Kodol

Digests what you Eat

Dyspepsia Cure

People used to think that the only way to overcome indigestion was to eat less and many think so still. But the trouble is that kind of treatment is the fact that to stop eating means to stop living, and we can hardly call that a cure. But since Kodol Dyspepsia Cure has become known the whole method of treating indigestion has been changed. It digests what you eat and permits you to eat all the good food you need and gives the stomach perfect rest; and its use constitutes a plain common sense method of curing dyspepsia and indigestion.

It can't help but do you good

Prepared by E. G. DeWitt & Co., Chicago. The 41 bottle contains 2 1/2 times the 50c size.

When you suffer from biliousness or constipation, use the famous little liver pills known as DeWitt's Little Early Risers. They never give.

PROMINENT ATTORNEYS FIGHT.

W. J. Bellamy Assails Ireddell Meares and a General Mix Ups.

WILMINGTON, N. C., Aug. 26.—(Special.)—A rowing on the last municipal campaign for the city attorneyship, a personal encounter occurred on a prominent street corner this morning about 10 o'clock between City Attorney William Bellamy and ex-City Attorney Ireddell Meares.

Bellamy carried a buggy whip, and had previously visited the office of Meares to demand satisfaction for an alleged aspersion of his character in connection with the former's recent resignation as local agent of the Mutual Fidelity and Guaranty Company, a surety concern of Baltimore. Not finding Meares in his office, Bellamy awaited at the corner, and the assault by striking Meares on the head with the butt end of the whip, the blow inflicting a severe scalp wound.

Other blows followed, and friends of both parties crowded in to separate the men, with the result that a general mix-up ensued. However, no serious injury resulted.

Both parties to the affair are members of prominent families in the State. Bellamy is a nephew of Congressman John D. Bellamy, of this district, from whom he received his law education. Meares is a nephew of ex-Judge O. P. Meares, formerly of the State courts.

Bad blood has been existing between the immediate families of the participants in the fight to-day for some time. A few months ago, about differences arising from the same city campaign, a fight ensued between Congressman Meares and Meares, which resulted in the latter's death.

Further trouble is expected, though political friends of both parties are seeking to avert it.

TO NOMINATE BY PRIMARY.

Legislative Aspirants in Augusta—Mrs. Summerson Dead.

STAUNTON, VA., August 26.—(Special.)—The Staunton and Augusta County Democratic Committee held a meeting in the reform line and instead of calling a convention as heretofore, decided on a primary to name the party's candidates for the State Senate and the House of Delegates.

The primary was decided on to be held September 14th in the city and county. Senator John N. A. is opposed for re-nomination by Mr. A. F. Robertson, and Messrs. J. W. Todd and J. W. Churchman are competing for the nomination by ex-Member Silas H. Walker and Mr. C. T. Harris.

Mrs. William Frazier Summerson died of typhoid fever at her husband's home on Kalamazoo street at 10 o'clock yesterday. Her husband and three grown children survive her. She was a Miss Shafer, of Buckingham, and was prominent in church and social circles. She was a member of the American Revolution Chapter, Daughters of the American Revolution.

National Prohibition Committeeman J. W. Bodley tells your correspondent to-morrow will hold a convention in Staunton, September 24, at Odd Fellows' Hall, and will nominate a full ticket for both branches of the Legislature. This would tend to indicate that the Prohibitionists in the State will make a fight all along the line.

LEXINGTON'S BUDGET.

Death of Miss Pettigrew—Mutual Insurance Success—Political.

LEXINGTON, VA., August 26.—(Special.)—The funeral of Miss Annie J. Pettigrew, who died Saturday afternoon, took place Sunday afternoon from the Trinity Methodist church. The Rev. J. H. Light officiated. Miss Pettigrew was the youngest daughter of the J. Madison Pettigrew, a former well-known merchant of Lexington. She is survived by two sisters—Mrs. Sallie Pitzer, of Lexington, and Mrs. Fannie Keys, of Washington city; and a brother, S. G. Pettigrew.

