Above are the official figures, exclusive of the counties of Alexandria and Norfolk. The Democratic State Committee met at Murphy's Hotel last night, canvassed the returns from the recent primary; disposed of the contests from Petersburg, Amherst county and the Nineteenth Senatorial district; commenced the hearing of the Norfolk county case and at 11:20 o'clock adjourned until 10 o'clock this morning.

At times the session was quite stormy, but final action on all the questions determined seemed to give pretty general satisfaction. The work was facilitated by the appointment of a sub-committee to compile the returns, and while this committee was laboring in another room, the main body was wrestling over contests. The first matter that came up was a contest over the members of the City Committee from the Second Ward of Petersburg. After some discussion, this was dismissed.

The senatorial contest resulted in a victory for Mr. Strode. The committee decided that it had only appellate jurisdiction to try the case, and ordered it back to the Local Committee for original action. In an impassioned speech, which created tremendous applause, Senator Barksdale, who was counsel for Senator Massie, withdrew the contest, declaring that his client did not wish to keep up a struggle in the party, and that he would loyally support Mr. Strode.

In the contest for the Nineteenth Amherst County seat it was decided that there had been no election, and the committee was ordered to meet at Amherst courthouse, September 18th, at noon, and organize without the use of proxies.

In the official returns given above the vote of Norfolk county and Alexandria county is not included. The former is county is not included. The former is county is not included. The former is county is not included.

On the same basis, Senator Martin's majority was 9,713. Mr. Swanson has a lead of 1,564 over both his competitors and a plurality of 21,109 over Judge Mann, who is next highest. Judge Mann leads Captain Willard by 828 votes, with the two counties named to hear from. The star run was made by Mr. Ellyson for Lieutenant-Governor, he having defeated Mr. Cabell by 41,294. Maj. Anderson's majority is 18,056, and that of Mr. Eggleston, for Superintendent of Public Instruction, 33,035.

GEORGIA QUARANTINES.

State Board of Health to Put Inspectors On All Trains.

(By Associated Press.)
ATLANTA, GA., September 7.—Georgia's State Board of Health late this afternoon issued a proclamation quarantining the entire State against all yellow fever infected points. The quarantine will become effective as soon as inspectors can be placed on trains entering the State, and the order is likely to be in full operation to-morrow. Certificates showing that the person entering the State has not been in infected territory within the preceding ten days will be accepted. It is not likely that this quarantine will be strenuously enforced for a day or two, and those who have started before the action of the board can be made generally known are not likely to be seriously inconvenienced.

BERLIN, September 7, 5:12 P. Numerous cholera inspection stations have been established in and near the infected territory. To-day Berlin was placarded with scarlet posters, signed by the president of police, exhorting householders to see that their garbage is promptly removed and their premises kept clean, as cholera exists in West Prussia, and communication with the infected districts cannot be cut off.

AN UNWELCOME BIRD.

MINIMUM PRICE IS ELEVEN CENTS

This is Finally Fixed by South-
ern Cotton Association for
Incoming Crop.

THE CONSERVATIVES WIN Committee Has Long Sessions Before An Agreement is Reached—Summary.

(By Associated Press.)

ASHEVILLE, N. C., September 7.—The Southern Cotton Association, in convention at Kenilworth Inn to-night, established a minimum price of eleven cents for the incoming cotton crop. This action was reached after a four-hour struggle in the minimum price committee's room this afternoon, and a joint secret conference of the committee and the general committee to-night. It was a contest in which growers, spinners, manufacturers and brokers were involved, and one in which the combined influence of all these elements was brought into play in and out of the meetings which preceded to-night's work.

After the announcement of the estimate of the crop yield of 1905 and 1906 the fight narrowed down to two factions, one holding out for 10 1/2 cents and the other for 11 cents, notwithstanding the fact that an out element clamored for 12 cents. Some of the growers this afternoon were inclined to the opinion that the unexpectedly short yields crop report would have a tendency to push the minimum to 12 cents, but it was known that the predictions were not to be fulfilled when the price committee emerged from its caucus at 5:46 to-night.

"We have labored like a mountain and brought forth a mouse," said one of the perspiring committeemen to the Associated Press representative to-night. "The conservative element wins."

No Revision.

It developed during the course of the evening that there would be no revision of the constitution of the association by reason of the fact that due notice had not been given. President Jordan appointed Hickey of Texas; Maxwell, of Louisiana; Brown of North Carolina; Love, of Arkansas; and W. Erwin, of Tennessee, to service on the finance committee. The association, before adjourning, decided to accept the invitation of the citizens of Waynesville to visit that city Saturday.

