Ellington Not to Run.
Ex-Sheriff Ellington, of Johnston county, was here tonight for the Y. M. C. A. banquet at the A. & M. Coliseum, and stated positively to friends that he would not be in the race against present State Treasurer B. R. Lacy for the nomination in the next Democratic primary.

The opinion is being expressed here that the "third term" doctrine will not cut much figure when it comes to the nomination. But, nevertheless, while this lot lasts 99c we'll sell them, not over 5 to a single customer, at

S.S.S. CHRONIC ULCERS

Chronic Ulcers are the result of a deeply polluted and foul blood supply. The blood is filled with impurities and germs which are being constantly fed into the place through the circulation, until all the surrounding flesh becomes diseased and the sore an obstinate and permanent trouble. Every symptom of an old ulcer suggests pollution; the discharge, the red, angry looking flesh, the inflammation and discoloration of surrounding parts, all show that the ulcer is prevented from healing by the constant drainage through it of impurities from the blood. This impure condition of the blood may be hereditary, or it may be the remains of some constitutional disease, or the effects of a long spell of sickness, leaving disease germs in the system, or the absorption of the refuse of the body which has not been properly expelled through the natural channels. But whatever the cause, the blood is so weakened and polluted that it does not properly nourish and stimulate the place, and the sore cannot heal. Salves, plasters, lotions, etc., keep the sore or ulcer clean, relieve pain, and perhaps reduce inflammation, but can never permanently heal them because they do not reach the blood. S. S. S. goes down to the very fountain-head of the trouble, drives out all poisons and germs, builds up the weak, sluggish blood, gives energy and strength to the system, and by sending a fresh, healthy stream of blood to the diseased parts, allows the ulcer to heal naturally and permanently. Nothing reaches inherited taints like S. S. S. It cleanses the circulation of every trace of hereditary disease or impurity, and those who have nursed and treated an old sore for years will experience good results as soon as the system becomes influenced by S. S. S. Book on Sores and Ulcers and medical advice free to all who write.
