

GENERAL ASSEMBLY.

SENATE ADOPTS THE HOUSE RESOLUTION EXTENDING THE SESSION

THE ST. LOUIS DELEGATION HEARD.

Urged That a Liberal Appropriation be Made for a Fine Virginia Exhibit at the Louisiana Purchase Exposition - Many Bills Were Passed, but Few of Them Were of Public Interest.

There seems little doubt that the Legislature will be in session for thirty days after the expiration of the legal term. The Senate yesterday adopted the joint resolution which passed the House Tuesday, extending the session thirty days from the date of the expiration of the term. This does not mean that the session will last so long, but it means that the Legislature will not adjourn as long as there is any work to be done. The members have been drawing pay all during the time of the recess, and they feel that it would be improper for them to adjourn as long as there is any business to be transacted.

The committee from the St. Louis Exposition, asking that the Legislature make an appropriation for the placing of an exhibit at the Louisiana Purchase Exposition - Many Bills Were Passed, but Few of Them Were of Public Interest.

There were many bills passed by the Legislature. Few of them were of general public interest.

Session of the Senate. Mr. Wickham, president pro tem. of the Senate, called the body to order in the absence of Lieutenant-Governor Williams. There was no opening prayer. The Senate at once proceeded to act upon the joint resolution adopted by the House Tuesday, extending the session thirty days. Mr. Clayton moved to amend by providing that adjournment might be taken before the expiration of the thirty days, if there should be no reason for further continuing the session. He withdrew the amendment, when assured by Mr. Mann that it was not necessary.

Mr. Tyler moved to pass by the resolution, and was supported by Mr. Kezell, who argued with much force that the Senate nor the committees would hasten, if it became definitely known now that the session would be extended. The members were always ready to delay, thinking there was time a-plenty.

Mr. Barksdale opposed passing by the resolution. He said there was a great deal of work to be done.

The resolution was passed by temporarily until the Senate could act on the joint resolution sent over from the house, providing for a joint session at 12:30 o'clock for the purpose of hearing the Governor on the subject of making an appropriation for a Virginia exhibit at the St. Louis Exposition. The resolution was concurred in, and then the Senate returned to consideration of the resolution.

Mr. Sale and Mr. Shankelford urged immediate settlement of the question, and Mr. Tyler made a very forcible speech for postponement of the matter.

Mr. Mellwine in advocating the resolution, took occasion to urge that the bill be passed on the day of its introduction, and suspension of the rules. He said he had not offered a bill this session; he had stood almost alone in opposing the passage of the bills without reference to committees, and he called upon the Senate to extend the session as proposed.

The resolution that no bill shall be acted upon without having first been passed upon by a committee.

Mr. Tyler's substitute, that the resolution be made the continuing order for 1 o'clock on the day the resolution was adopted.

The chair was then vacated and the Senate went in a body to attend the joint session in the hall of the House of Delegates.

A great many bills were passed when the session was resumed. Following is a summary of to-day:

THINGS WE LIKE BEST

Why is it They So Seldom Agree With Us?

What's the reason the things we like best seldom seem to agree with us? Maybe it's because we overeat of them. Then follows a fit of indigestion. Only lasts a day or two, perhaps. But it's a most uncomfortable day or two. If we disregard consequences and indulge our appetites the certainty that we must suffer spoils the pleasure. We don't mean to abuse our stomachs, but we all do it more or less. We see things we want and can't resist the longing for them. When it's too late we regret our rashness. But there's a way to escape the consequences of our indiscretions. A dose of a good digestant like Kodol Dyspepsia Cure will relieve your trouble at once. That is the sensible remedy. Indigestion is always due to the same cause. Your stomach is too weak to digest what you eat. It needs rest. You can't rest it by going without food. That would mean starvation. But Kodol Dyspepsia Cure will rest it. It does the stomach's work. In the mean time the tired organ is gaining fresh strength. Before long it will be as strong as ever. A temporary attack can be cured at once. A case of long standing naturally takes more time. But the first dose brings relief. And a complete cure in the near future is certain. You don't have to die of Kodol Dyspepsia Cure. For sickly children it is unequalled. They thrive on it. The little ones often have indigestion, too. Don't let them suffer.

