MENHADEN APPEAR.

DIG CATCHES BEING MADE IN LANCASTER COUNTY NOW.

PREPARATIONS BEING MADE.

Many Factories Will Soon Start

Work—Opinions About the New Board of Fisheries—Mrs. Mallinda Chilton's Death—Personals from Irvington.

IRVINGTON, VA., April 12.—(Special.)—The menhaden fishing season can now be said to have really commenced.

The middle of last week it was reported that menhaden were numerous in the lower Chesapeake bay, and two steamers belonging to the firm of Belkows & Squires, of Lancaster county, immediately commenced making preparations for starting work.

The George H. Bradley got her crew and nets together and went out Friday, while the steamer Elizabeth M. Froehlich was but two days later in leaving for the fishing grounds.

The Bradley showed up Thursday afternoon with over 100,000 fish, and reports a plentiful catch.

The reason that more were not caught is because of the heavy winds that have been blowing for the past four or five days.

Other factories will now start up, though some will not begin operations before the middle of May.

The early appearance of menhaden has had the effect of making the new factories now in course of erection on Indian creek, Northumberland county, hustle, while even the old-established plants have not as yet made all the improvements intended.

THE BOARD OF FISHERIES. Little comment is made on the appointment of the new Board of Fisheries, but from remarks heard by different people it seems there is some surprise that Dr. Fletcher, who made an excellent chairman, was not reappointed.

All concede, however, that Dr. Bowdoin is an expert in fish and oyster matters and will make a good record.

Dr. and Mrs. Taylor, of Maryland, are at present the guests of Mr. Slaughter, of Cherry Point, Northumberland county.

Garner Hammell, who has been spending the winter with his uncle, A. B. Hammell, of Pearson's Island, Richmond county, left Friday of this week for his home in Abbeon, N. J.

N. Z. Oakley, of Richmond county, is getting ready to plan to make improvements to his already handsome home. Mr. Oakley is also anticipating the building of a large wharf at his place on the Rappahannock river.

MRS. MALLINDA CHILTON DEAD. News of the death of Mrs. Mallinda Chilton, wife of James C. Chilton, of Miskimmon, Lancaster county, who passed away on Saturday last, has just been received here.

Chilton was stricken with paralysis three years ago, and had been an invalid ever since. The deceased was about 80 years of age. The funeral services were conducted by the Rev. R. E. Bentley, at there are several mills in the immediate vicinity of Miskimmon, Lancaster county, and the owners of them state that very nearly the whole output is consumed by residents of the Northern Neck, which goes to show that our way is doing an immense amount of building just at present.

Rev. C. N. Betts, Baptist minister at Heathsville, Northumberland county, is said to have been sick some days in Baltimore. Edwin Sisson, an aged citizen of Trilby, Northumberland county, is critically ill.

LAWSON-BALL CAMP, C. V. A big meeting of Lawson-Ball Camp, C. V., will be held at Wharton Grove Camp, Lancaster county, on July 4th, at which time a number of prominent speakers from a distance will be present. The committee of arrangements are making big preparations for a good time.

Judge R. J. Beale, of Westmoreland county, accompanied by his wife, has been spending some days in Washington.

W. A. Dameron, one of the largest oyster dealers along the lower Rappahannock, is spending some days in Baltimore. He will also visit Annapolis, Md., before returning home.

Superintendent Strobjar, of the Bradstreet Agency, Baltimore, spent three days this week at this place as the guest of Mr. Alvah D. James.

AN APPROACHING WEDDING. On Thursday evening, April 17th, at 7:30 P. M., Trinity Episcopal church, Lancaster County, will be the scene of a quiet marriage.

The contracting parties will be Mr. George Albert Carter, Jr., of Richmond county, and Miss Alys Palmer George, of Lancaster. The ceremony will be performed by the Rev. R. E. Bentley.

Miss George is well-known in this village, where she frequently visits her sister, Mrs. A. James, Jr. No invitations have been issued.

George Leakey of Irvington, who has been confined to his room for the past three months with erysipelas in the arm, is now able to get out of doors. Mr. Leakey will be unable to work for some weeks yet.

Dr. and Mrs. W. J. Newbill, of Irvington, spent several days this week with relatives near Centre Cross, Essex county.

Captains W. L. Messick and J. N. Wilder, both of Woodstock, are on business trips to Baltimore this week.

Miss Lena Down, of Mathews county, is on a two months' visit to her aunt, Mrs. Saxton, in Wilmington, Del.

