

VIRGINIA HOSPITAL, Nurses Graduate and Annex is Dedicated.

MOST BRILLIANT OCCASION.

Many Fine Speeches, An Unveiling and a Reception.

FIVE NURSES WERE GRADUATED.

Dr. James P. Smith Make an Address

on Hunter McGuire—Dr. Strange

Spoke to Nurses, and Judge Chris-

tian Made a Fine Address.

The dedication of the Hunter McGuire

memorial annex to the Virginia Hospital,

combined with the graduating exercises

of the Hospital Training School for

Nurses, was the occasion last night of

great pleasure and brilliancy.

The ceremonies were beautiful, and the

addresses excellent. A large crowd

of the representative citizens of the city

were present, and the entire assemblage

seemed to enjoy and appreciate the occa-

sion.

The reception given at the end of the

exercises by the graduate nurses, was a

brilliant affair. Nearly all of the profes-

sional nurses of the city (and there are

many of them) were present, and most

charmingly did they seek to make the

occasion a happy one. The new annex

to the hospital was used as a hall of recep-

tion, and a ball-room, and most admir-

ably did it serve that purpose.

A BRILLIANT ASSEMBLAGE.

The graduating exercises took place in

the amphitheatre of the University of

Medicine. A large audience, consisting

of about 19 nurses, graduate, and in

training, of both the training schools, a

number of medical students, and a large

number of other citizens of the city, of

all professions, and many ladies, greeted

the speakers with their hearty good will

and appreciation. The platform was

splendidly decorated with cut-flowers,

ferns, and banks of palms. A band of

music was in attendance, and rendered

selections between the different parts of

the programme.

The exercises began with an invoca-

tion and was followed by a short, but

beautiful address of welcome by Presi-

dent J. Allison Hodges. After the read-

ing of a selection of music by the

band, Dr. Hodges introduced Rev. James

W. Smith, who delivered a remarkably

fine address upon the life of the late

Dr. Hunter McGuire.

A NOTABLE ADDRESS.

After describing the characteristics of

the great physician, and his early career,

he told of his campaigns with Stonewall

Jackson, and of the implicit confidence

the noted General had in Dr. McGuire

as a physician. In closing the address,

Dr. Smith said:

"Some of you have seen Dr. McGuire

operate perhaps many times, and in se-

arm when Jackson died, and when the staff stood, grieved and sorrowful about the body of Jackson, we would have given our right arms for our great friend, and our lives to have saved him to the Confederacy.

"He was a brave and loyal Confederate, and no soldier in the ranks and few officers in command rendered so large and valuable a service to the Confederacy as he did. He had the confidence of the great commander, General Robert E. Lee, and he had the confidence and personal affection of Stonewall Jackson, beyond that given, I think, to any other man.

"He wielded a strong and vigorous pen in behalf of truth in history for Virginia and the South, and he spoke with care, power, and thrilling effect when he told the story of Jackson's military genius and career. Old Virginia will enroll him as one of her most gifted, most useful, and most devoted of her sons."

DR. STRANGE TO THE NURSES. Dr. Smith was followed by Dr. Robert Strange, the rector of St. Paul's church, who delivered an excellent address to the graduating class of nurses. Dr. Strange spoke highly of the dignity and value to society of the trained nurse, and said it was one of the noblest of professions.

He said that the motives for the profession should count for everything; that no woman had a right to enter the profession for money or altogether for a livelihood. Something higher should induce her to enter the profession. Said he: "If we do not have high purposes and high motives, we must leave high professions alone."

DR. MCGUIRE'S ADDRESS. At the conclusion of this address the band played "Dixie," and was liberally applauded, but when next Dr. Stuart McGuire arose, the applause was deafening, and was long continued and repeated. Dr. McGuire contended the diplomas to the nurses graduating, and incidentally made one of the finest speeches of the evening. He said he had long wished for the opportunity to express his gratitude to the nurses for their great work. With the exception of his sisters and a multitude of cousins, he knew few other women, and those were divided into two classes—sick women and nurses.

He said he knew nothing of the poetical or sentimental side of woman's character, but he knew much of the practical value of the sex, as demonstrated by the nurses in the hospitals.

He said the only reason why he had not married a nurse was that he could not marry them all. He then spoke of the dignity of the profession, of the great opportunities for doing good, and in a few well-chosen words presented the diplomas to the graduates.

