Powers, of Chickahominy, who has been quite sick for the past week, is improving. Mrs. L. A. Sneed spent Saturday with her sister, Mrs. C. A. Bowles, of Erin Shades, Va.

PURE BLOOD INSURES A CLEAR SKIN

When Eczema, Acne, Tetter, Pimples or other skin diseases make their appearance it is a sure sign that the blood is impure, with humors and burning acids. These being forced through the pores and glands burn and blister the skin, producing the eruptions which are usually accompanied with intense itching, and are disfiguring and humiliating.

Years ago my blood was bad, an evidence by the eruptions on different parts of the body, and other symptoms, so I concluded to try S. S. S., knowing it to be highly spoken of for curing a number of bottles—do not remember how just how much—my blood was thoroughly purified and enriched and I was relieved of all eruptions and manifestations of impure blood. I believe S. S. S. to be an excellent blood medicine and would do well to use it. They will find it a perfect cure as it proved to be in my case.

While external treatment relieves temporarily it does not reach the real cause of the disease, because it does not go into the blood. S. S. S., a perfect blood purifier, neutralizes these acids and humors, and by strengthening and toning up the Liver, Kidneys and Bowels, the natural channels of bodily waste, disposes of them instead of allowing them to be forced to the surface through the skin. S. S. S. is the greatest of all tonics for building up the entire system, increasing the appetite and helping the digestion. S. S. S. cures all skin diseases promptly and permanently, leaving the skin soft and smooth. Only by keeping the blood pure can we hope to have a clear skin. Book on Skin Diseases and any medical advice you may wish free of charge.
