

To Our Out-of-Town Patrons.

If there's something you want, and you don't see it advertised here, don't think we haven't it. We've everything that goes to make a modern store. We can't advertise every line, so we've just mentioned a few. When you want anything worth while, don't spend time uselessly, but write direct to THALHIMER'S.

Jaunty Styles in Tailored Garments.

"Exclusiveness" is written in big, bold letters on every Suit, Coat, Jacket or Skirt that forms a part of this ideal assemblage.

When these new fall wearables were first sought we ransacked the show-rooms of New York's representative tailoring establishment. We were careful indeed in the choosing of these garments, and it required keen eyes to keep our selections up to the usual Thalhimers average.

To enjoy the real pleasure of knowing that you are correctly attired is but to wear garments with the Thalhimers label inside.

These superb creations cost no more than the "sweatshop conceptions," so for goodness sake (if for no other reason) wear a Thalhimers Garment next time.

Winter styles are quite ready.
