NEW YORK, May 10.—A double funeral for Paul Leicester Ford and Malcolm Ford, the brother who killed him and himself on Thursday, was held to-day in the latter residence of Paul Ford.

Chicago, May 10.—With the full approval of Attorney-General P. C. Knox, representing the National Government, District-Attorney S. Dethlefsen this evening filed with the Clerk of the Federal Circuit Court here a bill for an injunction, sweeping in character, designed to destroy the alleged giant conspiracy to illegally control the meat trade of the United States. The original of the bill was recorded the moment it was filed, and was at once placed in the official files of the Circuit Court Clerk's office. At the same time District-Attorney Dethlefsen served notice that at 2 P. M. May 20th he will appear before the Federal Judge Grosscup and ask for a temporary injunction against the packers and their representatives, under the Sherman national anti-trust law.

MISS EFFIE AUDREY LACY.

"WAR CLAIM" AGAIN.

TOMORROW SET APART BY CONFERENCE AS DAY OF FASTING AND PRAYER THEREON.

GREETINGS WIRED BAPTISTS.

Dr. Smith, of Virginia, introduces a Resolution, Which is Adopted Providing for Inquiry into Expediency of Discontinuing the Publishing and Sale of Books as Now Carried on at Nashville.

DALLAS, TEX.

May 10.—(Special).—The fourth day of the Methodist Conference was chiefly consumed in referring the usual memorials, petitions and such documents, the majority of which are devoted to go to the waste-basket of the various committees. There was a wrangle, which to the bystander, seemed unedifying, concerning a proposal to have Monday set apart for a day of fasting and prayer, to assist in settling the matter called the "war claim." One brother desired the fasting to have the milder form of abstinence. Another son favored a more distant date, naming the 10th, so that there would be time for the order to reach the people at large, and secure co-operation in supplication. Dr. Tygart argued for Monday, saying the associated Presby would put the information before the people to-morrow. Bishop Duncan, the chairman, let fly a winged and witty arrow, by the question: "Dr. Tygart, do you Methodist folks read Sunday newspapers?" Tygart smiled, and amid an uproar of laughter, for the audience caught on to the confusion of moral ideas in using the Sunday press to tell the saints to pray.

DEBATE AT TIMES WARM.

The debate about a day of foodless prayer grew so warm at times, that it suggested the need of the immediate invocation of the Divine aid in cooling the perfrid champions who, metaphorically, were delivering "Apostolic blows and knocks." The scene did not impress the visible member with a profound sense of a pervading craving for Heavenly illumination. It was remarked, so voice, that the stoutness and florid cheeks of an advocate for fasting on Monday contradicted his plea for abstention of body by skipping bills of fare. No one questions the deep and earnest desire to secure harmony and brotherly love, but self-flagellation (coffee and crackers) is not always proof of intelligent piety.

DAY OF FASTING AND PRAYER.

DALLAS, TEX., May 10.—The distinctive feature of to-day's session of the Methodist Episcopal Church Conference was the setting apart of a day—May 12th—for fasting and prayer for harmony, not only on the famous "war claim" matter, but on all other great questions before the meeting.

GREETINGS TO BAPTISTS.

Bishop Granberry announced the appointment of several committees, and Bishop Duncan was called to the chair. His skilful management of parliamentary affairs was marked. James Cannon, of Virginia, asked whether the report of the Book Committee was officially before the Committee on Publishing Interests. He said Chairman Robertson had ruled it out of order. After desultory argument, Bishop Duncan said that a committee that could not decide when a question was before it ought to resign.

BAPTISTS' BUSY DAY.

FROM EARLY IN THE MORNING UNTIL LATE AT NIGHT CONVENTION IS AT WORK.

SOME EXCITING SCENES.

The Utmost Good Humor, However, Prevails, as a Rule.

CASE OF CUBAN MISSIONARY DIAZ.

Chairman Pitt Makes a Report Which is Adopted by a Practically Unanimous Vote.—To the Convention's Surprise, Mr. Diaz Puts in an Appearance.—Savannah to Be Next Convention City.

ASHEVILLE, N. C., May 10.—(Special). This has been the convention's busy day. From early morning until late at night, with intervals barely sufficient to get to boarding-houses and hotels, the great body has been meeting, hearing reports, listening to speeches, adopting resolutions, etc., etc. There have been some exciting scenes, but the utmost good-humor has prevailed.

At the morning session, Dr. J. B. Cranfill, of Texas, conducted the religious services. The first subject under discussion was the Southern Baptist Theological Seminary. Joshua Levering, of Baltimore, president of the Board of Trustees, made an earnest, practical speech, urging for the seminary the hearty support of all. Dr. E. V. Mullins, president of the seminary, made an address, in which he affirmed that the problem of theological training is not a problem of supply nor of distribution, but of fitness and equipment, and that the most pressing need just now is the material equipment for doing the best for students for the ministry.

MOUNTAIN MISSIONS.

