

NOW BUILD YOURSELF UP.

Your Blood is Poor and Thin, Your Nerves Weak, You Are Run Down in Health. Take Dr. Greene's Nervura, Best of All Spring Medicines, Most Wonderful Restorative and Strengthening Known to Science—Makes Pure Blood, Strong Nerves, Vigorous Bodies.

Spring finds you with thin, poor, impoverished blood, weak, relaxed, and unstrung nerves. You are without your usual strength, energy, and vim; you feel that you are out of order, without being exactly sick. The cold wind seems to blow clear through you, a storm chill your marrow, and you perhaps have rheumatism, neuralgia, biliousness or kidney disease because of your disordered condition. You must take the best medicine to give you renewed strength and vitality, the best blood builder and purifier, the best nerve strengthener and invigorator. Dr. Greene's Nervura blood and nerve remedy is the best medicine in the world to do all this. It purifies and enriches the blood, feeds, strengthens, and invigorates the nerves—in fact, it makes the weak strong, the sick well, and will cure your stomach trouble, your biliousness, your kidney trouble, rheumatism, or neuralgia.

Dr. Orlando Kiser, 954 Reess Ave., Lima, Ohio, writes: "Many years ago I was unfortunate enough to lose my health, and while endeavoring to regain the same, gradually grew weaker and weaker. My nervous system was entirely shattered. My nerves became so weak and the heart's action irregular, which was a source of great alarm to me. I was unable to stand, and my weight interfered with, and generally speaking, I considered my time short. I was unable to do any work, and I gave up the thought of ever being a well man again. To-day I am a well man, and I am able to do any work, and I am able to stand, and I am able to give a helping word to suffering humanity. My health is my greatest treasure, and I feel that I owe a debt of gratitude to Dr. Greene and his wonderful remedy."

Take Dr. Greene's Nervura blood and nerve remedy now for your spring medicine. This grand remedy has the confidence of the people as no other remedy has, because it is the prescription of a regular physician, Dr. Greene, 101 Fifth Avenue, New York City, who has the largest practice and makes the most cures of any physician in the world, and who can be consulted without charge by anybody, personally, or by writing about your case.

MANCHESTER AND CHESTERFIELD

The friends of Mr. George Hazelgrove, a young man who boarded with Mr. A. P. Liggion, at No. 1115 McDonough street, Manchester, are greatly concerned as to his whereabouts. He left home early on Wednesday morning for his day's work in Pulton, and since then nothing has been heard from him. Mr. Liggion stated to a Dispatch reporter last evening that he could form no idea as to where the young man had gone. Mr. Hazelgrove was a member of the Farmville military company, and he wondered if he had not gone home in order to accompany that command to Norfolk on account of the street-car strike in progress there. Inquiry last night, however, elicited the fact that the Farmville company, which is Company 1, of the Seventieth Regiment, was not at Norfolk. This leaves the friends of Hazelgrove at a loss regarding his sudden disappearance.

DUNNAVANT ESCAPES AGAIN. John Dunnavant escaped from the fourth time, succeeding in eluding the officers of the asylum at Williamsburg. A few days ago Dunnavant escaped from the asylum and came to his parents home here, where he was captured and lodged in the jail. Yesterday afternoon about 1:30 Officer Sweany, from the asylum, took charge of Dunnavant, and had him on a Hull-street car, on his way back to the retreat. Dunnavant was allowed by the officer to go to the door of the car to expectorate, and at the corner of McDonough and Seventh streets, leaped from the car while it was in rapid motion. He outran his pursuers, and succeeded in getting away. Later in the day he was seen on the tracks of the Southern Railway near Belle Isle junction, and said that he had had no more trouble in Manchester. It was his intention to keep on walking in another direction.

GLAZE'S BAKERY SOLD. George Raab, of Richmond, has purchased the Glaze bakery on Hull street, between Tenth and Eleventh streets. The consideration for stock, fixtures, and goodwill was \$50,000. Mr. Glaze will engage in business in Richmond.