News has just reached here that Miss Grace Wharton, formerly of Irvington, but for years past of Crisfield, Md., was married on Sunday week to Mr. Will Stewart, a young man of that city.

W. McDonald Lee, of Irvington, left Wednesday for a business trip to Baltimore and Fredericksburg.

Jimmie Sanders and W. C. Thompson, both of Irvington, are said to be very sick. Mr. Thompson recovered from a severe spell two weeks ago, but it is not thought that his present illness will be anything like as severe as his last.

VALLEY OF VIRGINIA. Double Wedding in Shenandoah—Well-Known Woodstock People Discussed.

WOODSTOCK, VA., April 12.—(Special.)—A quiet but pretty double wedding took place Wednesday evening at 8 o'clock at the residence of Mr. George Snarr, at Wheatfield, Shenandoah county, when his daughter, Miss Mary Snarr, became the bride of Mr. Walter Little, and Miss Mary Hockman, the bride of Mr. Henry Snarr.

Rev. A. M. Smith, pastor of the Lutheran church, performed the ceremony. The Rock Dale Lime Company of Tom's Brook, is engaged in erecting a new lime kiln, which will have a capacity of 100 barrels per day.

This company is considerably behind with its orders, and the increased capacity of 100 barrels per day will easily be consumed.

Washington, D. C., has so far recovered as to be able to return to his home at Hillsville.

Hon. S. F. Pennybaker, of Mount Jackson, has tendered his resignation to the Town Council as Mayor, to which place he has repeatedly been elected.

Nearly \$700 was expended here the first of this week in the purchase of horses. The prices ranged from \$100 upward.

MENCHVILLE GOSSIP. What the Warwick People are Doing—Religious Notes.

MENCHVILLE, VA., April 12.—(Special.)—As the oyster season draws to a close every one of the oyster men seems anxious to make every day good, if possible. Many days have been so windy that canoes cannot get out on the river, but yesterday was very beautiful.

The tongs here were highly delighted because the Legislature refused to change the "cull line" in the lower James.

A delegation of men from here went before the committees; they were well pleased at the manner of their reception.

One member of the Senate Committee told them that it was the first time the bill, which was passed by the House week before last, the seal of secrecy, which prevailed while the committee was in executive session on the bill, was removed to-day, though numerous guesses were made by interested parties even yesterday evening.

The bill is considerably amended by the Senate Committee, and one of these amendments, which is of prime interest to Richmond, concerns the improvement of the James river at the harbor of that city.

The appropriation for the continuing improvement of the James river and for extending that improvement to the head of navigation, at the dock, in accordance with the report submitted to the Secretary of the Navy, is increased from \$250,000 to \$300,000. This extra \$50,000 is meant to be expended on the harbor at Richmond, and there is every probability that Senator Martin and Representative Lamb will be able to secure its re-

VISION. People about here do not seem to take enough interest in the work of the constitutional convention, to care whether the instrument is submitted to the voters, or the old constitution proclaimed, or allowed to be "still born."

Those who have studied the work of the convention are inclined to believe that, take it altogether, the new instrument will compare favorably with the old. A very good crowd was present, and over twenty dollars was received and handed over to the minister to be used in purchasing a horse.

On the night of the 22d instant, a basket festival will be held on Deep Creek, at the home of Mr. and Mrs. J. H. Scriminger, the proceeds of which will be used for the same purpose.

SERIOUS ACCIDENT AVERTED. A serious runaway accident, which might have resulted in the death of Master Clifton Topping, was narrowly averted yesterday by the presence of mind, courage and skill of Mr. Alex. Turlington.

The horse, a large one, was hitched to the wagon of one of our merchants, whose little son had asked young Topping to go with him to carry the animal to the wagon first, and the horse began to run before the other boy could get up. Topping caught the reins, but could do no more than keep the horse in the road.

Mr. Turlington saw the runaway; in a moment he realized the danger. Planting himself firmly in the road ahead of the horse, he managed, by waving his hat and other means, to make the horse slacken his gait; then as the horse attempted to pass him, he bounded into the wagon, seized the reins and soon brought the horse to a stand-still.

GOOD LUCK BAKING POWDER

It is the brand whose advent into a community brings general rejoicing. The reason is obvious—it raises the bread, cakes, waffles, pies, etc., in the most satisfactory manner, and is perfectly wholesome and healthy.
