

The owl car is one which continues to run after the hands of the city hall clock have clasped and slid over the Roman figures which signify midnight. Or, by another loose definition, it might be called electricity-propelled box, quite frequently offering a refuge to feverish frequenters.

To return to good old English words, why do "drunks" love to ride upon the electric-car after 12 o'clock at night? In the first place the open seats are very cool, and in the second place, people who know that lo-o-o of movement is a striking characteristic of "drunks." Once there was a young man with lots of money in his own name who went to college, and every time he got tired of studying he would get on a car and hustle off to Mexico or South Africa or to the Klondike. And on these trips he would go to the most amusing things—but that would make a big book, which might be called "Double Views of the World For One Price."

Then these say fellows, who whirl about in the "owl" car because they have not the price to take flying trips around the world, would be impulsive, high-strung fellows who have become bilious over the dainty glasses of wine which once blushed in the grape on sunny, Italian wine-hill. Not much; the usual all-nighter is as solid as a china pig-dog, and he gets no more than a few, smoky spirits which soothe the throat but red-hot cure ticks, and which he sucks from a pint tucker.

JUST TO ILLUSTRATE. To take a particular example of these peculiar folk: Two of them start out at 6 o'clock in the evening and take aboard quite a few appetizers before supper. After this maybe they will take in the Casino, and now the red-eye begins to get in its work and makes the blood dance in a lively quick-step. And then the drowsy slouching and gauze and music and skirts cause the two revellers, who have been taken as examples, to feel as if they were floating on pink clouds and that their salary will be doubled as soon as they get out on each side.

Some ladies say that descriptions of the pleasant sensations attendant on taking potatoes should never be set down; that they have a bad influence on young men. But those who know say that the sensations are not so bad as the wisest mother in the world; the spanks with an impartial and kindly but rough hand. Those who know say that after a day has had a big time at night, next day he is visited by R. E. Morse and his Morlins.

NEX MORLINS is when a man feels like an Italian family had just moved out of his mouth and as if the devil were beating rap-time on his temples with the jagged end of a railroad spike. R. E. Morse is when a man feels that there is nothing left for him to do but live on the interest of his debts; that the solar system is a hollow charm; that he must swear off immediately or bust.

LICHTOR AND MOTION. But to return to our two examples of all-nighters. After the Casino they take aboard a few more smiles and then enjoy the switchback, steam-launch, merry-go-round and all such machines which seem to have been designed especially to make the head spin. After this they adjourn to the Rathskeller and stick there until the doors are shut and the porches cleared. Now you think that if you were in their places you would go straight home to bed—but you wouldn't. For those who know all about such matters say that they would rather be hanged than go to bed with the head spinning one hundred and fifty times to the second, and with the nerves in a state of anarchy. You would do just like they do—they get on the front platform of an electric car and put their feet up on the front rail.

The steady slide of the car and cool rush of the air revives them to such an extent that the four rails narrowing down to a point many squares away, look to them like forty-six glittering paths to paradise, where they won't have to pay bills any more and where they will get five hundred dollars a month for doing nothing.

AS TIME WEARS ON. By this time the city is asleep and silent save when echo springs from some night policeman's number twelve, (extra broad) and clips and flaps from wall to wall and dies away in Penitentiary Bottom or Jackson Ward. The great dipper has turned bottom-up over the north six and many new drunks have joined our two examples aboard the Owl Car. All are "feeling their oats" pretty strong, and begin to relieve their feelings of concentrated hilarity by many amusing diversions. Sometimes they rattle up a great number of fares on the register—so many that the conductor's pockets could not hold enough nickels to tally with them. Sometimes they all crowd on the front platform and take turns at buzzing the motor horn. Sometimes they all lie on their backs on the benches and sing over the advertisements around the top of the car—Soozodant, Tutt's Liver Pills, Cascarets, Pond's Extract, Sapollo—these names float like a vocal hash on the night air, all sung to different tunes and in every key from whiskey tenor to Anheuser bass. Finally they hang their legs at the end of the car and fall to sleep.

