THE LAMP DROPPED.

EXCITING INCIDENT IN A MATCH-STER STORE LAST NIGHT.

OTHER ITEMS FROM THE SOUTH SIDE

A Trucker Assaulted by a Negro--The Proposed Gas Plant--Marriage of Mr. Butler and Miss Wright--Personal and Other Items.

There was considerable excitement in the store of Mr. Thomas A. Nance, No. 823 Hull street, last night. It was occasioned by the falling of a large brass lamp. The heat from the lamp, charred the ceiling, causing the chain to pull out, and there was a blaze that threatened trouble. The fire department was called for, but the blaze was soon extinguished and the apparatus was not taken out. There was no material damage.

Jones Williamson, the baby boy of Mr. and Mrs. J. Archer Williamson, died last night. The arrangements for the funeral have not been made.

HE ASSAULTED MR. COOKS. Mr. Cooks, who runs a truck farm below Manchester, was assaulted by a young negro yesterday morning when returning from Richmond. When he reached a point near the arch of the Southern railroad, a negro boy ran up to the wagon and asked him for a ride. The request was refused. This made the negro mad. He picked up a large rock and threw it at Mr. Cooks, striking him. Mr. Cooks called several young men, who followed the negro, and the police were at once notified. Captain Lipscomb and Officer Wright went on a hunt for the man. The negro was found at Cowardin avenue and Perry street, and arrested. He was brought to the station house, where he gave his name as Charles Matthews. He said he had just come from Petersburg. When questioned, he said he had been over to see his mother, who lives on north Eighteenth street, Richmond.

MERRY WEDDING BELLS. A very pretty wedding took place Wednesday night at 8:30 o'clock at the residence of the bride's parents, Mr. and Mrs. J. H. Smith, on the corner of being Mr. James H. Butler and Miss Carrie Wright. The parlor was crowded with friends and relatives. The ceremony was performed by the Rev. W. B. Porter, pastor of the Baptist church. After the ceremony a reception was tendered. Mr. and Mrs. Butler will live at the home of the bride's parents, on McDonough street.

FINED FOR TARRING HIM. There was a row in the Mayor's court yesterday morning. Willie Driver, Frank Farmer, and George Ferguson, white men, were charged with pouring hot tar on Jim Kitchen's head and face while he was sleeping. Last Sunday night in the residence of the witness said he did not know who poured the tar on Kitchen, or where the tar came from. Kitchen said he had had his hair shaved off several months ago, and the young men had made threats that they would tarrify him if he did not go to work. He was fined \$25 for tarring the man.

DANVILLE STATE RAILWAY. DANVILLE, VA., July 19. (Special.)--At a meeting of the stockholders of the Danville Railway and Electric Company, held today, a mortgage for \$400,000 was authorized to be placed on the property of the company. The bonds run forty years, and bear interest at 5 percent per annum. The property was conveyed to the Guardians' Trust and Deposit Company, of Baltimore, as trustee. During the winter and spring the road has been entirely rebuilt, re-equipped, and extended into North Danville, and Danville has today one of the finest street railway systems in the South. It is understood that on account of the favorable conditions of the market, some of the bonds will be set aside for the purpose. This is the largest transaction occurring here in recent years. ATLANTA, GA., July 19--Five thousand members of the Grand Army of the Republic and the United Confederate Veterans lustily cheered the commanders of these two organizations, General Albert J. Shaw and General John B. Gordon, as they sat together upon the stage of the Grand Opera-House at the kindling of the camp-fire of the Blue and the Gray reunion here to-night.

THE REUNION OF THE BLUE AND THE GRAY. The occasion was the formal beginning of the reunion of the surviving veterans of the Union and Confederate armies who fought in the battles around Atlanta in July, 1864.

President McKinley, unable to be present, sent his regrets in the following telegram: "Washington, D. C., July 19, 1899. Hon. William A. Hemphill, Chairman Executive Committee, Atlanta, Ga. 'I deeply regret my inability to be with you during the reunion of the Blue and the Gray in Atlanta this week. Such reunions are gratifying evidences of good feeling and comradeship, and give assurance of the permanence of our government, resting upon the patriotism of a people who may be expected to continue to be united and best wishes. (Signed) 'WILLIAM MCKINLEY.'"

