

ARE WORKING FOR WELDON'S GROWTH

Chamber of Commerce Has Banquet, Bringing Together Leading Business Men.

(Special to The Times-Dispatch.) WELDON, N. C., April 25.—The Chamber of Commerce banquet in the armory of the Weldon Light Infantry Friday night, was one of the most successful events of the kind ever given here, and nearly 100 people were present.

Among the out-of-town guests were E. Pharrmar, district superintendent Richmond division Atlantic Coast Line; W. B. Darrow, superintendent of transportation, first division; Captain W. H. Newell, superintendent first division, Atlantic Coast Line, with headquarters at Rocky Mount; ex-Governor C. B. Aycock, F. C. Toepfman, general manager Henderson Telephone Company; Albion Dunn, of Scotland Neck; S. G. Worth, superintendent Fish Commission for North Carolina; Hon. John H. Kerr, solicitor second district.

Telegram were read from Judge J. M. Mullin and Messrs. St. George Bryan, Fred Olds, George B. Gettrill, Judge T. W. Mason, C. B. Ryan, T. M. Emerson, John Skelton, W. Williams, State Treasurer Lucy, Dr. B. F. Dixon, E. C. Beddingfield, Franklin McNeal, H. C. Brown, W. A. Garrett, and a characteristic letter from Polk Miller, all expressing regret at not being able to be present and sending greetings of best wishes for its success and a "greater Weldon."

Major T. L. Emery, president of the Chamber of Commerce, acted as toastmaster. After a blessing by Rev. Dr. H. A. Willis, the banquet began (with oysters on the half shell), and was served in seven courses, ending with coffee and cigars.

Toasts and Responses were as follows: "The New Weldon," Colonel W. H. S. Burgwyn.

"Halifax County—Her Past is Glorious, What Does the Future Hold?" Dr. J. H. Smith, Rev. W. B. Daniel, "Our Sister County Warren," Hon. John H. Kerr.

"Carolina, Carolina, Heaven's Blessings Attend Her," Ex-Governor C. B. Aycock.

"The Atlantic Coast Line," Superintendent W. H. Newell.

"Here's to the Land of the Long-Leaf Pine," President W. L. Potent, of Wake Forest, being absent, represented by Mr. Albion Dunn, of Scotland Neck.

"The Roses Nowhere Bloom So White as in Virginia." In the absence of Polk Miller, who could have held the beautiful story, this toast had no sponsor, consequently it was accepted as true by all without argument.

The ladies of Weldon, headed by Mrs. I. Wilkins, who was chairman, served the elegant banquet, and they were given a vote of thanks for the delightful service.

Mr. R. H. Latham, secretary of the Weldon Chamber of Commerce, is the leading spirit in the work for a greater Weldon. He came here from Virginia. He even departed from the usual custom of Virginians who make their home in North Carolina and took a Virginia bride instead of a North Carolina girl, but Mrs. Latham, formerly Miss Brown, of Charlottesville, Va., can easily forgive him that.

It was pleasant to note that the railroad men who spoke all recognized the importance of a fraternal spirit between the corporations and the people, and each and all pledged their best efforts in the building up of a new Weldon.

Deaths in Mathews. (Special to The Times-Dispatch.) PORT HAYWOOD, VA., April 25.—Mr. John Brooks, a veteran of the Mexican War, died suddenly on Monday at his home in this neighborhood. He had reached an advanced age and was most highly esteemed in his native county, where his death is much regretted.

Miss Mary E. Huggins died after a lingering illness at the home of her sister, in York county. Mr. Tom Huggins, her brother, and her sister, Mrs. Charles H. Huggins, left Friday morning.

How Syracuse Woman Took Her Wrinkles Out in Three Nights

AFTER MASSAGE AND BEAUTY SPECIALISTS HAD FAILED

"Made Me Look Twenty Years Younger"

Says Cincinnati Lady Who Tried It—"Now Fast, Fortify, but My Complexion Is Smoother and Better than in Girlhood." Writes a Kentucky Woman Who Uses the Wonderful Process for Removing Wrinkles.

The Discoverer Offers to Give Particulars Free of Charge to All Who Write Her Within Next Ten Days—Exacts Promise of Secrecy—Treatment Very Simple and Absolutely Harmless—May Be Used Without the Knowledge of Your Most Intimate Friends.

Ever since woman's beauty held sway over man and brought her power, influence and wealth, she has sought a way to stay the processes of old age and banish deep lines and furrows from her brow.

Chemists, beauty doctors and skin specialists have for centuries vainly tried to fathom the sealed secrets of nature and find a way to keep the beauty of youth in a woman's face and form.

Harriett Meta was no exception to the general rule of women. Trouble and worry left their unsightly lines and marks upon her face. She saw the beauty of her youth giving way to the heavy imprints of coming age.

Her first resort was to face massage, cold creams and steaming pots; then next to beauty specialists, but all in vain. The wrinkles seemed, if anything, to grow deeper and deeper. Managed even appeared to stretch the skin; more wrinkles came. She had spent all the money she could afford to spend, when one day a friend made a happy suggestion.

