

# ALEXANDRIA HAS GOOD ROADS IDEA

Movement to Be Launched for \$250,000 Bond Issue for Better Highways.

## RAILWAY CASE NOT HEARD

Hearing Was Indefinitely Postponed—Board of Agriculture to Meet To-Day.

As a direct result, it is said, of the campaign for good roads inaugurated by The Times-Dispatch and the Washington Post, a movement will be launched at the courthouse in Alexandria, on the afternoon of Oct. 13 for a bond issue of \$250,000, the proceeds to be used in permanent work on the highways of Alexandria county.

Following a political meeting to be held at noon on October 13, when addresses will be delivered by Judge William H. Mann and Congressman C. C. Caplin, a good roads rally will be held. State Highway Commissioner P. St. Julien Wilson and State Senator Charles T. Laster will be among the speakers, and it is expected that a national good roads expert will be present.

At this meeting the proposition for a \$250,000 bond issue will be presented to the public. It is possible that as a result the Board of Supervisors will order an election on the subject.

A great deal of missionary work will be necessary to carry the election. It is stated that while the owners of 90 per cent. of the property of the bond issue, the other 10 per cent. is owned by a large number of voters, and these must be seen and converted to the good roads idea.

### Other Counties Interested.

The example set by the smallest county of the State in voting such a sum for good roads, should be carried, is expected to stimulate sentiment of the same sort in other counties in the same form, and it is planned to follow up the meeting at Alexandria with rallies at Fairfax Court-house and at Manassas, where public feeling in the same direction is growing.

Dr. J. Taber Johnson, of Alexandria county, one of the leaders of the movement for better roads, is quoted on the proposition as follows:

"Good roads increase the value of property greatly, and good roads in the proximity of a large city like Washington are a capital investment for all country property-holders. We want to build good roads throughout the county—permanent macadamized roads, such as are in vogue."

"We cannot issue bonds for the improvement of all the seventy-two miles of roadway we have, however. The bond limitation is 20 per cent. of the assessed valuation of the county, and there are, therefore, only \$250,000. The proper road improvement will cost about \$5,000 a mile. Our aim is to have the work done by experts, so that there will be no waste of funds through ignorance. The assurance that the money will be wisely expended must be established before we can expect the people to approve it, and this is what we are at work on—the outline of a course of administration that is to be pursued."

### HEARING POSTPONED

Corporation Commission Case Probably Compromised—Other Hearings.

At the request of counsel on both sides, the public hearing, which was set for yesterday before the State Corporation Commission in the case of the Interstate Railway against the Louisville and Nashville Railway, has been indefinitely postponed. It is presumed from this action that the dispute be-

### GOING DOWN EVERY DAY

Although She Had a Good Physician, Mrs. Beaty Was Going Down Till She Took Cardui.

Lusk, Texas.—"I want to tell you how much I have been benefited by Cardui," writes Mrs. E. Beaty, of Lusk, Tex. "I had female trouble, pains in my back, a dizzy, dull headache, palpitation of the heart, fullness at my stomach, and was so weak I could only sit up a little while at a time and began to have fevers every day.

"I had one of our best physicians treating me, but was going down rapidly every day, so decided to try Cardui. Before I had finished the first bottle I felt much improved in every way. I have taken 10 bottles, and am now up and able to do my work."

When you are weak, take Cardui, for it will help to make you strong as it has helped thousands of other sick women.

Its ingredients are perfectly harmless, its action is gentle, and it will not interfere with any other medicine you may be taking.

Use it freely. It will help you.

Note.—The Cardui Home Treatment for Women consists of Cardui (1), Theford's Black Draught (25c), or Velve (50c), for the liver, and Cardui Antiseptic (50c). These remedies may be taken singly by themselves if desired, or three together, as a complete treatment for women's ills. Write to Ladies' Advisory Dept., Chattanooga Medicine Company, Chattanooga, Tenn., for Special Instructions and 61-page book, "Home Treatment for Women," sent in plain wrapper, on request.