And then leaden-eyed dawn turns her melancholy glance upon the scene. One by one the revellers crawl off the car. There are rings under their eyes as deep as the trenches of the Great War, and as they hobble off home they swear by the nails in their great grandfathers' coffins, never again to fall from the chaste and lofty seat of the water wagon. And they keep the vow—until next time.

NORTH CAROLINA NEWS. Increased Acreage of Tobacco—Apathy in Politics. RALEIGH, N. C., September 13.—(Special.)—Governor Aycock returned today from Seven Springs. Mr. Aycock will remain there some days. A charter is granted by the State to the Atkins Veneer and Manufacturing Company, which will make veneers and articles from fine woods. The State to-day was notified of the voluntary dissolution of the charter of the Elizabeth City Knitting Mills. The increase in tobacco acreage from the county eastward will be very great next year. Yesterday there were 230 farmers here with tobacco and as many with cotton. The contrast in profits made a great show in favor of tobacco. One man sold what is known as a "one horse crop" of tobacco for \$700. The cotton growers went to the tobacco warehouses and saw the breaks and were simply astonished. All the tobacco growers have plenty of corn. Tobacco, it appears, is to become the money crop in this section.

State Treasurer Lacy has returned from New York. Principal John E. Ray, of the State School for the Blind, here now says there will not be less than 350 pupils present on the opening day, this being one hundred more than last year at the opening. Insurance Commissioner Young will devote most of next week to the work of investigating an incendiary fire. It was the comment to-day of a man from another county, who was here, "I never saw the people so careless about politics. I don't know why this is so, but they appear to have lost interest." Governor Aycock and Auditor Dixon made political speeches at Youngsville to-day.

ROOSEVELT SECURES NEW YORK'S SUPPORT. The Empire State's Endorsement for the Presidency in 1904 is Now Assured. NEW YORK, September 13.—(Special.)—President Roosevelt to-day won his fight for endorsement by the State Convention for the Republican nomination in 1904. This was agreed upon after an all-day conference of the Republican leaders in the Metropolitan building, No. 1, Madison square. Colonel Dunn announced the decision of the conference and said that it was unanimous. Senator Platt would not say anything about it.

FROST IN BATH COUNTY. People Compelled to Use Fires—Registration—Warm Springs Gossip. WARM SPRINGS, VA., September 13.—(Special.)—The cold here for the past week has been extreme, and fires had to be made everywhere. Heavy frosts have fallen several nights and all tender plants are cut out for this year. Owing to the illness of Hon. George K. Anderson, no County Court was held here this week.

here this week. Circuit Court convenes on the 22d instant, and on that day the Republicans of Bath county will hold a mass-meeting to elect delegates to the Buchanan convention. These delegates will, in all probability, be instructed to vote for Hon. Jacob Yeast, of Staunton, as the nominee. REGISTRATION. The registration of voters will not begin here until October. The Boards of Registration in the four districts made their announcements in this week's issue of the local paper, but it was necessary that the sheet be held from the press for eight hours, so that each board could insert its notices. The paper and posters went out on the 12th, but they are dated for the 10th and the first day of setting by each board is fixed for the 24th of October, thus making just twenty days' notice. Bath county has but a small registration when all are listed, but after the registration this year there will hardly be more than half the usual number of voters on the books. LIGHTNING STRUCK HER PARASOL. While Miss Bette Wilson, of Millboro' Springs, was returning home in a shower of rain on the 11th, lightning struck the steel staff of her parasol and burned her hand and fingers considerably. She is still suffering with her hand, but is not seriously hurt. Misses Gatewood and Charlotte Stephenson, daughters of Commonwealth's Attorney John W. Stephenson, were present at the Interim Hotel in Covington, Va., Mrs. William G. Christ, of Wilmington, N. C., this week. Hon. William M. McAllister and Mrs. McAllister have returned from their summer visit to Craig Heating Springs. A PRETTY WEDDING. There was a pretty marriage at McClung, ten miles from here, Wednesday, when Mr. D. G. Caswell, manager of the Rubino Heating Springs, and Miss Florence Clark, one of Bath county's most attractive young girls, were united.

