

# TO CONTROL CROPS AND THEIR PRICES

Speaker Urges Farmers of State to Organize and Co-operate With One Another.

## MEETING HELD IN STAUNTON

Senator Thomas Makes Speech and Arouses Enthusiasm—Attendance Very Good.

(Special to The Times-Dispatch.)

STAUNTON, Va., July 25.—The Virginia State Union, American Society of Equity, convened to-day at noon in the Bodley Auditorium, with a good attendance on the part of the farmers of Augusta county. Few members were present from other counties, as they had not yet arrived in the city. A large band of music from all parts of the State is expected to be on hand before the final session of the society on Friday evening.

President, Mr. James R. Kemper, called the meeting to order and the Rev. H. P. Hamill, of the Methodist Church, invoked divine blessing upon the various sessions of the union.

### Powerful Address.

The afternoon session convened at 2 o'clock with a large attendance of interested farmers of Augusta and other counties of the State and was presided over by President J. R. Kemper. The first feature of the meeting was an excellent address on the objects of the society by the Hon. C. Hayes Taylor, of Indianapolis, Ind. The discourse was full of logic and excellent reasoning. Mr. Taylor stated the prime object of the society to be "to obtain profitable prices for all the products of the farm, orchard and garden," and this he discussed intelligently, thoughtfully and persuasively. In endeavoring to show how to find the shortest cut to prosperity on the farms, the speaker stated that it is possible for the farmers to organize, to co-operate with one another, and to control their own products and their prices to great advantage. He further argued that if the tillers of the soil are organized thoroughly and are systematic and business-like, there is no reason why all their crops should not bring profitable prices, nor is there any reason why they will not bring better prices if they are organized in a better way than they are at present.

He said that all the State and county institutions for the good of the farmer should pay more attention to the business side of prosperity and exercise more care in the selection of the products and their prices to great advantage. He further argued that if the tillers of the soil are organized thoroughly and are systematic and business-like, there is no reason why all their crops should not bring profitable prices, nor is there any reason why they will not bring better prices if they are organized in a better way than they are at present.

### Senator Thomas Speaks.

The second speaker of the evening was Hon. A. F. Thomas, of Lynchburg, whose remarks were confined to the reasons why Virginia farmers should be members of the American Society of Equity. The audience was enthusiastic in appreciation and in the distribution of benefits, with the thoughtfulness and logic of the speaker. He argued that every man on earth is entitled to everything in the world that he produces, and that the Society of Equity better enables the farmer to put himself in a position to demand his desert in the distribution of benefits. To-night the union was entertained with a concert at Cypsy Hill Park.

# ST. VITUS' DANCE

A Child of Ten Years Cured by Dr. Williams' Pink Pills.

Children are doubtless punished many times at school for not keeping still or for dropping things when the trouble is really chronic, or St. Vitus' dance, as it is popularly called.

Often the patient loses flesh and becomes pale and bloodless. A remedy that cures St. Vitus' dance, and cures it so that the child has no further trouble, is Dr. Williams' Pink Pills. A recent cure is that of Georgia, the ten-year-old daughter of Mrs. D. M. Beam, of Conemaugh, Pa. Mrs. Beam says:

"When Georgia started to school last year she had stomach trouble, and after that her mind began to wobble. She would shake all over, and could not be still. After a few months her mind became affected. She was under the care of two doctors for almost four months. When she had been sick for about seven months we heard of a cure like Georgia's that had been cured by Dr. Williams' Pink Pills. It was in the latter part of February that she commenced to take the pills, and they made the greatest change in her. They not only cured every trace of the St. Vitus' dance, but helped her in every way. She never was very stout until after she took the pills, but now she has gained in weight. She goes to school every day, and is well and happy."

Dr. Williams' Pink Pills build up the blood to carry health and strength to every part of the body. They have cured every case of weakness, indigestion, scaldic, neuritis, nervousness, spinal weakness and the special ailments of girls and women whose blood supply becomes weak, scanty or irregular. They are sold by all druggists, or will be sent by mail, postpaid, on receipt of price, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

# EXCITING CHASE FOR RUNAWAY CAR

Heavily-Loaded Car Rolls Down from Shops and Dashes Along Street.