### COLDS

Are depressing, painful and annoying. Do not neglect a cold. Treat it at once and ward off serious complications that will surely follow neglect.

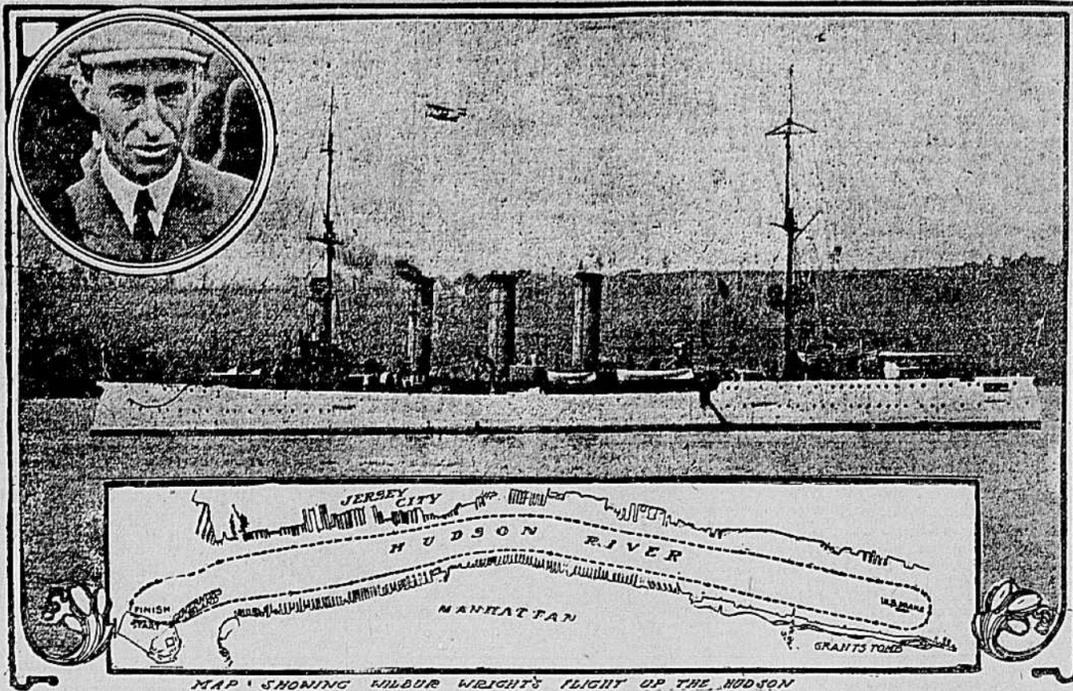

### Rexall GRIPE PILLS

Act quickly. They reduce fever, relieve all aching pains, do not depress the heart. They are the greatest of all specifics for colds. Fully guaranteed.

Price, 25c per box—mailable. POLK MILLER DRUG CO., 834 East Main Street.

## WRIGHT FLYING UP HUDSON RIVER

WILBUR WRIGHT, DIRECTLY AFTER HIS TRIP UP THE HUDSON RIVER. PHOTOGRAPH MADE AS WILBUR WRIGHT WAS FLYING OVER THE HUDSON RIVER.

MAP SHOWING WILBUR WRIGHT'S FLIGHT UP THE HUDSON

tween the railroads is on the point of compromise.

The case involves the condemnation of a strip of land in the town of Norton, which, it is stated, is necessary as a right of way to the operations of the Interstate road, but which belongs to the Louisville and Nashville, and which the latter road has refused to be allowed to be used.

### Colonial Case Ended.

A hearing has been set for tomorrow before the commission in the case against Wilmer & Vincent, owners of the Colonial Theatre, in Richmond, who were cited to appear on the ground that they were incorporated in another State, and had not been duly licensed to do business in Virginia. The defendants explained that the corporation had not taken over the Richmond business. The concern is now incorporating in Virginia, and has settled the matter in this way. The case against it will be dismissed when it comes up tomorrow.

### Hearings in Future.

Two other hearings are set for future dates by the commission. One is in the case of the Baltimore and Ohio, the Valley Railway and the Southern, involving transportation facilities in the town of Harrisonburg. This is set for October 12.

