LONG, BUSY SESSION.

COMMON COUNCIL DISPOSES OF LOT OF ROUTINE BUSINESS.

PARTITION OF JUSTIS ISLAND.

Sale of a Portion to Trigg Company Under Certain Conditions--Pensioning of Disabled Officers--Baby-Carriage Nuisance.

The Common Council last night, at its regular session, disposed of a large volume of business, much of which was of a routine nature. The recommendation of the James-River Improvement Committee, providing for the partition of Justis Island and sale of a portion of the property to the W. R. Trigg Company, was adopted.

Those present were Messrs. Wallerstein (who presided in the absence of the president), Blanks, Bloomberg, Camp, Cottrell, Curtis, Ebel, Ferguson, Garber, Gibson, Grimes, Gunst, Harrelson, Hobson, McCarthy, Mills, Peters, Pollock, Shea, Tanner, West, Whalen, Williams, Winston, and Wood.

DETAILS OF THE SESSION.

An ordinance was presented from the Street Committee, providing for certain ordinances granting improvement and building privileges to railway companies. Mr. Bloomberg explained that passage of the ordinance would not repeal the existing ordinance which, under an old law, are revocable only by a vote of the council have voted to revoke.

The purpose of the Street Committee's ordinance, it was stated, was to put the city in such position that it might hereafter revoke the railway privileges, if it should become necessary. As the ordinance stood, the railways have enjoyed practically perpetual permission to proceed with their work.

The ordinance, after this explanation, was adopted. A resolution was adopted transferring \$500 from the contingent fund to the Richmond Light Infantry Blues, Mr. Peters alone voting against the resolution.

The resolution of the Water Committee, providing for the construction of a water main to provide clear water was referred to the Finance Committee without debate.

MAIN TO LOCOMOTIVE-WORKS.

Ordinances recommended by the Water Committee, providing for water-mains to the Locomotive and Machine-Works and to the Roseneg Branch, were presented separately. That in the interest of the city, a resolution was adopted without debate, Mr. Mills contending for a provision in the Locomotive-Works ordinance for a meter which he believed would be of great benefit to the city.

Mr. Tanner called attention to the fact that the Locomotive-Works had a meter at its plant already. A return was made in his name, he declared that \$100 was spent for a 10-inch main in order to get insurance. Without such main, he said, the company could obtain no insurance.

The amendment of Mr. Mills, providing for metering the extension, was defeated by a vote of 10 to 4. The ordinance, as recommended by the committee, was then adopted by a vote of 20 to 4.

The petition of F. M. Conner and others, as to rental of the city lot at Thirty-second and Grace streets, was returned from the Committee on Claims and Pensions, with the recommendation that it be referred to the Committee on Grounds and Buildings.

WILL GIVE THEM LIGHT.

A resolution was reported from the Grounds and Buildings Committee, recommending that certain adjacent properties be consumed at those buildings in which the visiting military will be quartered during the Street Fair. It was adopted by a unanimous vote.

The ordinance was reported from the Committee on Retrenchment and Reform, recommending the rejection of certain ordinances providing for increased compensation of several city officials and employees. Upon Mr. Ebel's motion, the entire question was postponed.

A recommendation was reported from the James-River Improvement Committee, instructing the Auditor to pay out to the proper parties the total of \$534.10, expended in the enforcement of the congressional party here on April 15th, under a suspension of the rules, the recommendation was adopted. Mr. West, however, voting in the negative.

DIVISION OF JUSTIS ISLAND.

An ordinance was reported from the Committee on James-River Improvement, recommending the transfer of a part of Justis Island to the W. R. Trigg Company, in consideration of \$6,848.52, upon certain conditions. The city is to own a strip of land twenty feet wide along the north side of the new harbor line recently established by the United States Government for the proposed dike, and also a street fifty feet wide running from Eighteenth street. It is required that certain adjacent property owners shall be given the city so as to insure right of way for the streets and alleys which are provided for in the scheme of harbor improvement. The ordinance was adopted.

UNDER THE ROLL-CALL.

Under the roll-call, Mr. Bloomberg offered an ordinance imposing a tax of \$2 per pole on every user of a telephone or telegraph pole, instead of on every pole in use, as at present. It was explained that the city was losing its proper revenue, and stood a chance of losing it for the entire fiscal year. Therefore, it was imperative that the change be made without delay. The ordinance was adopted. It is a temporary measure. It is subject to any modifications which may be made by an ordinance covering the subject, which is now being considered by a joint committee.

SEABOARD'S SPUR TRACK.

Mr. Cottrell offered a resolution, which was adopted, providing for the position of a line of \$1 on persons rolling as many as two baby-carriages, tricycles, etc., on the sidewalks of the city at the same time.

A resolution was adopted appropriating \$75,000 to defray the expenses of Mr. George B. Davis, who has been appointed by the Governor a delegate to the Convention of Superintendents of Charities, at Topeka, Kan.

