Job and Brief Printing.

We have made the most ample preparations for the execution of plain and ornamental job printing, blank and other book work. Our type is entirely new, from the celebrated foundry in the opening of our paper stock, purchased from that enterprising stationer and blank book manufacturer, Mr. J. [illegible], at Camp street, New Orleans, and embraces everything essential for the execution of cards, bill heads, letter heads, envelopes, ball invitations and visiting cards, in the neatest style at New Orleans prices. Pamphlet and other book work will be executed with promptitude. We invite an inspection and trial of our new materials.