THE GRADUATES. Those who received diplomas were Miss Juliet Montgomery, Miss Daisy Isobel Hamilton, Miss Dora Elizabeth Coakle, and Miss Mattie Belle McLaughlin. Miss Elise Hunt Wimbley received the medal given the rest, but as she had not completed the entire course, a diploma was not given her.

The graduates were deluged with great bunches of the choicest flowers. Perhaps a dozen immense bunches of lovely roses and other choice flowers went to each of the happy graduates.

The purpose of the company is to manufacture not only the compound named above more extensively, but to make other pharmaceutical compounds as well. EMPLOY MEN AND WOMEN. The new plant will give employment to a number of women, as well as men. Richmond adds another to its ever-increasing number of home industries.

The new company will be enterprising, too. It has already made arrangements for an exhibit at the Pan-American Exposition, Buffalo. The capital stock of the company is not more than \$50,000, and not less than \$20,000.

Blotting-paper Plant. It was learned yesterday that Richmond capitalists had secured the Old Dominion Cotton Mills plant, in Manchester, and will soon begin there the operation of a plant for the manufacture of blotting paper. The paper will be made from rags. The capital stock of the new concern is already \$100,000, and it will soon be increased, probably, to \$150,000.

One of the gentlemen reported to be interested, when seen, would talk only in an indefinite way. But he did not deny anything. The mill property was recently sold. The buildings were erected some years ago.

FIRE LAST NIGHT. Foundry of Asa Snyder & Co. Practically Destroyed. The two-story brick structure, Nos. 1008 and 1010 east Cary street, occupied by Asa Snyder & Co. as architectural ironworks, brass foundry, and machine-shops, was gutted and practically destroyed by fire last night.

The adjoining property, occupied by the large wholesale mercantile establishments of Drewry, Hughes & Co., and Long & Riddick, escaped injury, the flames being confined entirely to the Snyder establishment.

The loss is difficult to estimate, and no authoritative statement could be had last night. The insurance, as nearly as can be learned, will approximate \$5,000. The building was owned by the estate of the late J. W. Allison, and was an inexpensive one. The most serious loss is that on patterns and fixtures of Snyder & Co., which will probably exceed in value the insurance carried.

The alarm was turned in at 10:22 from the Cary-Street Engine-House, Box 52, and was followed by a second alarm seven minutes later, summoning almost the entire department to the scene. It was apparent at a glance that a serious fire was imminent, and those arriving early on the scene were fearful of a great conflagration. When the fire was discovered the central portion of the second story was blazing furiously, and the entire building seemed to be hopelessly doomed.

The first alarm brought out steamers 3, 4, and 7, and the second summoned steamers 2 and 5, and truck No. 2. In half an hour the fire was easily under control, and at 11:42 the return alarm was sounded. The intelligent and effective work of the fire-fighters was the subject of very general remark.

The firm burned out is one of the oldest and best-known in the city, having been in business here for many years. It was established by the late Asa Snyder, and the firm at one time was Snyder & Irby. Mr. George J. Snyder was conducting the business at the time of the fire.

The property was owned up to a few months ago by the Virginia Fire and

TWO NEW FACTORIES, Richmond Company to Manufacture Proprietary Compound.

TO MAKE BLOTTING-PAPER.

Company Has Secured Old Dominion Cotton-Mills.

ENTERPRISES WELL LAUNCHED.

Chief Celery Caffein Compound Com-

pany Organized and Capital Stock

Subscribed—Blotting Paper Co. Has

Large Capital Stock in Hand.

Richmond is soon to have two more important manufacturing enterprises. This time it is to be a plant of extensive proportions for the manufacture of the Chief Celery Caffein Compound, and a blotting-paper factory.

The company to be known as the "Chief Chemical Company" was recently organized. The following are the officers: L. L. Strause, the tobaccoist, president; L. Z. Morris, president of the Chamber of Commerce, vice-president, and T. W. Chelf, secretary and treasurer. The Board of Directors are the above officers and the following: Messrs. L. G. Chelf and W. B. Nelson.

This is purely a home industry. All the capital is placed by Richmond people, and all has been subscribed. The company is ready to begin operations at once. The office of the company is at No. 105 south Twelfth street. The factory will also be located here. This is the house formerly occupied by E. T. Crump & Co., the tobaccoists.

EXPANSION, NOT A VENTURE. The step just taken by these enterprising Richmond people is even something more than a venture. The new plans are an expansion of those already in successful operation.