At the meeting of the stockholders of the Rockbridge Mutual Insurance Company, held in Lexington in the County Court House yesterday, Willis Edinger, brother-in-law of the late J. H. Edinger, was elected president, and R. C. Walker, secretary. The new directors elected were Joseph Fultz, of South River, and T. B. Rees, of Natural Bridge districts. The secretary's report to the stockholders was in force 700 policies, and the amount of insurance in force \$57,000, just \$43,000 less than the maximum under the charter, which authorized \$100,000.

The Legislature make the maximum capital \$1,500,000 was voted down by the farmers. With the proportionate increase of the past year, which was \$75,000, in another year the maximum will be reached. As the name implies, it is limited to "white" citizens, and policies being issued to any one in Lexington. The average rate on \$100 is just 2 cents, a lesson for other counties to adopt.

No matter which ticket wins out in the State election next fall, Lexington will have a representative in the capitol. Republicans of Rockbridge are now bragging that they will win with a clean sweep, and that they have the best State ticket put up in the State.

Hon. William A. Anderson, the nominee for Attorney-General, is a native of Lexington, and needs no eulogy. Suffice it to say, he is known, and will receive the votes. Next, Joseph E. Willard, the Democratic nominee for Lieutenant-Governor, whom the Republicans are making a feeble attempt to beat, was a resident for four years of Lexington when he was a cadet at the Virginia Military Institute, and graduated in 1888, and "Sill" Willard, the Democratic nominee for State Senator, is a native of Lexington, and was a cadet at the Virginia Military Institute, and played a fine, all-round game.

CAUGHT A BIG SHARK.

Norfolk Man Landed Him—W. D. Reynolds.

NORFOLK, VA., August 26.—(Special.)—An eight-foot shark has been caught by a pleasure party from St. Peter's Seaside Club, a swell organization, and the men who hooked the monster were Mr. J. B. Andre-Mottu, the club's leading stock broker. The presence of many small

ROBBED HIS FRIEND.

SERIOUS CHARGE AGAINST YOUNG D. M. WILKINS.

LARGE SUM OF MONEY TAKEN.

Mrs. Mary J. Marsh Charges Her Boarder With Larceny—John Traylor Seriously Injured—Another Theft—Carrier Pigeons Released.

PETERSBURG, VA., August 26.—(Special.)—On the 26th of July Mrs. Mary J. Marsh, residing on Commerce street, was robbed of one hundred silver dollars, six five-dollar gold pieces, and a considerable amount of jewelry. The money and valuables were concealed in several trunks in her room. She left the trunks all locked on the morning of that day, when she went out to spend a few hours. When she returned, it was to find the trunks broken open, the contents scattered about, and all of her worldly wealth gone. No person, not even her niece, who lived with her, knew that she had the money.

Boarding in the house was a genteel-looking young man named D. M. Wilkins, recently come from North Carolina, and engaged in the horse-trading business here. He had borrowed about \$150 or \$175 from Mrs. Marsh's niece, giving her notes therefor, with which to go into trading. He had sympathized very heartily with Mrs. Marsh over her loss and repaired the locks on her broken trunk. But no suspicion attached to Wilkins in connection with the robbery until last Thursday, on that day, as Mrs. Marsh testified in court this morning, Wilkins called her aside and told her not to feel uneasy about her money; that he had it, as he had that of her niece; that he would see that she got it all back, and would pay her better interest for it than she could get from any one else. This she accused denied, saying that he had spoken only of the money he had borrowed from the niece. Mrs. Marsh further testified in court that while standing near Wilkins watching him repair one of the trunk locks, she saw him take a small package from his pocket and slip it into the trunk. On examining this package she found it to contain two pieces of the stolen jewelry—a gold lock and a breast-plate. No trace of the package was found on the 26th of August, but it was found in a valise left by the accused at his boarding-house. Young Leach has parents and other near relatives in North Carolina. He was recently arrested for a like offence in Lynchburg, but was acquitted.

Mr. John Traylor, a young man employed at the Pittsburg cotton-factory, was seriously injured by an accident this afternoon. He was engaged at his duties as card-stripper, when he accidentally fell against a rapidly-revolving belt, and was thrown violently to the floor between the cards. He was removed at once, and taken to the St. Albans hospital, where he was placed under medical care and his wounds and injuries attended to. An examination of the injuries at the Home for the Sick this evening show them to be very serious. His leg was broken, and he sustained bad cuts on the head, and it is feared, has concussion of the brain.