On October 14, the Washington Southern Railway will ask to be allowed to increase its passenger rates. This is a part of the Richmond, Fredericksburg and Potomac system, with a line from Washington to Quantico.

### Addresses by Mr. Eggleston.

Three addresses on educational subjects were delivered the latter part of last week by Superintendent of Public Instruction J. D. Eggleston, Jr. On Thursday night he spoke to the teachers and citizens of Appomattox. At Cumberland, on Friday night, he addressed a similar meeting, and at the same place on the following morning he spoke to the teachers. All the meetings were well attended, and a gratifying interest in educational work was manifested.

Mr. Eggleston was to have spoken Friday morning at an educational meeting at the Lynchburg Fair, but was prevented from attending by the breakdown of an automobile which was to have conveyed him from Appomattox to Lynchburg.

### Board of Agriculture Meets.

The State Board of Agriculture will meet at noon to-day at the Capitol. The board will be in session two days. A large amount of routine business is to be transacted.

### New Roads in Southwest.

Photographs of the excellent new road built with State aid from Lebanon to Cleveland, in Russell county, were brought to the office of the State Highway Commissioner yesterday by B. T. Wilson, of Lebanon. The people of Russell are very proud of the three splendid new roads built under the auspices of the department.

### Insurance Company Appeals.

A writ of error was granted yesterday by the Supreme Court in the case of the Metropolitan Life Insurance Company against Mary E. Hayslett, on an appeal from a judgment of the Circuit Court of Norfolk county. The suit involves the payment of a life insurance policy on the life of the husband of the appellee, who was given a judgment in the lower court for the amount of the policy. Erroneous statements in the application for insurance are alleged as the reason for the refusal by the company to pay the insurance.

### Night Visitors to Capitol.

Many of the visitors to the State Fair availed themselves Monday night and last night of the opportunity to see the Capitol and Library at night. The rotunda and agricultural exhibit in the Capitol are open and lighted until 10 o'clock, as is also the State Library.

### Mr. Daniel Here.

Among the visitors to the Capitol yesterday was Hon. John R. Daniel, member of the House of Delegates from Loudoun county.

### Smith—Bruce.

[Special to The Times-Dispatch.] GORDONSVILLE, VA., October 5.—Miss Hazel Bruce, youngest daughter of Mrs. Richard Bruce, and Preston Smith, of the United States Railway Mail Service, were married at the home of the bride's mother, near Gordonsville, Tuesday morning at 11 o'clock. Rev. H. H. Hudson performed the ceremony.

### Gets Year in Prison.

EL PASO, TEX., October 5.—W. B. Green, Immigration Inspector at El Paso until recently, and a former railroad conductor, to-day pleaded guilty at Las Cruces, N. M., to Chinese smuggling, and was sentenced to one year imprisonment.

## MR. ELLYSON SEES LEADERS OF PARTY

Holding Consultations This Week—Dates Made for Senator Martin.

Four weeks in advance of the gubernatorial election, everything looks satisfactory to State Chairman J. Taylor Ellyson. Party leaders all over the State are in line; there is practically no disaffection anywhere, and every indication points to a full party vote, and at least a normal Democratic majority.

Mr. Ellyson went to Petersburg yesterday, where at night he engaged in a conference with the county chairmen and other party leaders of the Fourth Congressional District. He will return to Richmond this morning, but will leave at once for Newport News, where he will see the First District people to-day. On Friday and Saturday, respectively, he will visit the Tenth District at both Staunton and Lexington.

### Dates for Senator Martin.

Several appointments were made yesterday by Chairman Ellyson for Senator Martin and Congressman Carlin, who will speak together. They will make addresses at Orange Courthouse to-morrow night, October 7; at Louisa Courthouse, on October 11, and at Alexandria Courthouse, October 15. It is probable that arrangements will be made for them to speak at ten or twelve other points.

It looks all right in the Eighth Congressional District, according to Mr. Carlin.

Hon. R. T. W. Duke, Jr., will speak at Madison, on October 28.

