

THE TRIAL OF GUNDY

HE WILL ANSWER FOR THE MURDER OF POLICEMAN AUSTIN.

CASE TO COME UP NEXT WEEK.

Officer Foster Has Worked Up a Strong Case Against Him, and It is Thought That a Conviction Will Be Had.

Albert Gundy, alias Coleman, the negro now held in the city jail on the charge of murdering Policeman Robert Austin on the 11th of April, 1898, will be placed on trial in the Hustings Court next Monday. He will be defended by George E. Wise, and prosecuted by Commonwealth's Attorney D. C. Richardson, assisted by Hon. George D. Wise.

The case is one fraught with more than ordinary interest. When Policeman Austin was fatally shot while in the discharge of his duty on that well remembered April morning two years ago the city was thrown into a ferment and every effort was made to capture his slayer.

Policemen went in all directions in the hope of apprehending the two men who were thought to have committed the deed, but their efforts were unrewarded, and it remained for Policeman W. T. Foster to finally run one of the men to earth.

MR. FOSTER'S WORK. It seems eminently fitting, too, that Policeman Foster, who was the first man to

reach Officer Austin's side after he was shot, and received his dying words, should apprehend his slayer. Mr. Foster never forgot the moments he spent at the side of his dying friend, and he sought diligently for clues to the murder long after the other members of the force had abandoned the hunt. He finally located Gundy, and began slowly to weave a case against him.

When he felt convinced that he was on the right track, on November 19th last, he arrested Gundy and charged him with being a suspicious character.

The case was postponed in the Police Court for three weeks, and in the meantime Policeman Foster had so closed the meshes around Gundy that he swore out a warrant charging the prisoner with the murder of Policeman Austin. The man was sent on to the grand jury. He emphatically denied the charge preferred against him, and asserted that on the fatal Monday morning when the deed was committed he was in Danville, at work in a factory. Mr. Foster went to Danville and secured evidence to the effect that the man did not reach the city until the Wednesday following the murder. He also secured evidence, which will be introduced at the trial, that Gundy had told several people in Danville that he had killed a policeman in Richmond.

STRONG EVIDENCE. This, coupled with other evidence, which is so obvious to those who will, with it is said, insure a conviction. A member of the grand jury which indicted Gundy is quoted as having said that if the evidence given before the grand jury is necessary to secure additional counsel for the prosecution. A committee waited on Judge Witt and Commonwealth's Attorney Richardson, and they both agreed that counsel should be associated with Mr. Richardson, and then the same committee waited upon Captain Wise. He declined to prosecute for a fee, but said he would gladly serve his friends on the police force, and would be happy to assist in bringing to justice the murderer of gallant "Bob" Austin.

NOTES OF THE OPERA. Private Boxes to Be Auctioned Off To-Day at 1001 E. Main St.

At noon to-day private boxes for the performances of "Pirates of Penzance" for Monday and Tuesday nights next at the Academy will be auctioned off.

To-morrow morning the sale of reserved seats, including those for the matinee on Wednesday next, will begin. There is already a great demand for seats.

Miss Sallie Kindred Williams, charming contralto of Norfolk, who will play the part of Ruth, arrived here last night, and is stopping with Colonel and Mrs. C. O. E. Cowardin. Mr. Robert Dunbar, the handsome and graceful tenor, who will sing the part of Frederick, is now playing a brief engagement in Philadelphia. He will arrive in Richmond Wednesday afternoon, ready for the general rehearsal that night. The scenery from New York was received by Southern Express yesterday, and was displayed at the Academy yesterday afternoon. There was a spirited rehearsal at the Academy last night. Great results were accomplished.

SCHOOLMANS HERE. New York Teachers Spend a Day and Night in Richmond.

Twenty-four lady teachers from the public schools of Buffalo, N. Y., and vicinity were at the Capitol yesterday, and spent an hour or two in the building. They called to see the Governor, but his Excellency is at his farm near Bedford. The rest of the day was spent in visiting points of interest about the city.

The party is in charge of Mr. Walter F. Nuzzy, the business manager of the Buffalo Times, which gave them the

ride on the Hamilton, one of the palatial steamers of the Old Dominion Line, arriving at Old Point Comfort Sunday forenoon, and making the Hotel Chamberlain headquarters. They reached Richmond in special cars, on the Chesapeake and Ohio Sunday evening in time for dinner at the Jefferson, which were the headquarters of the excursionists in this city. The party left yesterday afternoon, returning to Old Point. Leaving Old Point at 9 o'clock this morning, the excursionists will go to Norfolk on the Hamilton, arriving there at 10 o'clock, and spending the day in visiting the navy-yard and other points. While at Norfolk, headquarters will be on the steamer. The homeward journey will begin this evening.