SQUIRE CHEATHAM'S COURT. Theodore Jannings, who keeps a store at Crow Spring, was fined \$10 by Squire Cheatham for selling whiskey on Sunday. Jannings appealed. Charles Anderson, who was arrested on a complaint of Jannings for assault, and who made the counter charge, was fined \$20 and costs, and put under a bond of \$100 to keep the peace for twelve months. John Prue, the negro who was arrested for stealing a load of manure from Gill Brothers, was sent to jail for sixty days.

MR. HANCOCK RECOVERING. Mr. S. T. Hancock, one of the most prominent citizens of Manchester, returned to his home yesterday from the Virginia Hospital. He has been here for the past three months as a result of his accident in falling from a car at the corner of Main and Seventh streets in Richmond. Mr. Hancock sustained a severe bruise on the head, and his recovery has been slow. He is now recovering rapidly, and hopes to be able to be about the house in a short time.

BRIEF MENTION. Mr. Benjamin E. Porter and Miss Molly Kelly, of Chesterfield county, are to be married March 15th. The bride and groom are both extremely youthful, and it was necessary for Mr. Porter, Sr., to certify as to his willingness before the license could be issued. An air light was put up at the corner of Tenth and Short streets, yesterday, by the Passenger and Power Company, much to the satisfaction of the residents of that section. The registrars of the city, especially those in the wards that have been changed, are anxious that voters secure their transfers. A new set of books has been ordered by the Electoral Board for the Second Ward. Mr. Augustine Royall has just returned from Goochland county, where he has been conducting a very extensive

Headache. Biliousness, sour stomach, constipation, and all liver ills are cured by Hood's Pills. The non-irritating cathartic. Price 25 cents of all druggists or by mail of G. E. Hood & Co., Lowell, Mass.

OFFICERS DECEIVED. REPORT OF THE ASSAULT CASE IN SPOTSYLVANIA WAS A FICTION. WHAT INVESTIGATION REVEALS.

It appears that Mrs. Burruss had a motive in declaring herself wronged and that she was neither the victim of robbery nor assault—her husband angry about it.

FREDERICKSBURG, VA., March 7.—(Special.)—After a careful and thorough examination by the county authorities in this county, they report that not only was the information given them last Monday, which denied the assault portion of the statement sent out, true, but that the robbery part was also false. The facts in the case are as follows: On Monday, the 3d instant, Mr. Burruss notified the authorities that his wife had been brutally assaulted and about \$50 stolen from his bureau-drawer by the perpetrator. GAVE A DETAILED ACCOUNT. It had occurred, he said, so his wife informed him, between 9 and 10 o'clock in the morning, and she was absent at that time about three miles distant. That evening Sheriff Harris visited the house and the statement made by Mr. Burruss was confirmed by his wife. Steps were taken for the capture of the supposed fiend, but no trace of him could be obtained. So indignant were the citizens over the supposed crime, that the Governor was asked to appoint a reward, and the county itself intended to like it.

It was while the latter was being considered at the county seat last Monday that information was received giving strong evidence that no assault had been committed. WHAT INVESTIGATION REVEALS. It was then determined to investigate, with the result that it was ascertained that she had neither been assaulted nor a robbery. The \$50 which disappeared was disposed of by Mrs. Burruss herself, and a large part of it given to a member of her family who is said to have conspired with her to plot the assault, in order to shield herself and deceive her husband. What will now be done in the matter is unknown, but if a law can be found under which Mrs. Burruss can be prosecuted, there is doubt whatever that she will be arrested.

While all of the citizens are indignant over the matter, especially so are the authorities, and Mr. Burruss himself. NOT SO BAD, AFTER ALL. Unusual Disclosures in the Burruss Case in Spotsylvania.