## DAUGHTERS MEET IN LEXINGTON

Annual Convention of the U. D. C. Will Be Held Wednesday, Thursday and Friday.

[Special to The Times-Dispatch.] LEXINGTON, VA., October 5.—The fourteenth annual convention of the Virginia Division of the United Daughters of the Confederacy begins here to-morrow, to continue three days.

Following is the program of the convention proceedings:

Wednesday, October 6.  
9:30 A. M.—Convention called to order by the president, Mrs. C. B. Tate. Prayer, Rev. Chas. Manly, D. D., of the Baptist Church; address of welcome in behalf of the Mary Custis Lee Chapter, General E. W. Nichols, Virginia Military Institute; address of welcome in behalf of the Lee-Jackson Camp, Dr. Geo. H. Penny, Washington and Lee University; address of welcome in behalf of Lexington, Mayor S. B. Walker; response, Mrs. C. B. Tate; song, "Bonnie Blue Flag," read by Wm. S. Hammond.

### Afternoon Session.

2 P. M. to 5 P. M.—Roll call of officers and chapters, report of credentials committee, report of officers, report of chapters, reports of committees.

### Wednesday Evening.

8:30 P. M.—Reception, library of Washington and Lee University.

### Thursday, October 7.

9:30 A. M. to 2 P. M.—Convention called to order by president, Mrs. C. B. Tate. Prayer, Rev. Alfred T. Graham, D. D., of Presbyterian Church; unfinished business; new business.

### Afternoon Session.

3 P. M.—Communications, memorials, etc.

### Thursday Evening.

8 P. M.—Literary session. Historian, Miss Mary Nelson Pendleton. Reminiscences and essays, music; Confederate war songs, Mrs. A. D. Estill, Mrs. S. B. Walker.

### Friday, October 8.

9 A. M.—Prayer, Rev. W. C. Bell, rector of Lee Memorial Church; drill battalion cadets, Virginia Military Institute; election of officers, place of next meeting, adjournment.

### Wall Gives Way.

SCRANTON, Pa., October 5.—By the collapse of a section of plank-brackets, which supported a thirty-foot embankment during the building of a concrete wall, one man was killed and five others were injured this afternoon on the Ontario and Western Road in Archbold. Joseph Blesse, of Mayfield, fifty-seven years old, was caught under the avalanche of earth and debris and met death outright. The injured were Italian laborers.

## ANNUAL SESSION OF PHYSICIANS

Medical Society of Virginia Opens Its Fortieth Convention in Roanoke.

[Special to The Times-Dispatch.] ROANOKE, VA., October 5.—The fortieth annual session of the Medical Society of Virginia opened to-night in the auditorium of the new National Business College building, Dr. Stuart McGuire, the president, presiding. There was a large attendance, including many women.

The meeting opened with prayer by Rev. W. H. Joyce, after which Mayor Cutchin welcomed the medical men to the city. Dr. S. T. A. Kent, of Ingram, responded in behalf of the Medical Society. The president then made his annual report, in which he referred to the fact that the society now has 1,500 members, the largest in proportion to the number of physicians of any State. He favored an increase of dues from \$2 to \$5 and the establishment of a permanent meeting place in Richmond or Norfolk, with preference for the former city as offering the greatest advantages. His reference to Dr. Landon Edwards as the physician to whom the life of the society was due was greeted with applause.

Dr. George Stover, of Richmond, of the legislative committee, reported on the repeal of the special tax on physicians, and presented a resolution protesting against the tax, which was greeted with applause.

Dr. Stuart McLean, of Richmond, reported on the relation of the physician to the plans of the State for the improvement of health conditions.

Dr. Edwards made his report as secretary, after which the society adjourned until to-morrow morning.

### STILL IN THE AIR

Race of Big Balloons for Lahn Cup Is Yet in Progress.

ST. LOUIS, MO., October 5.—Absence of reports to-night as to the whereabouts of the balloons which started in the race of the 73,000 cubic footers here yesterday tends to the belief that all, with the exception of the University City, competing in the Lahn cup race are still in the air. The latter landed to-day near Chillicothe, Mo., 155 miles from St. Louis.

