

Dogs Take Notice!

We wish to call your attention to the fact that we have just completed arrangements with our B. Cory Kilbert, artist, and originator of "Kilbert's Kids" (which, by the way, have been appearing in the N.Y. Herald, N.Y. American and other publications of National note) to sketch for us a series of 12 "Kilbert Kids" calendar mailing cards, in colors, showing the mischievous stunts of these "Kids". These cards will be issued every month, and mailed by us to your home address free, provided of course you send in your name and address without delay. If you have a chum, put his name next. But remember to notify us immediately so you will get the first issue of the set of 12.

Send Names to Fisher's Advertising Department. 313 East Broad Street, Richmond, Va.

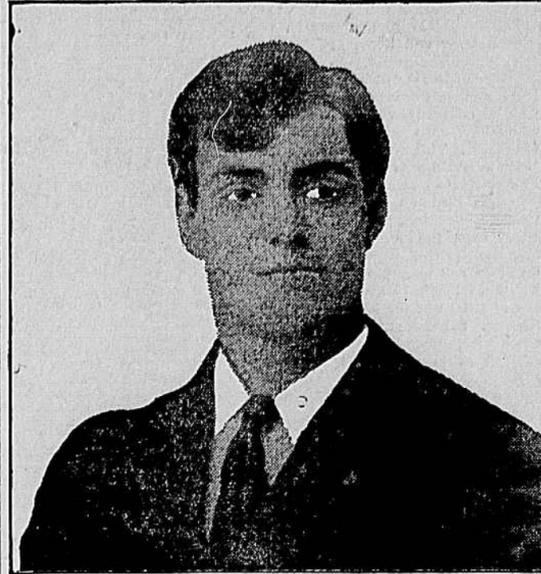

MEN IN THE CITY COUNCIL

JACOB UMLAUF.

Jacob Umlauf, who represents Clay Ward in the Council, is regarded as one of the strong men of the lower branch. Mr. Umlauf came into especial prominence several years ago as the patron of the midnight closing law, which, more than any one act of recent years, has contributed to the good order of the city, cutting out, as it did, the all-night saloons. Although bitterly fought at the time, the law has won the approval of citizens and liquor dealers, and was supported at the time by many who favored strict regulation and supervision, rather than prohibition. The law introduced into Richmond several of the reforms later extended throughout the State by the Byrd liquor law. Mr. Umlauf now holds the chairmanship of the Committee on Ordinances, Charter and Reform, the body which passes on all general laws, salary increases and new positions. He is also a member of the new Committee on Relief of the Poor and of the Committee on Church Affairs, and has for a number of years represented the First English Lutheran Church in the State Lutheran Synod.

A Bracing Tonic After Typhoid

MR. FRANCIS SHEPPARD.

Mr. Francis Sheppard, of Scranton, Pa., says that he was left so weak after an attack of typhoid fever that he could scarcely walk. He took Duffy's Pure Malt Whiskey; one bottle put him on his feet. The second bottle gave him his old-time vigor and strength. He recommends it to all who are weak and need something to build them up.

"Having read a great deal about Duffy's Pure Malt Whiskey, I decided to try it, and cannot praise it too much. During the typhoid epidemic in our city two years ago I happened to be one of the victims (one of the lucky victims, thank God). It left me in such a weak condition that I was scarcely able to walk. Thanks to Duffy's Pure Malt Whiskey, after taking one bottle of it I was able to go to my work. After the second bottle I can say I am entirely well. I think there is nothing equal to it, and would recommend it to any one who is run down with fever or any other disease. Although I do not drink liquor in any form, I do recommend Duffy's Pure Malt Whiskey as per directions." Francis Sheppard, Scranton, Pa.

Duffy's Pure Malt Whiskey

as a tonic and stimulant when convalescing after fever is the greatest strength-giver known to science. It destroys disease germs, and by its building and healing properties restores tissues in a gradual, healthy, natural manner. It is a wonderful specific in the treatment and cure of consumption, pneumonia, grippe, bronchitis, coughs, colds, malaria, low fevers, stomach troubles and all wasting, weakened, diseased conditions.