The couple was given a reception by Mr. Jacob Rubino, of New York, at the Heating Springs Wednesday night. The presents were numerous, well selected and handsome. The couple left Thursday for Richmond, Va., whence they will go to New York to spend the winter. They will visit New York and interesting points in Maine. Mr. Jack W. Stephenson left this week to enter the Baldwin Seminary in Station. The Warm Springs School board met here this week and selected all the teachers for the coming session. Schools will open in October.

A STUMBLING BLOCK. Real Nerve of Would-Be Teacher Rewarded by Mr. Southall's Department. The Department of Public Education at the Library building, has a great many difficulties and troubles. Not long ago an aspirant for a teacher's position in county accessible to this city in a two-hours' ride, wrote to the department on a very confidential matter. The applicant said he wanted the position, but that he had a stumbling-block in his way, he would be materially aided, if the Department of Education would give him a tip on the questions that were going to be asked, so that he could "bone" up on them, and be prepared to pass a star examination at the appointed time. He just asked for a list of questions—that's all, and intimated that his county superintendent had suggested that it would be a good idea to write here for the material he wanted. In order to help a man possessing such a real nerve, the department here decided to grant his modest request. So a copy of the examination questions were sent to the applicant.

He prepared himself thoroughly on the questions sent, and when he went before the board and the examination questions were handed to him, he was dumfounded to see that the questions that had been mailed to him from the department here were in no respect similar to those forwarded by the board. He fell to pining in a single subject. The explanation was simple. The department sent him a list of questions three year old, with the date removed from the top of the page, so that they could not be distinguished from the questions of this year. The applicant had the consummate nerve to write to the department and complain because they sent him the wrong questions, and so far as the department knows, and so far as the department is in total ignorance of the purpose of the officials here in sending him the wrong questions.

NEWTOWN FARM LANDS INCREASE IN VALUE. Some in the Neighborhood of Burkeville Bring Twice as Much as Formerly. Commissioner of Agriculture G. W. Kolmer visited the farm in the vicinity of Burkeville a few days ago. "I find that farm lands in that neighborhood are selling for twice as much to-day as they sold for a year ago," he said. "This is true in a great many parts of the State. It shows that people are coming into the State for agricultural purposes, and they are willing to pay good prices for our farm property, and the farms are being improved by modern methods of agriculture." Commissioner Kolmer brought back

some splendid specimens of cow peas grown near Burkeville. "This is a most useful piece of vegetation, said the commissioner. "It's a collector and distributor of nitrogen to the soil. Here at the root you find a cluster of nodules. They absorb nitrogen from the air, deliver it to the plant, which in return in its decay gives it to the soil and continues to enrich it. This nitrogen costs about fifteen cents a pound to the farmer in the way of fertilizer."

NEWPORT SHOCKED AGAIN. Heard Mrs. Cheatham Thompson Objected to Mrs. Pembroke Jones's Guests. (New York Herald.) NEWPORT, R. I., Thursday.—Newport society was shocked to-day when a story travelled along Bellevue avenue and in and out of the Casino, that Mrs. Kitty Cheatham Thompson, formerly an actress, had written to Mrs. Pembroke Jones that she wouldn't sing at the dinner given at Friedheim for the Duchess of Marlborough, the Grand Duke Boris and other prominent visitors, because she thought "the wealth of the aristocrat is an artist to appear among such people." "Whew!" whistled the assemblage at the Casino. After all that Mr. Henry Watters and others had said of Newport society, that she should be so shocked and twisted as to appear at the dinner professionally in drawing rooms, certainly did clap the climax. Then some one came along and said that the story in its travels had become twisted and distorted. It was all wrong; that it was true that Mrs. Cheatham Thompson had written to Mrs. Pembroke Jones that she wouldn't sing, but that her objection was not to the guests, but to the performance which had been engaged to appear with her.

