

Great Day for Saving Money. The Remnant Day is neither the shadow of a loss, nor the shade of false application. It is a fountain of necessary evil that is incidental to a great dry goods enterprise. We make a "remnant" of a lot quite often this late in the season.

IT'S LIKE GIVING AWAY SILVER DOLLARS. Price reductions pervade almost if not all. The prices of the stamped values of yesterday.

RAILROADS AND WAR EAST AND WEST LINES PREPARING TO HAUL TROOPS AND STORES. RICHMOND AND TIDEWATER ROAD. Prospect of a Revival of Interest in the Scheme—Improved Passenger Service of the N. & W.—Statements of Railroad Earnings.

The transportation officials of the various railroads are beginning to have an eye out for the business resulting from the war in China. There will be many troops, and immense quantities of ordnance and commissary stores to be moved. The East and West lines will, of course, obtain the great bulk of this business, but North and South systems will, of course, get some short hauls.

The Chesapeake and Ohio will handle a battalion of about 500 marines from Washington to Cincinnati Sunday. The men are being hurried to San Francisco, with China as their ultimate destination.

There is said to be a movement on foot among the citizens of Lawrenceville, in Brunswick county, to induce the Seaboard Air-Line to build a spur line from Cochrane to Lawrenceville.

They want a better schedule between Brunswick and Richmond. Interest in the Richmond and Tidewater railroad scheme, which was so great last winter, seems to have waned considerably.

However, there are some of the most energetic business-men behind the scheme, and it will undoubtedly be revived. The route has been surveyed to Gloucester point.

The following comparative statement of gross earnings of the Chesapeake and Ohio Railway Company for the second week of July has been issued by Comptroller Sullivan:

Table with 3 columns: Month, 1899, 1900, Increase. Rows for July and two weeks of July.

The work of placing the steel superstructure of the Chesapeake and Ohio viaduct in position will begin in a few days. The Penney Steel-Works, which furnishes the superstructure, has a force of nearly two hundred men at work placing decks and other machinery in position, to be used in handling the heavy steel. It will be a work of great magnitude.

The Norfolk and Western promises great improvements in passenger service soon, in addition to those recently inaugurated. For years the Norfolk and Western has been recognized as one of the greatest fast-traveling roads in the country. It seems to entertain ambitions in the way of becoming among the greatest of passenger lines.

The statement of estimated gross earnings of the Norfolk and Western Railway Company is as follows: For the second week of July, \$25,753; increase, \$10,523. Total for month to date, \$550,967; increase, \$35,482.

W. T. Cosby, traveling passenger agent of the Southern railway, at Jacksonville, Fla., was on his way to his former home, in Columbia, Va., for a few days rest. Mr. Cosby is well known here, and is very popular.

The estimated earnings of the Southern Railway system for week ending July 14th were: This year, \$32,457; increase, \$3,288. For the two weeks ending July 14th: This year, \$1,092,555; increase, \$56,124.

Under the new schedule the Chesapeake and Ohio trains now reach Old Point in time to catch north-bound steamers, and the liners no longer have to wait for trains.

The Chesapeake and Ohio has decided that four postal and combination cars which it was recently decided to build shall be constructed at the Richmond shops.

DEATH OF MR. C. A. CLAY. Stricken With Fever Soon After His Marriage—Other Deaths. Mr. C. Ashton Clay, a well-known young man of the West End, died last night at his home, 1909 West Main street. The cause of death was typhoid fever.

Mr. Clay was married about six weeks ago, and two weeks later was stricken with fever. He was just 21 years of age, and was a young man of excellent character. He was associated with the Richmond Passenger and Power Company.

The arrangements for the funeral have not been made. Mr. Ratcliffe Dies Suddenly. Mr. Harvey L. Ratcliffe died suddenly at 5:30 o'clock yesterday morning at his home, 211 East Broad street.

Mr. Ratcliffe was sitting near a window reading a newspaper when he began to feel badly. He got up and proceeded to the head of the stairs, where he dropped and became unconscious. He was revived and taken to the hospital, where he died.

Rev. Arthur Cox, son of Mr. William Cox, of this city, an alumnus of Richmond College, and a minister now residing in Maine, is on a visit to his parents. Mr. Cox has many friends in this city who will be glad to welcome him to his old home.

Dr. R. J. Willingham and Dr. W. E. Hatcher are expected to pay a visit to the Hon. J. J. Darlington, at Washington, on Monday, July 30th.

Free Excursions for the Poor. Mr. Thomas G. Leath, lessee of the Academy, writing from Goshen, on the subject of giving free excursions during the summer for the poor, writes: "I would suggest that during the coming theatrical season two amateur entertainments be given for that object. I will be glad to tender the Academy for those entertainments, lighted, heated, and all attractions, free of any charge. I suggest amateur entertainments to be given by the talented amateurs who will give their services so that the receipts will not be spent for expenses, and the entire proceeds I am not writing this for advertising purposes, but simply because I feel an interest in it and want to help 'push it along.'"

A Child Enjoys the pleasant flavor, gentle action, and soothing effect of Syrup of Figs, when in need of a laxative, and if the father or mother be constipated or bilious, the most gratifying results follow its use, so that it is the best family remedy known. Every family should have a bottle. Manufactured by the California Fig Syrup Company.

Police Howard received a telegram from Milwaukee yesterday morning asking if it was true that he was dead by the time the Chief wired the news the money was sent.

Other Deaths and Funerals. Mr. Leon Detlebach and wife, and her brother, Mr. Lee Kahnweiler, left yesterday for Harrisburg, Pa., where they were summoned by the unexpected death of their father, Mr. Joseph K. Kahnweiler, who died suddenly, caused, it is thought, from the effects of a recent fall.

Miss Mary Lee Alexander died at her father's residence, near Old Church, Monday afternoon at 10 o'clock, of an ailment which she had contracted in her childhood. She was buried yesterday afternoon in the family burial ground, near Old Church. The Rev. Mr. Chumbley, assisted by the Rev. Dr. Tyler, officiated.

Intelligence was received here yesterday of the death, in Essex county, on Wednesday, of Mrs. Sarah E. Anderson, wife of Mr. William H. Anderson. She leaves six children, among whom are Mrs. C. H. Hagan, Mr. W. P. Anderson, and Mrs. G. B. Doggett, all of this city.

Mr. McLaughlin is being urged by the census officials here to use up the work here as soon as possible. He said yesterday that he could not hurry through the work or give up the office which he could promise to have if done. "I must go slow, for if there are any omissions, the blame will be laid on the people of Richmond, Va., doing the best we can, and while there is every sign of a great industrial display in Richmond, Va., we are not to have it one dollar less than it should be. If I estimated a day on which the work will be completed, the Washington authorities might want to keep me that day when I might need more time. I am now figuring on what percentage of the work has been completed. The industries of Manchester have all been taken, and that a great many of the Richmond districts are competing. In Petersburg there promises to be a delay, as over thirty concerns have to report direct to Washington, and have not yet done so."
