Sauers' FLAVORING. THE BEST FLAVORING IN THE WORLD. BY EVERY TEST.

The Tennis Champion Says

MAY SUTTON Tells American Girls How To Be Healthy and Graceful.

SAN FRANCISCO, Cal. Don't drink coffee. Don't drink tea. Don't exercise too much.

These three don'ts constitute the advice of Miss May Sutton, champion woman tennis player of the world, to girls who would go in seriously and systematically for athletics.

Eat what you want. Take long walks. Get all the fresh air you can.

These are the three rules Miss Sutton lays down for girls who desire merely to be strong and healthy.

The little champion recently appeared on courts in San Francisco in a series of exhibition matches. It had been reported that she was not in the best of health, but she gave no indication of having "gone back," playing her strong game that made her world's champion, with her same old dash and accuracy.

At the close of the series Miss Sutton was asked to tell what system of training she had found most effective, and what, in her opinion, is the best form of exercise and diet for the average American girl. In part she said:

"While I advocate hearty eating, I cannot say too much against the use of tea or coffee. They are nerve destroyers, and no one can be healthy who persist in their use.

"Too much exercise is as bad as too little. Walking is the best exercise there is. Early each morning, after drinking a glass of hot water, dressed in loose clothing, I walk for nearly an hour.

"Athletics should receive some attention from every girl. If her time precludes the playing of tennis or golf, she should take long walks in the open air, both before the morning and evening meal, throwing the head and shoulders back and taking long, deep draughts of that which money cannot buy, but is in reach of the poor as well as the rich—pure air.

"Pure air and a moderate amount of exercise I cannot too strongly impress upon girls as being the only secret of health and grace. Medicine for that out-of-sorts feeling may cause girls to imagine they feel all right, but what they really need is more fresh air and not quite so much sitting around the house in tight-fitting clothes, as a great many of them do."

Miss Sutton is declared by physicians to be a perfect athlete. Tennis experts declare that every movement is "a picture."—Lexington (Ky.) Leader.

Postum Cereal Co., Ltd., Battle Creek, Mich., U. S. A.

"Don't Drink Coffee" "Don't Drink Tea" "Don't Exercise Too Much"

Very easy when you know how much more satisfactory

POSTUM is as a morning cup.

A hot, steaming cup of Postum is as invigorating and bracing as coffee. But instead of caffeine-wrecked nerves, headaches and heart troubles that overtake the coffee drinker, Postum furnishes a liquid food which strengthens head and body.

A ten-days' trial of well-made Postum (boiled 15 minutes) convinces.

"There's a Reason."

WONDERED WHY Found the Answer was "Coffee."

Many pale, sickly persons wonder for years why they have to suffer so, and eventually discover that the drug—caffeine—in coffee is the main cause of the trouble.

"I was always very fond of coffee, and drank it every day—and I never had much flesh, and often wondered why I was always so pale, thin and weak.

"About five years ago my health completely broke down and I was confined to my bed. My stomach was in such condition that I could hardly take sufficient nourishment to sustain life.

"During this time I was drinking coffee, didn't think I could do without it. "After awhile I came to the conclusion that coffee was hurting me, and decided to give it up and try Postum. I didn't like the taste of it at first, but when it was made right—boiled until dark and rich—I soon became very fond of it.

"In one week I began to feel better. I could eat more and sleep better. My sick headaches were less frequent, and within five months I looked and felt like a new being, headache spells entirely gone.

"My health continued to improve, and to-day I am well and strong, weigh 148 lbs. I attribute my present health to the life-giving qualities of Postum."
