TAKES OFF HAT TO ROOSEVELT

Judge Herrick Says He Always Thought President Very Skillful Politician.

THIS NO TIME FOR TEARS

ALBANY, N. Y., November 10.—Judge D. Cady Herrick, the defeated candidate of the Democratic party for Governor, will leave to-morrow for an extended visit to Havana for his health. Upon his return he will resume the practice of the law. In discussing the result of the election, Judge Herrick said:

"Perhaps the Republican party would have won this election in any event. But the magnitude of their victory is due to the personality of President Roosevelt, and it is his victory, and not that of the party. Ever since he entered public life as a member of Assembly soon after his graduation from college, he has had a picturesque career, and his personality has been an exceedingly attractive one to the people. More than a year ago I stated that I thought him the most skillful politician that had occupied the White House in my time. Recent events have strengthened my opinion in that respect. I take off my hat to him."

"This is no time for Democrats to weep and mourn. Those who are Democrats on principle will continue the fight. Anyone can fight when he is a winner. Let the Democratic party show that it can keep it up when beaten and eventually turn victory into defeat."

"The Democrats say: Keep up the organizations we have and strengthen them as much as possible."

THE TIDAL WAVE STILL RISING HIGHER

In the Legislature on joint ballot of at least fourteen, and perhaps twenty. This means the election of a Republican United States senator. Returns will show that the Republicans have elected eight congressmen, and, as the Sixteenth District is in doubt, its returns may show

Treat your eyes to the finest line of pianos in the South. These are the flower of the piano class; blue ribbon winners all.

The Oldest Music House in Virginia

Invites you to look their line over. What do you like most in a Piano? Never mind what it is, if it's a good point, you will find it developed to perfection in one of our matchless line. Richmond people are true to their Oldest Music House. There's a sort of veneration—respect for age—about their feeling for us. When they want value and quality in a Piano they come here. It's largely because their parents did the same—and their grandparents—a mighty good habit, too. Wouldn't be handed from generation to generation if it were not.

PEABODY GIVES UP; ADAMS HAS BIG MAJORITY

(By Associated Press.)

DENVER, Colo., November 10.—Charles Peabody, Republican candidate for Governor, concedes his defeat to Alva Adams, Democrat, over him in the city and county of Denver is 6,971, and in the entire State about 10,500. Republicans still claim a majority for Peabody in the State outside Denver, but this is not borne out by the returns, which are still incomplete.

"In face of the returns Adams is elected," said State Chairman Bailey, "but the official count or a contest may change it to Peabody."

John F. Shafer (Democrat) is apparently elected congressman-at-large, with a plurality of 2,000. Both sides are claiming the Legislature, and the result will be in doubt until the official count is made in Denver and Pueblo.

LARGEST PLURALITY IN HISTORY OF COUNTRY

PHILADELPHIA, Pa., November 10.—Complete, but unofficial, figures received by the Associated Press from every county in the State with the exception of Allegheny, in which Pittsburgh is situated, show that President Roosevelt's plurality in Pennsylvania has reached 451,625, probably the largest plurality ever given a presidential candidate in any State in the history of the country.

Roosevelt's total vote, according to the figures at hand, is 820,125, and Judge Parker's, 335,900. McKinley's total vote in 1900 was 712,565 and Bryan's, 424,232.

COMPLETE RETURNS OF PORTO RICO ELECTIONS

SAN JUAN, PORTO RICO, Nov. 10.—Complete returns of the elections of last Tuesday show that the United States polled majorities in five of the seven districts. The House of Delegates will consist of 25 Unionists and 10 Republicans. All the leading cities of the island, except San Juan, were carried by the Unionists. Governor Winthrop is receiving congratulations on the reasonable and fair manner in which the election passed off.

Mickey Is Re-Elected.

OMAHA, November 10.—Late to-day the Fusion leaders concede the re-election of Governor Mickey by a plurality which will probably reach from 7,000 to 10,000. The late returns increased his gains in a material way, and left no doubt of his receiving a substantial plurality.

Big Plurality in Ohio.

COLUMBUS, OHIO, November 10.—Nearly complete returns from Ohio tonight show close to 200,000 plurality for the Roosevelt and Fairbanks electors.

Did Good Work Says Leader of Tammany

Murphy Denies Reported Disaffection in Ranks—Odell Much Gratified.

(By Associated Press.)

NEW YORK, November 10.—Governor Odell, chairman of the Republican State Committee, and Charles F. Murphy, leader of Tammany Hall, expressed themselves on the election results to-day, each finding cause for gratification. Governor Odell was asked:

"Do you think it was the heavy vote for Roosevelt that pulled Higgins through?"