Bring to mind Warner's Safe Cure, whether mentioned or not.

We often read "Watch your kidneys," etc., and it naturally calls to mind the only world-wide famous specific that has stood the test for twenty years--Warner's Safe Cure--although the advertisement may be paid to mention another remedy. The public knows there is but one Kidney Remedy, and all these advertisements for others but call Warner's Safe Cure to mind.

The defect. It was referred to the Committee on Ordinances. A resolution, presented by Mr. Mills, providing that the carnival car at Tenth and Broad streets be allowed to remain standing so long as it is deemed safe to do so by the Committee on Streets, was adopted. The Council adopted a resolution transferring \$250 from the military contingent fund to the credit of Company A, when the company shall have been mustered in. MR. HEBBE'S SUCCESSOR.

The Board of Police Commissioners held an important meeting yesterday afternoon. The investigation of the charges against Policeman W. L. Waddell, of being under the influence of liquor while on duty, resulted in his dismissal from the force.

George C. Ehrmig, of Church Hill, was elected to fill the vacancy thus vacated. The term expires the last of September. Mr. Ehrmig is married, 28 years old, and a barber by trade. THEY ENJOY A DANCE.

There was a most enjoyable time to be had at 508 East 11th street last night. The home of Miss Elizabeth Bell, last night, was open to a number of invited guests. The affair was in the form of a farewell dance given by Miss Morris, who leaves in a short time for Norfolk. The latter had their colonel and field officers, their captains and lieutenants, and even the divisions of companies into platoons and squads were commanded by subordinate officers. There should be similar organization in the churches. He hoped to have Centenary organized into units of ten, with some one in charge of each unit. In this way the pastor would be able to keep in touch with the membership, and to know what it could accomplish and what it did accomplish.

Dr. Steel also advocated an assistant pastor, and said that there was need of the services of a deacon--some young lady to look after certain work of the church which none felt especially called upon to do, and which often went undone. Dr. Steel also expressed the hope that in time the church would establish a reading-room.

THE BELL TELEPHONE CASE.

Argued in U. S. Circuit Court of Appeals, Which Has Adjourned. The case of the Southern Bell Telephone and Telegraph Company against the city of Richmond was argued on appeal in the United States Circuit Court of Appeals yesterday. The appellant company was represented by A. L. Holladay, of the firm of George & Howard, by Hill Carter, City-Attorney H. R. Pollard, and by the city's case. The opposing counsel "threshed over old straw," as it were, the main points of their arguments being those:

THE CROWN OF LOVE.

What does love mean and to what it has in it? A happy man does it bring to the average woman? To be a sweet-heart, a wife, a mother--this is called the crown of womanhood; yet there are crowns which bring only misery and pain to the wearers.

Can any woman who suffers with constant dragging, wearying, life-sapping ailments be happy? Does not her crown of womanhood become a symbol of martyrdom rather than of happiness? If ailing women realized how surely Dr. Pierce's wonderful "Favorite Prescription" would restore them to complete health and the perfection of queenliness, there would be more coronets of joy set upon brows now crowned with misery.

"I had female trouble for eight years," writes Mrs. J. J. Dennis, of 83 East College St., Jackson, Miss. "For three years I suffered continually. Words cannot express what a relief I sought among the medical profession and found none. I was told to try Dr. Pierce's Favorite Prescription. When I commenced taking this medicine I weighed ninety-five pounds. After taking Favorite Prescription I was built up until I weighed one hundred and fifty-five pounds--more than I ever weighed before."

"I was so bad I would lie from day to day and long for death to come and relieve my suffering. Had internal inflammation, a disagreeable drain, bearing-down pains in the lower part of my bowels, and such distress every month, but now I never have a pain--do all my own work and am a strong and healthy woman. Thank you to your medicine. I never forgot to recommend it to all suffering women. I consider myself a living testimonial of the benefits of your 'Favorite Prescription.'"

Any woman may write to Dr. R. V. Pierce, of Buffalo, N. Y., with the utmost confidence. He will give her case careful consideration and send her a letter of counsel--wise, professional advice free of charge.

If your head aches, the trouble is pretty sure to be constipation. Dr. Pierce's Pleasant Pellets will cure you.

Lines to Lena Noble Ruskell. "I cannot say, and I will not say, That she is dead. She is away! With a cheery smile, and a wave of the hand, She has wandered into an unknown land. And left us dreaming how very fair, It needs must be, since she lingers there. And you--oh, you, who the wildest yearn For the old-time step and the glad return, Think of her faring on as dear In the love of there as the love of here; Mild and gentle as she was brave, When the sweetest love of her life she gave. To simple things, where the violets grow, Pure as the eyes they were likened to, The touches of her hands have stayed As reverently as her lips have prayed. When the little brown thrush that harshly chattered, Was dear to her as the mocking-bird; And she pitted as much as a man in pain A writhing honey-bee wet with rain. Think of her still as the same, I say, She is not dead--she is just away!"
