Two hundred and thirty-five new members were initiated during the same period.

Age—nine years.

[Special to The Times-Dispatch.] NORFOLK, Va., August 31.—Members of the Fraternal Order of Eagles, hundreds of them, but merely the advanced guard, are flocking to the great convention to be called to order here next week in the city tonight.

There are enough of them here to make a decided impression even on the Exposition crowds. Hotel lobbies are full of them.

Every body has yet realized that this will be by far the biggest convention in point of numbers that has ever assembled in Norfolk, or perhaps in the South.

The convention will bring not less than 20,000 or more than 30,000 Eagles and their friends here. Great flocks of the "birds" are now soaring this way.

Most of those now here have come early to work on the firing line for favorite candidates for the grand officers.

The following State delegates are now on their way here, according to advices received by the press committee of the Eagles: Missouri, headed by Kansas City Aerie, No. 47, with its marching club and band of sixty-five pieces, 500 strong; Colorado, with the Zephyr Band and Drum Corps, 300 strong; Massachusetts, 600 strong; Wisconsin, 500 strong; Washington, 150 strong; Connecticut, 300; New York, 1,000, and delegations of unknown size from Michigan, Minnesota, Montana, Idaho and Pennsylvania, and delegations from New York, Wisconsin and Connecticut are due to arrive to-morrow. The others, and many not mentioned, will arrive Monday and Tuesday.

California will be here with a big delegation to honor Theodore A. Bell for grand worthy president.

Grand Worthy President Krause. The advancement of Grand Worthy President Edward Krause is one of interest; his personality has won for him the admiration of every member of the order, and he has the proud distinction of being the only Eagle to step by step from the lowest office in the Grand Aerie to the highest honor in its gift.

Theodore A. Bell, grand worthy vice-president and candidate for the office of grand worthy president and whose election is a foregone conclusion, is an example of California's best manhood. His work in the Fraternal Order of Eagles was recognized by the endorsement he received at the hands of his brother Eagles at the State Aerie meeting. He has been elected to Grand Worthy President and is honored to a high office in fraternal organization.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, which is healthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsical deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. Sallie E. Cole, living at 318 North Twenty-first Street, Richmond, Va., says: "I can speak very highly of Doan's Kidney Pills, and know them to be a reliable kidney remedy. Both my husband and myself used them, and the results were very satisfactory. I suffered for some time with pains in my back and kidney regions, at times so acute as to prevent me from attending to my household duties. My kidneys were much too frequent in action, and during the night I had to arise many times on this account. My husband, who was also suffering from a severe case of kidney complaint, procured a box of Doan's Kidney Pills, and they cured us both of the kidney trouble. I am glad to give Doan's Kidney Pills my hearty recommendation."

For sale by all dealers. Price 50 cents. Posters, Milburn, C. B. B. Co., N. Y., sole agents for the United States. Remember, the name—Doan's—and take no other.

SIXTEEN BIG SHIPS FROM OFF OLD POINT

Fleet Which Has Been Outside Practicing Taking on Ammunition and Provisions.

NORFOLK, Va., August 31.—This morning the ordinance tug Alice, attached to the Navy-Yard here, was busily engaged in taking ammunition to the big fleet of "sixteen battleships" now anchored in Hampton Roads, having passed in the Virginia Capes yesterday afternoon.

The fleet has been outside the Capes at target practice, and is now taking on stores and provisions.

ALL HAIL PE-RU-NA. A Case of STOMACH CATARRH.

Miss Mary O'Brien, 306 Myrtle Ave. Brooklyn, N. Y., writes: "Peruna cured me in five weeks of catarrh of the stomach, after suffering for four years and doctoring without effect. In common with other grateful ones who have been benefited by your discovery, I say, 'All hail to Peruna.'"

Mr. H. J. Henneman, Oakland, Neb., writes: "I waited before writing to you about my sickness, catarrh of the stomach, which I had over a year ago. "There were people who told me it would not stay cured, but I am sure that I am cured. For I do not feel any more ill effects, have a good appetite and am getting fat. So I am, and will say to all, I am cured for good. "I thank you for your kindness. "Peruna will be our house medicine hereafter."

Peruna is a medicine which is also known in common parlance as dyspepsia, gastritis and indigestion. No medicine will be of any permanent benefit except it removes the catarrhal condition.

Gained Strength and Flesh. Miss Julia Butler, R. F. 4, Appleton, Wis., writes: "I had a catarrh of the stomach, causing loss of sleep and appetite, with frequent severe pains after eating. She took Peruna, her appetite returned, she gained strength, flesh and perfect health."

MONUMENT TO THE YARBROUGH BROTHERS

Brave Alabama Boys Who Died on Virginia Soil Defending Their Country.