The balloons were expected to remain in the air forty hours, and as the day was not hot, the aeronauts would not have to use much ballast. The University City, which won the Indianapolis race, was in bad condition when it sailed from here, many patches being put on the gas bag as it was being inflated.

The winner of the race for balloons of 40,000 cubic feet capacity must be decided by official measurement by the St. Louis Aero Club. The two contenders, Missouri and Florida, landed within practically the same distance of this city to-day, one former at Hibernia, Mo., about 120 miles west, and the Florida at Levens, Ill., north of Cairo.

The Perla's pilot, J. W. Bemis, reported that he crossed the Mississippi River four times and the Ohio three times.

## THIRTY LIVES LOST IN MINE DISASTER

Workmen Are Entombed When Explosion Is Caused by Fire Damp.

[Special to The Times-Dispatch.] NANAIMO, B. C., October 5.—Thirty lives are known to have been lost in an explosion that entombed more than fifty men in the Extension mine of the Wellington Colliery Company here to-day.

Twenty-five of the imprisoned men were rescued, but the rapidly spreading fire prevented the rescuers from completing their work. Eight bodies were recovered and the workers late to-night were making every effort to force further entrance into the two levels affected by the explosion in an effort to save any who may be living and to recover the bodies of the dead before they are consumed.

The fire was constantly gaining headway to-night, and while it continues there is little hope of the rescuers being able to reach the imprisoned men. All the men rescued were badly injured.

The men employed in the collieries on Vancouver Island are a better class of British miners, are well paid and have comfortable homes.

The Wellington Colliery Company, which owns the Extension mine, is controlled by British Columbia capitalists. Lieutenant-Governor James Dunsmuir being the head of the corporation.

### DEWEY FOR GOVERNOR

Long-Winded "Theocratic" Candidate Files Necessary Papers.

BOSTON, MASS., October 5.—The necessary papers for the nomination of Judge Henry S. Dewey, of Boston, for Governor were filed at the Statehouse to-day by representatives of the Independence League, although the fact that that party held a convention last week had hitherto been kept a secret. As the Independence League polled more than the necessary 3 per cent. of the total vote at the last election, a nomination by a convention was sufficient.

Judge Dewey spoke for nearly twelve hours on the Common on Sunday, in support of his "Theocratic" candidacy, and will endeavor to obtain the necessary signatures on a nomination of that party, which he originated.

### WALSH FOUND GUILTY

Only Supreme Court Can Save Banker From Imprisonment.

CHICAGO, October 5.—John R. Walsh, convicted of misapplication of the funds of the Chicago National Bank, must serve the sentence of five years' imprisonment imposed upon him by the United States Circuit Court of Appeals in the event that the Supreme Court upsets the affirmation of the verdict of guilty handed down by the United States Circuit Court of Appeals. Judge J. C. Counsel for Mr. Walsh, in their appeal, laid the greatest stress on what they alleged was a lack of criminal intent upon the part of the defendant. In a lengthy brief which they filed much law was quoted to show that the convicted banker, newspaper publisher and politician had not intended to defraud the bank in what he considered a legitimate manner. The opinion of the Court of Appeals, written by Judge Cresscup, is brief and confined almost wholly to the question of criminal intent. The charge was that Mr. Walsh was unduly influenced in dismis-

ing with a word, and but little more is wasted in eliminating the allegation of inconsistency and repugnancy.

### POLITICAL UNREST

Venezuela Hears That England Is Backing Castro.

WILLEMSTADT, CURACAO, October 5.—According to the latest reports received here from Venezuela, that republic is in a condition of considerable political unrest. A number of prominent Venezuelans have been arrested recently and imprisoned in the fortress of San Carlos, near Maracaibo.

A story is current in Venezuela to the effect that Great Britain may aid a revolutionary movement headed by Castro because of the refusal last month of the Venezuelan government to abolish the differential duty collected on goods sent into the republic from West Indian points, and has found certain credence with the lower classes.