"I had stomach trouble of four years standing," says Geo. R. Colburn, Alpena, Mich. "I was so bad that I was forced to abandon my business entirely and remain in bed. At last I was induced to try Kodol Dyspepsia Cure from which I received immediate relief and a few bottles effected a complete cure."

"I have been troubled with stomach trouble and dyspepsia for years and never found relief until I took your Kodol Dyspepsia Cure," writes Frank W. Newhall, Mo. "I now feel I am entirely cured and recommend Kodol Dyspepsia Cure to anyone troubled with dyspepsia."

THE GOOD-ROADS TRAIN.

It Will Be in Richmond From March 17th to 22nd.

It was announced yesterday that the good-roads train will be in Richmond from March 17th to March 22d. This report was verified by a telegram received from Mr. H. W. Anderson from Mr. M. Richards, industrial agent of the Southern Railway.

The visit of this train scheduled for February 24th, had, on account of inclement weather, to be abandoned, and an effort was made to get another date. The Southern Railway, by complying with the request of the committee, shows a kindly interest.

The committee appointed in connection with the work of the good-roads train and the conversion of the day to enter at once upon their duties.

The telegram reads as follows: "H. W. Anderson, Chairman of the Good-Roads Convention:

"Am pleased to advise that our management has deemed, owing to failure to get a good-roads convention in Richmond this week on account of inclement weather, to extend the time of the good-roads train which will now be scheduled for Richmond March 17th to 22d inclusive. We hope your program will be successful. The officers of the National Good-Roads Association will communicate or confer with the relative details as previously arranged.

"M. V. RICHARDS, Industrial Agent Southern Railway."

WITHDRAWAL OF ELECTRIC CURRENT.

