

MR. MARSHALL TO-DAY

"CYCLONE JIM" EXPECTED TO ADDRESS THE CONVENTION TO-DAY.

THE COMMITTEE ON JUDICIARY.

Proposition to Do Away With the Bristol Court—No Scandal to Be Gotten Out of the Expenditure of the Contingent Fund.

Mr. Marshall—"Cyclone Jim"—is expected to speak to-day on the report of the Committee on Preamble and Bill of Rights. He favors the submission of the Constitution to the present electorate. It is understood that he will devote much of his time to replying to the speech which was made Friday by Mr. Summers, the Republican member from Washington county. Mr. Marshall, it is said, will also speak in reply to Mr. Ayers, who yesterday in his advocacy of the submission of the Constitution to the people who are qualified for the right of suffrage.

The Committee on Judiciary was in session a long time last night hearing arguments from citizens of Bristol against the abolition of the Corporation Court of that city. Congressman Rhea, of the 4th District, Commonwealth's Attorney S. P. Pulkerson and Mr. J. W. Pitts, a member of the House of Delegates from Washington county, appeared before the committee, and made statements designed to show the need of a court for the city of Bristol. Mr. Campbell, member of the convention from Washington county, who resides in Abingdon, said that during the recess he had made a point of going to Bristol and learning the sentiment of the people of that city regarding the proposition to abolish the Corporation Court. He found only two persons out of perhaps one hundred who wanted the court done away with.

Mr. Withers, the chairman of the Committee on Retrenchment of Expenses, in a short statement, called attention to the fact that his committee had recommended that the city of Bristol and the counties of Washington and Smyth compose one judicial district. He thought this arrangement should be satisfactory to the bar and people of Bristol.

The committee did not vote, and arose without any final action. The vote on the single system of courts was a tie in the session of the Judiciary Committee yesterday morning. The committee is somewhat at sea as the matter now stands, since the request of Chairman Huntington, that another plan be proposed in lieu of the one rejected, met with no affirmative response from the advocates of the double system. There was a general interchange of views among the members as to the best method of arriving at a conclusion, but nothing had been agreed upon when the committee arose to go into the convention hall at noon.

There was a short meeting of the Committee on Retrenchment last night for the purpose of arranging the details of the reports which will be submitted to the convention to-day. The reports will contain various recommendations regarding the permanent criminal expenses of the State and the subjects of taxation for the State and the counties. The committee has almost completed its work, and the members are congratulating themselves that the various committees to which were referred the various recommendations made have adopted the suggestions of the committee.

When the members began to drift into the hall yesterday afternoon, after the session of the convention, they were at once interested in a big and very cold watermelon which was on the desk of Mr. Hunton, the member from Fauquier. Every man who came in thumped the watermelon, and the members, with a sense of everybody who put his hand on it, that, judging from the sound which it gave back, and the fact that it was so cold, it must be of the best Hanover kind. But nobody, not even the hungry members, could resist the temptation to have the nerve to cut what was said by Uncle Billy to be the property of the gentleman from Fauquier. Mr. Walton Moore, who was in the hall studying some subjects connected with the report of the committee, was the first to cut it. He will soon have to defend as chairman, gave his full permission, as the closest friend of Mr. Hunton's, that the melon be opened for the benefit of the company.

Mr. Hester also gives the actual production of Oklahoma as 119,063 and of Missouri as 25,754. His report on the cotton crop for the different States is as follows: THE STATE YIELDS. North Carolina, including Kentucky, and Virginia, 52,000; South Carolina, 91,000; Georgia, 1,255,000; Alabama, 1,000,000; Florida, 45,000; Mississippi, 950,000; Louisiana, 79,000; Arkansas, 762,000; Tennessee, including Oklahoma, Missouri, Kansas, and Utah, 330,000; Texas, 3,800,000. Total crop, 10,283,000.

Mr. Hester's full report, which will be in the hands of the members to-day, will contain interesting facts in regard to the continued increase in the spindles of southern mills, and to new mills now building, some of which will come into operation during the next year.

It was the general comment of the members yesterday that while the speech made by Mr. Ayers was not one which appealed to the galleries, it was one of the most valuable yet delivered on this subject of submission of the Constitution to the people. The fact that the writer of the Auditor anything calculated to even suggest a scandal, meet with a disappointment.

Mr. W. B. Pettit, the member from Fluvanna, was in his seat yesterday, looking as well and strong as usual, just as though he had not, in spite of his more than three-score years, been a Confederate rider at the head of the Confederate parade at Palmyra, Saturday. Those who heard Mr. Montague at Palmyra, say that the speech which he made was a splendid effort, one which even the Red Fox has not surpassed.

Congressman Rhea was in the convention hall for some time yesterday. At first he was at the desk with Mr. Walton Moore, but later he circulated about the hall, and then disappeared. The general opinion is that he will do almost everything in his power to do, and it keeps him busy greeting his friends among the members.