An interesting feature with which to-morrow's morning session of the convention will deal is the suspension of the Vice-President Peters, of Texas, who, although suspended by President Jordan with the telegraphic approval of a majority of the committee, two months ago for his alleged defense of the Agricultural Department at the time of the recent exposures of the leakage in the bureau of statistics, still holds on to his title. If not the office, Mr. Peters declares that he is still in office, although the executive committee does not recognize his claim. The deposed vice-president declares that he made no defense of the cotton speculators, but simply espoused

MAN AND WIFE ARE BOTH INSANE

Remarkable Case in Chicago,
Where a Couple Are Sent to
An Asylum.

LIVED IN LONELY LAND

They Had No Neighbors, and
Their First Born Turned
Out to Be Dumb.

(By Associated Press.)

CHICAGO, ILL., September 7.—Simultaneously to-day, in court at the detention hospital here, Joseph Holdobler and his wife, whose home was on a farm near Wakefield, Neb., were declared insane. The man and wife, who appear to have arrived in Chicago a few days ago, were wandering, demented, with their two children, when discovered by the police.

An instance of husband and wife being declared insane on the same day and in the same court was declared by County Physician H. I. Davis to be extraordinary. He said apparently the woman first became possessed of delusions, and these counteracted on her husband, whose mind gradually became afflicted with a similar aberration. Their life on a lonely farm, said the doctor, probably contributed to the result.

The Holdoblers told a story that the wife was a daughter of an English princess. "I was taken to Munich, Germany, when five years old, and shortly afterward she was murdered because she was an heiress to \$1,500,000," the woman said in court. "That money is still in England, and I am the rightful heir to it."

The Holdoblers lived on an isolated bit of farm land in a barren tract. The nearest neighbor was miles away, "a couple were almost entirely dependent upon each other's society to break the monotony of the drabbing days. When their first child was born, great hope was based by the parents on the future companionship of the youngster. A year passed, and the baby had not learned to talk. Shortly afterward it was found that the child was dumb. From one shock of the discovery the lonely parents seem never to have fully rallied, even after the birth of a second child, now a lively boy of eighteen months."

Schooner Goes Ashore.

ATLANTIC CITY, N. J., September 7.—The three-masted schooner Edith and May, bound from Fernandina for New York, went ashore early to-day at Corson's inlet. The vessel was in a bad way, and is commanded by Captain H. W. Burch and carries a crew of five men. The schooner was floated this afternoon, and apparently undamaged, proceeded to New York.

TOO MUCH RAKE OFF DECLARED BEER MAN

Sensational Allegations in the
South Carolina Dispensary
Investigation.

(By Associated Press.)

SUMMER, S. C., Sept. 7.—Sensations were the rule to-day at the dispensary investigation hearing. Blanking, the beer dispenser here, told the committee that he had informed the representative of a certain Kentucky distiller that he would like to order export beer through him, but the representative told him that he could not sell beer in the State as the board of directors wanted too much "rake off." He said that they demanded about one dollar a barrel, or 74 a car-load. E. Smith, former dispenser at Maysville, testified that the representative of a certain brand of beer in 1900 told him that the dispensers should push that brand as his people would put out \$5,000 to support I. J. Williams, should he run for Governor. A Spartanburg witness, formerly a representative of a newspaper during the week of the buying from the various liquor drummers. The board adjourned the present sitting to-night.

BAKU, CAUCASIA, September 7, 6 P. M.—The situation here to-night shows no signs of amelioration. It could hardly be worse. The terror-stricken inhabitants are fleeing from the city, knowing that the garrison is utterly inadequate to protect them, and although the worst scenes of fire and massacre have not yet occurred in Baku itself, none dare think how far the excesses may proceed. The principal fighting is not in Baku itself, but in Balakhan, where hundreds have been shot by the infantry and artillery, and where one thousand were killed or wounded during a desperate attack on the military camp and provision depots. The troops sustained few casualties. A large number of workmen barricaded themselves in the Balakhan Hospital. The soldiers began the attack with rifle fire and then stormed the hospital and completed their work with the bayonet.

The entire oil and commercial quarters of Balakhan, Sabunto and Nounal have been wiped out by fire, and the inhabitants remaining behind were massacred and thrown into the flames. Bibleot continues to burn and is threatened with the same fate as Balakhan. The consulates, banks and administration buildings in Baku are guarded by troops. A heavy rain has been proclaimed in the city. Nobody is allowed on the streets after 8 o'clock at night, and inhabitants of houses are held strictly responsible for shots fired from their premises. The Situation Viewed in St.
Petersburg With the Greatest
Alarm—Troops in Danger.