Not a great while ago Mr. T. W. Chelf, the well-known Pine-street druggist, began in a small way to manufacture the celery caffeine, which bears his name. The remedy has proved popular, and has had a good sale. So large, indeed, has been the demand for the product that some of the safest men of the city have become interested in the future of the remedy, and are now willing to put their money in it.

The purpose of the company is to manufacture not only the compound named above more extensively, but to make other pharmaceutical compounds as well. EMPLOY MEN AND WOMEN. The new plant will give employment to a number of women, as well as men. Richmond adds another to its ever-increasing number of home industries.

The new company will be enterprising, too. It has already made arrangements for an exhibit at the Pan-American Exposition, Buffalo. The capital stock of the company is not more than \$50,000, and not less than \$20,000.

Blotting-paper Plant. It was learned yesterday that Richmond capitalists had secured the Old Dominion Cotton Mills plant, in Manchester, and will soon begin there the operation of a plant for the manufacture of blotting paper. The paper will be made from rags. The capital stock of the new concern is already \$100,000, and it will soon be increased, probably, to \$150,000.

One of the gentlemen reported to be interested, when seen, would talk only in an indefinite way. But he did not deny anything. The mill property was recently sold. The buildings were erected some years ago.

FIRE LAST NIGHT. Foundry of Asa Snyder & Co. Practically Destroyed. The two-story brick structure, Nos. 1008 and 1010 east Cary street, occupied by Asa Snyder & Co. as architectural ironworks, brass foundry, and machine-shops, was gutted and practically destroyed by fire last night.

The adjoining property, occupied by the large wholesale mercantile establishments of Drewry, Hughes & Co., and Long & Riddick, escaped injury, the flames being confined entirely to the Snyder establishment.

The loss is difficult to estimate, and no authoritative statement could be had last night. The insurance, as nearly as can be learned, will approximate \$5,000. The building was owned by the estate of the late J. W. Allison, and was an inexpensive one. The most serious loss is that on patterns and fixtures of Snyder & Co., which will probably exceed in value the insurance carried.

The alarm was turned in at 10:22 from the Cary-Street Engine-House, Box 52, and was followed by a second alarm seven minutes later, summoning almost the entire department to the scene. It was apparent at a glance that a serious fire was imminent, and those arriving early on the scene were fearful of a great conflagration. When the fire was discovered the central portion of the second story was blazing furiously, and the entire building seemed to be hopelessly doomed.

The first alarm brought out steamers 3, 4, and 7, and the second summoned steamers 2 and 5, and truck No. 2. In half an hour the fire was easily under control, and at 11:42 the return alarm was sounded. The intelligent and effective work of the fire-fighters was the subject of very general remark.

The firm burned out is one of the oldest and best-known in the city, having been in business here for many years. It was established by the late Asa Snyder, and the firm at one time was Snyder & Irby. Mr. George J. Snyder was conducting the business at the time of the fire.

The property was owned up to a few months ago by the Virginia Fire and

Marine Insurance Company, but was owned at the time of the fire by the estate of J. W. Allison. It was sold for \$12,000. The building and contents were insured in the Virginia Fire and Marine Insurance Company for a total of \$4,000, of which amount all but \$1,500 was reinsured with other companies.

The second alarm and the location of the fire, coupled with the fact that the audiences at the Academy and the Bijou were just coming out, combined to draw a large crowd to the scene, among the throng being many ladies.

The work of the new steamer was watched with interest by many. The big engine worked as smoothly and noiselessly as a locomotive pulling a train of Pullman coaches, there being almost no jar perceptible.

A HIGHWAY ROBBERY. Petersburg Man Held Up By Negroes in Chesterfield. Walter B. Prochise, a citizen of Petersburg, was held up by negro tramps and robbed in Chesterfield county, seven miles out from Richmond, early last night. Prochise reported the case to the police immediately upon his arrival in the city, and urged that some action be taken to capture the highwaymen.

Mr. Prochise said he left Petersburg in a wagon with another man. When within seven or eight miles of the city he left the wagon and started to walk into the city. He had not gone far before he crossed a small creek, over which there was a bridge, and he saw sitting upon the hand-rail of the bridge two large, black negroes. He was about to pass them in silence, when one of them accosted him and asked him for a watch.

He told them he had no watch, but they told him to halt and they would find out. He was thereupon seized and searched. Twelve dollars that he had in his pockets was taken from him, and the negroes ran into the woods.