Mr. Carter Glass, the member from Lynchburg, is quite unwell at his home, and he is expected to be absent yesterday for him at the session yesterday. He has been in bad health for some time, and it is a well known fact that many of his friends opposed his coming to the convention, because of the del-

HOW GUSSE LOSE HIS SWEETHEART.

'Twas at the seaside, and Gusse had brought a lovely bouquet for his dear little Gertie. "I wish she would come," quoth he. "These flowers will get spoiled in this hot sun."

"Accept this simple offering, my darling. It's from a loving heart." "Oh, ain't they nice?" said the lady.

But then a frightful shriek rent the air for miles around. A crab had got in that bouquet and had got hold of the fair one's nose and—but you can guess what followed.

John E. Sales was held up and robbed of \$16. The deed was committed by two men, supposed to be colored, near Green Hill Cemetery, and in a vacant lot. Fortunately, Mr. Sales had by mistake left his watch and a purse full of money at his home, and he was taken unawares, and was so excited that he cannot describe the highwaymen. The police are at work on the case, and Chief Akers has instructed his men to arrest all suspicious characters. This makes the third or fourth highway robbery that has taken place here this year. Mr. Sales is in the employ of the Virginia Life-Insurance Company.

The annual meeting of the Danville Tobacco Association was held this afternoon in the rooms of the Business-Men's Association. C. H. Hickey was elected president; E. K. Jones, vice-president; L. S. Kendall, secretary and supervisor. O. Wemple is the retiring president. The reports of the officers and committees were read and approved. The election of the officers and of the old Executive Committee was the feature of the meeting. The association is in a flourishing condition.

TWIN CITY HANDICAP.

IT IS WON BY HERBERT, TRIGGER SECOND, MINUS SECOND, TRIGGER THIRD.

DUAL VICTORY BY OGDEN.

He Wins Two Races During the Day at Sheepshead Bay, the Second and the Sixth—Other Turf Events.

NEW YORK, September 2.—A big holiday crowd but not so large as the record-breaking attendance on a Friday day, enjoyed a rare day's sport at Sheepshead Bay to-day. The weather was dull and threatening, and a light shower fell during the afternoon, but not enough to hinder the racing.

The Twin City Handicap was the feature. It resulted in one of the best struggles of the year. Ten high-class horses faced the starter, with Gold Heels favorite at 9 to 5, and Herbert, second choice, at 6 to 1. The field ranged from 10 to 1 to 20 to 1. The distance was a mile and a quarter, and the field was quickly sent off to a prompt and good start. Ten Candles rushed to the front at the first call, but opened a gap of three lengths on the field going round the first turn. The black whirlwind Imp was second at this stage, with the Regent third, and the others well bunched. Herbert, as usual, was held back, but he showed his position going up the back stretch, and caught the pacemaker on the far turn. Ten Candles had enough, and with Imp and the Regent dropped back, beating the black Heels Camerinus and Trigger moved up and challenged Herbert. Into the stretch they came like a team. For a few strides, Gold Heels showed in front, but at the last furlong pole Herbert, by a commanding margin, took the lead and won by a mile and a quarter. Herbert was not to be denied, and running strong and true, won on the post by a head, while Trigger was left only a scant half-length behind. Time, 1:13.15.

OGDEN'S PERFORMANCE. Another striking feature of the day was Ogden's dual victory. He took 130 pounds and won the second race, a six-furlong handicap, by a commanding margin. He was driven by a hard drive, in the fast time of 1:13.15. He was cooled out, and sent to the post in the last race, at one mile and a sixteenth on the turf. He was made a strong favorite, at 9 to 10 and second second triumph, by winning cleverly, by a length.

First race, Steeplechase Handicap; two and a half miles—Pulimata (3 to 1) won. Sir Hubert (3 to 5) second, The Bachelor (5 to 1) third. Time, 5:31.5. Second race—Six furlongs—Ogden (4 to 5) won, Cameron (13 to 5) second, Beltauro (6 to 1) third. Time, 1:13.15. Third race—The Autumn Maiden Handicap; five furlongs—Pascal (4 to 1) won, Miss Pat (5 to 1) second, King Hanover (8 to 5) third. Time, 5:31.5. Fourth race—Twin City Handicap; mile and a quarter—Herbert (6 to 1) first, Terminus (12 to 1) second, Trigger (10 to 1) third. Time, 1:13.15. Fifth race—Five and a half furlongs—Schwabe (5 to 1) won, Eddie Busch (7 to 5) second, O'Hagan (4 to 1) third. Time, 1:06.

Sixth race—Mile and a sixteenth, on turf—Ogden (9 to 10) won, Monarka (8 to 5) second, Kinnikinnick (5 to 1) third. Time 1:48.45. CHARTER OAK EVENTS GO OVER. HARTFORD, CONN., September 2.—(Special).—The annual meeting of the Charter Oak Park this afternoon, and to-day's programme was carried over until to-morrow.