"No, I would not put it that way," he replied; "I will say that Mr. Roosevelt received a larger vote than I expected, but while he undoubtedly helped Mr. Higgins, I think the latter got the full Republican vote."

Mr. Murphy, in an interview, said: "There was absolutely no disaffection in Tammany. There is no disaffection, and there will be no shake-up in the organization. The leaders to a man, worked diligently and loyally for the whole ticket. Considering the proportions of the landslide, Tammany did wonderfully well. Manhattan and the Bronx give Parker a much larger plurality than Bryan got four years ago. Bryan received about 8,000 in the two boroughs, whereas Parker gets more than 35,000. This is better than other parts of the country did. This shows that there was absolutely no knitting of the national ticket. A comparison of the returns here with those in other parts of the country proves it. The reports made to me by the district leaders were very accurate."

Only eighteen out of the eighty-eight counties in the State have been carried for Parker, and only one Democratic congressman has been elected out of twenty-one. State Chairman Harvey C. Garber, the Democratic candidate in the Fourth District, has 1,990 plurality in a district normally 6,000 Democratic.

Vote in Georgia.

(By Associated Press.)

ATLANTA, Ga., Nov. 10.—The Constitution will put to-morrow its estimate of the complete vote of Georgia, compiled from its own reports, as follows: Parker, 83,331; Roosevelt, 25,335; Watson, 23,490, making a total of 137,156. The official canvass of the State vote will not be completed until the early part of next week.

Babcock Re-Elected.

(By Associated Press.)

MILWAUKEE, WIS., November 10.—Parnk R. Bentley, of the Stalwart Republican faction, stated to-night that the returns received by him from every county in the Third Congressional District show that Congressman Joseph Babcock is re-elected and that his plurality is 249.

Populist Leaders Gather.

(By Associated Press.)

JOLIET, ILL., Nov. 10.—Chairman James H. Ferris and Secretary C. O. Francis, of the National Populist Committee, left this afternoon for New York to meet with Populist leaders and discuss future action. An important conference has been planned for December.

Results in California.

(By Associated Press.)

SAN FRANCISCO, CALIF., Nov. 10.—The few additional unofficial returns received to-day from various points in California do not affect the results already announced. The official count will be required to determine the exact figures, but it is evident that Roosevelt's plurality in the State will approximate 115,000. The Legislature, which elects a United States Senator will have 703 Republican members and 17 Democrats and labor unionists.

Taggart's Excuse FOR THE LANDSLIDE

The National Chairman Explains There Were "Not Enough Democrats."

(By Associated Press.)

NEW YORK, November 10.—Thomas Taggart, chairman of the Democratic National Committee, arrived here to-day after an absence of several weeks in Indiana. He went at once to national headquarters, where he had a long conference with William F. Sheehan and Secretary Woodson.

Mr. Taggart was asked how he accounted for the Roosevelt landslide on Tuesday.

"Oh! there were not enough Democrats," he replied.

"Will the party be reorganized?"

"There is no need of reorganization. What we need is more Democrats."

WILL ANSWER TEN THOUSAND LETTERS

President Roosevelt Overwhelmed With Congratulatory Messages.

(By Associated Press.)

WASHINGTON, Nov. 10.—Ten thousand congratulatory messages have been received by President Roosevelt. Notwithstanding their immense number, the President has decided that each one is to be answered and this week will require, perhaps, several weeks.

President Roosevelt received to-day an undiminished number of callers. Attorney-General Moody and James R. Garfield, Commissioner of Corporations, were among the visitors. Later they will take up with the President the work of Mr. Garfield's bureau, concerning which the President will have some recommendations to make to Congress in his annual message.

The investigation of the beef trust instituted by the Bureau of Corporations at the instance of Congress, practically has been completed. No intimation is given as to the nature of the report, or of what recommendations, if any, Mr. Garfield may submit. It can be said authoritatively that any suggestions that legal action may be taken by the government against the beef trust or against any aggregation of capital, are premature. No decision has yet been reached and none will be reached until the report has been considered thoroughly by the President and his advisers.

ROME INTERESTED IN LATE ELECTION

Italian Translation of President's Book Issued—What the Vatican Organ Says.

(By Associated Press.)

ROME, November 10.—The election of Mr. Roosevelt to the presidency of the United States has been made the occasion for the issuance of an Italian translation of his book, "The Strenuous Life," which is having a large sale. The newspapers of Rome print appreciative articles on the election of President Roosevelt.