Thirteen hundred carrier pigeons, shipped by the American and the Columbian Flying Clubs, of Baltimore, to Mr. C. O. Woodward, agent of the Southern Express Company in this city, were liberated Sunday morning on Water-Works Hill. The birds of the American Club were turned loose at 10:15 o'clock, and the others fifteen minutes later. The birds were in prime condition, and after circling upward for a few minutes, flew northward. Telegrams from Baltimore state that many of the pigeons arrived home Sunday evening—some of them making a speed of thirty miles an hour.

Nineteen coaches, carrying about 1,300 colored ex-slaves, passed through this city this morning from Norfolk to Richmond.

NORTH CAROLINA AFFAIRS.

Depredations on State's Swamp Lands—The Seaboard's Wreck.

RALEIGH, N. C., August 26.—(Special.)—It was thought that the Raleigh baseball club would go to New Bern today to play, but it did not do so. It may play there this week. Umpire Harry Mace left to-day for Washington, D. C. His home, Captain Kelley, of the Raleigh club, says it won fifteen straight games from Wilmington.

Attorney-General Gilmer is expected to return here in a day or two, and will soon go to the eastern part of the State to investigate the great depredations

FREDERICKSBURG'S BUDGET.

Richmond People in a Runaway—Professor Johnson Harmed.

FREDERICKSBURG, VA., August 26.—(Special.)—Professor Johnson, wife, and two children, of Richmond, who are on a visit to relatives in the county, narrowly escaped serious injury Saturday evening by being thrown from a carriage when the axle of the vehicle breaking which frightened the horses and becoming unmanageable, ran off. Professor Johnson's escape was particularly narrow, as he was dragged a short distance. His head was dragged for some time, and his body and face badly bruised. Mrs. Johnson and the two children all received painful cuts about the face and head. Medical assistance was immediately rendered, and the necessary aid rendered. A report from them this evening states that they all are doing as well as could be expected.

Mrs. Gabriella Van Duerson, wife of Mr. C. Van Duerson, died at her home this evening of typhoid-fever. She had been sick about a month. She was about 66 years of age, and was a most estimable and devout Christian lady. Besides her husband she is survived by four children.

Mrs. Lynn Shepperd, of Richmond; Mrs. Joseph Faber, and Miss Addie Freeman, of Norfolk, who have been visiting their parents, left for their respective homes this evening.

Mrs. B. S. Pendleton, of Washington, sister of Mr. L. W. Landrum, is in the city, who has been suffering from typhoid fever, and who was called to her bedside, has returned.

Judging from the quiet manner in which the Republicans discuss the Roanoke convention, a tie between the two named parties has been decided more acceptable. Judge Lewis was the choice in this section.

THE AMHERST PRIMARY.

Dr. Ware Defeats Mr. Massie for the House—Amherst, Va., August 26.—(Special.)—Returns from the primary election held in this county Saturday indicate that Dr. R. B. Ware is re-nominated over Freeman Massie, having had no opposition. Mr. Massie, who has no opposition, was scratched at some precincts.

Norfolk's Coal Shipments.

NORFOLK, VA., August 26.—(Special.)—The movement of Pocahontas coal from the piers of the North Atlantic coasting station, at Lambert's Point, is at the present time very lively. This morning eight large ocean steamships lay at the piers loading with fuel cargoes or bunkers. The Grayfield is taking cargo for the Azores. The Florida will take a few thousand tons to the West Indies.

There are at the present time no government colliers loading at the piers.

Those famous little pills, DeWitt's Little Early Risers, compel your liver and bowels to do their duty, thus giving you energy, rich blood to recuperate your body. Are easy to take. Never gripe.

APPROPRIATE.

Nice Old Gentleman—Fish? That's a funny name for a dog. Why do you call it Fish?

Boy—"Cause it won't bite."

Insulting.

Gussie—Did she weally call you a puppy?

Cholly—Well—er—no; not exactly. She merely asked me if I liked dog biscuit.—Philadelphia Record.

WANT THE VALLEY PEOPLE.

Carnival Directors Will Make Special Efforts to Get Them Here.