ENGINE HASTENED IN PURSUIT

Brakeman Leaped to the Runaway and Applied Brakes Just in Time.

(Special to The Times-Dispatch.)

PETERSBURG, Va., July 25.—An exciting railroad car chase occurred on the Atlantic Coast Line tracks here to-day, when a big lumber-laden flat car rolled down from the Mount Airy shops, and, with rapidly increasing speed, dashed along the Washington Street track, barely missing a team at the Market Street crossing. As it reached the beginning of the steep down grade from Jefferson Street to the Union Station.

As the pursuing engine came up with its whistle, the brakeman leaped to the flat car, and, immediately applying the brakes, stopped the runaway at the most dangerous point of its flight—the top of the heavily graded curve to the lower depot.

### THIRD ELECTION.

Leesburg Has Difficult Time With Water-Works Problem.

(Special to The Times-Dispatch.)

LEESBURG, Va., July 25.—The Council of Leesburg has petitioned Judge E. S. Turner, of the Circuit Court, for another election to authorize the issuance of bonds for a system of water-works. The date for the election has not been determined. This will be the third election for this purpose. The first was declared illegal by Judge C. E. Mitchell. The last was carried by a large majority, and the bonds were sold to the brokerage firm of N. W. Harris and Company, of New York City, subject to approval of their counsel. Upon advice of their counsel, they refused to accept the bonds, because of some technical objection. To avoid this, the Council has decided to hold another election.

Council for the brokers state that, in their opinion, the election was not held on the date prescribed by statute.

### Portsmouth Man Shot.

(Special to The Times-Dispatch.)

NORFOLK, Va., July 25.—Edward Crismond was shot in Portsmouth this morning by James Williams. Bad blood has been existing between the two men. Williams, when on his way to work, saw Crismond approaching, and, drawing his knife in his hand, he drew his revolver and shot twice. One shot took effect under Crismond's right shoulder-blade. Crismond was not dangerously wounded.

Williams said that Crismond had made several threats to attack him, and for this reason he had used his pistol. Crismond has served a term in prison for arson.

### GIRL ASSAULTED BY MARRIED MAN

Lured Into Woods and Abused on Pretext of Finding Her Mother.

(Special to The Times-Dispatch.)

GAITHERSBURG, Va., July 25.—Charles Ferrell, a white married man, twenty-five years old, was placed in jail here at 2 o'clock this morning, charged with assault on Rebecca J. Thomas, a young woman nineteen years old and partially paralyzed. The crime was committed at Duffield, eighteen miles west of here, Sunday afternoon. The preliminary trial yesterday afternoon developed that the young woman was in search of her mother, and was lured into the woods by the man, who carried her into the woods, where he assaulted her. The crime was not divulged for several days, the girl being cared for by citizens.

The preliminary hearing ended last night, and aroused such intense feelings that the grand jury returned a bill of indictment against the man, who was carried here to jail to prevent lynching.

The girl is in a critical condition. She was reared in Lee county, and has a good reputation.

Her case, one of the most vigorous prosecutions here, has been retained by citizens to prosecute Ferrell.

# HE WANTED TO GET AWAY FROM WOMAN

Married Man, Separated from His Wife, Believed to Have Drowned Himself.

## HEARD A WOMAN SCREAM

When Morning Came Letters Found Telling of Rash Act Contemplated.

(Special to The Times-Dispatch.)

NORFOLK, Va., July 25.—H. S. B. Seymour, committed suicide. He said that he was going to drown himself, and he had no night, or this morning at 2 o'clock, he wrote a note for help from the middle of the Elizabeth River where he boarded the ferry steamer Superior and the tug Germania. The tug and ferry responded to the cries, but could find no one in the water. Maybe it was too late. Both vessels returned to foreshore.

Chief of Police Boush received a letter from Seymour, who disappeared from his home, No. 423 East Main Street, last night. He told the Chief that he was going to drown himself. The letter was brief. It follows:

"Chief of Police, Norfolk, Va., July 25, 1906.

"Dear Sir:—You will find my body in the water; took my life to get out of the way of a woman."

"S. B. SEYMOUR."

Detectives on the Case.

Seymour also left letters addressed to his wife and sisters, and to Mrs. Paylor, his landlady.

