FAT-BOY ORCHESTRA HAS MUSICAL SKIN

Fiveview, Maine, August 19. THOUSANDS of persons in attendance at the country fair here were present at a concert given by "the human music box," fourteen-year-old Ralph Bond, who is able to produce music through the pores of his skin by regulating the amount of air he takes in when breathing and working his muscles.

BRIDEGROOM SQ FAT HE LIVES OUTDOORS

Galveston, Tex., August 19. IN A tent near the bathhouse on the beach here Reuben Swallowall and his bride of a week are spending their honeymoon.

FAT GIRL IN POND IMPERILS BAPTISTS

Doolittle, Iowa, August 19. THREE persons had a narrow escape from drowning in a pond during a baptism here because Miss Ida Tuttle, one of those immersed, was so fat that when she entered the water it rose above the heads of the minister and a young man who was engaged to marry Miss Tuttle and who was to be baptized with her.

FAT MINER SHEDS HIS SKIN ANNUALLY

Phillipsburg, Mont., August 19. "THE HUMAN SNAKE" is what John H. Price, superintendent of the Gold Reef mine, is called, because he sheds his skin once a year.

Obese Bridegroom, Who Can't Get Into a House, Portly Girl Who Nearly Causes Tragedy at Baptism and Breaks Her Fiance's Lap Are Other Curious Fat Folk.

IT TAKES A DERRICK TO MOVE THIS BIG MAN

Denver, August 19. BECAUSE David Trandler fell on the trolley tracks while crossing a street here the line was blocked more than half an hour. The reason David fell was that he was so fat that he wouldn't get off.

A Noble Sentiment

"Baby Bruce did not want to make the race for Congress this time. Recent business and legal connections made it against his personal interests to run, but when the appeal was made to him by the people in the Virginia Legislature, he yielded and indicated in a forceful speech of acceptance that having gone in harness he intended to make the effort of his life, and to make it a success."

Where the Battle Is

It is beyond the mountains, however, over in the Fifth and Ninth Districts, where the only fights are, and it is in this prosperous section that the battle will rage furiously from this time until the ballots are counted in November. It is believed that Judge Saunders will prove an easy winner in the Fifth, though he will have to fight, which he may be relied upon to do from the very "jump go."

An Old Historic Place

DURHAM, N. C., August 19.—D. Turner has purchased of A. W. Graham a house and lot in Hillsboro, around which much historical interest centers. The property was first owned by Isaac Edwards, private secretary to Governor Tryon, and a long time occupied by him as a residence. It was then transferred by deed to General Frank Nash, who sold it to William Hooper, one of the signers of the Declaration of Independence. Mr. Hooper resided there for many years. The last owner, Judge A. W. Graham, came into possession by virtue of a bequest in the will of his father, the Hon. William A. Graham, at one time Governor of North Carolina and Secretary of the Navy under President Fillmore.

Great Fight on Tobacco Brand. Judge Pritchard Refuses to Remand Case to the United States Court.

(Special to The Times-Dispatch.) SANTIAGO, Chile, August 19.—Judge Pritchard of the United States Circuit Court, yesterday decided that the case of the Blackwell's Durham Tobacco Company, of North Carolina, against the Blackwell's Durham Tobacco Company, of New Jersey, the American Tobacco Company, C. W. Tamm, W. W. Powers and D. W. Andrews, is still within the jurisdiction of the Superior Court of Durham county, N. C. Judge Pritchard held that the case had not been moved to the United States Court, and, therefore, he will make an order to remand or retain the case, but simply strike it off of the docket, where it had been improperly placed.

No Removal Order. The order of the Judge was based on the fact that the order for a removal of the case from the State Court had never been presented to the judge of that court; but instead the affidavits and motion to remand had been presented to the clerk of the United States Court. He accordingly ordered the New Jersey Corporation and the American Tobacco Company to pay the costs of the proceedings. The matter is in controversy in this important case amounts to a value of many million dollars—the right to use the trademark "Blackwell's Durham." Many years ago a man named Blackwell manufactured a brand of smoking tobacco known as "Blackwell's Durham," which achieved a high reputation among smokers. This factory was absorbed by the American Tobacco Company, which continued to manufacture "Blackwell's Durham," and the sale of this brand of tobacco is now enormous.

Will Have Home at Exposition. Virginia T. P. A. Asks Permission to Erect House on the Grounds.

(Special by Southern Bell Telephone.) NORFOLK, Va., August 19.—If the plans of the Virginia Division of the Travelers' Protective Association are carried out, the traveling salesmen from all over the country will have a home at the Jamestown Exposition. The Virginia Division has asked the board of governors of the exposition to allow them to erect a building on the exposition grounds for the reception of the members of the order who will visit the exposition next year.

The division now owns two lots at the corner of Powhatan Avenue and Dale Street, where it is proposed to erect the building. It is probable that the board of governors will act favorably on the request. The site is just south of the Mount building, and affords a splendid view of the water. It is in close proximity to the Virginia, Pennsylvania and Maryland buildings, and on the line of the intra-marine railroad. The building will be of colonial type, constructed of shingles. It will contain a main hall, or assembly room, forty by sixty feet, and two additional rooms fifteen by twenty feet each.

Architects are now at work on the plans, which will be completed as soon as possible. It is thought that 30,000 members of the Travelers' Protective Association will be in attendance at the annual convention of the order, to be held at the exposition next year.

Albert L. Rountree, (By Associated Press.) NEW YORK, August 19.—Albert L. Rountree, of the Rountree brokerage firm of R. H. Rountree & Company, and for thirty years a member of the New York Cattle Exchange, died today in his home in Brooklyn. Mr. Rountree was a native of North Carolina, and his body will be taken to that State for interment. Mr. Rountree was fifty-four years of age. He had been in delicate health for some time.

MRS. ASTOR ILL. Will Not Visit Virginia at This Time, but Returns to England.

It is reported that Mrs. Waldorf Astor, formerly Miss Nanette Langhorne, of Alton, N. Y., who has been in England, has been visiting her father, Mr. Cheswick D. Langhorne, at Fiesboro, and will visit Virginia before returning to England. Mrs. Astor has never been in America, and has never been able to attend any of the many

rumors planned in her honor. Mr. and Mrs. Astor will sail for England on September 1st, accompanied by Miss Nora Langhorne, and will go straight to Alton, the famous country seat, given to his son by Mr. William Waldorf Astor as a wedding present.

Death Accidental. The verdict of the coroner's jury, which met at 11 o'clock yesterday morning over the body of Gregory T. Astor, the young fellow who was killed at the Locomotive Works Saturday, was that he died from injuries accidentally received by being crushed between the couplers of two freight cars. County Coroner Deas held no post-mortem examination, as he considered it unnecessary.

HUMAN MUSIC BOX, OR FAT BOY ORCHESTRA, PROBLEM FOR SCIENTISTS

FAT-BOY ORCHESTRA HAS MUSICAL SKIN. Fiveview, Maine, August 19. THOUSANDS of persons in attendance at the country fair here were present at a concert given by "the human music box," fourteen-year-old Ralph Bond, who is able to produce music through the pores of his skin by regulating the amount of air he takes in when breathing and working his muscles.

The lad weighs 150 pounds. At birth he weighed 19 pounds. His ability to produce music through his skin is supposed to be due to his great weight, the layers of fat forming the sound producers. From the day of his birth Ralph could cause music to come through his skin, but during his babyhood harmony was absent. As he cultivated his gift and gained musical knowledge, he was able to control the sounds, until, at present, he can give a concert that sounds like a full orchestra.

His right and left legs sound like first and second violins, the skin of his chest is the bass viol; from his feet is produced the music of clarionets and flutes; his right arm sounds like a cornet, and the left is the harp of the orchestra.

The boy has not been able to produce the sound of drums, so his employers arrange to assist him when giving a concert.

Obese Bridegroom, Who Can't Get Into a House, Portly Girl Who Nearly Causes Tragedy at Baptism and Breaks Her Fiance's Lap Are Other Curious Fat Folk.

BRIDEGROOM SQ FAT HE LIVES OUTDOORS. Galveston, Tex., August 19. IN A tent near the bathhouse on the beach here Reuben Swallowall and his bride of a week are spending their honeymoon.

It is not because they have not the price to enjoy hotel accommodations that they are living in the tent, for Swallowall is one of the wealthiest farmers of the San Antonio country, but because the bridegroom is so fat that he cannot enter the doors of hotels. Reuben tips the scales at 415 1/2 pounds.

The pair were married in the open air, because Reuben could not push his bulk through the door of the church. They could not travel in a Pullman car for the same reason, so the trip to Galveston was made in a specially furnished freight car.

When the husband goes bathing in the Gulf there is a perceptible rise of the tide. A fisherman mistook him for a whale and tried to harpoon him.

Mrs. Swallowall weighs only 120 pounds.

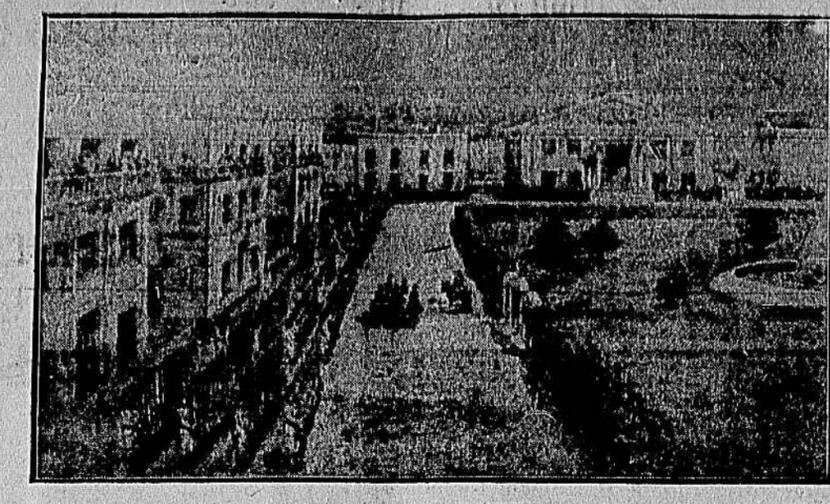

FAT GIRL IN POND IMPERILS BAPTISTS. Doolittle, Iowa, August 19. THREE persons had a narrow escape from drowning in a pond during a baptism here because Miss Ida Tuttle, one of those immersed, was so fat that when she entered the water it rose above the heads of the minister and a young man who was engaged to marry Miss Tuttle and who was to be baptized with her.

At first the water reached only to the waists of the minister and the young man convert. But the moment Miss Tuttle stepped into the pond the water surged up and engulfed all three. They were carried off their feet, but, after a struggle, were helped out.

Later in the day the young man was taken to a hospital with a broken leg. He reported that Miss Tuttle sat down suddenly on his lap and he felt the bone snap.

Miss Tuttle keeps her weight a secret, but she looks as though it might be 225 pounds.

PUBLIC SQUARE IN VALPARAISO

CAPITAL CITY IS BADLY DAMAGED

Eight Known to Be Dead and Many Others Believed to Have Been Buried Under Falling Buildings—People in Panic.

(By Associated Press.) SANTIAGO, Chile, August 19.—It is known that at least eight lives were lost in this city by the earthquake, but it is believed many persons were killed by the falling buildings and that their bodies will be discovered later. Several persons became so panic-stricken during the tremblings of the earth that they threw themselves from the balconies of their homes and were killed. The fires which followed the earthquake in this city were promptly extinguished, but while they lasted they added greatly to the terror of the people.

The scenes at the hospitals and prisons during the excitement were distressing in the extreme. The prisoners tried to escape from the jails in the hope that they might reach a place of safety, and prison guards were obliged to fire into the air in order to intimidate and quiet their panic-stricken charges.

There have been several return shocks during the excitement. These shocks have served to continue the state of public alarm, and a state of panic still prevails. The astronomical observatory, however, has given out a statement that it does not appear to be possible that there will be repetition of the severe shocks.

Last night many persons slept in the tramway cars, in carriages and in the open air in the public squares and streets. The government has taken steps to restore order. An inspection of all houses left standing has been ordered, and directions have been issued for the distribution of relief supplies to those in need.

A troop of cavalry has been sent to re-establish communication with Valparaiso. The alarming news first received by the government from Valparaiso as to the situation in that city has not been confirmed, but it is known that numerous buildings in the vicinity of the port were destroyed, and that there have been several fires in the Almondral quarter.

The mayor of Valparaiso sent word that he did not know the number of killed or injured, but believed that they were numerous. Firemen left Santiago for Valparaiso yesterday to aid in extinguishing the fires there. The customs house in Valparaiso is reported to be burning. Several travelers who have just arrived here from Valparaiso say that reports of the situation in that city were exaggerated. An employee of the telegraph service sent word from Salto, near Valparaiso, confirming the news of the serious fires in the Almondral quarter.

