ELKS WILL BUILD A HANDSOME HOME

Work on Structure to Cost \$25,000 Will Begin in Short Time.

MURDERER IS SENTENCED

James Lucas Gets Eighteen Years in Prison for Killing Samuel Blakey.

[Special to The Times-Dispatch.] ALEXANDRIA, Va., July 13.—Alexandria Lodge, No. 758, Benevolent and Protective Order of Elks, this city, will within a short time begin the work of erecting a new and handsome home, which it is said, will cost \$25,000. The structure will be erected on the lot east of the present building, on Prince Street, between Royal and Fairfax Streets. Plans for the structure will be drawn at once, and it is expected that the work will be commenced within a short time. The executive committee in charge of the project held a meeting last evening and organized with the election of the following: R. S. Barrett, chairman; Howard W. Smith, secretary; T. W. Robinson, treasurer; Zora Hill, chairman of the building committee; James W. Bales, chairman of the construction committee; F. M. Hill, August Oehler, Judge L. C. Barley and Dr. W. M. Smith.

Gets Eighteen Years. In the Corporation Court to-day, Judge L. C. Barley, presiding, James Lucas, a negro, entered a plea of guilty of murder in the second degree and was sentenced to serve a term of eighteen years in the State Penitentiary. Lucas, on the night of June 3 last, during a quarrel with Samuel Blakey, also a negro, over a woman whom they were to meet upon the return of an excursion steamer, pulled a knife and stabbed Blakey on the throat and arm. Blakey died from the wounds three minutes afterward.

New Evidence Found. On the ground that he has discovered new evidence in the case, Attorney Lewis H. Machea will to-morrow, in the Corporation Court, argue for a new trial for Calvin Johnson, one of the three negroes convicted of the murder of a white woman, the Chicago artist, who was slain March 6 last. In the event the court refuses the same he will ask for a record in the case, preparatory to taking the same to the State Court of Appeals.

The new evidence is in the shape of three affidavits, one of the affidavits is signed by Miss Mary Lee Rose. It is to the effect that she was a passenger on a southbound electric train the afternoon of March 6, and at 5 o'clock that afternoon saw the body of a man lying east of the railroad tracks near the body of Schultz was found. This being so, it kills the contention of the prosecution, which was to the effect that Schultz met his death that evening between the hours of 7 and 8 o'clock. Judge Barley this morning announced that he would have Miss Rose summoned in court to-morrow morning to testify.

ROAD TIED UP

Passenger and Freight Trains of Huntington and Broad Top Strike. HUNTINGDON, Pa., July 13.—The union passenger and freight trains of the Huntington and Broad Top Railroad struck to-day, causing a general tie-up of the freight traffic on that road. All conductors, engineers, firemen, baggage-men and brakemen are affected. Two passenger trains were sent over the road to-day, manned chiefly by a force from the main office of the company. The dissatisfaction of the trainmen resulted from the refusal of the company to reinstate dismissed employees.

Ordinance Goes Through. [Special to The Times-Dispatch.] LYNCHBURG, Va., July 13.—The ordinance providing for the sale of city bonds to the amount of \$400,000 went through the Common Council last night by a unanimous vote. The money derived from the sale of the bonds will be used for street improvements, the building of a new high school, a new city hospital and a market and auditorium. It is believed the measure will go through the Board of Aldermen without opposition.

Octogenarian on Trial. [Special to The Times-Dispatch.] RALEIGH, N. C., July 13.—Leonard Shaw, an eighty-year-old negro, was arraigned in Wake Superior Court to-day for his life on the charge of the murder of David Hall, a young negro who had induced the old man's granddaughter to slip away from his home against his will to attend a neighborhood party near Garner, this county. The trial is set for Thursday of next week.

DIABETES

We have the following unsolicited letter from James T. Douglas, Harrisburg, Oregon, July 13, 1908. Harrisburg, Oregon, June 25, 1908. John J. Fulton Co., Oakland, Cal. Gentlemen: I have been suffering for over two years and was almost in. Was very weak and could hardly walk. A friend of mine told me of the Fulton Diabetic Compound, and I have now taken thirty bottles and am feeling fine, and can say that I am sure if I had not gotten relief in some way, I would not have made under the rod. Hence I can speak for your compound. It did the work for me. What will you charge me for it? Yours respectfully, JAMES T. DOUGLAS.

Another—Same mail brought a letter from R. B. Fickling, the druggist at Elizaville, S. C. from which we quote: "I have had a customer who had Diabetes in its worst stages. I have gotten him out of bed on the Diabetic Compound and have run out. Send duplicate of last order."

