tion of Ford, whose injuries were then considered very serious. He grew weaker, and died yesterday at No. 120 St. Peter street.

The charge of murder was preferred against the boy who was engaged in the battle, and they will be before the Police Court to-day, though the examination will probably be postponed until after the result of the Coroner's inquest is known.

To Play Again. The Young Men's Christian Association Easter Lilies and the Army boys will meet again next Monday, when another exciting game of basket ball will be played. At the request of the soldier boys Professor Schacter will referee the game, and it is quite certain that no "kick" will be made over any of his decisions, as he knows every point, and, in fact, it is through his efforts that basket-ball has become so popular.

Complaint as to the Canal. Persons occupying offices near the canal, from which the water has been turned off for several days, complain that very offensive odors arise from the mud when exposed to the air. A gentleman who has suffered from this cause told a Dispatch man last night that he was satisfied that this was greatly injurious to health. He said that the water should not be kept out of the canal for so long at a time.

The Eagles Elect Officers. Last evening a well-attended gathering of the Knights of the Golden Eagle was held at Schacter Hall, and after the election of officers they adjourned to the usual supper. Enthusiastic reports were read from the grand officers of the castle. The installation of officers will occur this month, and the revival of interest indicates a large attendance.

A Grand Success. The moonlight excursion given last night by Liberty Bell Council, No. 4, Daughters of Liberty, was a grand success in every respect. Over 100 people went down the river with them, and the elegant steamer Pocahontas. The weather was the best, and everybody seemed to be pleased with the trip.

The exercises will be held at the school, and the public is invited to attend.

Mr. Meyer Retires. The firm of Julius Meyer & Sons must sell their entire stock at once. The fact that Mr. Julius Meyer had expressed his desire to retire from the old-established firm, corner Sixth and Broad streets, has been known for some time. The people of Richmond, a reporter called to see Mr. A. H. Meyer last evening to glean some information, but the latter was too busy marking goods to talk. The reporter consequently learned a thing or two about the dry-goods business.

Eats Silver Regularly. A Negro Who Considers Himself Possessed of Reptiles. Charles Braxton (colored), for twenty years a freight-hand of the Chesapeake and Ohio road, may be called a silver-maniac. At least, he has shown quite a preference for the white metal, and his reasons for so doing are probably as sound as many of those advanced by sidewalk politicians when they get into an argument on the money question.

THOMAS BRACKETT REED.

Mr. Reed for President formed the topic of Mr. Seawell's speech. His reference to Reed raised a storm of enthusiasm. The platform opens with a protection plank. It then says: "We are opposed to the free and untrammelled coinage of silver, except by international agreement, and until such agreement can be obtained, we believe that the present gold standard should be maintained."
