PARDON FOR FIREBUG

HARRISON CREWS, OF LYNCHBURG, REGAINS HIS LIBERTY.

HAS SERVED EIGHTEEN YEARS.

Record Good, and Health Was Poor—

Governor Also Remits Sentence of Five Minutes in Jail Imposed on E. R. Eastwood.

The Governor yesterday granted a conditional pardon to Harrison Crews and an absolute pardon to E. R. Eastwood. Crews was convicted of arson at the Lynchburg Corporation Court in 1883 and sentenced to twenty-seven years in the penitentiary. In endorsing his pardon the Governor said: "He has already served eighteen years and four months. Upon the whole, his record has been very good. He has been of great service to the State, in that he has held the position of baker in the penitentiary kitchen for many years. He is over 60 years of age, and the surgeon states that his health is broken down; that he has been suffering from eczema and rheumatism, and longer confinement may endanger his life. "For these reasons a conditional pardon is granted."

Crews was employed as cook at the old Norfolk House in Lynchburg, and during the fall of 1882 he was seized with a mania for incendiarism. He confined his work to stables and outbuildings, and a score of fires were placed to his credit in two months. He confessed his guilt, and gave an explanation for his deeds that his wife had made him mad, and he resorted to arson as a means of venting his wrath upon her. He was convicted on nine indictments and given three years on each.

FIVE-MINUTE SENTENCE REMITTED—Eastwood was convicted at the December term of Northampton County Court in 1901 for unlawfully running slot-machines, and fined \$150 and sentenced to five minutes in the county jail. On his pardon the Governor said:

DANVILLE, VA., May 12.—(Special.)—While playing with a revolver in the home of Dr. W. C. Day late this afternoon, Glenn Jones, son of Dr. O'rsay Jones, accidentally shot Dr. Day's son Seddie. The ball entered the foot of young Day, inflicting a painful flesh wound. He blames the accident on the Jones youth except that he is old enough to know the danger in playing with fire arms. The affair created considerable excitement for a time.

RELIEF BILL PASSED

HOUSE MAKES IT CARRY \$200,000, AND SENATE CONCURS.

UNDERWOOD OPPOSES TO END

He Says Congressmen Are Not in Their Places to Legislate on the Impulse of Their Heartstrings—Foraker on the Philippines.

WASHINGTON, May 12.—The House today passed by an overwhelming vote a bill granting \$200,000 for the relief of the sufferers in the great calamity in the West Indies. The bill was a substitute for the relief measure passed by the Senate, which carried \$100,000, the increase having followed the receipt of the message from the President, setting forth the magnitude of the calamity, an urging an appropriation of \$500,000. A special meeting of the Appropriation Committee was held to facilitate action on the bill, and it was reported to the House within a short time after the receipt of the President's message. In presenting the message, Mr. Underwood, the acting chairman of the Appropriation Committee, explained that the amount was limited to \$200,000, owing to the fact that large private contributions were being made. The discussion was brief, Mr. Underwood, of Alabama, being the only one to speak in opposition, and by a vote of 195 to 3 the bill was passed.

Mr. Underwood stated that he was opposed to the measure, and would vote against it. Members were not here, he said, to legislate on the impulse of their heartstrings.

APPEAL FOR PROMPT ACTION.

Mr. McRae, of Arkansas, made an appeal for prompt action in the interest of humanity, and Mr. Livingston added the hope that the country would not be back on its record for succoring those in distress, without reference to nationality or locality.

Those voting in the negative were Messrs. Burgess, of Texas; Clayton, of Alabama; Gaines, of Tennessee; Latham, of Texas; Moon, of Tennessee; Shadmour, of Tennessee; Tate, of Georgia; Underwood, of Alabama, and Williams, of Mississippi.

A bill to consolidate the local gas companies was defeated.

An important contribution to the discussion of the Philippine government bill was made in the Senate to-day by Mr. Foraker, of Ohio. After reviewing the contention of the Democratic opposition, he maintained that the United States could not leave the islands until order has been restored and a government has been established. He declared that this government could not come away from the islands under the present or the next administration, even though the latter be Democratic, because the American people would never consent to poltroonery.

In the course of his speech, Mr. Foraker referred to some editorial attacks on the Navy, of which Mr. Patterson, of Colorado, is the proprietor. The editorials maintained that the United States must retain control of the Philippines, and put down the insurrection among the Filipinos. With pungent wit and keen sarcasm, the Ohio Senator declared that the editorials did not read as did Mr. Patterson's speeches read now. Mr. Foraker held that the policy adopted in the Philippines was one of the kindest and gentlest in history, and that the United States, with the instructions of President McKinley, he declared that the minority had attacked the army, from the commanding general to the humblest private, all because they were not satisfied with the progress parallel in cruelty, committed by the Filipinos. The American army, he said, had shown a humanity unsurpassed in history. The American people always had stood by their army, and they always would.

CLASH WITH TILLMAN.

Mr. Foraker referred to a speech delivered by Mr. Tillman last week. The South Carolina Senator interrupted to say that while he was quoted correctly, the spirit of his remarks was misrepresented.

In a laughing response, Mr. Foraker said: "We all recognize the ability of the Senator from South Carolina in his felicity of expression, but hardly anybody approves of his disposition." (Laughter.) "The people of South Carolina," suggested Mr. Tillman, "seem to approve it." The Senate concurred in the House amendment to the bill making an appropriation of \$200,000 for the relief of the people of the West Indies.

Finally it was agreed that a vote should be taken upon the measure on Thursday.

"Man Cannot Live by Bread Alone."

But He Wants This Article Good.

REASONS WHY YOU SHOULD USE BROMM'S BREAD

We bake EVERYTHING we sell—buying nothing already baked. We test everything, so that nothing impure can possibly enter into the composition of our bread. It is a scientific fact that BROMM'S BREAD is more nutritious, more easily digested, and more hearty a perfect loaf than any loaf that can be made at home. Our five-cent loaf is cheaper, pound for pound, than a loaf of equal size and quality that can be produced at home. We believe that people who give as much thought to what they eat as to what they wear will appreciate a word like ours. Note the odor when you cut a loaf of our warm bread. This is one of its crucial tests. We are glad at any time to show you over our shop and explain its workings. We have nothing to hide—no secret processes to conceal.
