pal Church, he denied to-day in the most positive manner that he had anything to do with the presentment or that he had the least knowledge of the presentment or the charges it contained.

What Mr. Irvine Says.

Rev. Mr. Irvine, at his home in Philadelphia, to-day said: "In the first place, I wish it could be made plain that this new presentment is not an attack by or about Bishop Talbot, but that it is a prosecution brought by the church to inquire into the charges which bring the church into discredit. Bishop Talbot, and I were boys together and attended college at the same time. We were always good friends until trouble arose over Mrs. Elliott, while I was rector at Huntington."

Councilor's Statement.

When questioned about the new presentment, Councilor Bud said to the New York Herald representative: "I was called upon by several influential men recently, shown several documents and asked to draw up a new presentment against Bishop Talbot. I would say that in drawing up this document I did not act in my official capacity as councilor, but simply as a lawyer who has been called upon for advice."

There has been much discussion among prominent churchmen about the case.

ODD REFUSES TO SURRENDER PAPERS

Extradition of Dr. Chadwick Delayed by Alleged Flaw in Proof Offered.

SAID TO BE FORMAL MATTER

Governor of Ohio Expresses Surprise at Action of New York Authorities.

ALBANY, N. Y., Dec. 26.—Sheriff Barry, of Cleveland, Ohio, who expects to arrest Dr. Leroy S. Chadwick, husband of Mrs. Chadwick, when he lands in New York on the charge of forging the name of Andrew Carnegie, met a clerk in his city today when he called to obtain from the city clerk the requisition papers necessary to permit the transportation of Dr. Chadwick to Ohio for trial. He called at the executive chamber in the capitol this morning, but was informed by Judge John C. Joyce, the Governor's secretary, that the city clerk, that his papers were defective in that they failed to prove that Dr. Chadwick was in the State of Ohio on March 6, 1903, when the alleged forgery was committed.

Formal Matter.

Previous to the call of the sheriff Governor Odell had authorized Mr. Joyce to telegraphic request the corporation to extradite if the applicant's papers were properly drafted. When the sheriff learned that his proof was defective there was at first some talk of his returning in person to Ohio for the purpose of obtaining the correct requisition papers. He, however, after consulting with Judge Joyce he concluded to telegraph to have the necessary affidavits prepared and sent to him in New York. He said that this was a purely formal matter, and that affidavits could be prepared at once.

Affidavit Forwarded.

CLEVELAND, OHIO, Dec. 26.—Upon a telegraphic request from Sheriff Barry, at Albany, to-day, Prosecutor Keeler drew up an affidavit, setting forth that testimony had been adduced, under oath, before the grand jury tending to show that Dr. Chadwick was in this county on March 6, 1903, upon the date of the alleged crime was committed. Mr. Keeler subsequently swore to this affidavit before a notary public, after which it was at once forwarded to Sheriff Barry, at the Hoffman House, in New York City.

"This affidavit that I am sending to New York to-day," said the prosecutor, "is a simple and a duplication of what is contained in the indictment. I can see no use in repeating it, but I shall not quibble over technicalities. This affidavit will probably reach the New York executive, this morning."

Mr. Keeler expressed the belief that the extradition warrant would be eventually granted by the New York authorities. Governor Herrick, on reading the Albany dispatch, said: "I am very surprised at the action of the New York authorities in the matter. The requisition was issued only after a most complete investigation of the affidavits submitted by the officials of Cuyahoga county. I have no objection to my own date of the alleged crime was duly set forth."

Tribute to the Ladies.

Dr. Callen next presented Mayor McCarthy, who made an excellent address. The Mayor apologized for having to turn down the children's gifts, but he said that he was glad to see the children so happy and that he would do all in his power to help them.

Small Fire.

About 10:15 o'clock last night an alarm of fire was turned in, caused by the explosion of an oil stove in the first flat No. 911-3 Hull Street.

The flat is occupied by Mr. and Mrs. Walter Eubank. Mrs. Eubank was preparing a pot of coffee for her husband. He had just entered the room and Mrs. Eubank was in the act of lighting the stove. The flames shot up and ran in. When she saw Mr. Eubank's coat on fire, she pulled the coat off and pushed her husband into the hallway and the alarm was given.