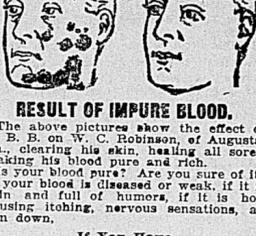

That explanation cleared the atmosphere considerably, and society heaved a sigh of relief. The fact is that Mrs. Cheatham Thompson declined to appear at Mrs. Pembroke Jones' dinner at her own request, she being particularly desirous of singing some of her African melodies before the Duchess of Marlborough. She was told that other performers would be on the program, and that she might appear last, to give her performance eclat. Mrs. Pembroke Jones' dinner party was one of the notable events of the season, the guests numbering seventy, and including besides the Duchess of Marlborough, the Grand Duke Boris, Count Cassini, the Russian ambassador, Baron Schlippenbach, the Russian consul-general at Chicago, and other prominent foreigners. The hostess had just told the Grand Duke how cleverly Mrs. Cheatham Thompson rendered the peculiar songs of the Southern "darkies," and he had expressed his desire to hear her, when a note was handed Mrs. Pembroke Jones, which read as follows: My Dear Mrs. Pembroke Jones:—It is beneath my dignity as an artist to appear here with such people. KITTIE CHEATHAM THOMPSON. It seems that Mrs. Cheatham Thompson held that her social position would not permit her appearance with the artists engaged, and that while she does sing the old plantation melodies of the South, she is far removed from a "coon" singer. The letter was like a loaded bomb to the hostess, and she made the best excuses she could to her distinguished guests for the disappointment. It is interesting to note that the other performers who did appear were Mr. S. H. Greary, basso, who was singing at Mrs. Astor's next Monday night; Miss Dollie Leach and Miss Murray, very clever singers of "coon" songs, one of whom, Miss Leach, has sung before royalty in England; Mr. Sidney Grant, an imitator, and Mr. George Dea, a "coon" singer.

Funeral of Mrs. Bettie Fontaine. The funeral of Mrs. Bettie Fontaine DeWitt took place yesterday afternoon from the residence of her daughter, Mrs. William M. Adams, 517 West Grace street. The services were conducted by the Rev. Dr. Robert Stranga, rector of St. Paul's Episcopal church.

Hurting Their Business. "I see that Mr. Schwab says he is in good health and spirits." "How the doctors must shudder when they hear him uttering such reckless statements!"—Cleveland Plain Dealer.

# BLOOD AND Skin Diseases

B. B. B. Cures Worst Old Cases—Money Back if it Fails to Cure. SAMPLE OF REMEDY FREE.

RESULT OF IMPURE BLOOD. The above pictures show the effect of B. B. B. on W. C. Robinson, of Augusta, Ga., clearing his skin, healing all sores, pimples, eruptions and heal perfectly. Is your blood pure? Are you sure of it? If your blood is diseased or weak, if it is full of humors, if it is hot, causing itching, nervous sensations, all run down.

If You Have Pimples or Offensive Eruptions, Spots, or Copper-Colored Spots, or Rash on the Skin, Suppurating Festering Sores, Glands Swollen, Ulcers on any part of the body, old Chronic Sores, Bells, Carbuncles, Pains and Aches in Bones or Joints, Hair or Eyebrows falling out, persistent Sore Mouth, Gum, or Throat, Scrofula, Catarrh, Rheumatism, then take Botanic Blood Balm (B. B. B.). Soon all Sores, Pimples, Eruptions will heal perfectly. Aches and Pains cease, Swellings subside, and a perfect, never to return perfect health, gives Skin the rich glow of perfect health. Gives Skin the rich glow of vigor by giving you pure rich blood.

