

THE FAIRS OUTLOOK.

MAIN FEATURES OF THE EXHIBITION WEDNESDAY, THURSDAY AND FRIDAY.

Prospect of a Fine Attendance, and an Unusually Good Show Promised the People.

The city is beginning to put on its holiday dress, and by Tuesday evening will look its prettiest to welcome the vast crowd of visitors who will be here this week.

Our country cousins. Farmers, taking advantage of the opportunities only offered once a year, come from all parts of our own and other States to exhibit their own wares and note improvements which have been made in everything pertaining to agriculture and stock-raising.

The Fair this year, the officers assure the public, will be the most previous one in variety, quantity, and quality of the exhibits. The officers, with commendable zeal and perseverance, have left no stone unturned to make this Fair a memorable one.

The exhibition in itself is more than usually attractive, but the number and variety of special attractions is more complete than ever before.

The wedding is probably the most interesting event of the first day, and if one may judge by the amount of care and liberal expenditure made in preparing for the ceremony, it will assuredly prove a pleasing and novel feature.

At 11 o'clock on Wednesday the bicycle races begin. There will be about thirty contestants, and great sport is expected.

Miss Myrtle Peck and other ladies will give riding and driving races. After the Peck combination, and beginning at 2 o'clock, there will be trotting and running races, which promise to be very fine.

The afternoon there will be a dress parade by the soldiers camped on the grounds.

The following are the main features of Thursday's programme: Parade of premium stock in front of grand stand; Peck Combination; races, and lunch to soldiers taking part in the corner-stone laying, given by the society.

Peck Combination; races at 2 o'clock, and competitive drill. A new building has been erected for the exhibition of horticultural products.

The ladies are offered a rare treat in the beautiful display of fancy-work. Several entries in this department came from Missouri and other western States.

The books are now closed, and no more entries can be made; and a visit to the society's office would find the clerks busy getting the books ready for the judges Wednesday.

We have usually had good weather during fair week, and if so favored this year next week will undoubtedly be a historic one.

The "free-for-all" race is not limited to Virginia and North Carolina racers, as will be seen by the following official notice:

OFFICE OF THE VIRGINIA STATE AGRICULTURAL SOCIETY. RICHMOND, VA., October 23, 1887.

TROTTING RACE—\$500 PREMIUM.—The Society having reason to believe that the race advertised for the 23d Oct. will not be filled, and desiring to give the public the best race possible, have decided to make a substitute as follows:

THURSDAY RACES—FREE FOR ALL.—Premium \$500. Mile-heat—three in five-four to enter, three to start. First horse, \$250; second horse, \$125; third horse, \$62.50.

Amusements This Week. The Temple Opera Company will play at the Theatre every night and will give two matinees—Wednesday and Saturday.

The United States Marine Band, of Washington, (John Philip Sousa conductor), will give a concert at the Regimental Armory Thursday night for the benefit of the First Virginia Regiment.

Rev. S. S. Lambeth, of Broad-Street Methodist church, will lecture at Leigh-Street Baptist church to-morrow night on "The Art of Courtship."

The Perpetrator His Memory. The members and employees of the cast-iron department of the Tredegar Iron-Works held a meeting at noon yesterday and agreed to receive voluntary contributions from the men for a fund to purchase a monument for their late assistant foreman, Charles E. Murray.

Dr. Shields's Reception. The students of the Medical College of Virginia were entertained at a reception last night by Dr. and Mrs. Charles M. Shields, who, it will be remembered, gave such an enjoyable entertainment to the members of the Medical Society of Virginia on Friday evening.

Seventeenth street. Officers for the first

are: President, M. T. Page; Vice-President, Anthony Antolotti; Secretary and Treasurer, J. H. Signato; Directors: M. T. Page, Anthony Antolotti, J. H. Signato, Thomas Duke, and James Kauf.

Persons and Briefs. Miss Lillian Hicks, of west Marshall street, has returned to the city.

Mr. B. Munford qualified to practice in the Circuit Court yesterday.

Miss Mary Belle Miller, of 1514 west Cary street, has just returned from the North.

Rev. Dr. W. Landrum will preach at the Soldiers' Home at 4 o'clock this afternoon.

Miss Lucy Cunningham, of Fredericksburg, Va., is the guest of Miss Sue Starke, of north Fifth street.

Miss Hartley Graham will be at Mrs. Lewis H. Blair's, 511 east Grace street, on Monday, to remain several weeks.

The dummy on the Reservoir extension of the city railway has been repaired and will be on the line today.

Mr. John W. Patterson and son, of Washington, after a pleasant visit of two weeks to her parents, returned home Friday.

Mrs. Lucy A. Faulkner and Miss Tilla Boyd, of Boydton, will spend Fair week with Mrs. Lewis H. Blair, 511 east Grace street.

The Governor yesterday accepted the resignation of Judge J. W. Smith, of the District Court of Staunton, to take effect October 31st.

The interesting revival services which have been held for six weeks in the Gospel tent on Stecker's Hill will close today. Services at 3 and 7:30 P. M. All are cordially invited.

Captain John M. Brooks, late of the Confederate navy; Miss Eoff, and Miss Letcher, daughter of the late ex-Governor John Letcher, are the guests of Colonel John B. Farrell, No. 914 east Clay street.

The Junior German Club gave their first entertainment of the season at Sanger Hall Friday night. Twenty couples were present. The german was led by Messrs. L. E. Williams and W. B. Saunders.

Very early yesterday morning the horse attached to McGowan's newspaper-delivery wagon ran off on Belvidere street. Mr. McGowan was thrown and received a bad cut over the left eye. At Belvidere and Spring streets a colored man who attempted to stop the beast in its wild career was knocked down, but luckily escaped without serious injury.

Street-cleaning and Ash-Barrels. Citizens are requested by Dr. Stratton not to put out their ash-barrels on the street, as the Board of Health will be using the teams and hands not only during the day, but also at night, in getting the city in order for the Fair.

Good the heavy steam-roller is used for the purpose of leveling the streets. A good deal of rough walking for the people in the procession, as in many places the road-bed has recently been repaired by spreading crushed rock.

There is also on this street and on some other streets a general accumulation of material needlessly encumbering the way.

Give the procession a clean and clear road.

Knights Templars. No. 2, Knights Templars, will parade next Thursday on horseback as escort to the Grand Lodge of Masons on the occasion of the laying of the corner-stone of the Lee monument. The commandery will turn out with full ranks, and will no doubt make a very handsome appearance.

St. Andrew Commandery will likewise parade. The Knights could probably turn out forty or fifty more men than are now listed, but for the difficulty of getting horses and trappings.

Horses are in great demand for the 27th. They command very high prices.

A New George. R. Hovey, son of Rev. Dr. Hovey, of New York, theological Institution, arrived in Richmond yesterday. He comes to fill a vacancy on the staff of professors in the Richmond Theological Seminary occasioned by the retirement of Professor Hines, who has just returned from a tour of study in Europe.

Professor Hovey is a graduate of Brown University, and also of Newton, and has taught in the Hebrew summer schools of the celebrated Professor Harper.

The following is the programme for to-morrow evening:
