The University of Richmond.
The Religious Herald of current issue contains an able and instructive article on the character and work of Richmond College. It explains that while the college is the property of Virginia Baptists, it was never meant to be used as a denominational propaganda and never has been so used; that the distinctive doctrines of the Baptist Church are not taught there; that there is no theological school or course of study in connection with the college; that no religious tests of any kind are now, or have ever been, made for membership in either the Board of Trustees or the faculty; that the college is for all the people, without regard to Episcopalians, Presbyterians, Disciples, Lutherans, Methodists, Catholics and Jews have studied within its walls and have won its honors; that it numbers among its alumni distinguished and useful men of every religious communion, as well as those who have no church association.

Growth of the Primary.
The recent action of the Democratic State Committee of Kentucky, in ordering a general primary for the nomination of candidates for United States Senator, State officers and Congressmen, is a hopeful sign for popular rights and brings into line another Southern State for one of the most important election reforms of the present age.

Dispensary Humbuggery.
The advocates of the South Carolina dispensary are in the habit of telling the people of the great sum of money the system pays into the educational fund of the State.

Barton Heights Celebration.
The longest day of the year was made memorable in the history of Barton Heights by laying the cornerstone of a High School building to cost \$34,000. The event marks an epoch, and it is most that it should have been celebrated with impressive ceremony.

Hearst's Advice.
The labor movement should dissociate itself from partisan politics, and then labor people should regard themselves not so much as Democrats or Republicans, but as labor men, and use their strength and their great influence to elect to Congress candidates favorable to them.

A Call to Democracy.
The following letter from Mr. Eugene C. Massee is so timely and patriotic that The Times-Dispatch gives it special prominence, in the hope that it may arouse and recall to reason those Democrats who seem to have been swept away from their moorings by the tide of socialism which is flowing so strong across the country.

This section is composed of the counties of Beaufort, Berkeley, Charleston, Clarendon, Colleton, Dorchester, Georgetown, Hampton, Horry and Williamsburg, and it is hoped that every one of these counties will be represented in the convention.

(Special to The Times-Dispatch.) ALEXANDRIA, VA., June 21.—James Scanlon, a young white man, was arrested at Alexandria and given a hearing before Police Justice Harry B. Caton on the charge of entering the house of Mrs. Mary Travers for the purpose of committing a felony. Edith Travers, the sixteen-year-old daughter of Mrs. Travers, testified that she was awakened about 2 o'clock this morning by Scanlon taking hold of her as she was asleep in bed. She grabbed her assailant by the throat and called to her mother for assistance. Her cries brought both her mother and father to her help and they all tried to hold the man until the neighbors could be aroused, but he succeeded in breaking away and leaped from a rear window. He was pursued, but managed to escape in the darkness. He was captured a few hours later by the police. When asked if he wanted to make any statement when his case was called in the Police Court this morning, he replied that he had nothing to say. Justice Caton accordingly held him to await the action of the grand jury on the charge of entering the house with the purpose of committing a felony.

Hurricane Branch's bloodhounds, which returned from the scene this evening, were largely the cause of the terror. In one case when the Italians demanded money the woman of the house, Mrs. Austin, became so excited she threw her baby out of the window and ran for her husband. When he arrived the burglars had secured their booty and gone. A special guard of twenty-five citizens was appointed to defend the town, which has about 1,200 population. The situation was quieter to-night.