The Carnival Association has decided to canvass and advertise in the Shenandoah Valley through the State Fair crowd to the State Fair from that section this fall. A large amount of advertising matter will be sent to individuals in the valley and it is probable that a representative of the association will make a trip into the section early in the fall. The last carnival it is said, no great attempt was made to bring the valley people to Richmond. It is said that inability to secure proper railroad rates was the cause of this. It is hoped that the Southern and Chesapeake and Ohio can be induced to make special arrangements for that portion of the State.

Last August a two-days' excursion was held from Harrisonburg through the valley to the Massanutten and Orange to Richmond. The crowd on the train was so large that when it was turned over to the Chesapeake and Ohio. The train had to be divided into two sections. The rate was only \$2.50 for the round trip. If the railroad can be induced to make such a rate there is believed to be no doubt but that the "Garden of the State" will send its thousands to be present at a portion of the "Carnival Week."

Transfers of Property.

In Richmond, S. Lilly and E. L. Driscoll to Mrs. Maggie L. McCartney, 15 feet on west side of Main Street, 155 feet south of Albemarle Street, \$1,000.

Annie L. and John W. Gordon to Leon

SHE WAS TRULY CONSCIENTIOUS.

Doctor: "Well, did you give your husband the sleeping potion as I ordered?"

Faithful Wife: "Yes, doctor; every two hours. But you wouldn't believe what trouble we had to wake him up so that he would take it."

AN INVENTION THAT WOULD SELL.

THE TAX COLLECTOR WILL CALL TO DAY!

YOU PROMISED TO PAY WORKER THAT FIVER TO DAY!

YOUR MOTHER-IN-LAW IS COMING TO DAY!

It would be so handy to get a tip like that, because then we could make our arrangements accordingly.

made on the State's swamp lands by lumbermen. Auditor Dixon says the scheme of depredation is on a great scale, and that it really amounts to looting. The loose system of control of the lands has permitted this robbery. As soon as the Attorney-General goes there the offenders will be prosecuted.

The State's swamps are the French Broad Press Company, of Asheville, capital \$50,000, to publish newspapers, periodicals, and books. Henry D. Shubert, of Chicago, A. H. McQuiklin, of Asheville, and others are the stockholders.

The Seaboard Air-Line's engineers who live here and there are a number of them, are greatly stirred by the order that Raleigh is no longer to be the end of the line, but that it will be the end of the line. There is also to be a change of the run of the conductors. The engineers meet Saturday and to-day.

The accident on the fast train (north-bound) on the Seaboard Air-Line Saturday night, near Cheraw, S. C., was the topic of talk here yesterday and to-day. Engineer Muse, who lives here, escaped with a cut head and a bruised shoulder. Fireman Rosemond was caught under the engine and instantly killed. His body was brought here last night and was taken to Danville. He is a native of Hillsboro, N. C. His wife arrived here Saturday for the first time. The derailment of the engine and two cars occurred on a straight and pretty stretch of track, though the engineer was killed, but he was found walking half-dazed. He lost consciousness at the moment of the derailment.

The State's Committee has made up the list of standard books for the rural free school libraries.

Due to a great amount of rain which has fallen here, it may be stated that forty-two days ago the works of building were textile school at the Agricultural and Mechanical College here began, and that rain prevented work on twenty days during that period here. The State's Seaboard Air-Line will ballast its line between Richmond and Atlanta, and will expend \$1,000,000 for that purpose. Work will soon begin. At present only a part of the Raleigh and Gaston Division is ballasted.

The Secretary of the State Board of Charities and Corrections made his report on the Oxford Orphan Asylum, which the State has in charge, to the board of trustees, and at which there are 236 pupils. He says the only defect in the lighting, oil being used, while in the inspected colored orphanage two miles from Oxford, at which there are 122 pupils. This orphanage has a large farm. The State gives it \$1,000 a year.

GOOD PRIZE MONEY.

List Gotten Out by Richmond Horse Show Association—Notes.