SPOTSYLVANIA COURTHOUSE, VA., March 7.—(Special.)—A thorough and searching investigation of the Burruss assault case was made on yesterday by Sheriff T. A. Harris and Commonwealth's Attorney Lee J. Graves before Justice Carroll Goodloe. A number of witnesses were examined, and their testimony revealed very clearly a shadow of a doubt that Mrs. Burruss had herself used the money of her husband, and fearing his course for so long a time, she had taken the money for the purpose of deception, which plan was, on her part, so astutely conceived and executed that it not only misled and deceived her husband, but the county officials as well.

For some days no unusual developments seemed imminent, but happily, by means of a searching investigation, the person to whom suspicion pointed so strongly has been vindicated, and what at one time promised to be a stigma upon the county, has readily itself into a mere case of deception. LITTLE GIRL FATALLY BURNT. Sad Death of a Lawrenceville Child.

LAWRENCEVILLE, VA., March 7.—(Special.)—A little girl, the daughter of Mr. Ashton Wray, a farmer living a few miles north of this place, was so badly burned a few nights ago that she died of the effects of her injuries. At the time of the accident she was playing with a burning string, a spark from which set fire to her dress; and before any assistance reached her, she was lying beyond the hope of recovery. What came near being a very serious and probably fatal accident on the midnight passenger train of the Southern railway at Sidney, near Freeman's Station Wednesday night, has just averted. A LASTARDLY ACT. Some person or persons during the early hours of the night had driven a wooden wedge in the frog at the siding, so that a west-bound train would have been derailed had it not been for the passenger train from Norfolk to Danville was the first scheduled to run; but fortunately that night a special was ordered out from here, and the plot to wreck the train was discovered.

HEARD IN CARTERSVILLE. The Pemberton Manufacturing Company—With the Sick—Personal. CARTERSVILLE, VA., March 7.—(Special.)—The Pemberton Manufacturing Company, under the personal supervision of their manager, Mr. Walter J. Duke, are working on beavers today putting their plants down. In the near future (if reports be true) there will be a cannery established here. The old Deary farm, recently purchased by Dr. Paulus Irving, of your county, is being moved in large quantities from this side of the river to Pemberton Depot, to be shipped to Richmond. Tobacco is coming in to the different factories at this place rapidly, considering the condition of the roads, which are still very bad, though drying up to some extent now.

DR. N. P. SNEAD, William H. Rhoder, and Mrs. E. C. Brown returned home last night from Richmond, where they had been in attendance upon the burial of Mrs. Martha A. Minor. Messrs. E. F. Parker and Robert Simpson, the former representing the American Cigar Company, and the latter representing the Standard Cigar Company, were in the village today on business. The road leading from the Cartersville bridge to Pemberton Depot is almost impassable.

STICK TO IT. Until Coffee Hits You Hard. It is about as well to advise people to stick to coffee until they get hit hard, enough, so that they can hardly forget their experience, although it is rather unpleasant to have to look back to a half dozen years of invalidism, money, and opportunity thrown away, which is really the terrible price paid for the weakest kind of a "mess of pottage." A woman writes, and her letter is condensed to give the facts in a short space: "I was a coffee slave and stuck to it like a toper to his cups, notwithstanding I had headaches every day, and frequently severe attacks of sick headaches; then I used more coffee to relieve the headaches, and this was well enough until the coffee stimulant wore off, my digestion was ruined, severe attacks of rheumatism began to appear, and ultimately the whole nervous system began to break down and I was fast becoming a wreck. At this time I was induced to quit coffee and take up Postum Food Coffee. This was half a year ago. The result has been most satisfactory. The rheumatism is gone entirely, blood is pure, nerves practically well and steady, digestion almost perfect, never have any more sick headaches, am gaining steadily in weight and strength." Name given by Postum Company, Battle Creek, Mich.

A HAPPY DELIVERANCE FROM THE AGONIES OF RHEUMATISM. Paine's Celery Compound. Achieves a Wonderful Victory Over the Terrible Disease. A VERY RECENT LETTER FROM A VETERAN OF THE CIVIL WAR.

