AUCTION SALES, Future Days

Public Auction Sale of A Grand Manufacturing Site River Front, Railroad and Water Power Convenient

250 feet front on James River, with depth of 176 to the C. and O. Railroad.

Thursday, May 19, 1906, 5:30 P. M.

This desirable manufacturing site begins about 587 feet west of the Tredegar Works and runs westward to the Albemarle Paper Mills and is bounded on the north by the C. and O. Railroad. This exceptionally desirable Manufacturing Water-Power FOR SALE. There being few or no unimproved water sites in the city limits commends this locality as an investment. Having a waterfall of 41 feet from the Canal, which is used exclusively for furnishing water-power to factories, etc., this, together with Railroad Switch at the very door, a graded street for hauling to the several depots on level grade, which are distant as follows: C. & O. and R. & A., 4,000 feet; R. F. & P. and N. & W., 3,500 feet; R. & D., 6,000 feet; City Hall and Post-office, 5,000 feet. This property is not subject to over-flow.

It is probable that arrangements for water-power can be made with the C. and O. Railroad Company, and, as one cubic foot of water at this point will develop about four horse-power (about three times the usual amount), it is evident that this lot has great value for manufacturing sites. Plat at auctioneer's office. Terms: One-fourth cash; balance 1, 2 and 3 years, 6 per cent interest, secured by trust deed.