The police told Mr. Prochise that the case was without their jurisdiction, and that he should report it to the Constable of the district in Chesterfield county, where the robbery took place.

ST. CLAIRE SOLD. Mr. Bowe, Representing Unknown Person, Bids \$32,600. The St. Claire Hotel and the Virginia House, adjoining it, were sold yesterday to Mr. R. Bruce Bowe, son of Mr. N. W. Bowe, for \$32,600.

Mr. Bowe says that he purchased the property for some one else, but will not say for whom he made the purchase. There are many rumors about the object of the purchase, and quite as many as to whom the owner is. Mr. A. D. Atkinson, proprietor of the Lexington Hotel, and Colonel Murphy, proprietor of Murphy's Hotel, have both been mentioned as the persons represented by Mr. Bowe, but nothing definite has been learned.

Mr. N. W. Bowe was the crier at the sale, and the other real estate men who were equally concerned in the conduct of the sale were Messrs. John T. Goddin & Co. and H. Seldon Taylor.

A large crowd attended the sale, and the bidding was spirited. It was started at \$20,000, and ran up \$1,000 at a jump until \$27,000 was reached. It took \$500 leaps until \$30,000 was reached, and \$250 strides until \$32,500 was gained. Then, after a considerable wait, one bid of \$2,600 was made, and the property knocked-out. The price is considered not more than a fair one.

RELATIONS WITH VENEZUELA. Other Issues Than the Asphalt One Making Trouble. WASHINGTON, May 1.—The State Department's information relative to the legal proceedings in Venezuela in connection with the asphalt trouble indicates that it will be many months before the issue will come to trial in Venezuelan high court. As there is no disposition exhibited to dispossess the American concessionaries, who are in possession, pending the termination of the legal proceedings, the State Department is entirely satisfied with the maintenance of the status quo as to this case.

There are, however, other issues which may change the aspect of American affairs in Venezuela. An attorney, named King, representing some of the interests connected with what is known as the Orinoco-Faribault concession, has laid before the State Department complaint of arbitrary action on the part of the Venezuelan government, and the department has notified that government that it expects just treatment at its hands for American citizens and interests.

COLLISION IN SNOW-SHEED. Fireman Killed—D. O. Mills and Whitelaw Reid Slightly Hurt. EMIGRANT GAP, CAL., May 1.—In the darkness and the smoke of the snowsheds, a Raymond excursion train ran into the rear end of limited train No. 2 at Yuba Pass, four miles east of here, last night. The private car of D. O. Mills was on the rear of the limited, and was badly damaged. Fireman T. Sanders, of the Dalles, Ore., was instantly killed, and many passengers and men of the train-crews were badly injured.

D. O. Mills and his granddaughter and Whitelaw Reid and wife had just seated themselves at the dining table, in the rear of their car, when the crash came. All were more or less bruised and scratched, but none were seriously injured. Whitelaw Reid received a cut in the face from broken glass. Mr. Mills was slightly bruised.

The limited had struck a rock in the sheds, and was delayed until the second section caught up. Sanders was crushed between the tender and the engine.

British Miners Against Coal Tax. LONDON, May 1.—At a meeting of the Miners' Federation, held in London this morning, and attended by delegates from all parts of the United Kingdom, it was recommended that all miners quit work unless the coal tax should be withdrawn.

Another meeting was summoned for May 7th, to finally decide the matter, and it is expected that the "stoppage" of work should that step be resolved upon.

To Represent Diaz at El Paso. EL PASO, TEX., May 1.—General Hernandez will represent President Diaz at El Paso during the reception of Fresquent McKinley. The President sends his regards, owing to the pressure of business and the national holiday.

ARLINGTON BURIAL, Order Issued for Such Sepulture of Confederate Dead.

PROTESTS IGNORED, Act of Congress on the Subject to Be Carried Out.

ARGUMENT OF AUTHORITIES, Action Taken, It is Said, on Representations Made by Senator Cock-

rell—No Protest, It is Claimed, Made by G. A. R.

WASHINGTON, D. C., May 1.—Secretary Root has given orders to the Quartermaster-General's Department for the execution of the act of Congress requiring the reburial in Arlington Cemetery (national) of the Confederate dead now there, numbering 128, and with them the remains of the 128 Confederates buried at the National Soldiers' Home here.

Protests have been received by the Secretary from the women of Virginia, who wish the remains taken South, but the order remains unchanged.