If you are a sufferer from rheumatism in any of its terrible forms—muscular, inflammatory, or sciatic, be assured of the glorious truth that Paine's Celery Compound will work for you a permanent and happy cure. The thousands of letters received from people who have thrown off their burdens and agonies, prove conclusively that Paine's Celery Compound is the one great specific for this awful disease.

Medical evidence freely given by honest and unbiased physicians places Paine's Celery Compound in the highest rank of prescriptions and medicines as an infallible cure for rheumatism, neuralgia, nervous diseases, kidney trouble, liver complaint, derangements of the stomach, and troubles arising from an impure condition of the blood. The following letter, dated 154 east Forty-fifth street, New York, February 18, 1902, should inspire all rheumatic sufferers with new hope of a better and happier life. Mr. Edwin Ballias says: "I have suffered with rheumatism for five years, and have been treated by several physicians amongst them one specialist. I found no relief until I began using Paine's Celery Compound. After using three bottles of the marvelous medicine, I am entirely cured. I take great pleasure in recommending Paine's Celery Compound as a medicine which will cure all kinds of rheumatism and kidney troubles. I really find Paine's Celery Compound to be the best medicine I have ever used, and most cheerfully recommend it to my friends and the public. I am a veteran of the civil war and 60 years of age. Again I say I am fully restored to health by Paine's Celery Compound."

Diamond Dyas Original and only reliable Beware of poor imitation.

A buggy was stuck in the road today and sunk to the hub of the wheels. It had to be pulled out with a pole before it could be moved.

Mrs. B. W. Palmore has been confined to her bed with a very severe attack of grippe and is still very much indisposed, though somewhat better today.

Samuel Fones Dies Under Unusual Conditions. It Looks as if He Committed Suicide in Alexandria—Death of Mr. J. Harry Simpson.

ALEXANDRIA, VA., March 7.—(Special.)—Samuel Fones, an employee of the city gas plant, died this morning under circumstances that point strongly to suicide. About 8 o'clock last night, his wife heard a noise downstairs, and going down she discovered her husband lying on the floor, in a state bordering on convulsions, which soon developed. He died a few hours later before medical assistance was rendered. Coroner William R. Purvis examined the remains and stated that he did not discover any evidences of poisoning. He deemed an inquest unnecessary. It was stated by some of the neighbors that the deceased had been taking a large quantity of morphine the previous evening, and also that he had been heard to remark that he contemplated self-destruction. Mr. Fones was about 35 years of age, and is survived by a widow and four small children.

Mr. J. Harry Simpson, son of the late Henry Simpson, and nephew of Mayor Henry Simpson, died last evening after a long illness at the Alexandria Hospital. He was about 32 years of age and unmarried. Mr. Simpson was well known for a number of years as a successful hunter. Miss Belle Starnell and Mr. John Kerriek were quietly married Wednesday evening at the parsonage of the Methodist Episcopal church, South, Rev. E. N. Register, officiating.

DANVILLE ICE COMPANY SOLD. Colonel G. K. Griggs' Candidacy—Fire Threatens the Town. DANVILLE, VA., March 7.—(Special.)—The Crystal Ice Company, which purchased the Danville Ice Company, has priced the plant at \$50,000. This deal means an increase in the price of ice to the consumers of a quarter of a cent a pound each month. The Danville Ice Company was owned by Mr. C. A. Linde, of New York. The Crystal Ice Company is composed of local capitalists.

Colonel G. K. Griggs, who for years was superintendent of the Danville and Western railway, is a candidate for one of the places on the new Corporation Commission. Mr. W. A. Taylor already in the city, gives Danville two candidates. The residence section of the city was threatened with a serious fire to-night at 10 o'clock, when the store of Messrs. G. & M. was discovered in a blaze. Fortunately, the fire was confined to the store and caused little damage.