Theodore Hauer, the German who was expelled from Venezuela last July on the charge of being a secret agent of Castro, is still here.

### Private Shoots Himself.

SAVANNAH, Ga., October 5.—William Mulvey, a private in the Seventy-fourth Company, Heavy Artillery, to-day shot himself in the left breast in an attempt to commit suicide. He is not expected to recover.

# Elegance in Apparel for Men

All makes of Men's Clothing claim, but few possess, the elements that make for and really constitute Elegance. Burk Tailored Apparel is true elegance personified. Right from the start, and adhered to religiously throughout the process of production, elegance is the dominating feature. The critical selection of the fabric, the careful color-test, shrinking process, every scientific method applied to assure dependability of service; the art, skill and science employed in the designing, cutting and tailoring department, the scrupulous attention to every detail—every point of quality and character possible to be embodied is infused most lavishly and real elegance in Men's Apparel is the proud result and distinction of Burk Tailored Clothing.

Fall and Winter gatherings are complete and enormous in their completeness. The displays reveal the utmost preparedness to meet the taste and preference of the most particular dresser. The patterns and color effects are extremely handsome, the models distinctive and gems of tailoring art, clothes the embodiment of class and character as well as highest values.

\$12.50, \$15, \$18, \$20, and up to \$35

## LAUNCH MOVEMENT FOR GOOD ROADS

Southern Appalachian Good Roads Association Organized at Asheville.

FIVE STATES REPRESENTED

Virginia, North and South Carolina, Georgia and Tennessee Delegates Present.

[Special to The Times-Dispatch.] ASHEVILLE, N. C., October 5.—The movement for 500 miles of good roads through the mountains of North and South Carolina, Virginia, Georgia and Tennessee, was formally launched this afternoon with the organization of the Southern Appalachian Good Roads Association, composed of about 300 men from the States interested.

Dr. Joseph Hyde Pratt, State Geologist of North Carolina, was elected president, and W. L. Spoon, Highway Commissioner, secretary. Chapel Hill, the home of both these officers, will be headquarters of the newly formed association, which was invited to meet in Chattanooga next year. Delegates and visitors to the good roads convention were this morning welcomed to the State by Governor W. W. Kitchin, who briefly outlined the history of the good roads question and emphasized its necessity, and to Asheville by Hon. W. J. Coker, in behalf of the Mayor. In the absence of Governor Joseph M. Brown, of Georgia, F. H. Hyatt, president of the South Carolina Good Roads Association, responded for the convention.

The convention then proceeded to organize. Dr. Pratt was unanimously chosen permanent chairman. Committee chairmen were appointed as follows:

Resolutions—S. F. McCollie, of Atlanta; permanent organization, F. H. Hyatt, of Columbia; membership, J. H. Collins, of Asheville; publicity, M. L. Shipman, of Hendersonville.

President B. Cameron, of the National Agricultural Society, read a bill authorizing the expenditure of \$20,000 by the national government for good roads, which Congress will be asked to enact. Governor Martin F. Ansel, of South Carolina, was unable to reach the city by reason of his train being taken off last night. Commissioner of Agriculture E. J. Watson, of South Carolina, spoke in his stead on good roads and immigration.

H. R. Brown, of Greenville, Tenn., outlined the work for good roads in Tennessee, stating that seven counties had just issued bonds aggregating \$5,500,000. State Geologist W. S. McCollie told of the work in Georgia.

## THREE FLIGHTS BY AEROPLANE AT FAIR

(Continued from Page One—Column 5.)

and the dismantled machine was rolled back into its tent.

It would not turn in air. But it was the best flight of the three. The aeroplane attained to a greater height and greater speed, and the flight was longer than any of the others. But for the break, the flight was entirely successful. It could have been longer, if the field were longer. The trees on the other side of the track prevent further flight, for the field beyond affords no safe place for landing, and Mr. Willard has not yet attempted turning while in the air.

Under the circumstances, he said, he is doing the best he can, and yesterday was a little indiscreet in his effort to make a better flight and thus increase the delight and admiration of the crowd.