The flames destroyed the piano, carpets and furniture and some clothing. There was no damage to the building except from water. \$500 will probably cover the loss. After the fire Mr. Eubank went to the station-house and complained that some one "pasted" him a good one in the eye. The condition of his eye proved the assertion.

"I don't know who it was," he said. "I started to go in my door when it was struck. I couldn't see who did it." The police are now investigating the matter. Sergeant White, of Sunday, arrested two negroes named Thomas Mathews and Fred Wright on the charge of lighting. Policeman Waymack yesterday arrested Wilfred Finnis and Wilfred Price, also, on the charge of lighting. They, too, will tell the mayor about it to-day.

NEWS GATHERED FROM SOUTHSIDE

Fire Caused by Explosion of an Oil Stove in a Flat.

WALTER EUBANK "PASTED"

Unknown Person Struck Him in the Eye—Small Number of Arrests.

Manchester Bureau, Times-Dispatch, No. 1113 Hull Street. Manchester's Christmas was quiet. Large congregations attended the services at the various churches, and the music was exceptionally enjoyable and reasonable. This was particularly true of the Episcopal and Catholic churches and at Bainbridge Street Baptist and Central Methodist.

There were many family reunions Christmas day and yesterday. Arrests were few and disorderly gatherings were hard to find. All business was suspended yesterday, and the day was spent in calling and merry-making.

Doctor's Statement.

William Ferguson is a moulder at the Tredgar Iron Works; Charles Ferguson is an engineer, and out of employment since last August. All are members of Patrick Henry Council, No. 12, J. O. U. A. M., and therefore will receive the very best attention at the expense of the hospital, as well as a handsome weekly cash benefit.

Dr. B. L. Reams, of No. 612 Graham Street, who attended the injured men, was seen last night. He made the following statement: "The condition of Charles Ferguson fairly good to-night. I do not think his injuries will necessarily prove fatal."

William Ferguson has a very ugly wound in his left thigh, and a portion of his index finger is blown off of his left hand. His next two fingers on that hand are also badly wounded.

Thomas Ferguson is not as seriously injured as the other two. He was burned in the face and hand by powder. I consider that it was a most wonderful chance that all three were not killed."

LETTER TO SITTINGER, CARNEAL & DAVIS CO., RICHMOND, VA.

Dear Sir: Do you want to sell Devos lead-and-ally for your town and country? The whole doctrine of it turns on these three points: (1) It is all paint and true paint; (2) It is the strongest paint; (3) It is full measure. Because it is all paint, true paint, proportioned for strength and full-measure, (1) It takes least for a job; (2) Looks best all the time; (3) Lasts longest; (4) Gathers the trade and holds customers.

There is no such argument for any other paint; there is no other such paint; there is nothing but talk for any other paint. Devos is the paint, if you want the facts on your side.

Plain Talks With Housekeepers

Where is the economy in buying a loaf of bread at 6c a loaf, when with Dunlop Patent Flour you can make a delicious bread for 2 1/2c a loaf?

Dunlop Patent Flour will make a more bread, whiter bread than any other flour.

The awful consequences are plainly apparent. Charles Ferguson, who was standing in front of the muzzle was struck by the iron ramrod, receiving a severe cut in the under muscles of his left arm and a painful cut four inches long in his left breast, besides fearful lacerations. The iron ramrod was driven into the left side of the arm, been one half inch more to the left, the iron ramrod would have been driven straight through his heart, and death would have come like a flash of deadly lightning.

TOY CANNON NEARLY DEATH OF THREE MEN

(Continued from First Page.)

William Ferguson, who was directly behind the cannon, had the first finger of his left hand cut off, and the next two fingers split open, while his left thigh was painfully lacerated, and a silver quarter which was in his trousers pocket, was driven deep in his leg and bent out of shape.

William was knocked down and badly bruised. Thirteen panes of glass were broken out of the windows of the room, and a heavy flower stand was wrecked into kindling wood, while the floor pots and plants were knocked into shapeless heaps. So great and unusual was the explosion that the whole neighborhood was alarmed and rushed to the Ferguson domicile. Miss Ferguson, Mr. Gathright, Mr. Saunders, Mr. Peyton Taylor, Mr. Wesley Taylor, Mr. Heck and Mr. Seal all came to the relief of the wounded and dispatched messengers for Drs. Williams and Reams, who were on the spot within ten minutes after the accident, and who dressed the wounds of the fearfully suffering men.