Schumann-Heink's Success. The subscription list for the concert to be given in this city at the Academy on Thursday, March 27th, is reaching very elaborate dimensions. Subscribers will have the advantage of selection of their seats on the day before the regular sale opens. The list may be found at the store of Walter D. Moses & Co. The coming of Madam Schumann-Heink is a matter for congratulation. No other contralto in the world occupies the same position as this wonderful singer, the daughter of the Prussian officer who has devoted her life to the art she loves so well ever since her 13th year.

New Organ Expected. The new organ for the Third Presbyterian church, corner Chesapeake and Broad, is expected to arrive in this city in a few days, and will be installed by Easter. The organ is from Hook & Hastings Company, of Boston, Mass.

Police Court Docket. S. Solman was fined \$2.50 and costs (\$1.40) for assault and striking with an axe L. Segler. Paul Gaskins was fined \$1; costs, 20 cents, and the clerk's fee, \$1.35, for being drunk.

Democratic Committee to Meet. WASHINGTON, D. C., March 7.—Representative Richard C. Murray, of the Democratic Congressional Committee, has called a meeting of the committee for Friday evening, March 14th, for organization, and for the transaction of other business.

Old papers for sale at the Dispatch office.

WATER AT THE FIRES. SPECIAL COMMITTEE ON LOSSES IN LENGTHY SESSION AGAIN. ELECTRICITY WAS CONSIDERED. More Fires Caused by Rats and Matches, Than by Electricity—Water Department, While Not Perfect, is Being Improved—Far Too Few Fire Hydrants in Use.

The special committee on Fire Losses sat for three hours last night and industriously inquired into the causes of the numerous fires in the city during the past two years. This is the third lengthy meeting the committee has held. The investigation is still in its infancy, but many facts have been elicited that will enable the committee to formulate a report to the city council that will throw much light on the subject. All of the members of the committee were present. Chief Fuller, who commended to speak at the last meeting; Superintendent W. H. Thompson, of the Fire Alarm, and Superintendent C. E. Boller, of the Water Department, were the special guests. An adjournment was held off, Mr. Bolling had completed his statement.

When the committee was ready to proceed, Chairman Gordon recalled Chief Fuller. A number of questions were asked concerning the water supply, many of the big fires recently. The chief showed that the supply was good at some and with some engines poor at others. It developed, however, that much of the deficiency was attributable to the lack of hydrants which forced the steamers to work too far from the fire. The chief contended that larger mains were needed in many sections of the city, and said that there were not hydrants enough in the city to meet the needs of the fire. He said that the Atlantic Hotel fire in Norfolk, when the Atlantic Hotel burned, the Fire Department had the use of eighteen plugs within 100 yards of the fire. His statements showed that Richmond College, the city almshouses, and the Hancock property are not protected as they should be.

MATCHES CAUSE MANY FIRES. Superintendent Thompson was the next speaker. He read his recommendations for the improvement of the water supply. He said that during the past two years there had been 3,218 alarms of fire, and that only 42, or about 1.3 per cent, have been traced to electrical origin. The number was larger than in any previous year. Last year there were eight. During the same period rats and matches, and the careless use of matches, caused fifty-two fires.

Superintendent Bolling spoke for an hour and read the committee a clear and concise statement of facts concerning the water department. He declared that there was no trouble with the pumping apparatus, reservoirs, and supply pipes, but that the whole problem lay in the distribution of the water over the city. He said Richmond was a hard city in which to distribute water, on account of the many hills and ravines.

Mr. Bolling was armed with maps and charts, and his statements were exhaustive in defence of the department over which he presides.

At 10 o'clock the committee adjourned, when Mr. Bolling will complete his remarks.

HE NEVER CAME BACK. Tragic End of Veteran Woodson, Who Left on Leave of Absence.

Thursday morning, Mr. B. J. Woodson, an inmate of Lee Camp Soldiers' Home, was absent from the camp for some time. His absence was about town. Yesterday his body was brought here from Petersburg, and borne to the Home.

A brief news item in yesterday's Dispatch from Petersburg dated late today, of the tragic end of a man who had wandered into the Norfolk and Western railroad yards in that city Thursday night, where he was struck by a shifting train. The man, who had been found in his death, by papers found in the dead man's pocket, he was identified as B. J. Woodson.

