

UNIVERSITY OF VIRGINIA ALUMNUS HURT IN AN AUTOMOBILE ACCIDENT

THE WRECKED AUTOMOBILE and SCENE of the ACCIDENT.

WILLIAM B. CATCHINGS.

Accompanied by his two friends, Messrs. Catchings and Woodson, Mr. Tarbell left the Ansonia shortly after 1 o'clock in his forty-horse power Ford automobile to go to Garden City, Long Island, where he had an engagement with his father, George E. Tarbell, formerly second vice-president of the Equitable Life Assurance Society. Both the Tarbells are interested in the Garden City Estates Company, the son since his graduation from Princeton last year having been secretary of the corporation.

At the high speed which nearly all on Sunday. Witnesses declare that at this juncture both the motorman, Charles Byers, of No. 1633 Second Avenue, and Mr. Tarbell increased speed in a desperate effort to avert a collision.

Seeing that he could not cross the track ahead of the trolley car, Mr. Tarbell suddenly swerved his machine south in Third Avenue, but a second later the automobile was struck, going down grade, the trolley car had a tremendous momentum, and it shoved the automobile along the street almost thirty feet in a fraction of a second.

There the machine struck an "L" pillar and wedged in between the trolley, the flying wheels of which were grinding sparks from the rail, and the pillar, it was crushed and broken and twisted, while the three men in it were held fast by the front trucks of the car, which had literally climbed up over them.

Among the passengers on the trolley car who were slightly bruised as a result of the collision were Annie Wheeler, matron of the East Thirtieth Street Police Station; Thomas Peterson, of No. 202 East Thirtieth Street; and Michael Roland, of No. 143 East Thirtieth Street. John White, of No. 150 East Thirtieth Street, who aided in rescuing Mr. Catchings, lost a \$100 diamond ring while working at the wreck.

Jacobs & Levy VIRGINIAN'S TRIP IN NEW ENGLAND

Down-Easters Rival Old Dominion Stock in Their Hospitality.

VIRGINIANS EVER WELCOME

Mr. Harry C. Coles, of Pittsylvania, Talks of Recent Journey.

[Special to The Times-Dispatch.] WASHINGTON, D. C., August 5.—"One of the most enjoyable trips of my life was one I made to New England several winters ago," said Mr. Harry Coles, formerly private secretary to Governor Swanson, but since 1901 a leading official of the Civil Service Commission. He was then connected with the Post-Office Department, looking after the examinations of rural carriers, and he had been assigned to drive through New England in an open sleigh. But I never met a more hospitable people anywhere, and the minute they heard me say a half-dozen words they knew I was from the South by my accent. And a Southerner surely does not need treatment at the hands of rural New England.

HOOE WILL MAKE RACE FOR CONGRESS AGAIN

Loudoun County Man Will Contest With Carlin and Gordon Next Year in the Campaign for the Full Term in House.

[Special to The Times-Dispatch.] WASHINGTON, D. C., August 5.—There are likely to be some pretty lively politics played between now and next year in the Eighth District for the congressional nomination. Mr. Carlin will be a candidate to succeed himself, and Hon. E. Lindsay Gordon is said that he will be in the fight again. James C. Hooe, of Loudoun county said to The Times-Dispatch correspondent to-day that he intends to be in the race again, and that this time he will stay in the fight to the finish.

over his opponent in the primary in Loudoun county July 30th was 58, and not 4, as was stated in the earlier reports. This is about the same majority that Mr. Gordon received in 1902, although there were about 100 less votes cast.

DANVILLE TOBACCO ASSOCIATION MEETS

Colonel Carrington Chosen President—\$6,000,000 Pounds Sold During Year.

[Special to The Times-Dispatch.] DANVILLE, VA., August 5.—The annual meeting of the Danville Tobacco Association was held this afternoon, and the following officers were elected: Colonel A. B. Carrington, president; John S. Mead, vice-president; I. S. Bendall, secretary and treasurer.

A feature of the session was the reading of the annual report by John P. Rison, the retiring president. The report showed that for the year ending July 31st there had been sold on the water-house floors 35,900,000 pounds of leaf tobacco for \$2,253,785.80. During the same period in 1906, 34,954,688 pounds were sold for \$3,297,467.65.

The report does not mean that there has been a decrease in the price of tobacco, but that much of the crop offered this year was in a damaged condition. The following were elected as members of the executive committee: J. E. Coleman, J. N. Wylie, J. W. Guerrant, W. B. Lewis, H. W. Tucker, A. T. Holland and John E. Hughes.

STRENUOUS LIFE IS KILLING MANY MEN OF CHICAGO. CHICAGO, August 5.—The strenuous life in this city of Chicago at a tremendous rate, while the women of the city are increasing their longevity by the simple life, says Health Commissioner Evans in a report. He declares that a few centuries will see Chicago an Adames Eden.

He makes the startling statement that during the seven months of 1907 in Chicago about 12,000 men succumbed as compared with 6,000 women. He says that in the last year the ratio of difference in the death rate between men and women has been thirty against less than ten per cent, twenty years ago. The cause for this is attributed by Commissioner Evans to the strenuous life. Contributory causes are the quick lunch, constant exposure and carelessness.

Lithographers' Strike Ends. NEW YORK, August 5.—The struggle of the Lithographic Artists, Engravers and Designers League with the National Association of Employing Lithographers, which began in August, 1906, has been ended as the result of the abandonment of the fight by the union, according to an announcement made to-day by Richard Kitchell, national president of the Lithographic Artists, Engravers and Designers League.

