

PROPERTY-OWNERS IN POLICE COURT

Large Number, Particularly from Halifax Street, Charged With Ordinance Violation.

SAY WATER PRESSURE LOW

This Is One Reason Assigned by Those Before Court—Johnson's Address Pleases.

[Special to The Times-Dispatch.] PETERSBURG, VA., May 17.—A large number of property owners, the majority of whom reside on Upper Halifax Street, were in the Mayor's Court this morning on the charge of failing to comply with the city ordinance requiring them to connect their property with sewers within four months after the completion of the sewer, and imposing a fine of one dollar a day for each day's failure to do so.

Mr. T. F. Kidd, a plumber, who was among those summoned, stated that he was making the required connections as rapidly as possible, but that he considered the ordinance unjust to owners of property on Upper Halifax Street, as even when the high service reservoir was full, the pressure in that locality amounted to only about five pounds, and he thought that the city should furnish a reasonable water pressure before fining citizens for failure to connect their property with sewers.

The Common Council will probably be requested to provide Upper Halifax Street with more water, or else not to enforce the ordinance.

Liked Johnson's Speech

The speech of President L. E. Johnson, of the Norfolk and Western Railway Company, at A. P. Hill Camp Hall last evening, has created a most favorable impression among Petersburg citizens.

His optimistic views regarding the commercial and industrial development of the city are received with special interest and pleasure.

Mr. George S. Bernard went to Richmond this morning to present to the Confederate Museum an interesting Civil War relic, on which he placed a card with the following inscription: "In the summer of 1899 this Springfield rifle was dug up from the site of the covered way leading from a point on the Confederate breastworks near the Jerusalem Plank Road, to Fort Mifflin (Fort Dammon), on the land of the late William E. Gregory, of Prince George county, Va. It was presented by Mr. Gregory to the late John J. Cooke, of that county, and by Mr. Cooke to the undersigned. As its layup is fixed, and its hammer raised, we may fairly believe that it fell loaded, from the hands of some Union or Confederate soldier, killed or wounded as he was about to pull the trigger in the bloody action at or near that fort on the 2d of April, 1865."

For several years it has stood in my office, an object of interest to many. I now turn it over to the Confederate Museum. GEORGE S. BERNARD. Petersburg, Va., May 15, 1907.

Committee Discouraged, Gives Up Idea of Reproducing Crater Fight.

[Special to The Times-Dispatch.] PETERSBURG, VA., May 17.—The committee appointed at a recent public meeting to take charge of the arrangements for the reproduction of the battle of the Crater, July 30th, decided this evening that in view of the fact that the Common Council has refused to make the \$5,000 appropriation requested for that purpose, it would be inadvisable to undertake the big show, one of the main purposes of which was to arouse the interest and secure the aid of the Federal and State governments in the proposed establishment of a national battlefield park of the Civil War battlefields around Petersburg.

[Special to The Times-Dispatch.] ROANOKE, VA., May 17.—Fifty men employed in the Virginia Bridge and Iron Works struck to-day on account of the company discharging six men who refused to work overtime. The company had congestion of cars, and in order to avoid paying the penalty for delay, requested the men to work overtime. They refused, and were discharged. As the men who quit were from different departments of the plant the strike has not interfered with operations. The company will ignore the strikers and fill their places.

Your Tongue is Coated! Watch for Symptoms!

LOOK in your pocket-mirror! Or inside the lid of your watch-case! Fur coat on your tongue? Bad business. What you been eating? What were you drinking? What kind of Lazy Chair did you take exercise in?

Now don't think it doesn't matter! Because, it's your Bowels that talk now, every time you open your Mouth. That doesn't help your Popularity, nor your Earning capacity. Besides, a person with bad Bowels is in a bad way.

Go and take a Ten Mile Walk, for Exercise! Haven't time? Too Lazy? Well, there is another Way. Take Artificial Exercise for your Bowels. That's—CASCARETS.

They rouse the Bowel Muscles, just as Cold Bath freshens Athletic Muscles. Wash them up, Strengthen them so they Contract and Expand the Bowels and Intestines in a healthy, active manner.

That's how these muscles work the Food along, through your thirty feet of Intestines, to its Finish.

That's how they squeeze Gastric Juice into the food, to Digest it.

That's how they make the millions of little Suckers in the Intestines draw the Nutrition out of Food, and transform it into Blood, Brawn, Brain and Bone.

One tablet taken whenever you suspect you need it will insure you against 90 per cent of all other ills likely to attack you.

Cascarets don't purge, don't weaken, don't irritate, nor upset your stomach. 75¢ Ten Cents, at all Druggists. Be very careful to get the genuine, made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "CCC."

UNIVERSITY ANNUAL MORE INTERESTING THAN EVER THIS YEAR. The publication of "Corks and Curis," the University of Virginia annual, is being made by the Secretary of the many Richmond alumni and to members of the society girls here who feel a proprietary interest through their university friends in this sparkling publication. A reviewer of "Corks and Curis" in the current issue of "College Topics" says: "If the annual is excellent, it marks the high-water mark of the endeavor of twenty years, and serves to show what can be accomplished by collaboration, when the devotion of the time and attention to any work. This splendid volume, with its attractive binding, its fine illustrations, its rich wit, its clever articles, forms a delightful contrast with the poor little paper-covered volume that appeared in 1887, and first gave to the world the name of 'Corks and Curis.'"

Mr. Lewis D. Crenshaw, of Richmond, is editor-in-chief, and Mr. Dugald S. Walker, also of this city, is represented in the book by his illustrative work. The book has an attractive cover in blue, a V in orange, carrying out the university colors. The date 1907 and the book title complete the design, one excepts the figure of a student, and the name of the editor.