The news item came under the eye of the late Col. Woodson, commandant of the Home, who immediately concluded that the dead man was the veteran to whom he had given the leave of absence, and who had failed to return. Veteran B. J. Woodson was a member of the 1st Virginia Cavalry, and was discharged to identify and claim the body, and Undertaker Billey was instructed to prepare the corpse for burial.

The dead man had been in ill health for some time. On account of the feeble condition of the veteran, Captain Caldwell very reluctantly granted him permission to leave the grounds. Woodson pleaded for the permit, and the commanding officer, who had not sent veteran A. B. Tucker, a comrade and close friend of the deceased with him.

The two old soldiers walked around the streets leisurely for several hours, then stopped at the Union Depot to rest for a few minutes. Here Woodson requested his companion to go on an errand for him to a store in a neighborhood. While his friend was at the store Woodson boarded a train, and proceeded to the Cockade city, and Tucker returned to the Home and reported the disappearance of the old soldier. Woodson had lost his way and stopped overnight at a hotel in the city.

The unfortunate man was a native of Bedford county, and has relatives now residing in that county. The funeral will take place at 1 o'clock to-day at the Soldiers' Home chapel.

ELEVATE THE STANDARD. Superintendent Cohn Thinks Sweepers Should at Least Read and Write. Superintendent Henry Cohn, of the Street-Cleaning Department, yesterday avowed his determination to improve the intellectual tone of the corps of sweepers and drivers under his supervision.

Superintendent Cohn was approached in the City Hall by a gentleman who requested him to give employment to a certain worthy applicant for a position in Mr. Cohn's department. "Can he read and write?" Mr. Cohn queried.

"I'm sure I don't know," was the reply; "but I think you will find in him a good man for the work." Mr. Cohn looked dubious. "See here," said the gentleman, "improve the Street-Cleaning Department, and I have come to the conclusion that it ought to be elevated intellectually. There are too many men in the city departments now who are unable to read and write."

Five-Cent Lunches for Beggars. Eight times in ten when you give to a self-called hungry man money on the street, or at your door, he finds out that you are a miser, and that he is thirsty instead of hungry, and he may go for whiskey, and prove a curse instead of a blessing. A safe way to dispense charity to such persons is to give 5-cent lunch tickets from Rev. George H. Wilby, superintendent of the Methodist Mission, and give tickets for lunch or lodging, instead of cash. Two slices of bread and a slice of ham and large mug of coffee is given at the Institute for the corner of Tenth and Short streets, for one of these tickets, or 5 cents. It can be seen that no money is made; it is only wise and healthy charity.

Knox Hats. New York. Are world-renowned. Lead in style—finish, and wear. Spring styles now ready.

Cans-Paddy Company. THE NEW THEATRE. THE PLANS HAVE BEEN SUBMITTED FOR ITS CONSTRUCTION. MR. GIFFEN'S LEADING MAN AND LADY. It Has Been Definitely Decided That Mr. Richard Bennett Will Succeed William Ingersoll—Miss Grace Scott May Be Leading Lady This Season—Such is the Report from New York.

Manager Wells returned yesterday from New York, whether he went to consult architects in regard to the plans for the new theatre which is to take the place of the Bijou. There is no longer any doubt that the new house will be erected. Mr. Wells stated to the Dispatch that the location of the proposed theatre will not be given out in sufficient evidence that the deal for the purchase of a lot has not been closed. Such being the case, one can readily understand why it is not wise for the prospective purchasers to talk in regard to a location.

Mr. Wells stated that while the house would not be built in any substantial building, and pleasing to the eye. One should look farther in the future than a few years, he said, when a theatre is to be erected. From this it is to be judged that the house is to be erected with a view to meeting the needs of Richmond in the years to come—a house of which no one would have cause to be ashamed.

