court, these boys are working on Mr. Raggio's plantation, they came to town last Saturday and managed to get a good deal of pine-top whisky aboard. On their way back home, they met old Lewis, abused him and knocked his knowledge box and mouth-piece into a bad shape, not satisfied with this, they threatened to hang the old fellow and stretch his hide out to dry according to Chinese laws. Parties interfered, and old Lewis saved his hide and neck. The Squire bound the aforesaid assaulters in the sum of \$50 to appear before the District Court.

Scenes at the City Hall.

The City Hall has at last been supplied with everything necessary for the dignitaries, such as chairs and tables. Aldermen will not be liable of being "sandwiched" on a chair, as they have been on the "old bench" that has been disposed of, and we hope for the benefit of the public, that the aldermen will not forget themselves and cock their feet on the table when making a motion.

City Tax Collector Russell, reported that he had interviewed the butcher in regard to their license receipts, and that they were in arrears to the city government. Alderman Genius seeing that some of the aldermen had symptoms of being choked on beefsteak currency, to save their lives, moved that the Council go into a Committee of the Whole, to adopt the City Ordinance, this was carried by a fainting y-e-a, and nod of the head. The Council then resolved itself into a Committee of the Whole with open doors, and everything seemed to work smoothly with the aldermen until the dog and goat ordinance was tackled. After a lengthy and animated discussion on dogs running at large, it was resolved, that the canine race was solely without origin and ancestry, and that the sooner got rid of, the better. Some proposed to "scoop 'em in," or give them "poison," while others advocating "deadly weapons," but none proposed that they should be choked with butter. Hogs and goats, were declared to be non-residents of the city, and the City Marshal was instructed to notify these belligerents on flower gardens, to take their immediate emigration, and if possible, they might negotiate terms with Brother Blunt's emissaries for a half rate ticket to the promised land of Kansas, where they can enjoy all the privileges and emicacies of life, like all the colored citizens who take up their line of march for that country where greenbacks and gold is supposed to grow on trees.

CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure for consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive, and desiring to relieve human suffering, I will send, free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French, or English. Sent by mail addressing with stamp, naming this paper, W. W. SHERAR, 149 Powers' Block, Rochester, New York. April 5.

Johnson's Anodyne Liniment is, without doubt, the safest, surest, and best remedy that has ever been invented for internal and external use. It is applicable to a great variety of complaints, and is equally beneficial for man or beast. Fined out about it and thank us for the advice.

No man in his senses should buy worthless horse and cattle power, simply because it is put up in large packages, Sheridan's Cavalry Condition Powders are put up in small packages, but are absolutely pure and are immensely valuable.