# DR. CLARK RETURNS

FOUNDER OF CHRISTIAN ENDEAVOR BACK FROM EUROPEAN TOUR. IT WAS A SUCCESSFUL TRIP. Work of World-Wide Christian Endeavor That Will Be of Interest to the Societies in Virginia—What Young People Can Do.

The monthly bulletin issued by the United Society of Christian Endeavor, with headquarters in Boston, Mass., monthly, is out for September. The paper records the return of Dr. Clark after a most successful trip over Europe in the interest of the Endeavor work. The bulletin will be of interest to the members of the two hundred and fifty societies in the State. It is as follows: The Endeavor societies of Japan have passed the one hundred mark. Between twelve and fifteen papers in Schuylkill county, Penn., publish Christian Endeavor columns. The Prison Endeavor Society in the United States prison at Ardmore, I. T., has succeeded in winning eight men for Christ. An evangelistic and rest tent was maintained at the county fair by the Oak Park N. H. Christian Endeavor Union. Free ice-water was provided, and mothers with children were especially cared for. Packages were checked free, and daily song service held. The Christian Endeavor summer training school was held for three weeks in the academy at Yarmouth, Me. The attendance was over eighty. The experiment was successful, and will be continued next year. A series of tent meetings has been carried on during the past summer by the Christian Endeavor Union of Milwaukee, Wis., which met at an expense of \$100, and the pastors of the various churches did the preaching. The Royal Japanese navy now contains three Floating Endeavor societies, the first of which was formed several years ago. The gunboat on which it was formed sailed away with thirteen Endeavorers and came back, six months later, with thirty. An old blind lady is taken out to do her shopping by the Melbourne, Australia, Endeavorers. Another society owns an invalid's chair, which they loan to a crippled lady whom some of them have wheeled to a one-light lecture, and to a harvest festival. Six Junior Endeavor girls were distributed notices of the meeting, during the recent revival in Japan. A very interesting matter connected with the cause he thought one of the girls was his own. He followed them to the meeting, was converted, and is to-day an efficient Christian worker among the railroad men of Japan. An unusually large number of Endeavor societies in Chicago have been holding open-air evangelistic meetings this summer. Ten societies did such work in the South district alone. Some used tents, others held services in front of the churches, others in the streets. One society held a meeting on the base-ball grounds while the Sunday game was in progress. The Moody Institute, Chicago, has published a pamphlet describing the wonderful revival in Melbourne, Australia, in which Superintendent R. A. Torrey, D. D., has been so used of God. Over 2,600 people have accepted Christ, and the revival has had a powerful effect. Two hundred and fourteen churches were united in this work, with 2,000 personal workers, and a chorus of 2,500. An aggregate of 117,000 people attended the meetings and thousands were turned.

Don't Accept Counterfeits. For pills, skin diseases, sores, cuts, bruises, burns, and other wounds nothing equals Dr. Clark's Witch Hazel Salve. Don't accept counterfeits. None genuine except DeWitt's. "I have suffered since I was with protruding, bleeding piles, and until recently could find no permanent relief," says J. F. Gerall, of St. Paul, Ark. "Finally I tried Dr. Clark's Witch Hazel Salve, which soon completely cured me."

CASTORIA. The Kind You Have Always Bought. Save money on your groceries at S. Ullman's. Good land, round, 24c; new salt pork, pound, 10c; Silver King patent family flour, per barrel, \$1.50; per bag, 25c; this flour can't be beat at any price. Arbuckle's, or Cordova coffee, roasted, in 1-pound papers, 10c; Lion coffee, roasted, in 1-pound papers, 10c; large bottle household ammonia, per bottle, 5c; T. M. shoe blacking, 2 cans, 5c; Brown's shoe dressing for leather, 2 cans, 5c; sweet oil, per quart, 10c; large, ju-7 lemons, per dozen, 10c; best potted ham or tongue, 2 cans, 10c; best quality large cans salmon, 10c; sea quads, the great appetizer, 2 cans, 5c; sweet oil, per quart, 10c; Virginia claret wine, per gallon, 10c; mountain roll butter, per pound, 10c; Mason jars for preserving, 1-quart, per doz., 5c; 2-quart jars, 6c; good green oil, mixed, per pound, 10c; bran, for feeding, 2 cans, 5c. S. ULLMAN'S SON, Three Stores.