This employee also sent news that the Spanish-Italian Bank building, of Valparaiso, was destroyed by the earthquake. A traveler, who came here by express train, tells that when the train was near Las Vegas, about half-way between Valparaiso and Santiago, the cars were shaken violently and the engine nearly left the track. A stop was made and the terrified passengers alighted. Later they proceeded to Llal-Llal, which they found in almost total ruins.

All lines of railway to the north and the line to Talca were greatly damaged. In the city of Santiago a majority of the victims of the disaster were residents of the poorer sections of the city, where many small houses were thrown to the ground. Several deaths from nervous excitement and heart disease are reported.

CLUBS MUST HAVE REVENUE LICENSE. Important Decision Rendered by Department at Washington After Thorough Inquiry.

(By Associated Press.) COLUMBIA, S. C., August 19.—Social clubs of Columbia, and, in fact, throughout South Carolina, will have to take out a retail revenue license if alcoholic liquors are kept in the lockers. For the past two weeks a representative of the internal revenue department from Washington has been in Columbia, and has investigated the law and the facts thoroughly. Finally it has been decided by the department at Washington that the clubs must pay the tax, and accordingly the officers of a number of them in this State have been notified. The others will be notified as soon as they can be reached. There is nothing criminal or anything that would involve an indictment in the decision served on the clubs, although the decision is of interest.

The department has made a test of the matter in the courts and in other States the same rule will apply where conditions are the same.

When the decision was rendered, an opinion was asked for in regard to clubs that are chartered or incorporated, and it was decided that they were also liable for this tax under the above paragraph.

When the department investigated the laws of South Carolina, it was decided that all clubs, where alcoholic were dispensed were liable for the tax, which is \$25. An agent of the department was sent here and the officers of the clubs have been informed that they must take out this tax, which will be done at once.

China contemplates adopting the system of trial by jury. It will be interesting to see what the simple logic of the Oriental mind does with expert testimony.—Washington Star.

THE WEATHER

Forecast: Virginia and North Carolina—Partly cloudy Monday and Tuesday with showers in the mountain districts; light south winds.

A MAD DOG SCARE VISITS RADFORD

A Little Girl and Several Men Bitten by the Afflicted Animals. DOCTORS SAY GENUINE CASE

Dogs Have Been Barred from the Streets and Several Have Been Shot.

(Special to The Times-Dispatch.) RADFORD, Va., August 19.—Radford has banished the dog from the streets for sixty days on penalty of death. This measure was brought about by the death of several canines from hydrophobia recently. Several persons have been bitten by dogs supposed to be rabid, and considerable excitement has prevailed on several occasions.

Some weeks ago a dog owned by Mr. Harry Coleman, supposedly mad, bit the little daughter of Mr. Andrew Smith, a Little Rock girl, and a little darkey. The wounds, which were slight, were immediately cauterized, and no bad effects have resulted yet. A number of other dogs bitten by the Coleman dog died, however, with symptoms which pointed to hydrophobia. One of these, a fine setter, owned by Mr. O. T. Beamer, was examined by a veterinary surgeon from Radford, who was summoned by the animal's master in hopes of saving his life. He pronounced it a genuine case of hydrophobia.

The second mad-dog scare occurred a few days ago, when Grace French, the little daughter of Mr. and Mrs. J. E. French, and Mr. McLemore, of East Radford, were bitten by a dog belonging to Mrs. Hugh C. Preston, which had been absent from home for several days, and which violently attacked the little girl, and immediately after the attack, without provocation. They were both neighbors of Mrs. Preston, and the child and the dog were good friends, but when she approached him he sprang upon her and buried his fangs in her arm, and afterwards biting her on the neck. The wounds were not serious, however, and were very thoroughly cauterized, so that the parents of the little girl feel no great alarm. Mr. McLemore, however, started at once for Richmond, for treatment.

The Preston dog was shot by the Mayor and Sergeant, who responded to the alarm, and since the edict of the City Council barring dogs from the street a half-dozen more have been shot.

An Old Historic Place. (Special to The Times-Dispatch.) DURHAM, N. C., August 19.—D. Turner has purchased of A. W. Graham a house and lot in Hillsboro, around which much historical interest centers. The property was first owned by Isaac Edwards, private secretary to Governor Tryon, and a long time occupied by him as a residence.