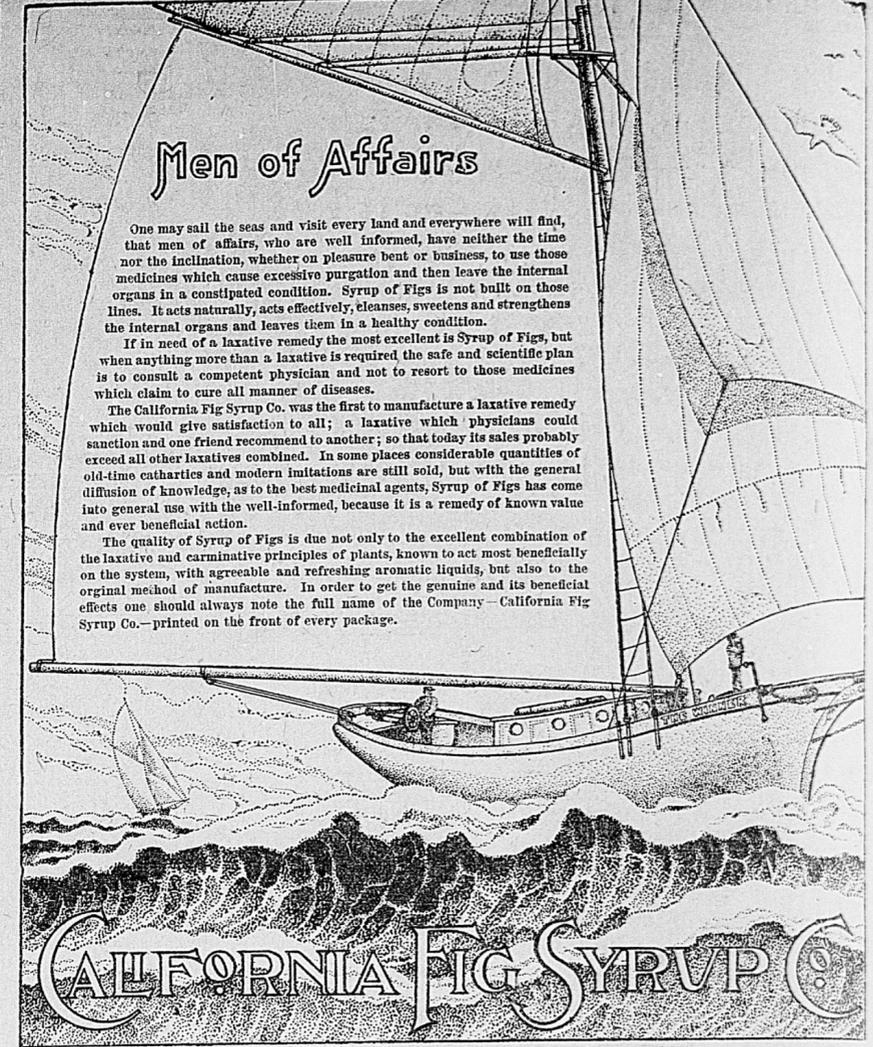

IMPORTANT NOTICE FROM Richmond Passenger and Power Company.

THE ATTENTION OF THE PUBLIC is respectfully called to the following: The Superintendent of the Light Department of this company in reference to the WITHDRAWAL OF ITS ELECTRIC CURRENT FROM BUILDINGS WHICH ARE EQUIPPED WITH A HIGHER VOLTAGE THAN THAT FURNISHED BY THIS COMPANY FOR LIGHTING PURPOSES.

Major James D. Patton, President Richmond Passenger and Power Company: Dear Sir-I deem it proper to bring to the attention of the Board of Directors the question of the advisability of this company declining to furnish electric current to buildings in which high voltage electric current for light purposes is being used.

My reasons for suggesting this action are well known to all, and you will recall that for more than a year past I have repeatedly called your attention to the danger, both to persons and as a fire risk, of high-voltage electric currents for lighting purposes within buildings. I am aware that the suggested withdrawal of current will entail a considerable loss of revenue, and will entail the severance of business relations from some who for many years have been our patrons; but the time has now arrived, in my opinion, for this company to decline to risk its record for safe electrical distribution by continuing to furnish service to buildings subject, as I believe, to a very great fire risk.

Very respectfully, E. W. TRAFFORD, Superintendent of Light Department. And also to the resolution adopted by its Board of Directors: Resolved, That the Superintendent of the Light Department be instructed to cancel all contracts with customers using a high-voltage current for lighting purposes within buildings, in which high voltage current should be cancelled so as to cause the least inconvenience to customers. RICHMOND PASSENGER AND POWER COMPANY.

Men of Affairs

One may sail the seas and visit every land and everywhere will find, that men of affairs, who are well informed, have neither the time nor the inclination, whether on pleasure bent or business, to use those medicines which cause excessive purgation and then leave the internal organs in a constipated condition. Syrup of Figs is not built on those lines. It acts naturally, acts effectively, cleanses, sweetens and strengthens the internal organs and leaves them in a healthy condition.

If in need of a laxative remedy the most excellent is Syrup of Figs, but when anything more than a laxative is required the safe and scientific plan is to consult a competent physician and not to resort to those medicines which claim to cure all manner of diseases.

The California Fig Syrup Co. was the first to manufacture a laxative remedy which would give satisfaction to all; a laxative which physicians could sanction and one friend recommend to another; so that today its sales probably exceed all other laxatives combined. In some places considerable quantities of old-time cathartics and modern imitations are still sold, but with the general diffusion of knowledge, as to the best medicinal agents, Syrup of Figs has come into general use with the well-informed, because it is a remedy of known value and ever beneficial action.

The quality of Syrup of Figs is due not only to the excellent combination of the laxative and carminative principles of plants, known to act most beneficially on the system, with agreeable and refreshing aromatic liquids, but also to the original method of manufacture. In order to get the genuine and its beneficial effects one should always note the full name of the Company - California Fig Syrup Co. - printed on the front of every package.