Besides his wife, he leaves several children, one of them being a boy of nineteen years.

Chief Boush put several detectives out to work on Seymour's case to-day, but Seymour has not been found, dead or alive.

He is a man about forty years of age, and was formerly a watchman for the Norfolk and Western Railway. He boarded with Mrs. Paylor's boarding house. With them was an open-face gold watch and a pocketbook containing two dollars in cash. Seymour owed Mrs. Paylor a small board bill, and in the note to her he declared that she could take the cash he left and sell his watch to make up the remainder.

The note to the chief of police, the man's wife, with whom he has not been living, and his sister, were sealed in self-addressed envelopes, all three being stamped. Mrs. Paylor immediately posted them. Mrs. Paylor, after posting the letters, went to see Chief Boush and told him what she knew of the case.

Heard a Woman Scream.

It is thought by the police that the cries that came from the Elizabeth last night may have come from Seymour and perhaps a woman.

An official report to Chief of Police Boush to-day concerning last night's incident in the river is to the effect that J. J. S. Douglas, chief engineer of the tug Germania, heard at 2 A. M. a woman scream, and then heard a man cry for help. Two parties appeared to be in a small boat in the middle of the river with a light in the boat.

W. H. Ellis, assistant engineer of the Germania, and George Johnson, a colored deck-hand, report to the police having seen and heard the man and woman as reported by Chief Engineer Douglas. The ferry steamer Superior, Captain John Owens, when the cries were reported by a deck-hand, immediately lowered a life boat and made a search for the people heard to cry and scream, but no trace of them could be found.

Old Dominion tug Germania also made an unsuccessful effort to find the parties in the river.

The police have no report to-day of any one missing, except the case of Seymour.

# GEORGIA THE LAST TO FALL IN LINE

Appropriation Bill for Jamestown Exposition Has Passed the House.

(Special to The Times-Dispatch.)

NORFOLK, Va., July 25.—Georgia is the latest State to fall in line with an appropriation for the Jamestown Exposition. The following telegram from Commissioner John Whitehead was received to-day at the exposition headquarters: "House in committee of the whole has passed a bill appropriating \$30,000, to be used for the building and expenses. The exhibit already prepared will be used for the building and expenses. Articles of agreement entered into between the Jamestown Exposition Board and the Treasury, on behalf of the United States, closing the exposition sale on Sunday, have been forwarded to the Treasury Department with the signature of O. T. Shippen, secretary, and the seal of the Exposition Company. This agreement was approved by the Board of Governors of the exposition on May 23, last and was one of the provisions in the Sunday bill before the House. The money appropriated by Congress for purposes should be available for exposition work."

Mr. Sheppard has received a letter from Mr. J. H. Edwards, Assistant Secretary of the Treasury, asking him to have the agreement properly executed by the Jamestown Exposition officials, and forwarded to the department at Washington.

### ATTEMPTS TO END LIFE.

Woman from Richmond Drinks Concentrated Lye.

(Special to The Times-Dispatch.)

PORTSMOUTH, Va., July 25.—Bessie Ellis, who was sentenced to serve six months in the city jail a few days ago for larceny, drank a goodly quantity of concentrated lye this afternoon, and is in a dangerous condition, although every effort is being made to save her life. She took the lye with the intention of sending her soul speeding out from within the walls where it was doomed to remain until after the new year at least, when Mayor Reed pronounced her sentence. Before making the attempt at self-destruction, Bessie grasped an enough courage to write the following note, in which she disclosed some miscellaneous love affair: "If I die in here, please telegraph my grandma at once. She lives at No. 55 North Thirteenth Street, Richmond, Va. If she writes me, please let her know I am dead. He is on board United States ship General Abbot."

# NEW SCHOOL FOR RANDOLPH-MACON

## PEOPLE WILL RAISE \$50,000

Chancellor Smith, Ready to Accept Proposition, Leaves to Consult With Citizens.

(Special to The Times-Dispatch.)

LYNCHBURG, Va., July 25.—Considerable pressure has been brought to bear upon Chancellor Smith of the Randolph-Macon system of colleges and academies, by the people of Northern Virginia to build another academy in that section. The matter was brought before the board of trustees last June by a special committee from Culpeper, and it was referred to Chancellor Smith for consideration. His time has been so fully occupied this summer on account of the extensive improvements being made to the Woman's College here that the serious consideration of the subject has been postponed.