Diabetes is rated the world over as incurable, but recoveries are being reported daily through Fulton's Diabetic Compound. You may ask how it is possible for a patient to recover under the Fulton treatment, when medical text-books admit they have nothing for it. I can say in reply that when the late John J. Fulton discovered he had Bright's Disease, and that the text-books had no specific for inflammation of the kidneys, which was the real difficulty, he set out in a new direction to evolve an emollient that would reduce inflammation in the kidney tissue. He worked it out, and inflammation of the kidneys all along the line, from kidney trouble to Bright's Disease, in its various forms, is now curable in about eighty-seven per cent of all cases.

Diabetics took it upon the theory that the Diabetic Compound was an impairment of functions that are closely related to the urinary processes, it ought to get results in that trouble, too. It did, but much more slowly than in distinct kidney trouble. This led to a modification of the treatment for Diabetics, with curable in nearly nine-tenths of all cases in people of middle age and upward. (Kidney disease commonly responds in all ages.) Fulton's Diabetic Compound, ask for Fulton's Diabetic Compound at all drug stores.

VETERANS WILL ATTEND FLAG PRESENTATION. [Special to The Times-Dispatch.] WOODSTOCK, Va., July 13.—The presentation of the battle flag of the Thirty-third Virginia Regiment will be made here on July 21. The flag is now in possession of the Stonewall Jackson Camp, United Confederate Veterans, at Staunton, who will attend the exercises in a body. The presentation speech will be made by Captain Bumgardner, of that camp. The reception speech will be made by a member of the local camp, who was an officer of the Thirty-third Regiment. For the greater part of the time since the surrender at Appomattox the flag of the Thirty-third Regiment was apparently lost, but upon the death of Lieutenant Arrell, of Augusta county, several years ago, it was found in his effects and was presented by his widow to the present holders of it.

The Thirty-third Regiment was made up of five companies from Shenandoah county and one each from Fags, Frederick, Rockingham, of Virginia, and of Hardy and Hampshire, of West Virginia. Several hundred members of the regiment are living and many of them will be present. At the same time a reunion of the Stonewall Brigade will be held.

MR. TUCKER WILL SPEAK TO VOTERS OF PITTSYLVANIA. [Special to The Times-Dispatch.] CHATHAM, Va., July 13.—For the first time during the present gubernatorial campaign Hon. H. St. George Tucker will on next Monday address the voters of Pittsylvania here. The custom has been for many years for the voters to attend July court in large numbers, and this will give Mr. Tucker an opportunity to speak to a large gathering from nearly every section of the county. This will be the first speech made here during this campaign, and will be the last opportunity to meet voters from all parts of the county before the primary. The General Assembly candidates will keep busy from now until the day of the primary, and their friends and adherents will be at a much larger vote than was at one time anticipated, as very little interest has been manifested in the campaign.

News of Fredericksburg. [Special to The Times-Dispatch.] FREDERICKSBURG, Va., July 13.—The Baptist Sunday school of this city has elected Rev. R. A. Williams, Captain S. J. Quinn, W. S. Chesley and S. G. Coghill delegates to the Goshen Sunday School Convention, which convenes with New Hope Church, in Orange county, on Wednesday, July 28.

H. C. DeShields, of West Virginia, has purchased the Tappanhook ferry property on the Rappahannock River, from Miss Alice Brokenbrough for \$3,500. Typhoid fever has been epidemic in the lower part of Westmoreland county for several months, and it has claimed a number of victims. Mrs. Henry Talaferra died a few days ago, and her two children are sick with it, as also are Mrs. Harry Taylor and Rev. Arthur P. Gray. The Rappahannock and Potomac Telephone Company, which extends from this city to Montross, has extended their line below Montross by Nomin Bridge to Beale's Wharf, furnishing telephone facilities to a large and important part of Westmoreland county. At the instance of Hon. W. A. Jones, the United States Light House Board will establish two fixed white lights at Dymers Creek, in Lancaster county.

RUMORS IN WAKE OF COURT'S ORDER

Railway Men Discuss Probable Future of Norfolk and Southern.

SALE HAS BEEN ORDERED

General Opinion Is That It Will Go to the Norfolk and Western.