It is stated at the War Department that the action taken by Secretary Root in respect to the reburial of the Confederate dead at Arlington Cemetery, is in strict conformity with the requirements of a special act of Congress, which made an appropriation of \$2,500 for marking the new graves with headstones.

CONFEDERATE OPPOSITION. Soon after the law took effect, opposition was manifested toward its provisions by the representatives of certain Confederate organizations. The result was that the authorities suspended action in the matter. Considerable correspondence took place between the officials of the War Department and ladies representing certain Confederate organizations at Richmond and elsewhere. A few days ago Secretary Root instructed the quartermaster-general to carry out the law, at the same time informing all the parties interested of his action.

It is understood that Secretary Root acted in this matter on representation made by Senator Cockrell. It is further stated that the action of the department is in the view of President McKinley's policy of giving the same care and attention to the graves of the Confederate dead as is given to those of the men who fell on the Union side.

MRS. RANDOLPH'S PROTEST. In a telegram to the quartermaster-general, Mrs. N. W. Randolph, of Richmond, protested against the proposed action, in the name of the "women of Virginia," and added: "We have no right to place our dead against the protest of the Grand Army of the Republic."

In reference to that, it is said that no protest has been made by the Grand Army of the Republic.

BUFFALO EXPOSITION OPENED. Ceremonies Reserved for Dedication Day, the 10th. BUFFALO, N. Y., May 1.—The gates of the Pan-American Exposition were thrown open to-day, but no ceremonies marked the opening, it having been decided by the management to combine the opening day ceremonies with those of dedication day, May 10th.

\$5,000 FOR FIRST TICKET. William Hamlin was permitted by agreement to purchase the first ticket, having offered some time ago to pay \$5,000 for the privilege. The ticket was sent to him yesterday. At noon, the paid admissions only aggregated about 1,000, the majority of the visitors being employees or others entering on passes. The weather was very fine.

At noon the government building was thrown open, and General Brigham, chairman of the Government Board, made a brief address.

MESSAGE FROM PRESIDENT. The following message, conveying the congratulations of President McKinley, was read: "Memphis, Tenn.—The President directs me to convey his congratulations to the citizens of Buffalo upon the opening of the Pan-American Exposition, so rich in blossom and ripe in expectation. May the hopes and ambitions of its promoters be realized to the fullest measure."

"By direction of the President, "GEORGE B. CORTELYOU, "Secretary."

ELECTRICAL DISPLAY. The beautiful electrical display to-night was the culminating event of the opening day of the Pan-American Exposition. The attendance of the American fleet was small, owing to the threatening weather, which kept away many from near-by towns. Later in the day, when the sun broke through the gray clouds, the crowd began to assume proportions of an exposition, turning, and to-night thousands passed the throng-stiles.

THEY FIGHT MANILA BAY O'ER. Dewey and His Officers Celebrate Battle Anniversary. WASHINGTON, May 1.—The third anniversary of the battle of Manila Bay was celebrated here to-night at a banquet at the Raleigh Hotel, participated in by officers of the American fleet who took part in that conflict. These numbered about twenty-five persons, less than one fourth of those who were in the battle. The greater number of them came from stations along the Atlantic coast, from Portsmouth, N. H., to Norfolk, Va.

The floral decorations were unusually attractive, but four large American flags, with the American eagle and shield as a centerpiece, were the feature of the decorations. The front page of an elaborate menu card gave a water-color representation of the American fleet as it entered the harbor of Manila, under fire of the Spanish forts and ships, the whole surrounded by a band of Manila hemp. In the lower portion of the picture, in semi-circular form, were the words of command given by Admiral Dewey to his fleet: "The battle began—'Yield.' 'You may fire when you are ready, 'Gizd.'"

NOTHING FORMAL. There were no formal toasts or speeches. The talk was down to the dinner-table. Those who sat down to the dinner included Admiral Dewey; Captain Wilder, who commanded the Boston; Captain Walker, of the Concord; Captain Lamberth, Commander Colvocoresses, Commander Norris, Lieutenant-Commander Bailey, Lieutenant-Commander Howard, Lieutenant-Commander Hall, Lieutenant Irwin, Mr. Schenck, Mr. Parnass, Gen-

Medical-Director Price, Lieutenant McCormick, Dr. Green, Lieutenant-Commander Gibson, Lieutenant-Commander Nelson, Paymaster Martin, Lieutenant-Commander Berryman, Commander Ford, Mr. L. J. Slickney, Commander Inch, Commander Rees, Lieutenant Attles, Lieutenant Caldwell, Mr. McCoun, and Lieutenant Knepper.