The proposed theatre will have a seating capacity of about 1,000. Such being the case, one can readily understand why it will be well to meet the needs of Richmond in the years to come—a house of which no one would have cause to be ashamed.

NO SUMMER STOCK COMPANY. Mr. Wells stated that there would be no summer stock company at the Bijou, notwithstanding the impression which had been made to that effect. The Percy Haswell Stock Company, he said, had engaged time for three weeks—one at Richmond and two at Norfolk. The idea was to form a stock company himself was entirely erroneous. It is safe to predict that the Bijou will be converted into stores very soon after it is vacated by Mr. Wells this season.

Richmond theatre-goers will be interested in learning that Mr. Giffen has engaged Richard Bennett for his leading man. Mr. Giffen had recently been negotiating with this man in a view to securing him to play the part of the actor when Charles Frohman loaned him to Rich & Harris for the heavy in "Jim Bludsoe."

Mr. Bennett is under a three-years' contract with Charles Frohman, and will be going to New York with him. Mr. Giffen upon Mr. Frohman's own recommendation, Mr. Bennett. It is understood, will appear in "Jim Bludsoe" in Chicago for a few weeks, and then join the Giffen Company.

AS TO THE LEADING LADY. Even more interesting than the announcement of Mr. Giffen's leading lady is that of his leading lady. If the report is true, it will be a most interesting one. It was made in New York yesterday that Mrs. Giffen (Grace Scott) will this season be the leading woman of the Giffen Company. Miss Scott is a most versatile actress, and her theatre-goers well know, and they will heartily welcome her as leading lady, if she comes here in that role.

Mary Manning is announced for appearance at the Academy this afternoon and to-night in Paul Leicester Ford's and Edward E. Rose's dramatic version of the former's extensively read Revolutionary novel, "Janice Meredith." The rapid rise of Miss Manning has been a matter of astonishment for, notwithstanding that this is her second season as a star, she has accomplished the wonderful feat of attracting crowded houses wherever she has appeared. In some of the cities she has visited all records have been broken, and her tour a succession of triumphs. She recently completed a long and eminently successful run at Wallack's Theatre in New York, and comes here with the entire production, exactly as given there. Miss Manning is one of the most beautiful women on the stage, and she has been recognized during the five years that she was with Daniel Frohman's Stock Company as the best leading woman in America.

The third act of "A Trip to Buffalo," the attraction that is packing the Bijou with theatre-goers at every performance, is as good and as interesting as a great many shows that have been presented here. Standing room has been in demand, and it closes with matinee and night performances to-day.

An attraction that has been received with much favor in all the larger cities this season is to be the offering at the Bijou next week, Weber's Dainty Duchess.

MARRIAGE OF MR. MATTHISON AND MISS LOTTIE DAVIS. KEYSVILLE, VA., March 7.—(Special.) A beautiful home wedding was solemnized at the residence of the bride's mother, Mrs. Davis, yesterday afternoon, when Mr. and Mrs. Matthison were united. Miss Lottie Davis was led to the altar by Mr. Matthison, of Hartford, Conn. The ceremony was performed by Rev. Mr. Harry, of the Methodist Episcopal church.

The bride wore a handsome tailor-made going-away gown, of brown cloth, with hat and gloves to match, and carried Bride's roses. Her bridesmaids were Miss Lottie Davis, Miss Margaret Spencer, of Abilene, and Miss Grace Morton, of Danville, Va. Mr. and Mrs. Matthison left on the Washington and Florida Limited for an extended tour east, after which they will make Hartford, Conn., their future home.

FOR BILIOUS AND NERVOUS DISORDERS, Sick Headache and Constipation, TAKE WEAKE'S PILLS. Cures Giddiness, Fullness and Swelling after meals, Dizziness and Drowsiness, Cold Chills, Flushing of Face, Loss of Appetite, Shortness of Breath, Costiveness, Blisters on the Skin, Disturbed Sleep, Frightful Dreams, and all Nervous and Trembling Sensations, etc. The First Dose will give relief in twenty minutes.