Mr. Henry P. Yarbrough, of Montgomery, Ala., and an old Confederate veteran of the Seventeenth Alabama Regiment, is in Richmond, supervising the erection of a handsome monument in memory of his brothers, John Carnegie and James Charles Yarbrough. This shaft is of granite and white marble, located in Oakwood Cemetery. It was designed by Captain A. J. Wray, of Richmond, who was a member of Pickett's Division. The monument bears the following inscription:

In loving memory of our brothers, John Carnegie and James Charles Yarbrough, who in the battle of Corinth, Miss., he died May 17, 1862, and was buried near Saldillo, Miss. His grave is unknown. Also twenty-four "James is buried here after passing through the Seven Days' Battle around Richmond, fighting with his regiment (Fourth Georgia Volunteers), he died, July 26, 1862, aged twenty-two years."

Where the sunbeams never shine; Where mingle the mists of the mountain flood. "With the dew of the dismal pine." In speaking of his soldier brothers Yarbrough, he has much stress upon their beautiful Christian lives before and after they entered the army. He tells of letters the boys wrote home from camp, all of which breathed the spirit of patriotism to country and loyalty to the God of all countries.

JAMESTOWN EXPOSITION GROUNDS, August 31.—Next week at the Jamestown Bicentennial Exposition promises to be one of the most notable in its history. The ball will begin rolling on Monday morning with the celebration of Labor Day. Each day, it is predicted, will be a big one, and the attendance promises to be the largest which has yet witnessed one of the largest athletic carnivals ever held in the State.

Labor Day Celebration. Monday, it is expected, will be the biggest day of the week. With a general holiday throughout the country on account of Labor Day, and the celebration of it at the exposition, the turnstiles should record an unusual number of admissions. With William Hayden Hearst, former president of the presidency of the United States and the champion of labor unions, and Samuel Gompers, president of the American Federation of Labor, to deliver addresses, it is believed that organized labor and its friends will bend every effort to make the occasion a memorable one.

President Tucker, of the exposition, will welcome the visitors and will introduce Samuel Gompers, who will respond to the address of welcome. After a selection by the band, Mr. Hearst will deliver his address. The celebration will close in the Auditorium with the "Star Spangled Banner" by the band. Luncheon will then be served to the committees and invited guests, and at 3 o'clock an athletic carnival will be held on the athletic field. At 5 o'clock a letter will be given by the concessionaries on the Warpath, and it is said that this will eclipse any former event of this kind ever given at the exposition. The day will close with a magnificent display of fireworks on Lee Parade.

Visit of the Eagles. The feature of Tuesday will be the visit of the Eagles, the dress parade and the Twenty-third Infantry and the Flying Banavards, on the Warpath. Many members of the Fraternal Order of Eagles are already in the city and will add materially to the attendance at the exposition. Wednesday has been set aside for the celebration of Kansas Day, and a splendid program has been arranged for that occasion. The international yacht and motorboat races will also begin Wednesday. Many of the yachts and motorboats are already put in their appearance and are being cared for at the Hampton Roads Yacht Club, on Willoughby Spit. Others will follow in the next few days, and some of the fastest and the styles of boats will be seen in the races. Another event that will add interest to the program of Wednesday is the basketball game to be played on Athletic Field at 3:30 o'clock in the afternoon. Thursday the Fraternal Order of Eagles will celebrate Eagles' Day, and the visitors from the Granite State will celebrate New Hampshire Day. Many thousands of Eagles are expected to take part in the celebration of Eagles' Day, and New Hampshire promises to send a large delegation to help to make her State day a notable one. Governor Charles M. Floyd and his staff and the New Hampshire commissioners will be here, and thousands of others from the State are looked for.

KILLED ON THE RAIL; FLAGMAN RUN OVER

Friends Suspect Foul Play, but Facts Do Not Sustain the Suspicion.

The mangled remains of a man were found on the main line of the Southern Railway between Belle Isle and Granite, near the Belt Line Bridge, at an early hour yesterday morning. The body was recognized as that of James A. Satterwhite, an employee of the road, which left here about 3 o'clock Friday night, and the trains being somewhat out of time he was sent out to display a red flag. He did not return to his train and his body was found on the track in a terribly mangled condition. The body was brought to Richmond and turned over to an undertaker, and yesterday was conveyed to Milford, the old home of the unfortunate flagman, where it was buried yesterday afternoon. The supposition is that Satterwhite was run over and killed by a train on the road, but some of his friends suspect foul play. They say he was known to have had some money and a watch on his person, neither of which were to be found when the mangled body was taken up. They argue from this that the man was murdered and robbed while he was out and alone on the road, and that he was killed by a train. The body was found on the track in a terribly mangled condition.