If in need of advice, write Medical Department, The Duffy Malt Whiskey Company, Rochester, N. Y., stating your case fully. Our doctors will send you advice free, together with a handsome illustrated medical booklet containing some of the many gratifying letters received from men and women in all walks of life, both old and young, who have been cured and benefited by the use of this great medicine. It is sold everywhere by druggists, grocers and dealers, or shipped direct for \$1.00 per bottle.

News of Manchester

Times-Dispatch Bureau, 1163 Hull Street. Richmond's newest proposition for the union of the two cities with Manchester, includes the two points for which this city fought in recent years. The subject was being discussed three or four years ago—the retention of the Corporation Court as a court of record, and the exemption of certain plants from the Richmond ordinance in regard to explosives. Three times in recent years the union of the cities has been up for consideration. In the first discussion little progress was made toward consummation of the idea. About four years ago there was a movement which, for a time, promised well for the annexation—a movement which, in fact, progressed even further than has the present one. Committees from the two cities met times without number, canvassing the situation with details coming at last to a scheme of agreement which was acceptable in the main to both. Then the rock loomed up on which the negotiations split. The Council of this city practically took the negotiations out of the hands of its own committee by passing a resolution instructing its committee to agree to no plan that did not include the retention of the Corporation Court, or which would interfere with the plans of the Standard Oil Company, the Pintech gas works, and other similar manufacturers and dealers in high explosives, who had located here on account of the strict prohibition of such dangerous neighbors in Richmond. The Richmond committee decided that the retention of the Corporation Court was not necessary; the Richmond courts were not busy, and could easily have handled the business, and from that point the negotiations went away, no final report being made, and the papers remained in pigeon holes at the City Hall of the two cities until dug out by the present committee on consolidation, which have shown an energy which augurs well for the final consummation of the project.

Both Provided For. Early in the present negotiations a Manchester member raised the question of the court, fearing the same check as had met the work of the former committee. To the evident surprise of the Manchester members, the Richmonders replied that the recent annexation and growth of Richmond had overgrown the present City Hall courts and their records, and that in the event of consolidation an additional court, either in Manchester or in Richmond, would be necessary, although the final determination of the retention of the Corporation Court, rather than with the Councils of the two cities, this difficulty having been removed, prompt arrangement was made for the exemption of the manufacturers of the Manchester filtration plant, certainly until Richmond has water as good, and for the maintenance of a police station on the south side of the river. Richmond's proposition is regarded over here as most liberal, one in that it grants practically everything asked by the Manchester committee, the only essential clauses stricken out being those held to be in conflict with State law, and there is not in the province of the Councils of the two cities.

Council Schedule. In addition to the meetings to be held by the special committee on consolidation, the Council schedule for this week will be as follows: Monday—Fire, at 7:45. Tuesday—Electricity, at 7:30; Health, at 7:45. Thursday—Streets, at 8 o'clock.

CHANGE IN SCHEDULE. CHESAPEAKE AND OHIO RAILWAY. Under change in schedule effective Sunday, September 26, Mount Airy Special, leaving Richmond at 12 noon week days, will be discontinued; fast train to Chicago leaving Richmond at 3:30 P. M. instead of 3 P. M.; fast train from the West arriving Richmond at 3:35 P. M. instead of 3:45 P. M.

BERRY DODSON AT THE LOHRAINNE. It has just become known that the management of the Lorraine Hotel, the Lorraine Hotel of Norfolk, Va., has again secured the services of Mr. L. Berry Dodson as manager. Mr. Dodson is very popular with the people of Norfolk and the traveling public, who know his ability as a hotel manager. His thorough experience with all the details of the work with his genial disposition, makes him a friend for him everywhere.