(By Associated Press.)

ST. PETERSBURG, Sept. 7, 7:30 P. M.—Though the dispatch from Tiflis and current in St. Petersburg say the oil works and tanks at Baku have been entirely consumed and the town practically wiped out, according to a dispatch to the Nobel Company from Baku this is an error and the loss, though enormous, is not complete. This dispatch stated that the firing in the town had ceased and that the incendiarian has been checked.

The fate of the tanks and works, which are not yet on fire, depends on the wind, which is blowing a hurricane. Unless it changes and sweeps the fire back on the unaffected districts, there is hope of saving some of the properties. The sensor of the dispatch was unable to give details.

JEROME'S NAME WITHDRAWN AS MAYORALTY CANDIDATE

NEW YORK, September 7.—At a meeting to-night of the reports of the various local political organizations opposed to Tammany Hall, R. F. W. Cutting, chairman of the Citizens' Union, formally withdrew the name of District Attorney William J. Jerome as mayoralty candidate of the union. The committee charged with the work of selecting a suitable fusion candidate was granted further time to consider the matter, and an early adjournment was taken.

HE SHOT HIMSELF IN A CEMETERY

Former Treasurer of Norfolk In-
flicts Wound That Causes
Death.

(Special to The Times-Dispatch.)

NORFOLK, VA., September 7.—Walter W. Hunter, capitalist and former treasurer of Norfolk for twelve years, shot himself in the mouth in Elmwood Cemetery this afternoon, and died at St. Vincent's hospital, to-night.

He was found an hour afterward and sent to the hospital. He was conscious, but too weak for an operation. The bullet came out the top of his head.

Mr. Hunter was 68 years of age, and has long complained of ill health. His wife was Miss Grandy, the sister of the wealthy banker, C. Wiley Grandy, and he has a son and daughter both grown. The only explanation of the shooting is Mr. Hunter's ill health. He was well educated, cultivated and of excellent character.

Harriman Party Stoned.

(By Associated Press.)
TOKIO, September 5.—Delayed in transmission.—The Harriman party had an exciting experience last night while attending and returning from a dinner given by Baron Sone, Minister of Finance. Dr. W. G. Lyle and J. C. McKnight were caught in a crowd on their way to the dinner and were stoned. Dr. Lyle being struck by a missile and slightly hurt. After the dinner was over a detachment of soldiers escorted the party to the legation. A crowd stopped R. P. Schwerin, vice-president of the Pacific Mail Steamship Company, and assaulted his runners, but they did not touch the Schwerin. A crowd menacing a neighboring police kiosk, filled the space in front of the American legation, and hooted and jeered the soldiers escorting the Harriman party, who, with fixed bayonets, charged the crowd, cleared the street, and guarded the legation throughout the night.

The dinner planned for to-night in honor of the Harriman party will not take place, owing to the disturbed conditions in the city.

HOME OF MINISTER IS SET ON FIRE

Gates Battered Down After a
Prolonged Struggle With
the Police.

(By Associated Press.)
TOKIO, Tuesday, September 5, 7:00 P. M.—Serious rioting followed the home of Premier Katsura and Baron Komura, foreign minister, who is now in the United States, but the police succeeded in preventing injury to the occupants or damage to the property.

The attack on the minister's residence was intensely dramatic. Throughout the day a series of demonstrations occurred in the neighborhood of the building, and late in the afternoon the mob attacked the house, swept the police away, and battered down the gates. The police and servants resisted stoutly, but the mob surged forward and entered the house. One of the mob leaders, carrying an arsenal of burning straw, gained the rear of the structure and succeeded in setting it on fire. The police reserves charged to prevent serious rioting and shooting, but the mob rolled from several quarters and stoned the firemen when they arrived.

The members of the minister's household were rescued and escorted to the Imperial Hotel. When darkness came the flames from the burning building illuminated a menacing scene, the mob hooting and throwing stones at the police and firemen, and the police repeatedly clearing the streets.

Another demonstration is planned for September 8th, and it is believed that the strongest measures will be necessary to prevent serious rioting and shooting. A member of the mob which burned the home minister's residence said to the correspondent of the Associated Press:

"We burned the house for the purpose of attracting the attention of the Emperor. We want him to refuse to ratify the treaty. We believe that those surrounding him prevent him from correctly understanding the popular attitude toward the disgraceful, humiliating peace."