CASTORIA. The Kind You Have Always Bought. We are now displaying all the new effects in Men's Imported Suits, Overcoats, and Full-Dress Goods, for fall and winter. We invite you to inspect our tailoring department.

CASTORIA. The Kind You Have Always Bought. For tokens and further information apply to Richmond Transfer Company, 98 East Main street, Jefferson Hotel, and Murphy's Hotel, and to ticket agents at Broadway, Eliza, and Main Street Stations. W. P. TAYLOR, Traffic Manager.

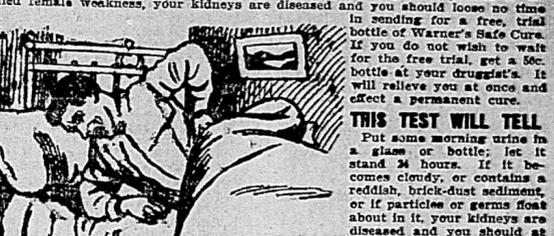

CASTORIA. The Kind You Have Always Bought. The Republican Committee for Shenandoah County has issued a call for primaries to be held on the 19th of September, to elect delegates to a convention which will be held at Woodstock, on September 20th, for the purpose of choosing delegates to the congressional convention which will be held at Luray. Phosphate dealers in the Valley are being much inconvenienced by the delay in receiving shipments promptly. The trouble is occasioned by the heavy freight over the Massanutten branch of the Southwestern Railway Company. The corn crop in Shenandoah county, which at one time it was thought would be a complete failure, is being out, and will make an average yield, especially along the river. The Farmers' Mutual Telephone Company of Shenandoah County is rapidly extending its lines in all parts of the county. The company was organized a few months ago by several prominent farmers, and up to this time has built many miles of lines. The Missionary Institute, in connection with the Winchester District Conference of the Methodist Church, was in session here this week and opened with a sermon by Rev. C. D. Bulla, of Winchester. On Tuesday, Wednesday, and Thursday, business sessions were held both in the morning and afternoon, while the public was held by some of the visiting ministers at 11 o'clock A. M., and 7:30 o'clock P. M. The meeting was largely attended by preachers and laymen. The members of Storr's Camp, Confederate Veterans No. 23, of Shenandoah, will hold a meeting of their camp at Fisher's Hill, on September 27th, at which time they have invited their friends to attend and enjoy a "little private picnic."

Miss Mary K. Magruder has left for Milwaukee, Wis., to be a member of the faculty in a school for young ladies. The opening of Massanutten Academy has been postponed from next Tuesday until the 22d of September, on account of the sickness of the president, Rev. J.

Work was begun yesterday on the cells of the First Police Station, and they are now under way. The plumbers are at work, and have the wood-work out, while they put in the necessary sanitary improvements. When they have finished, the walls and floor will be scraped and repainted. The work is hoped to be completed by Tuesday. In the meantime prisoners will be confined in the city jail. Transfers of Property. In Richmond: Nannie C. and R. P. Henry to Charles M. Lee, 10 1/2 cent on south side Clay street, southeast corner Eleventh street, \$100. In Henrico: Mrs. Mary Alice Pitt to James T. Sloan, 20 cent on south side O street, between Third-third and Twenty-fourth streets, \$100. J. M. Gill and wife and W. J. Johnson and wife to Mrs. Jane A. Potter, 5 cent about 14 miles below Richmond, \$100.

# DOES YOUR BACK ACHE?

Thomas S. Reath, President Detroit Travelers' Club, says Warner's Safe Cure permanently cure him of kidney disease, malaria and indigestion. A trial bottle of this great kidney and bladder cure sent absolutely free to every reader of this paper who suffers from kidney, liver, bladder or blood disease.