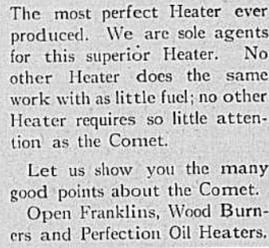

SEE THE OCTOPUS. See the greatest octopus, or devil fish, at the Arthur's Carnival, army, Seventh and Marshall Streets. It's a curiosity seldom seen in this section of the country and it's an attraction for the children and grown-up folks to see. The octopus is ten feet long from tip of claw and tail, and the great, death-flapping fans, which makes the devil fish a sea monster feared by watermen.

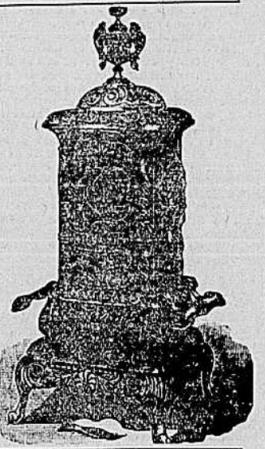

A Sudden Change in the Weather Brings to Mind the Stove Proposition

For years "Rother's" Cook Stoves, Ranges and Heaters have given perfect satisfaction. We sell only such Stoves as we can recommend. Tiptop Dandy, a Steel Range, cannot be duplicated at the price. We furnish this Range with reservoir or water front for tank connections or plain. Patapsco, the best known Range in Richmond. No better medium priced Range than the Patapsco. Magic, Aida, Choice and Queen Ranges, all warranted to cook and bake perfectly.

Comet Self-Feeders

The most perfect Heater ever produced. We are sole agents for this superior Heater. No other Heater does the same work with as little fuel; no other Heater requires so little attention as the Comet. Let us show you the many good points about the Comet. Open Franklins, Wood Burners and Perfection Oil Heaters.

Rother's Kitchen Cabinets save time and worry. The most practical Kitchen Cabinet made for the price. Large Roomy Cabinets, \$15. Others at \$18, \$20, \$22.50 and up to \$27.50. Kitchen Cupboards at \$6.50, \$10 and \$15.

A Full Line of Fine Blankets and Comfortables.

Rother & Co. FURNITURE CARPETS STOVES. FOURTH & BROAD STS., RICHMOND, VA.

DECIDE WARRANTS ARE UNNECESSARY

Police May Arrest Without Warrants for Violations of Ordinances.

MUCH WORK ON HIGHWAYS

Petersburg People Interested in Coming Exhibition of Home Products.

Times-Dispatch Bureau, 109 North Sycamore Street, Petersburg, Va., September 25.

Another conference was held this evening between the City Attorney, the Mayor, the Police Justice and the Police Commissioners relative to the right of the police to make arrests without warrants for violations of city ordinances, embracing a great variety of minor offenses. The power to arrest such violators without warrants was practically suspended as the result of a conference of these officials held on Thursday. This afternoon the City Attorney gave it as his decision that the police should continue as heretofore in making arrests, especially in all cases tending to a breach of the peace, but that no cases should be brought to trial without a warrant. This relieves a situation that promised both embarrassment and delay in the administration of justice. Arrests for various violations of ordinances may now be made, and warrants in such cases issued afterwards and before the cases are brought into court. The duty of issuing warrants for violations of ordinances is placed with the Mayor alone.

Colored Teachers' Association.

At a meeting yesterday of the teachers of the Virginia Normal and Industrial Institute, of this city and adjacent counties, an association was organized, having for its object the advancement of educational work among the colored people in Virginia. The officers elected were: President, J. M. Gundy; Vice President, Vice-President, Lou Anna Johnson; Recording Secretary, William H. Johnson; Corresponding Secretary, James E. Shields; Treasurer, Hattie Booker.

Road Improvements.

Co.'s Road, in Dinwiddie county, has been permanently improved to a point about eight miles out from Petersburg, including grading and bridge building, and a large convict force is still at work extending the improvement.

Business Men of this City and the Farmers of the three adjacent counties of Chesterfield, Dinwiddie and Prince George are interested in the competitive exhibit of the farm products of those counties, to be held in Petersburg on November 6. Indications are that the exhibits, especially of the principal crops of the section—corn, tobacco, peanuts, hay, etc.—will be full. Liberal prizes will be awarded. A request has come from officials of the Norfolk and Western Railway Company for the privilege of entering exhibits from the company's experimental farm, near Ivor.