Mr. C. Rixey, of Culpeper, well known in banking circles, and as a brother of Congressman Rixey, is now urging Chancellor Smith to take immediate action. The time, the circumstances and the territory are all in his favor. He has decided to accept the proposition made by the Culpeper citizens. He left here to-day for Culpeper to meet the citizens there, and it is understood that the enterprise is positively assured. Twenty acres of land and campus has been offered, and an initial fund of \$15,000 has been pledged.

Will Raise \$50,000.

Dr. Smith stated to-day that he would not be willing to undertake the work unless a sum of at least \$50,000 is fixed, with which to build and equip such a school. It is understood that this amount will positively be raised. The school is to be for girls, and will be correlated with the Randolph-Macon system of educational institutions. It is to be known as "Randolph-Macon Institute," and will be preparatory to the Woman's College here, which has had such marked success.

A handsome contribution was made to the cause.

In answer to the question that the picnic feature of the occasion was in honor of Rev. J. W. Elder, a former beloved pastor of the church, and who is visiting in the congregation.

To-day, at Charlotte Courthouse, a county convention of the league was held. Rev. W. A. Cooper, of Richmond, and local talent made addresses. County officers of the league were elected.

### TO CONSOLIDATE CITIES.

League in Norfolk Wants Portsmouth Also in Greater Town.

(Special to The Times-Dispatch.)

NORFOLK, Va., July 25.—The Two Hundred Thousand League, of Norfolk, is going to make a mighty effort to have Norfolk and Portsmouth consolidated. Even now plans are being made for an active campaign with that object in view. The league was organized for the purpose of making here a city with a population of 200,000 by 1910, and consolidation of the two cities is deemed the best way toward the attainment of this object.

Mr. R. A. Walbridge, president of the league, when asked to-day if it were so that the league would make an effort to bring about consolidation, replied:

"Yes, we will."

Anticipating opposition to consolidation in Norfolk, the league will devote its energies to working up the consolidation sentiment in Portsmouth, and those now favorable to the proposition in that city will be asked to lend their assistance to the undertaking. The Portsmouth Consolidation Committee will also be asked to work in conjunction with the league.

### GETS SIX MONTHS IN JAIL FOR KILLING MAN

(Special to The Times-Dispatch.)

APOMATTOX, Va., July 25.—The trial of Chester F. Sears for the killing of John Harvey, of the Portsmouth Consolidation League, was concluded to-day. The jury fixed the prisoner's punishment at six months in the county jail. The courthouse has been crowded with the friends of those connected with the unfortunate affair since Monday night, April 23, last, when Sears shot and killed the man who was in the process of being taken to the hospital. The case has in substance been printed before.

The speeches by the lawyers consumed the entire day, and were of a high order. The able attorney for the Commonwealth was from Charlotte county. Mr. Thomas W. Wafford, a brilliant young lawyer from Amherst, Mr. A. E. Strode, conducted the prosecution, and Congressman Flood very eloquently defended the prisoner. No case in recent years has attracted so much public attention.

Boy Falls from Boat and Sailor of Grandfather's Fleet Punges After Him and His Father.

(Special to The Times-Dispatch.)

BAR HARBOR, ME., July 25.—The arrival of the cruiser division of the North Atlantic Squadron on Tuesday evening resulted in a fatal accident that had its origin in a rescue. As the two cruisers swung into their anchorages behind the island the crew of the Cleveland saw a child fall from a row-boat some twelve hundred feet away, and the man who was rowing fell into the water after him. A launch and cutter from the Cleveland immediately put out to the rescue, as did another launch in which were Franklin S. Ridgely, of St. Louis, and W. H. Moses, of Washington, who were staying at the Louisville.

The launch from the Cleveland reached the scene first, but the man and child, who were struggling in the water, A sailor, A. A. Eckdahl, of the Cleveland, leaped from the launch and held up the man and child until aid reached them from Mr. Ridgely's launch. Then it was learned that the man was Harold Bowell, of Boston, son-in-law of Rear Admiral Rowley D. Evans, and the child the grandson of the rear admiral, a sturdy lad of two years.