THIS TEST WILL TELL. Put some morning urine in a glass or bottle; let it stand a few hours. If it becomes cloudy, or contains reddish, brick-dust sediment, or if particles or germs float about in it, your kidneys are diseased and you should at once begin to take Warner's Safe Cure to correct all these unnatural conditions. It isn't safe to delay even one day. No. 124 Plopple Street, Detroit, Mich. A year ago I was suffering from malaria, which affected my kidneys—

WARNER'S SAFE CURE. In fact my entire system. I was troubled with excruciating pains in the back. I lost my appetite, became irritable, nervous and unable to attend to my duties. My doctors could do nothing for me. Fortunately a friend had a bottle of Warner's Safe Cure and gave me a dose to try it. I felt the effects immediately and continued to take it faithfully. I kept on improving, and before the third bottle was used I was well and as strong as I ever have been given me. My old vigor and enthusiasm had returned, as did my appetite. Your Safe Cure is indeed a true friend to suffering humanity, and better than any other medicine I know of.—THOMAS S. REATH, President Detroit Travelers' Club. Thousands of letters like Mr. Reath's are received daily from grateful patients who have been permanently cured by Warner's Safe Cure.

CURES KIDNEY DISEASE. Warner's Safe Cure is purely vegetable and contains no narcotic or harmful drugs. It is free from sediment, and is pleasant to take; it does not constipate; it is a most valuable and effective tonic, and is a stimulant to digestion, awakening the torpid liver and putting the patient into the very best receptive state for the work of the restorer of the kidneys. It prepares the tissues, soothes the inflamed and swollen, and attacks the embedded germs, and kills them the same time. It builds up the body, gives it strength and restores the energy that is wasted under the baneful suffering of kidney disease. It kills the disease germs. Warner's Safe Cure has been prescribed by leading doctors for twenty-five years, and is used in all prominent hospitals exclusively. WARNER'S SAFE CURE will move the bowels gently and aid a speedy cure. WARNER'S SAFE CURE is now put up in two regular sizes and is sold by all druggists, or direct, at 50 CENTS AND \$1.00 A BOTTLE. REFUSE SUBSTITUTES AND IMITATIONS. There is none "just as good" as Warner's. Insist on the genuine, which always cures. Substitutes contain harmful drugs which injure the system.

TRIAL BOTTLE FREE. The manufacturers so firmly believe that WARNER'S SAFE CURE will absolutely and permanently cure any diseased condition of the kidneys, liver, bladder, or blood, that they will send postpaid, without any cost to you, a large trial bottle of the genuine, and will pay the express charges. The trial bottle is not a mere mention having seen this liberal offer in the Richmond Sunday Dispatch, the genuineness of this offer is fully guaranteed by the publisher. Write the medical department for advice, medical booklet, diagnosis and analysis, which will be sent you free of charge.

away for lack of room. Everywhere the Christian Endeavorers were in the front in personal service and the spirit of unity among the denominations would not have been possible but for the preparatory work Christian Endeavorers had done in breaking down barriers. Dr. Clark returned to America last week after having spent eight months in making five journeys in the interests of the Christian Endeavor that cover nearly the whole of Europe. During these eight months he has travelled 2,000 miles and attended two hundred meetings and conferences in twenty different countries, ranging from Iceland to Turkey, and from north of the Arctic circle in Newway to Spain. His speeches have been translated into nineteen tongues. In seven national Christian Endeavor unions have been formed or strengthened, and beginnings made in several other countries. Secretary of the Christian Endeavor for eight countries. Christian Endeavor literature has been translated into Italian, Finnish, Portuguese, and Bulgarian for the first time.

WOODSTOCK, VA., September 12.—(Special.)—A large number of the citizens of Shenandoah county are highly pleased with the decision of Judge Harrison, who has decided to hold the courts in accordance with the custom under the old Constitution. The court will be held on the Monday before the second Tuesday, and Jury terms will be held in January, April, July, and October. Shenandoah county is the only county in the circuit in which County Court day became important, and large crowds attend it each month. The proposed schedule will be submitted to the Legislature for approval. News has been received here of the death of Rev. Isiah Bauserman, a former pastor of the Christian church at Woodstock, at the home of his sister, in Mount City, Me.

