New Fire Company and Its Aims—Personal and Municipal Notes.

WEST POINT, VA., February 6.—(Special.)—The Town Council held a very interesting session Monday night.

Mr. R. C. Brooks presented a request for the extension of Third street to Mat-potomac river, as he expects to soon have a house-boat in operation at Dudley's Ferry, which landing is at the foot of the street. A committee was appointed to look into the matter.

Representatives of Volunteer Fire Company No. 1 presented a requisition for articles immediately necessary for fire-fighting, and an appropriation was made for this purpose.

The company also petitioned the Council to call an election at once to decide the question of securing tanks and running a water main down D street.

The matter was favorably discussed, and referred to the Finance and Property Committee, for their decision to be given at an adjourned meeting on February 17th.

There is hardly any doubt that adequate water facilities will be secured, as every one in town seems to see the necessity of immediate action on this important question.

A POCAHONTAS WEDDING.

Mr. Man and Miss Parsons—Condition of Josh Seneca. POCAHONTAS, VA., February 6.—(Special.)—A very quiet home marriage was celebrated at 6 o'clock yesterday morning at the home of the Secretary of the Young Men's Christian Association, Mr. S. Lyons, of this place. When his niece, Miss Mary Parsons, became the bride of John C. Mann, Miss Parsons is one of the most eligible young ladies of Pocahontas and a splendid type of Christian womanhood, and the groom is a young man of good business qualifications from our neighboring city, Bluefield.

Much excitement prevailed in our town last evening when a fire was discovered on Church street. By the efficient work of the local company the flames were checked and but little damage done.

The negro man, Josh Seneca, who was shot by F. E. Bufflow, is still in a very critical condition. His suffering is intense, though the wound is not thought to be necessarily fatal.

Bufflow has been bailed in the sum of \$500.

MAIL ROBBERY IN CULPEPER.

A Pouch Containing Several Hundred Letters Was Stolen. CULPEPER, VA., February 6.—(Special.)—A United States mail pouch, containing several hundred letters and some pieces of registered mail, was stolen from the railway crane of the Southern road at the depot here Tuesday night, January 28th.

Train 38, for which this mail was prepared, was due here at 7 o'clock P. M., but on this occasion the train was more than three hours late. The night was cloudy and dark, and as the crane is some distance south of the depot, the pouch could have been easily detached and stolen without fear of detection.

Early Wednesday morning it began to snow, and while the local post-office people made a search, nothing was accomplished until the snow began to melt. The two small boys, seeking a sheltered place where the snow was still firm, went to Jamerson-Hill, on the south suburbs of the town to coast, and there found a letter, which was delivered at the post-office today.

This letter was so direct a clue that the surrounding premises were searched, and the pouch, together with most of its contents, was found under the shadow of a tree at noon.

Only a few of the letters had been rifled, but the registered mail was missing, as was also a package of merchandise known to have been in the pouch.