This gave her a brilliant idea. She set to work on the thing herself, and after several months' hard labor and almost endless experimenting, she succeeded in producing a wrinkle remover, entirely different from anything she had seen or heard of. She tried it on herself, and lo! and behold, it worked a wonderful transformation in a single night. She tried it the second night, and her wrinkles were practically gone. A third night—three treatments in all—and her wrinkles had entirely disappeared, and her skin was soft, clear, rosy and smooth.

Many others also have used this remarkable process with wonderful results. Mrs. Moran Elmer, of New York City, writes: "Your treatment removed my wrinkles in one night." Mrs. Turnham, of Seattle, Wash., says: "My wrinkles are all gone; words cannot express how grateful I feel to you for what your treatment has done for me."

Mrs. A. M. Brooks, of Howe, Texas, writes: "Your treatment is the first I ever tried that really had the desired effect in banishing face lines. I am sixty-eight years old, and yet many say I do not look more than forty-five." Miss Gladys Desmond, the actress,

has reached an advanced age and was most highly esteemed in his native county, where his death is much regretted.

Miss Mary E. Huggins died after a lingering illness at the home of her sister, in York county. Mr. Tom Huggins, her brother, and her sister, Mrs. Charles H. Huggins, left Friday morning.

Special to The Times-Dispatch. SPOTSVYLVANIA, VA., April 25.—Mr. William D. Jernell and others have sold to Mr. Robert Lee Tulloh, of Louisa county, their farm of 202 1/2 acres in Spotsylvania for the sum of \$2,000 cash. Mr. Tulloh will soon occupy this property.

Special to The Times-Dispatch. SPOTSVYLVANIA, VA., April 25.—Mr. William D. Jernell and others have sold to Mr. Robert Lee Tulloh, of Louisa county, their farm of 202 1/2 acres in Spotsylvania for the sum of \$2,000 cash. Mr. Tulloh will soon occupy this property.

PLAN TO DEVELOP VAST COAL LANDS

Model Mining Town and 100 Coke Ovens to be Established in West Virginia.

OTHER NEW ENTERPRISES

Announcements of Great Variety of Industries to be Established in the South.

(Special to The Times-Dispatch.) BALTIMORE, April 25.—Among the notable industrial projects in the South reported in this week's issue of the Manufacturers' Record are plans for the development of 11,000 acres of coal land, estimated to contain 30,000,000 tons of coal, in

Praxton and Gilmer counties, West Virginia, involving the establishment of 100 coke ovens and the establishment of a model mining town; the establishment at Brandenburg, Ky., of a \$100,000 plant for the production of lithographic stone, a \$200,000 shoe factory with a daily capacity of 600

pairs of shoes at Fayetteville, N. C., and a \$250,000 mill at Charlotte, N. C., to make yarns from American long staple, Sea Island and Egyptian cotton, and a \$50,000 company at New Orleans, La., to grow hemp and to manufacture bagging and baling material.

Many New Industries. These projects are indicative of the steady increasing diversification of industries in the South, of which quite a number were announced during the week.

Among them, in iron and steel working, are included plans for a foundry at Anniston, Ala., and plants at Collinsville, Ala., to manufacture sorghum mills, sadirons, grates, etc.; at Mansfield, Ala., to make railroad metal, etc.; at Baltimore, Md., to manufacture can-making machinery; at Bessemer, Ala., to make iron and steel castings, such as grates, ventilators, hollow ware, etc.; at Jackson, Tenn., to make the transmission of electric power; at Houston, Texas, to make a large railroad, poultry, ranch and ornament canneries.

Of Many Sorts. There will be established at Meridian, Miss., a crosewing plant to cost with machinery about \$100,000 at Waynesboro, Va., a plant to make fruit cider, preserves and pickles; and at Columbus, Ga., to manufacture building blocks, while ice or cold storage plants are contemplated at Bismarck, Ala.; Richmond, Va.; Wilmington, N. C.; McMinville, Tenn.; and Snyder, Okla. Dallas, Tex., is to have a wood fibre plaster factory with a daily capacity of fifty tons; Columbus, Ga., a bagging and tie plant with daily capacity of 100 tons of bagging and tie; and at Norfolk, Va., a plant to make all kinds of building material; McMeekin, Fla., a clay working plant; Houton, Miss., a bottling works; and Norfolk, Va., a cotton thread and yarn mill. An addition to the woodworking industries at High Point, N. C., will be a cedar chest factory with a daily capacity of 500. Capitalists are arranging to establish a large saw mill, a \$100,000 hardwood furniture factory, and a plant recently organized at Lawrenceville, Va., will make building materials and box shooks. For the print cloth mill at Darlington, S. C., there will be an equipment of 10,000 spindles and 150 looms.

There will be established at Meridian, Miss., a crosewing plant to cost with machinery about \$100,000 at Waynesboro, Va., a plant to make fruit cider, preserves and pickles; and at Columbus, Ga., to manufacture building blocks, while ice or cold storage plants are contemplated at Bismarck, Ala.; Richmond, Va.; Wilmington, N.