REPUBLICAN PLANS. The Republican Committee for Shenandoah County has issued a call for primaries to be held on the 19th of September, to elect delegates to a convention which will be held at Woodstock, on September 20th, for the purpose of choosing delegates to the congressional convention which will be held at Luray. Phosphate dealers in the Valley are being much inconvenienced by the delay in receiving shipments promptly. The trouble is occasioned by the heavy freight over the Massanutten branch of the Southwestern Railway Company. The corn crop in Shenandoah county, which at one time it was thought would be a complete failure, is being out, and will make an average yield, especially along the river. The Farmers' Mutual Telephone Company of Shenandoah County is rapidly extending its lines in all parts of the county. The company was organized a few months ago by several prominent farmers, and up to this time has built many miles of lines. The Missionary Institute, in connection with the Winchester District Conference of the Methodist Church, was in session here this week and opened with a sermon by Rev. C. D. Bulla, of Winchester. On Tuesday, Wednesday, and Thursday, business sessions were held both in the morning and afternoon, while the public was held by some of the visiting ministers at 11 o'clock A. M., and 7:30 o'clock P. M. The meeting was largely attended by preachers and laymen. The members of Storr's Camp, Confederate Veterans No. 23, of Shenandoah, will hold a meeting of their camp at Fisher's Hill, on September 27th, at which time they have invited their friends to attend and enjoy a "little private picnic."

Will Ask Monthly Courts FOR SHENANDOAH. Judge Harrison's Plan to Accommodate the People—Republicans Active—General News from Woodstock. The Painters Magazine, the organ of the National Association of Master House Painters and Decorators, give a lengthy and glowing account of the recent meeting of the Executive Committee, which was held at the Jefferson Hotel, for the purpose of arranging the programme for the convention of the National Association of Painters and Decorators, to be held at the Masonic Temple next February. The periodical has this to say concerning the state of the committee in Richmond: The hospitality shown to the members of the Executive Board during their brief stay augurs well for the social side of the convention. Indeed, from the preparations already being made, there will be no lack of entertainment for the visiting members and their families. Southern hospitality is proverbial, and all that Richmond can do—and that is a great deal—will be done for the comfort and enjoyment of the visitors. The arrangements are in the hands of a competent local committee, consisting of several of the leading employing painters in the city, some of whom are also members of the city government, so that the city's cooperation will be extended in a double sense. It is none too early for those who wish to go to begin to make their plans now, and for the various local associations to start Richmond clubs, each member paying a certain amount toward the fund toward a common pool to pay the traveling expenses of the party. If the different associations would adopt this plan, there would be a larger attendance at the next convention than ever before, and the city would be benefited in a double sense. It is none too early for those who wish to go to begin to make their plans now, and for the various local associations to start Richmond clubs, each member paying a certain amount toward the fund toward a common pool to pay the traveling expenses of the party. REPAIRING STATION CELLS. Work was begun yesterday on the cells of the First Police Station, and they are now under way. The plumbers are at work, and have the wood-work out, while they put in the necessary sanitary improvements. When they have finished, the walls and floor will be scraped and repainted. The work is hoped to be completed by Tuesday. In the meantime prisoners will be confined in the city jail. Transfers of Property. In Richmond: Nannie C. and R. P. Henry to Charles M. Lee, 10 1/2 cent on south side Clay street, southeast corner Eleventh street, \$100. In Henrico: Mrs. Mary Alice Pitt to James T. Sloan, 20 cent on south side O street, between Third-third and Twenty-fourth streets, \$100. J. M. Gill and wife and W. J. Johnson and wife to Mrs. Jane A. Potter, 5 cent about 14 miles below Richmond, \$100.