GENERAL GORDON'S ADDRESS. When General Gordon, who was the first speaker of the evening, was presented to the vast audience by General W. A. Hemphill, master of ceremonies, the cheering continued for several minutes. He was frequently interrupted by vociferous applause and cheers. He said: "For more than a third of a century I have earnestly and unwaveringly labored for the realization of this era of American brotherhood. Throughout the long night of sectional passion I have eagerly watched the dawn of this peaceful day, when light comes from the very bosom of God. I praise Heaven for every indication that prejudice and distrust have given place to sectional fraternity and mutual confidence. All hail the power of our pervading Americanism, which shall make of us in truth as in name one people, inspired and swayed by the one lofty and resistless purpose to do justice to all nations; but to see to it that the flag of this republic shall be a protecting power over every American in all lands, even in bloody and barbaric China. All hail the day when with one accord we shall proclaim to all the world that every drop of American blood shed by unlawful hands shall be avenged by American manhood."

THE TRIAL OF CALEB POWERS. GEORGETOWN, KY., July 19. (Special.)--To-day's session of the trial of Caleb Powers, charged with complicity in the Goebel shooting, started off with a long debate before the court on the admissibility of matters transpiring between the date of the shooting of Goebel and his death. The point was raised by a question put by the prosecution to Witness Cuiton, regarding a conversation between him and Henry Youtsey before Goebel died. The argument was that this evidence must be excluded. After the assassination, Cuiton said, Powers came to him and told him to write to the parties who were in the conference, and tell them they had better be very careful and do no talking, as they were liable to be connected with the murder. Witness told him it would be dangerous to write, and Powers said he would do it himself.

RALEIGH'S BUDGET.

The Corporation Commission--Political and Other Notes.

RALEIGH, N. C., July 19. (Special.)--The Corporation Commission, devoted today to the exceptions filed by several railway to the assessment. The attorneys who represent the three great systems in this State went to Hendersonville yesterday afternoon, in order to see Judge Simonon and secure a continuation of the Federal injunction, which was granted last August, and which restrained the commission from making the 1899 assessment greater than that of 1898.

The commissioners were asked by your correspondent to-day if a fresh injunction would be necessary. They said yes; that each assessment stood upon its own footing, and that the injunction of last year against this year's assessment does not apply to this year, but is of date as the law requires the commission to make an annual assessment. The commissioners went on to say that the value of a railway might fluctuate greatly in a year. The Western Union, it will be remembered, procured an injunction against the commission last year, and day before yesterday it procured a new one from Judge Simonon.

The Norfolk and Western railway today notified the State Treasurer of its readiness to pay taxes for this year.

Major John W. Graham, attorney for Populist State Chairman Butler, was with the latter until late last night. Democrats say they think Butler plans to have some election registrars arrested, and thus follow in the footsteps of Republican Chairman Hutton. The latter has made a failure of his campaign. It is quite clear that Butler is rattled. Democrats here express much pleasure at the dropping from their ticket in Brunswick county of Dr. McNeill, who was the latter until late last night.

The constitutional amendment disfranchising illiterate negroes, Reinhardt, of Lincoln county, the only other Democratic member who voted against the amendment, has declared for it.

It is the current comment that after the intense excitement of the State campaign the presidential campaign will be very flat and tame by comparison.

The preliminary authorities have filled up the shirt-factory with State convicts. Ninety are now at work there. Of these, thirty are women. The officials say the work done by the State convicts is far better than that by the Federal ones, and that since the latter were taken away the change is all for the better.

Cotton dealers here insist that the inland heat and drought have not in the least hurt the cotton.

The Republicans are trying the most despicable tricks. They have had facsimiles of the signature of Democratic

State Chairman Simmons made, and are using these on bogus documents, which they circulate with their own campaign matter.

EXPORTS TO CHINA CEASE. Southern Cotton Mills Affected--Need Not Close, However.

PHILADELPHIA, July 19. (Special.)--As a consequence of the situation in China, all exports to that country of American cotton goods, principally heavy sheetings and drills, have practically ceased. This statement was vouched for to-day by Frederick L. Bailey, of the firm of Joshua L. Bailey & Co., one of the largest dry-goods commission houses in this city.