Mr. Snyder's Majority. MANNBORO, AMELIA COUNTY, VA., August 5.—Mr. J. A. Snyder's majority at the high speed which nearly all on Sunday. Witnesses declare that at this juncture both the motorman, Charles Byers, of No. 1633 Second Avenue, and Mr. Tarbell increased speed in a desperate effort to avert a collision.

Vain Quest of Mr. Richard Mansfield, the Great Actor for Health; Condition Is Desperate

England Disappointing, and Adirondack Cottage Soon to Be Abandoned.

ARE KEEPING IN SECLUSION

AMPERMANS, LAKE SARANAC, N. Y., August 5.—The continued illness of Richard Mansfield, the actor, since his return from Europe has aroused some apprehension as to the effect on his stage career. Mr. Mansfield, accompanied by his wife, his brother, Felix Mansfield; a maid, a valet and a secretary, arrived here by special train from Montreal last Sunday night, and is occupying a cottage, where Mr. Mansfield has his meals served. He refuses absolutely to see any one, but his brother, Felix Mansfield, speaking for him, said: "Mr. Mansfield, as is well known, suffered a severe nervous breakdown, without doubt, to overlook. He had taken practically no vacation for several years. The voyage to England in the latter part of 1906 rather upset him. He rested quietly at his country place in Sussex for nearly two months, living the quiet life of a country gentleman, but the weather was foggy, cold and rainy, and it was thought best to return to this country. He decided to come to the Adirondacks for a rest of a week or two, while his summer residence at New London, Conn., is being put in readiness for his occupancy. Mr. Mansfield has been advised to take a complete rest and to free his mind entirely from business cares and professional matters. Will See No One. "He sees nobody but the members of his family. He is convalescing slowly, but satisfactorily, and we believe it is just a question of time when he shall resume his old-time strength and vigor. Asked as to his brother's plans for the future, Mr. Mansfield continued: "If he has any plans for the future he is keeping them to himself. Personally, I think he has but one plan, and that is to regain his health at the earliest possible time." At the time when Felix Mansfield was giving this hopeful view of his brother's condition, he was endeavoring to summon physicians from Montreal and other places to examine his brother. It is known that Mr. Mansfield passed several bad nights, followed by some improvement. There is good reason to believe that his condition is more serious than his family are willing to admit. Dr. Newton, of this city, was called in, and on Thursday visited the patient. Neither physician, however, would discuss the case.

STATE ENJOINED BY FEDERAL COURT

Arkansas Official Restrained from Obeying "Outlaw Statute" of the State.

ST. PAUL, MINN., August 5.—Judge Van de Venter, in the United States Circuit Court, to-day issued a temporary restraining order, prohibiting the Secretary of State of Arkansas from forfeiting the right of the Chicago, Rock Island and Pacific Railroad to do business in that State. The complaint herein was presented to the court by Attorney Hicks, of Little Rock.

EVANS IN COMMAND OF POWERFUL FLEET

That Which This Government Will Send to the Pacific Never Exceeded.

[Special to The Times-Dispatch.] WASHINGTON, D. C., August 5.—When Rear-Admiral Robley D. Evans, who is a Virginian by birth, sails to the Pacific with the big fleet of battleships, it will be the most powerful fighting aggregation ever gathered together under one naval officer. It will be a fleet having a greater displacement, a greater complement of men and more gun-power than any one officer has ever commanded.

The administration has the utmost confidence in Evans. He has been delegated to handle some delicate situations, but he is accredited with never having made a blunder from the time Cleveland sent him to Valparaiso with the gunboat Yankton. The Chillans were rather obstreperous in their protestations against his taking on board the American refugees, and in face of the fact that England was ready to make common cause with Chili, he politely told them that if they did not attend to their own business he would bombard the town. And from that day to this Evans has been adding to his reputation of ability to show the gloves of the mailed fist, as the occasion demands.

RANCH IS INTACT.

Not One Indian or Cowboy Has Been Sent to 101 Ranch.

[Special to The Times-Dispatch.] JAMESTOWN EXPOSITION GROUNDS, August 5.—Charles W. Rex, general manager, and Joseph Miller, one of the owners of the 101 Ranch Wild West, are authority for the statement that there has not been sent from the 101 Ranch establishment to the Jamestown Exposition to Brighton Beach a single cowboy, Indian or other performer. The show retains every head of horse, buffalo, steer and all other live stock originally brought to the Jamestown Exposition from Bliss, Okla. The show from the 101 Ranch, now at Brighton Beach, is a separate and distinct enterprise. One of the Miller brothers, of Oklahoma, has a proprietary interest in the Brighton Beach show, hence the use of the names, Miller and 101 Ranch. The stock was supplied from the Miller ranch, which is large enough to equip a dozen Wild West shows, being the largest cattle ranch in the world.

S.S.S. PURIFIES THE BLOOD

Bad blood is responsible for most of the ailments of mankind. When from any cause this vital fluid becomes infected with impurities, humors or poisons, disease in some form is sure to follow. Eczema, Acne, Tetter, Boils, Pimples, etc., while they show on the skin, have an underlying cause which is far deeper—an impure, humor-infected blood supply, and until this is corrected, and the blood purified, the distressing itching and burning symptoms will remain. Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Blood Poison and all other blood disorders, are the result of a vitiated, polluted circulation, and will continue to grow worse unless the poison is removed from the blood. In all blood and skin diseases S. S. S. has proved itself a perfect remedy. It goes down into the circulation and removes all waste matter, humors or poisons, and makes the blood pure and health-sustaining. Nothing reaches inherited taints and old chronic troubles like S. S. S.; it cures because it purifies the blood and restores lost properties to the impoverished circulation. Not only is S. S. S. a blood purifier of the highest order, but a tonic and appetizer without an equal. Book on the blood and any medical advice desired sent free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.
