

W. H. URQUHARTIS CLAIMED BY DEATH

One of Richmond's Most Prominent Business Men Passes Away After Long Illness.

Whitmel Hill Urquhart, one of Richmond's most successful business men, died last night at his residence, 105 East Franklin Street. He had been ill since September 4, and although able at times to take a drive, his condition has for the past two weeks been alarming. He was one of the organizers of the Virginia-Carolina Chemical Company, and has always taken a prominent part in the management of its affairs. The funeral arrangements had not been completed last night. Mr. Urquhart was fifty-three years old and had been a vestryman of Grace Episcopal Church for a number of years.

Sketch of His Life.

Mr. Urquhart was born in Salem, N. C., August 10, 1856, during the temporary residence of his parents in that State. His father was Whitmel Hill Urquhart and his mother Miss Florence Elizabeth Nordet. His ancestors settled in Tidewater Virginia, and have been known there as influential citizens since their settlement from Scotland about 1700.

John Urquhart, one of the first founders of the family in Virginia, was a member of the famous Constitutional Convention of Virginia, 1829-30. James B. Urquhart, his grandfather, was a Virginia planter and a member of the General Assembly, and Charles Fox Urquhart, major in the Confederate States army, was killed in battle at Sharpsburg.

Mr. Urquhart was educated by a private tutor at home and at Hanover Academy, one of the most famous of the old classical schools of Virginia, established by Colonel Lewis Coleman, and conducted afterwards by Colonel Hilary P. Jones, two gallant artillerymen of the Civil War. He was there prepared for the University of Virginia, which he entered in 1875. He took the academic course and also the law course, graduating with the degree of bachelor of law in 1877. Mr. Urquhart never followed his profession.

Located here in 1880, after leaving the university he settled upon his own plantation in Eastern Virginia, where he lived until 1889, when he came to Richmond and engaged in manufacturing fertilizers and chemicals, with E. Dabney Crenshaw of this city, as the Atlantic-Virginia Fertilizer Company, which business was afterwards merged into the Carolina Chemical Company, of which he was the division manager for a number of years. Recently his office was divided, and he was made manager of the Virginia Manufacturing division of the company.

Mr. Urquhart was a member of the Westmoreland and Deep River Hunt Clubs, and formerly of the Commonwealth Club, of which he was once vice-president. He always took a prominent part in the social life of Richmond. He was a member of the Chamber of Commerce, and was formerly a member of the board of directors.

On November 7, 1877, he married Miss Ira Anna Jordan, of Rockbridge county, who with three children—Mrs. Edmund Osborne McCabe, Whitmel Hill Urquhart—survive him.

"I Have a Story to Tell"

I have just come from the one-night stands and I have had some experiences! That's how she begins her story—"The True Story of a Young Actress," a remarkable human document, with all the glamour rubbed off and all the real experiences rubbed in. It is a graphic picture of life on the road, in cheap hotels, behind the scenes—a life that demands constitution as well as temperament.

Anna Katharine Green has written for the same number the most exciting story you ever read, "Room Number Three"; and in the same number you will find "Votes for Women from the Inside," "How a Woman Built an Aeroplane," "Why I Left the Woman's Club," the last writing of Edward Everett Hale, and seventy pages of practical departments—all in the November

THE REMEDY FOR SORES AND ULCERS

There is but one way to cure an old sore or chronic ulcer, and that is to remove the cause that produces and keeps it open. No matter where located, any sore that remains until it becomes chronic does so because of impure blood; the circulation constantly discharges its polluted matter into the place and it is impossible for nature to heal the sore. S.S.S. heals sores and ulcers by purifying the blood. It removes every trace of taint or impurity from the circulation, and thus completely does away with the cause. No local application reaches below the infected flesh at the spot, and for this reason can have no curative effect on a sore or ulcer; while such treatment is being used alone, the germs and impurities are constantly increasing in the blood and the sore is bound to grow worse. When S.S.S. has cleansed the blood and enriched and purified the circulation the place begins to take on a more healthy appearance, the different symptoms show improvement, the flesh around the ulcer gets firm, new skin and tissues are formed, and aided by pure, rich blood, nature provides a perfect and lasting cure. Under the tonic and blood-purifying effects of S.S.S., the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be greatly benefited by its use. Book on Sores and Ulcers and any medical advice free to all who write.