The Home Mission Board and its work was taken up next. Committee on special phases of the work of this board reported, and the reports were discussed by Rev. A. E. Brown, of North Carolina, who spoke of the educational work of the board in the mountain section of the South. In sixteen counties of this section the Baptists have advanced this work within three years from one to five schools; from 50 to 2,000 pupils; from \$4,000 invested in schools to more than \$40,000. He spoke of the great desire and sacrifices of these people for an education.

Dr. Hawthorne, of Richmond, introduced to the convention Dr. Boardman, of Philadelphia, the son of the first missionary who went out from the Baptists of this country to the foreign field.

SENSATION OF THE DAY.

Then came what was really the sensation of the day—the report of the Committee on Cuban and Foreign Foreign Populations. This report was in charge of the chairman, R. H. Pitt, of Virginia. After some general observations touching the work of the board in great cities, and the needs of Tampa and Key West, the report proceeded to deal with the delicate question of the board's relation to Diaz, the noted missionary. It was pointed out that Diaz, holding the power of an attorney for the protection of property, had mortgaged it for \$12,000, had used the bulk of this in purchasing other property in his own name, and had kept the board in ignorance of this transaction until, two years later, they heard it through a third party. It was further shown that the conduct of Diaz in other important particulars was wholly unsatisfactory, and the committee fully approved of the action of the board in accepting his resignation. The presentation of the report was followed by a shower of inquiries directed to the chairman, which were promptly and good-humoredly answered. Then came speeches from two

MISS ELEANOR COLINGAN.

Miss Colingan is the daughter of Colonel S. L. Colingan, of Mississippi. She was the sponsor for the State, at the Nashville reunion, where she attracted a great deal of attention.

Miss Colingan will be the guest of Miss Lacy, of Grove avenue, during the week, and will be one of the bridesmaids at her wedding on the 21st.

A RAIN OF TERROR.

OLD JIM WRIGHT'S OUTLAW GANG SACRIFICE ANOTHER VICTIM.

GATE CITY, VA., May 10.—(Special).—Full particulars of the atrocious murder of Jefferson Roberts by Jim Wright and John Templeton, the Hancock county outlaws and Ellmore Fields, of this county, near Duffield in Scott county, twenty miles west of here at 6 o'clock this morning, have been received.

Fields, who is a nephew of Wright, went to Robert's home and raised a difficulty with him, Roberts drove him away but the intruder swore he would come again. As Roberts and his small son were on their way to their work this morning, they were suddenly confronted by three men who were evidently lying in wait, and a discharge from one of their guns tore away the entire side of Robert's face.

TRON FROM HIS SON.

He fell and his son started to lift him up. Fields slung the boy away and turning to Roberts, face downward, shot him several times in the back. In all eleven charges were emptied into his body.

WAS GOOD CITIZEN.

The murderers were seen on a bluff overlooking the scene for several hours. The murdered man was a good citizen, about thirty-five years of age. He was a brother-in-law of Joseph Owens, who was murdered by Wright in Hancock county, Tenn., seven years ago, for which crime Wright was given a life sentence in the penitentiary but escaped. It is supposed that Wright had a grudge against Roberts and sent Fields to provoke a difficulty. Prior to the homicide, Wright and Templeton had not been heard of for some time.

MANY ARE FRIGHTENED.

All whose neighbors began to have threatened, are now intensely alarmed. This is said to be Wright's nineteenth murder. Sheriff B. J. Broadwater of this county and several other good men have gone in pursuit of the murderers.

IS MITCHELL AGAINST A STRIKE.

Strong Probability of Anti-Strike Vote To-Morrow.

SCRANTON, PA., May 10.—There is a strong sentiment among the miners in this district that President Mitchell is opposed to a strike. The miners congregated in groups to-night, and discussed the question of making the strike order permanent. On the Sunday preceding the Monday on which the 1902 strike order took effect the mine bosses worked like Trojan among their personal friends in the ranks of the miners, to urge them against obeying the strike order. To-day the bosses are religiously holding aloof from their own men.

THE GOVERNMENT'S BILL AGAINST THE BEEF TRUST.

Sweeping Paper Filed at Chicago—District Attorney Will on May 20th Ask Temporary Injunction.

CHICAGO, May 10.—With the full approval of Attorney-General P. C. Knox, representing the National Government, District-Attorney S. Dethlefsen this evening filed with the Clerk of the Federal Circuit Court here a bill for an injunction, sweeping in character, designed to destroy the alleged giant conspiracy to illegally control the meat trade of the United States. The original of the bill was recorded the moment it was filed, and was at once placed in the official files of the Circuit Court Clerk's office. At the same time District-Attorney Dethlefsen served notice that at 2 P. M. May 20th he will appear before the Federal Judge Grosscup and ask for a temporary injunction against the packers and their representatives, under the Sherman national anti-trust law.

YOUTH STILL LIVES.

REASON RETURNS, AFTER A PERIOD OF UNCONSCIOUSNESS, LASTING TWO WEEKS.

REMARKABLE HOSPITAL CASE.

