YEARS OF SUFFERING, THEN ROBUST HEALTH.

Great Remedy Cured Skin Disease of Long Standing. Mr. J. Weber, of 1085 Vine Street, San Jose, Cal., writes an interesting story of a terrible skin sufferer in a rubber sheet, which he found a remedy, which cured him like magic. Here is Mr. Weber's story: "In July, 1906, my face began to be affected with a terrible skin disease. I went to a doctor and he told me that I was poisoned and he wanted to operate on me. I refused to let him do so, and after a few months my face felt awful. You could see that it was diseased to the bone. Some people claimed that I had cancer. Great boils would appear, increasing in size and pain, and my face would swell. I tried again, but no one could help me; large pimples and boils would continue to come. At last, one day I had an idea. I had to do something. During this time I tried over 500 remedies. "One day I happened to hear of D. D. D. Prescription, and learned that it had cured several bad cases of Eczema. I purchased a bottle, and then I got a letter from the use of five bottles cured me. It has been eight months now, and the disease has not returned. By the way, what was that cure? It was the D. D. D. which cured me. I know that every word of the above letter is absolutely true. We keep D. D. D. Prescription, the great remedy for eczema, psoriasis, and all skin diseases, etc. because all the cures it has made appear in the papers. Come in and talk to us about the remedy.