[Special to The Times-Dispatch.] RALEIGH, N. C., July 13.—The signing of the ancillary order by Judge H. G. Connor, of the Eastern Carolina United States District Court, for the foreclosure sale of the Norfolk and Southern Railroad, in the hands of receivers, gives renewed impetus to talk among well-informed railroad men that the Norfolk and Southern, with principal North Carolina holdings, the Atlantic and North Carolina, and the Raleigh and Pamlico Sound Roads, will pass into the hands of the Norfolk and Western. It is pointed out that under the North Carolina laws neither the Southern nor the Seaboard Air Line could be a bidder, and the Atlantic Coast Line would scarcely be a bidder. On the other hand, there are a number of vital reasons why the Norfolk and Southern would want this property. By constructing a link from Raleigh to Durham, a new through line outlet for the Norfolk and Western coal traffic would be established, covering a large part of Eastern Carolina that would otherwise be invaded by the Seaboard Air Line and Clinchfield, a coal-carrying combination just coming up. The value of the great coal combinations of the country.

Complying With New Law. Assistant Commissioner of Insurance W. A. Scott, just back from a trip through the greater part of the State investigating the situation as to compliance on the part of owners of hotels, factories, theatres and other buildings of a public character with the new fire-escape act effective July 1, says the law is being complied with much more readily and generally than had hoped for.

Charters Issued. A charter is issued for the Dixie Knitting Mills Company, Forest City, Rutherford county, capital, \$50,000 authorized, and \$25,000 subscribed, by G. P. Reid, C. A. Wilkie, W. W. Hicks, W. C. Bostic and others. Other charters are to the Bush Creek Lumber Company, Franklinville, \$20,000 capital, by G. A. Black and others; the Granite Quarry Literary Club, Salisbury, by Homer R. Miller and others; the Cabarrus Social Club, Gibson Mills, by Paul B. Moore and others, and the Boon River Lumber Company, Bethel.

A CLOSE SHAVE

Many of Them Happening Every Day, but Soon Forgotten.

Close shaves would be of more frequent occurrence but for the tender faces of many men, which will not permit of shaving often. Heretofore nothing has been said in these columns about posium, a new skin discovery in connection with its use after shaving. Its publicity and sales have been confined almost exclusively to its remarkable properties as an eczema cure; it stops the itching at once and cures the worst cases in a few days. While the application of posium after shaving is one of its minor uses, such as for pimples, the complexion, etc., shavers will find it a revolution, as it does for abrasions, roughness and severe scrapings what it does for all manner of skin difficulties—heals and cures in a few hours. It is the only article possessing real antiseptic and curative value that has ever been exploited for any purpose, and will save a man's face up the skin as no toilet preparation could possibly do.

Posium can be had for fifty cents at any reliable drug store, or directly from Tragle's, who make a specialty of it. Or the Emergency Laboratories, No. 22 West Twenty-fifth Street, New York City, will send a trial supply free by mail to any one who will write for it. This is sufficient to show results in twenty-four hours.

DRUNKEN NEGRO MURDERS TWO AND KILLS HIMSELF

WILMINGTON, N. C., July 13.—A special to the Star from Burgaw, N. C., says that early to-day Walter Williams, colored, thirty-five years old, living near that place, shot and killed Henry Eusey, his brother-in-law, his wife, Mary Williams, and then himself. Williams and his wife had not lived happily, and three weeks ago agreed on peaceful separation after dividing their personal effects, the man leaving for Georgetown. He returned Sunday, however, and attempted a reconciliation, and upon its failure this morning went to a hardware store in the town, purchased shells loaded with buckshot for his gun, got drunk on a so-called prohibition beverage and repaired to a brickyard, where his brother-in-law was at work, and fired upon him, killing him instantly. Later he went to the home of his wife, shooting her to death through the right breast. Reloading his gun, he emptied the contents of both barrels into himself, dying two hours later.

LOOKS LIKE A CONTEST OF THE BRISTOL ELECTION.

[Special to The Times-Dispatch.] BRISTOL, Va., July 13.—As the result of a meeting of the temperance organization of Bristol, held this evening, when committees reported their findings with reference to a basis for contesting the local option election in Bristol, last Thursday, the impression is that a contest will be filed. The attorneys engaged in conferences to-night and are weighing the several alleged grounds. "I have an idea," said one of the attorneys to-night, "that the election will be contested, although we shall not be able to report definitely upon the matter before to-morrow."

[Special to The Times-Dispatch.] TAZEWELL, Va., July 13.—The Republicans of Tazewell county, in convention to-day, named an uninstructed delegation to the Newport News convention. Almost to a man the delegates favored the nomination of A. P. Gillespie, of Tazewell, for Governor.