John Salmon, of Goochland, May Recover from Frightful Wound.

SKULL WAS BADLY FRACTURED.

Forlorn Little Patient Showed First Sign of Returning Consciousness Friday—Hardly Anything Known as to Family of the Unfortunate Boy—No One Has Visited Him During His Illness.

After lying unconscious for nearly two weeks in a ward of the Old Dominion Hospital, John Salmon, a youth 15 years old, gave the first signs of returning reason Friday.

Absolutely helpless during this period, at right side paralyzed, unable to swallow food, deprived of the power of speech, and deaf to the gentle words spoken to him by his physicians and nurses, the unfortunate young fellow has rested upon his bed while the attendants have daily expected the end would come.

Suffering from a terrible fracture of the skull, resulting in a serious injury to his brain, it seemed impossible that young Salmon could survive the operation performed upon him, and the long struggle between life and death attests the vigor of his constitution and the skill and care that has been employed to save his life.

NOR KITH NOR KIN.

During his stay in the hospital he has fought the battle for his life without the loving hand or watchful eye of kith or kin at his bedside. No one found to the boy by the ties of blood or affection has ministered to his wants or watched with loving care his helpless form throughout the long hours of his critical illness. No relative has made inquiry at the hospital as to his condition, and to his patient nurses and skilful physicians he is indebted for all the careful attention that he has received.

BROUGHT FROM GOOCHLAND.

Young Salmon was brought to the hospital during the last week in April by the city ambulance. He was sent to the city from Pemberton station, in Goochland county, on the Chesapeake and Ohio railway, to which point he had been carried from the place where he was injured, on the farm belonging to Mr. Saunders Hobson, of this city. When examined at the hospital it was found that Salmon's skull was severely fractured, the parietal bones being badly crushed. The wound was of such a serious nature that the boy seemed to have no chance for his life.

NEVER CONSCIOUS.

He had lingered in a condition of unconsciousness since he was brought to the hospital on Friday, when he understood some directions given to him by his nurse in regard to ringing the call bell for assistance when needed. His response to the words was indicated by the fact that he raised his eyes. The paralysis has somewhat lessened, as he is now able to move his arm slightly, and yesterday he could take liquid nourishment through a tube.

A REMARKABLE CASE.

The case is considered a very remarkable one, both on account of the fearful nature of the fracture and the fact that he has survived the injury and the dangerous operation, so long in his paralyzed condition.

Little could be learned as to the accident that caused the injury. It was reported that young Salmon was riding horseback, when he was caught under the main by an overhanging bough in the woods. He was knocked from his horse, and, in falling, was struck by the horse's heels and knocked senseless. He was found in this condition and taken to Pemberton station, where he was sent to this city for treatment.

AS THE BOY HAS NOT BEEN ABLE TO SPEAK,

the house surgeon at the hospital and the nurses have learned nothing about the accident, nor has the boy been able to give any information about his family that might explain the apparent neglect that he has suffered at their hands.

A TERRIBLE FRACTURE.

Dr. Patton, house surgeon at the Old Dominion, said yesterday that the fracture was about the worst he had ever seen, and the boy's long struggle, in view of his serious condition, was most remarkable and unusual.

He was very sick yesterday, but his returning consciousness gives hopes to his physicians that he will recover.

KUHN HEAVILY FINED.

Charged With Disturbing Public Schools—A County Man Suffers.

John A. Kuhn, of Henrico county, was yesterday fined \$50 by Justice Lewis on the charge of interrupting the sessions of the Deep-Run public school. It was shown that Kuhn took exception to punishment that was meted out at the school on his child, and he went to the school and abused Miss Elair, the teacher, and broke up the session for the morning.

Deep Run Club Shoot.

The first weekly shoot of the season was held at the Deep Run Hunt Club yesterday afternoon. The day was clear, and the weather warm, and a large crowd assembled to watch the scores. There were many ladies present, and immediately after the shoot an elegant luncheon was served. The affair was altogether most enjoyable.

Bahen, Jr., Gets License.

The application of James Bahen, Jr., for a retail liquor license at Second and Duval streets received favorable consideration at the hands of Judge Witt yesterday, and the license was issued. In granting the license Judge Witt cautioned Bahen to close up the dance hall in the rear of his saloon.

Old Dominion Indefes.

There will be a very important meeting of the Board of Managers of the Old Dominion Hospital Tuesday, May 13th, at 5 P. M., in the college building. All members are urged to be present.

Mr. Kenney Wins the Medal.

At the improvement contest of the Mu Sigma Rho Literary Society of the Richmond College, held last night, the medal was awarded to Mr. J. W. Kenney.

Schley in New York City.

NEW YORK, May 10.—Rear-Admiral Schley left at the Grand Central Palace, acted as reviewing officer at the first annual review and reception of the New York State corps of Spanish War Veterans. More than one thousand veterans passed before the Admiral. He made a short speech.

The Applicants for the Master of Arts Degree at the Woman's College—Four Out of a Class of Twenty-Six.