Sales of Printings.

The sales of printings at the warehouses this week aggregated 17,000 pounds, bringing the tobacco sales for the year up to 6,626,585 pounds. Printings this week brought as high as \$8 per 100 pounds.

Political Speaking.

Congressman P. R. Lassiter left for Washington this morning. He will return in time to speak with Governor Swanson at the rally of the Democrats in Surry county next Tuesday. The Democratic State ticket is safe in the Fourth District.

Mr. Clements Recovering.

Former Councilman A. J. Clements, who has been ill for several weeks, is convalescing. Moved from Ohio. Mr. and Mrs. George G. White, of

Columbus, O., have changed their residence to Petersburg. Mr. White will assume charge as manager of the Virginia Printing and Manufacturing Company's plant.

Reception Committee.

The committee of reception at the entertainment given at the Riverside Club this afternoon was as follows: Mesdames J. M. Townsend, Robert D. Budd, P. H. Drowry, W. H. Frey, W. W. Hines, and L. I. Kidd; Misses Margaret Gill, Mary Booth, Jennie Tanner, Florence Carpenter, Grace Burke and Anna Fobles.

No Disturbance Here.

There was no noticeable interference with the telegraph wires here this morning, such as was reported in other cities to the north, attributed to the aurora borealis.

Two Deaths.

Mrs. Mary Gill, aged sixty years, died yesterday at her home on Rose Street, after a prolonged illness. She is survived by one daughter, Miss Betie Gill.

George Washington, the twelve-

year-old son of Mr. and Mrs. William H. Tilton, died this morning at the home of his parents in Chesterfield county, near this city.

Monument to Be Dedicated.

[Special to The Times-Dispatch.] NEWBURN, N. C., September 25.—The Board of Aldermen, in a special meeting last night, took up the matter of entertaining the Rhode Island delegation which comes here on October 5 for the dedication of the Rhode Island monument in the Federal Cemetery. Three hundred dollars was appropriated for expenses and a committee of the board—Messrs. Ellis, Simpson and Weddell—was appointed to make all arrangements to entertain the delegation. The entire board will act as a reception committee, and, in addition, the Confederate Veterans and Daughters of the Confederacy will aid in entertaining the delegation. There seems to be some doubt as to whether the monument is to be unveiled on October 6 or 7, the literary agent out being indefinite on the subject.

Telegram

Boston, Mass., September 24, 1909. The Burlingame Underwriters, Richmond, Va.: Burlingame Company nearing commercial basis. Financial condition strong. Advise all agents to sell stock after October 1st for cash only. No instalment. Instructions positive. (Signed) THE BURLINGAME UNDERWRITERS.

So you have only four more days in which to purchase stock in the Burlingame Telegraphing Typewriter Co. and pay for same in monthly instalments.

A Revolutionizing Invention

No invention within the past fifty years is more epoch-making or better fitted to human need than this one. Its stock should multiply in value a hundred-fold. This is your opportunity to be a pioneer stockholder in a company with prospects as bright, with a device as good as any that have gone before. This marvelous instrument is destined to revolutionize telegraphy—wire and wireless. It will fill long-felt wants in the business world. It is accurate. It is the written word instead of the heard word. It makes no mistakes.

STANDARD OIL COMPANY. E. M. RAILTON, Superintendent Telegraph.

The Burlingame Telegraphing Typewriter Co. and to Whom It May Concern: I have made a thorough examination into the feasibility and working features of the Burlingame Telegraphing Typewriter. To my mind you have a very wonderful apparatus, which should eventually supersede the present method of telegraphy.

The four principal points of superiority in your method and invention that appeal to me are simplicity, correctness, rapidity and low cost of operation. I predict a great future for this invention. Very truly yours, G. A. ROGERS, Chief Dispatcher.

Come to our offices to-morrow and see the working; then act on your good judgment and invest. Write us for attractive literature.