NUMBER OF POLES IN THE CITY. Figures from the Annual Report of Superintendent W. H. Thompson.

Mr. W. H. Thompson, Superintendent of the Fire Alarm, has just completed his annual report. One of the interesting features of the report is a statement of the number of poles of various companies in the city. The large total of poles is stated to be 6,883, carrying, it is approximately estimated, 6,000 or 7,000 miles of wire.

The Superintendent says: "In a good many places, where the wire was worn by the trolley-wheels, the same has been renewed, many curves and crossings have been rebanded; still, in many cases the use of old flat rails, from which scraping current shocked horses, etc., has been removed by the introduction of the more modern girder rail.

In regard to electrolysis, we may not expect much improvement, until girder rails are used through the entire city, for in many places it is impossible to bond the flat rails properly."

Statistics of the poles in use in the city are as follows:

Richmond Railway and Electric Company—Number of poles owned by the company, 2,161; number of poles used by the city, 443; number of city attachments on these poles, 1,560.

Western Union Telegraph Company—Number of poles owned by the company, 1,584; number of poles city is using 55; number of city attachments on these poles, 1,300.

Federal Telegraph Company—Number of poles owned by company, 35; number of poles used by city, 17; number of city attachments on these poles, 37.

Richmond Telephone Company—Number of poles owned by company, 881; number of poles used by city, 187; number of city attachments on these poles, 1,300.

Southern Bell Telephone and Telegraph Company—Number of poles owned, 1,178; number of poles used by city, 891; number of city attachments on these poles, 3,228.

Richmond Traction Company—Number of poles owned, 658; number of poles used by city, 2; number of city attachments on these poles, 43.

Number of poles owned by the city, 47; number of poles used by the city, owned by various companies, 1,616; total number of poles within the city limits, 6,883; approximate estimate of miles of wire in the city between wires, 6,000 and 7,000.

The City Engineer reports the following poles as being taxable:

Richmond Railway and Electric Company—725

Western Union Telegraph Company—184

Federal Telegraph Company—35

Richmond Telephone Company—881

Total—1,575

MEDICO-PSYCHOLOGICAL ASSN. Meeting Here Next Month of Experts on Treatment of Insanity.

The American Medico-Psychological Association will hold its annual convention at the Jefferson May 22-25.

The meeting was to have been held earlier, but owing to the large number of conventions to be held in Richmond next month, it was found necessary to delay the meeting. There is every prospect of a large attendance.

The annual address will be delivered

by Dr. J. Allison Hodges, and addresses of welcome by Governor Tyler, Mayor Taylor, and Dr. John N. Upshur. A partial list of papers promised is as follows:

REPORT THE BALANCE. Matters That Will Come Before Carnival Ass'n Meeting To-Night.

The most interesting matter to come before the weekly meeting of the Board of the Carnival Association to-night will be the reports covering the work of the volunteer collectors who have been engaged for a week in raising the balance of \$1,800 needed to complete the \$10,000 maximum subscription.

So far, Mr. O. Herbert Funsten has had only meagre reports from his collectors. He is utterly unable to prepare a statement of what has been done by the volunteers, and desires that all collectors report to him during the day. However, should any collector fail to advise Mr. Funsten of what progress he has made, it is expected he will certainly be at the meeting to-night to make his report.

Attention is again directed to the necessity of subscribers paying up. The bulk of the subscriptions have been paid. But all should pay up promptly. Failure of subscribers to mail checks will entail on the members of the Board of Directors the unnecessary labor of calling on tardy subscribers.

The meeting of the board will be held at Travellers' Protective Association headquarters at usual time to-day. Committee will also meet at the same place to-night. Another meeting will be that of the Amusement Committee, at noon, at Carnival headquarters.

The association has adopted as the colors of the organization, purple, green, and yellow. These colors have been painted on the banners of the association.

PALM-SUNDAY SERVICES. They Were Celebrated in the Catholic and Lutheran Churches.

Palm-Sunday services, commemorative of the triumphal entry of the Blessed Saviour into Jerusalem, were celebrated in the Catholic and Lutheran churches of the city on Sunday.

The attendance at all the churches in which the services were held was very large. Bishop Van de Vyver, Father Waters distributed them. Father Waters celebrated high mass. The prayers were read in Latin and English by Father Waters and Very Rev. Father Bolser.

There was no sermon in the morning, but at night Bishop Van de Vyver preached to a large congregation, and pronounced the benediction of the Blessed Sacrament.

"THE FRENCH PEOPLE." President Boatwright to Lecture in College Chapel This Evening.

President F. W. Boatwright will deliver the last of the course of faculty lectures in the college chapel this evening at 8:30 o'clock. His subject will be "The French People." The faculty course has been decidedly popular. All of the lectures have been well attended, and the audiences have listened with evident interest.
