The Times-Dispatch Bureau, 109 North Sycamore Street, Petersburg, Va., June 28. A committee of the State Board of Charities and Correction visited and inspected the Central State Hospital to-day in accordance with the law authorizing such inspection.

Proposals for City Bonds. The Finance Committee of the Common Council announces that sealed proposals for the purchase of \$150,000 of 4 per cent. bonds of the city of Petersburg, the issue of which was recently authorized by the Council, will be received and opened at 4 o'clock P. M. on July 12.

The sites for the two proposed new school buildings have already been purchased—one on Washington Street, for which \$9,500 is to be paid, and the other on West Street, in the western part of the city.

The city for some years past has been expending large sums in the way of public improvements, and it is designed to continue these improvements gradually for years to come until all of the main thoroughfares are put in good condition and the sewer and water systems are perfected.

TAKE A TONIC FOR NEURALGIA

Highest Medical Authorities Agree on Treatment for This Painful Disease.

Neuralgia is inflammation of a nerve. This inflammation is sometimes caused by exposure to cold, sometimes by the nerve irritation arising from a decayed tooth. Aerial causes, however, a general debility of the system is by far the most frequent. Authorities agree that the proper treatment for neuralgia is to build up the strength and health of the body.

Mrs. Martha Decker, of No. 591 St. Paul Avenue, Detroit, Mich., who has been cured of neuralgia by Dr. Williams' Pink Pills, says: "I suffered with neuralgia ever since I was a young girl until I took Dr. Williams' Pink Pills about five years ago. Each year the attacks became more and more frequent, and finally became so bad that I had to give up entirely. I suffered everything but death. I had severe cutting pains through my head and in my side. I could hardly get around, for the pains would occasionally become swollen, and I would then be in perfect misery. I could not sleep nor rest. My blood was poor and I lost in flesh."

"The doctor pronounced my trouble neuralgia. I took his medicine faithfully for a long time, but my condition grew worse instead of better. I really thought I would never get any relief. I decided to try Dr. Williams' Pink Pills, when I read in a paper how a case of neuralgia had been cured by their use. Soon after I began taking them I could see the change for the better. At first they were the only thing that had relieved me. I continued using them and was cured. I would not be without Dr. Williams' Pink Pills and always recommend them whenever I hear anyone complaining."

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y. They are guaranteed to be free from opiates or any harmful drug, and cannot injure the most delicate system.

Coast Line Railroad, near Dunlop's, in Chesterfield, was destroyed by fire this morning about 10 o'clock. It is not known how the fire originated, but there is suspicion that it was the work of an incendiary, or it may have been fired by a spark from an engine. The bridge was an overhead structure, and was much used.

Simon Johnson, colored, got drunk and very violent Saturday night, and Officer Vaughan had to summon assistance to arrest and take him to jail. For resisting arrest and abusing the officers, Johnson was fined \$10 and sent to jail for four months, and for abusing the jailer another fine of \$20 was imposed.

Body to Be Exhumed. Doubt existing in the right of the Common Council to make, as requested, an appropriation of \$200 to have the stomach of Mrs. Parmelia Williamson submitted to examination to ascertain whether her death was caused by poison, J. P. Kiersey, of Chesterfield, father of the woman, has appealed to the public for aid in having the test made, in order to determine beyond doubt the cause of the death. The people of Petersburg will very gladly assist Mr. Kiersey, and the raising of the money may be said to be guaranteed.

Rev. W. H. Lawson, of Chester, has been called to the pastoral charge of Woodlawn Baptist Church at Swift Creek.