CHICAGO TEACHERS' CASE. Court Awards Peremptory Writ of Mandamus. SPRINGFIELD, ILL., May 1.—Judge Thompson, in the Circuit Court to-day, handed down his opinion in the suit for mandamus of the Chicago Teachers' Federation against the State Board of Equalization. The court awards a peremptory writ of mandamus, and holds that the members of the State Board of Equalization are public officers, and as such it is their legal duty to assess the stocks of twenty or more Chicago corporations, including street railways, named in the petition. It also holds that the last board did not make even a pretense of assessing thirteen of this number, and that the act of assessing remains unfinished. Under the statute, it declares, these corporations can be assessed as omitted property.

GAMBLING-HOUSE SAFE OPENED. Quest of Persons to Whom "Protection Money" is Paid. NEW YORK, May 1.—The safe seized in the raid on alleged gambling resorts by the Anti-Vice Committee of Fifteen, last night, was opened to-day, in the presence of Justice Jerome. The Justice, who has said he is determined to learn the identity of the persons to whom the gamblers are alleged to pay "protection money," had threatened to blow open the safe, if necessary, but the owner gave up its combination.

Inside were found a number of roulette balls, a lot of poker chips, \$23 in cash, a number of "I. O. U.'s," a pile of checks, and an account book. This book showed that regular payments were made to a man named James McQuade. The payments were for from \$125 to \$250, and were made about once a week. There was nothing to indicate the identity of McQuade, nor the account on which payments were made.

Held for the U. S. Grand Jury. Frank Johnson and Frank Dillon were given a second hearing yesterday before United States Commissioner Bartlett Roper, Jr., on the charge of robbing the post-office at Orange, Va., on the night of January 21, 1901. Mr. S. W. Carter, the postmaster at Orange, testified to the fact that he had seen the two men in the post-office the day before the robbery, and when Johnson put on a derby hat, Mr. Carter was positive his identity with the man was complete. Other witnesses from Orange were present, and gave testimony to the same effect. The men were held over without bail for the United States grand jury, which meets in Norfolk, on the 14th.

The Best Fountain Pens. Hunter's. Worth Knowing. If your Refrigerator is wasteful of cold air, it is needlessly expensive. For a quarter of a century they have been building and repairing Refrigerators at N. P. COFER'S, No. 529 east Broad street. Both 'phones.

Newport News, Va., May 3, 1900. Messrs. Sydnor & Hundley, Richmond, Va.: Gentlemen,—Replying to yours of the 2d instant, would say I am very much pleased with the Illinois Automatic Refrigerator bought from you a few months ago. It is, indeed, an excellent keeper of ice, and would deem it the most economical Refrigerator on the market. Very truly yours, C. L. GOODMAN, No. 1014 Twenty-seventh street, Richmond, Va., July 20, 1900.

Having seen the Illinois Automatic Refrigerator I bought from you a few weeks ago, I find it the best I have ever used, and to give perfect satisfaction as an ice saver and in keeping edibles perfect and in their proper taste. Yours truly, H. C. BECK.

One Pound Good Bond Paper, 25—188 sheets—White and Azure. HUNTER'S. Jahnek Bros., Watchmakers, Jewellers, and Opticians, 912 Main street, is the place to have your Watches repaired cheap, quick, and in the best manner. Main-Springs, \$1; Cleaning, \$1.

Wedding Invitations—Latest styles. HUNTER & CO. Julius Meyer's Sons' Office is now at 320 east Broad, between Third and Fourth, where parties owing accounts are requested to call and pay same.

Good Workmanship. and low prices are seldom associated together, but when your Watch needs repairing give us a trial. Main-Springs, \$1; Cleaning, \$1, at Jahnek Brothers, 912 Main street.

Drink "Kenny's" Cacao Tea. A Pure Mixed Tea at 50c. pound. Pure Sugars sold at cost. C. D. KENNY COMPANY, Teas, Coffees, and Sugars, Broad & 6th and Main & 17th streets.

"Delightful Vacation Trip." \$2.50 Richmond to Boston or Providence and return by sea, via Merchants' and Miners' Transportation Company's special steamers. Meals and room included. Send for particulars and illustrated booklet. R. H. WRIGHT, Agent, Norfolk,