The prize list of the first annual Richmond Horse Show is to hand, and shows, perhaps as much as anything else the rising prosperity of the South. Without going fully into the many and various classes and the moneyed value of the same, it may be said that no horse show of this kind has ever been given in the South, with the exception of the Philadelphia show, accounted by many the best show in the country, who give to the winners of their classes but \$100. It will be noticed that Richmond offers to winners of blue ribbons the same inducement, with the exception of a few local classes, where the ribbons will only carry \$75; and also, in the four-in-hand classes, of which there are two, when the first prize will be worth \$120 and the second \$75. The association must be more than congratulated in having secured the services of Mr. C. W. Smith, of Warrenton, as manager. Mr. Smith has in two years made the Warrenton Horse Show the most successful of the South, the reason of his success being that apart from his being a strict man of business, he is also without doubt one of the most popular show managers of to-day with the exhibitors, and was the reason he took up the management of the show, a most successful exhibitor himself. Therefore, any one thinking of making entries in this show may feel sure of a healthy and sporty prize money, which is what he wants.

The date of the first annual Richmond Horse Show will be October 8th, 9th, 10th, 11th, and 12th in the Auditorium buildings.

HENRICO GRAND JURORS.

List of the Citizens Who Will Do Duty—Notes.

In the County Court of Henrico yesterday Judge Wickham approved the list of grand jurors for service for the coming fiscal year. The order also makes the June and November terms of the court the regular time for the sitting of the grand jury.

The list is composed of the following citizens:

Brookland District—A. C. Houston, R. N. Cross, Joseph Johnson, M. F. Burton, H. C. Beattie, A. E. Fischer, Jr., O. L. Bell, W. H. McGrudder, Walter E. A. Cary, Abram Starke, and Charles Anderson.

Fairfield District—F. Deas, George F. P. Thornton, W. H. Deas, George F. P. Thornton, J. C. Fowler, A. E. Fischer, Jr., O. L. Bell, W. H. McGrudder, Walter E. A. Cary, Abram Starke, and Charles Anderson.

Varina District—Charles Leonhauer, R. T. Moncre, R. B. Gunn, R. L. Hartson, J. T. Whitlock, Thomas Guy, R. F. Wilson, H. N. Jones, W. B. Glover, George T. Drinker, Wyatt Price, and J. H. Scott.

Tuckahoe District—R. A. Patterson, W. B. West, R. B. Chaffin, Jacob W. Nuckols, D. R. Connard, John T. Jones, Samuel C. Duval, George W. Chamberlayne, W. H. McGrudder, Walter E. Grant, John Burton, and Major Burwell.

Gilbert Rogers was fined \$10 yesterday by "Squire" Thomas, on the charge of being drunk and disorderly at the public swimming pool. On a charge of resisting the officer who attempted to arrest him he was assessed \$5. Rogers gave notice of an intended appeal to the County Court.

Constable Cyclone Samuels had the pleasure of acting as Bailiff of the first court held by J. L. Pearman, the negro Justice of the Peace in Henrico county, yesterday. The case before "His Honor" was a warrant against Lawrence (colored) for disorderly conduct. The hearing resulted in a fine of \$1.

WORKMAN'S NARROW ESCAPE.

John Archer, a colored plasterer, who was employed on Murphy's Hotel annex, fell from the third floor of the building yesterday at 10 o'clock. He fell into a swimming pool. On a charge of resisting the officer who attempted to arrest him he was assessed \$5. Rogers gave notice of an intended appeal to the County Court.

Constable Cyclone Samuels had the pleasure of acting as Bailiff of the first court held by J. L. Pearman, the negro Justice of the Peace in Henrico county, yesterday. The case before "His Honor" was a warrant against Lawrence (colored) for disorderly conduct. The hearing resulted in a fine of \$1.

A Successful Sneak Thief.

Yesterday morning a sneak thief succeeded in stealing a coat from the hall-rack of Mrs. Green, on East Leigh street. The thief was committed by a negro man who was seen by a small boy, who then called in another doctor, who treated the large number of families who are dependent upon the supply for domestic purposes will suffer until it can be repaired. The water is taken from the springs of Fulton Hill, several miles away. The Chesapeake and Ohio and Richmond Cedar-Works, which use the water, are not affected by the break.

A Minister's Good Work.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera, and Diarrhoea Remedy, took two doses, and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My wife had a severe attack of bilious colic, and I gave her three or four doses, without relief, and she was in a terrible fix, and I gave her one of your bottles, and she was cured in five or six days, and she has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera, and Diarrhoea Remedy, and he said 'No.' I went home and bought him my bottle, and gave him one dose, and he was cured in five or six days, and he has been running so long that it was almost bloody.
