GOVERNOR CAUTIOUS.

PROCEEDING WITH CARE IN MATTER OF APPOINTMENTS. NONE ANNOUNCED YESTERDAY. Two Conditional Pardons Granted—Attorney-General Anderson Announces Appointment of Frank Lyon as His Office Clerk—Inspection of Public Institutions Begins Next Week—Capitol Briefs.

Those who expected Governor Montague to announce his staff appointments yesterday were again disappointed. He is proceeding with the utmost care in the matter and it may be some days yet before he makes public any appointments of any kind. It is thought, however, that several will be announced to-day.

Several of the members of the convention called on the Governor yesterday and spent some time with him. Mr. E. C. Gantt, the superintendent of schools of Lynchburg, accompanied by Mr. Brent, secretary of the State Board of Education, called on his Excellency.

The Governor returned the number of pardon applications yesterday by granting two. They were conditional pardons, recommended by the Board of Directors of the penitentiary, and were granted to Albert Penick, sent up from Halifax county in 1888 to serve seven years for assault, and to Ernest Kille, from Isle of Wight, sentenced to serve five years from June, 1888, for attempted arson.

Governor Montague yesterday designated Judge W. S. Matthews, of the County Court of Wise, to preside at the January and February terms of the County Court of Scott, in the place of Judge R. R. Kane, recently deceased.

One of the recent candidates for appointment to the position of surgeon at the State Farm is Dr. R. D. Tucker, one of the best-known physicians of Powhatan county, and also a member of the county board of health.

Attorney-General William A. Anderson yesterday announced the selection of Mr. Frank Lyon, of Virginia, to be clerk in his office. Mr. Lyon, who comes originally from Petersburg, was until recently one of the clerks of committees of the Constitutional Convention.

Commissioner of Agriculture Kolmer almost daily receives letters from persons in the "back woods" of the State, imploring him to locate in Virginia, and making inquiry as to lands suitable for their purpose.

Twenty-five embryo attorneys were legally engaged yesterday in the chamber of commerce in the city of Richmond, in a preliminary hearing, assigned to them for solution as a condition of their being granted the right to practice law in this State.

The Governor's office in the Capitol and that of his secretary have had telephones installed, which give them not only the local service, but the long-distance privileges besides.

ABOUT MINT JULEPS.

ITS DISCOVERY AND THE SECRET OF ITS CONCOCTION. HOW THE VIRGINIAN MADE IT. The Staff Should Be Drunk Not Sipped—Don't Let the Ice Melt Either—What the New School Says About Braining the Mint—The Boy and the Grass Near the Spring.

(Louisville Courier-Journal.) Do you crush the mint, or don't you? So far as can be discovered this is the rock from which the concoctors of the seductively jumpy sprig apart. Ask an old Virginian and watch him bristle.

These are the two beliefs, and since that first time in the long ago, when a schoolboy dined at the properties of the famous mint, this controversy has been waged.

Many are the stories of the discovery, but the only authentic one is vouched for by a dozen old schoolteachers, who know where they speak.

Near an old school-house in Virginia was a famous spring. No one knew just why the water was cooler, more pleasant, and altogether more satisfying than the water of any other spring about.

That teacher is said to have been Colonel Carter, one of the famous Virginia Cavaliers, and to him the pressure was long ago put to discover the secret of the mint-julep.

Considerable interest is manifested in this city in the tobacco trade now in progress in England and Ireland, but it is not generally believed that the competition of the powerful rivals has had any appreciable effect on the local market.

Dr. Joseph W. Southall, Superintendent of Public Instruction, has recovered from the illness by which he has recently been detained at his home in Amelia, and is at his post again.

Dr. John H. Ragland, of Kingsland, Va., has been appointed surgeon to the Richmond and Petersburg electric railroad.

Dr. and Mrs. Alexander B. Brown arrived in the city yesterday, after a ten-day's trip, and are at their home, 412 West Grace street. The doctor's office will be at his residence hereafter.