Mr. Bailey stated that the mills of this country annually export about \$20,000,000 in cotton goods of the foregoing descriptions to China alone, and that those most likely to be affected by the sudden stoppage of shipments are located principally in the South. These have been fitted with machinery adapted for the China trade.

It is not believed, however, that they will be compelled to close, but that, instead, much of the trade, Mr. Bailey said, can be diverted to the Philippines, Cuba, and Porto Rico, and a portion of the goods can be sent North, and there transformed by the mills in that section.

CHARLOTTEVILLE. A Marriage Report Denied--The School of Athens.

CHARLOTTEVILLE, VA., July 19. (Special.)--The report published in a Richmond paper yesterday that Dr. James M. Page, of the University, and Miss Nora McGuire were married yesterday morning at Eldon, near Cobham, is not well founded. Inquiry by phone at Castle Hill, which is near by, and where relatives of the groom reside, was answered by a denial of the accuracy of the rumor.

Dr. Page and Miss Maguire will be married on the 26th instant at Eldon. Mr. Henry D. Jannan, of this city, has filed a petition in bankruptcy, with debts of \$1,000.

It is stated that the contract with Max Seeliger to make a copy of the School of Athens to take the place of the original one in 1888 has been cancelled, and that "W. Brock, an American artist, who is now in Rome," has been engaged by Professor Thornton to complete the copy in one year from date.

To Celebrate Anniversary. WARRENTON, VA., July 19. (Special.)--Eldon, much of the trade, Mr. Bailey said, can be diverted to the Philippines, Cuba, and Porto Rico, and a portion of the goods can be sent North, and there transformed by the mills in that section.

The Baptist church, July 28th and 29th. An interesting programme has been announced.

EMPIORIA. A Much-Needed Rain--Personal and General Notes.

EMPORIA, VA., July 19. (Special.)--A much refreshing rain has been falling here this afternoon for some time, and it is as much needed as it could possibly be. The crops in this county have been greatly in need of rain, and the farmers all over the county are becoming discouraged. The present dry spell has been the longest that has afflicted this section in several years.

The Atlantic-Coast Line Railroad Company has completed negotiations for the purchase of the necessary land for straightening their line from a point about three miles north of Emporia to their station at this place, and the deeds for the same have been lodged in the Clerk's office for recording.

Mrs. Ellen P. Turner, Mrs. Robert Seay, Misses Belle and Tillie Powell, and Mary Turner, and Messrs. H. W. Hall, J. B. Bailey, R. J. Green, E. A. Williams, and J. W. Turner, and Mr. and Mrs. George M. Cooke have returned from a trip to Virginia Beach.

Misses Mattie Lambert, of Petersburg, and Annie Prince, of Southampton, are visiting the Misses Baker, at their home in North Emporia.

Mr. J. H. Smith and wife and Mr. E. E. Goodwyn and Miss Stella Goodwyn, and Mr. H. W. Weiss are attending the Virginia Press Association. Messrs. Goodwyn and Smith represent the Emporia Messenger, and Mr. Weiss the Emporia Virginian.

Mrs. W. F. Deal and Mrs. H. Schwartz have returned from a trip to Ocean View.

Mrs. W. Samuel Goodwyn is at Blue Ridge Springs, where she will spend several months. From there she will go to Hedgesville to visit her parents.

Misses Minnie and Hattie Lisey are spending the week at Virginia Beach.

Mr. Withers Miller, of Richmond, spent the day here to-day visiting his brother-in-law, Mr. E. C. Palmer.

Mr. and Mrs. A. B. Hitchcock and their friends, the Misses Seaberry, of Norfolk, are spending the week at Hitchcock's, where Mr. Hitchcock's lumber plant is located.

OPINION IN NEELY CASE. Major Presentation of Indictment Not Sufficient for Extradition.

NEW YORK, July 19. (Special.)--Judge Lacombe, of the United States Circuit Court, today rendered an opinion in the case of Charles W. Neely, charged with having defrauded the United States Postal Department in Cuba, in which he declared that the mere presentation of an indictment cannot be held sufficient for Neely's extradition, and that further testimony will be heard when the case comes up on July 23d.