The Observatore Romano, official organ of the Vatican, says Mr. Roosevelt, while an eminent statesman and diplomatist, and eloquent writer is showing depth and broadness. He stands out for simplicity of life, love of family and rectitude of principles. Therefore, it is easy to understand the manifestations of rejoicing over his election, in which numerous Catholics in the great republic join, having nothing to say of him but praise.

TRAIN WRECKERS BUSY.

Sixth Attempt to Wreck Baltimore and Ohio Trains.

(Special to The Times-Dispatch.)

WINCHESTER, VA., Nov. 10.—The fact leaked out to-day that another, the sixth, attempt to wreck No. 1 on the Baltimore and Ohio Railroad, was made Monday night near Kernstown, but like all past attempts the desperadoes were unsuccessful to throw the train off the track. The train, which left here at 7 o'clock, was preceded fifteen minutes by a handcar on which were the two engineers. Arriving at Kernstown they reported the road clear, and orders were given to Conductor Kilham to proceed from this point. Near the Kernstown woods the train collided with a pile of iron rails and threw them a distance of one hundred yards, while going at the rate of fifty miles an hour.

The front of the engine was damaged and the train was saved from derailment by the ties not being secured. The detective force has been increased, and a determined effort is being made to run down the gang.

TO DEAL LENIENTLY WITH THE OFFENDERS

Kaiser Decides to Exercise Pardoning Power Liberally in Cases of Lese Majeste.

(By Associated Press.)

BERLIN, November 10.—It is announced that Emperor William has decided to use hereafter the pardoning power liberally in cases of Lese Majeste. This is a radical departure from the previous practice. It is now said that he intends to pardon almost without exception when the offender is shown to belong to the uneducated classes or to be incapable of weighing the consequences of a hasty word. Offenses committed during drunkenness or while in an excited condition rendering deliberation impossible will also constitute the basis for pardon. The Emperor has directed the ministry of justice to deal liberally with all persons convicted of an insult to His Majesty, who petition for pardon and show penitence.

COAST DEFENSE.

Recommendations of Board of Ordnance and Fortification.

(By Associated Press.)

WASHINGTON, D. C., Nov. 10.—The annual report of the Board of Ordnance and Fortification, headed by Major General Gillespie, shows that an unusual amount of experimental work has been performed by the board during the past year and many devices of novel design have been tested. Only seven 12-inch guns out of the total 100 guns contracted for in 1891 remain to be completed, the last of these will be made by August 1st of next year.

The board recommends the recommendations of last year for the immediate procurement of coast defense. The board also wants a reserve, as without a sufficient supply of ammunition the coast defense cannot be maintained. An abundant supply of ammunition for target practice also is requested and other measures are recommended, looking to the maintenance of range finders, search lights, telephone lines and other necessities of a modern coast defense system.

Additional gold shipment is likely to be made next week.

DELICIOUS DREAM OF COLONIAL EMPIRE

(By Associated Press.)

PARIS, Nov. 10.—Foreign Minister Delcasse, discussing the Moorish question in the Chamber of Deputies to-day, said the base of France's colonial empire was in the Mediterranean. Morocco under French influence was Algeria straightened out under foreign influence it meant Algeria continually threatened. The problem was how to establish French influence in Morocco. This arrangement of France's power in the Mediterranean—without offending the powers.

"We have solemnly promised the realization of this aim," Mr. Delcasse said, "and have wasted no time or effort. We are now waiting with Italy in firm friendship. We have made with Spain an arrangement dictated by respect for international equity and desire for the peaceful perpetuation of Morocco. This arrangement is based on the integrity of Morocco and the suzerainty of the Sultan. What we concede is valuable only to England. The world is now convinced that French policy seeks France's advantage only through harmony, which is beneficial to all."

Before the chamber rose, Premier Combes announced that he brought in a bill of the President of the republic a bill for the separation of church and state.

The dead man at the time of his retirement from the army was first lieutenant in the Thirtieth United States Cavalry.

Kingsley will be arraigned for trial Monday, and in some respects the case will be one of the most remarkable criminal hearings in the annals of Virginia jurisprudence. No man of Kingsley's age has ever before been charged with murder in the State.

OBJECTS TO POLL TAX.

Arkansas Citizen Wants to Vote Without Paying for Privilege.

(By Associated Press.)

LITTLE ROCK, ARK., Nov. 10.—Suit was filed in the United States Circuit Court here to-day to test the State constitutional amendment requiring a citizen to pay poll tax before he can cast his ballot. The plaintiff avers that the Constitution of the United States guarantees the right of every duly qualified citizen to vote as members of Congress, and that he was illegally deprived of this right.

The complainant alleges that the poll-tax amendment to the State Constitution was not legally adopted, because it failed to receive a majority of all the votes cast at the election in 1892.
