

SENATORIAL TOGA TO BE HIS REWARD

If Roosevelt Can Save New York to G. O. P., Depew's Place Is His.

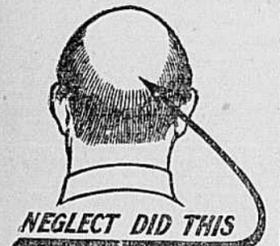

TAFT WILL WELCOME AID

Republicans Believe Ex-President Is Only Man Who Can Meet Situation.

Washington, D. C., April 28.—Intimation in Washington from a responsible source that ex-President Roosevelt will be the successor of Chauncey M. Depew in the United States Senate if he can carry New York State for the Republicans next fall. In spite of the political outlook there, Republicans say that the ex-President, with the known probability that he may want the senatorship, will defeat the Democrats with ease.

President Taft will welcome the active participation of Colonel Roosevelt in the New York campaign, believing that it will be of great benefit to the party. He realizes the tremendous force of the former President, as well as his shrewd political management. Great impetus would be given to the Republican campaign in all parts of the country with the ex-President leading the Republican forces in New York. Hand-in-hand with the Taft administration, Republicans predict that the two would be unbeatable.

Would Delight the President. Mr. Taft would also be delighted, it is believed, to see Colonel Roosevelt in the Senate after next March. Through-out the troublous times of the last year, Mr. Taft has found great comfort in the presence in the Senate of Elihu Root, whose broad statesmanship and sage advice constantly have been at the service of the President. It is declared that with Roosevelt in the Senate New York would have the greatest pair of senators any State ever had in the United States Senate, and would bring together in harmonious action the three men who were foremost in the last administration. Mr. Taft, it is positively known, has

not the least apprehension that the ex-President will turn upon him or his administration. He will not admit that his confidence is based upon information already in his possession, but there is a growing belief in well-informed circles that this is true. Therefore, the President would find great pleasure in the presence in the Senate, where his advice would be freely sought, of the former President.

Roosevelt's Friends Ready.

Intimate friends of Colonel Roosevelt in New York are prepared to push the senatorial boom, and some of them do not propose to let up until they have forced a popular demand in New York. They declare that if Roosevelt wins for the Republicans in New York this year the fruits of the victory will belong to him, and they believe that victory is all the more certain with a widespread belief that the former President will accept the senatorship.

BETTER POSITION SECURED FOR KENT

Defeated Candidate for Governor Will Be Consul at Newchwang, China.

Washington, D. C., April 27.—Influence brought to bear by leaders of the Republican party in Virginia upon President Taft has been effective, as is indicated by the nominations sent to-day by the President to the Senate for confirmation. These nominations include the promotion in the consular service of two Virginians—William Henry Robertson, of Richmond, and Wm. P. Kent, of Wytheville, last year's Republican unsuccessful gubernatorial candidate in Virginia. Mr. Kent, a few weeks ago was nominated by the President to be consul at St. Johns, N. B., at a salary of \$2,900. His friends among the Virginia leaders considered this nomination was not an important enough one for their colleague, and called upon President Taft, to whom they voted their protests. That the President took heed to these protests is evident by the nomination of Mr. Kent to be consul at Newchwang, China, a position paying \$4,500. The nomination of Mr. Robertson is a promotion. At present he is consul-general at Tangier, Morocco, at a salary of \$5,500, and his appointment to the consular generalship at Callao, Peru, advanced him to another class, with a salary of \$4,500.

OFFICIALS VIEW BURGLARS' TOOLS

Speaker Cannon and Others See "Kit" Taken From Fay and Harris.

Washington, D. C., April 28.—Postmaster-General Hitchcock, Speaker Cannon and Senator Burdick, of New Hampshire, today qualified themselves to give expert judgment in the matter of the use of burglar's tools.

An exposition of the use of the burglar's outfit was given to the three eminent statesmen by Post-Office Inspector John R. Harrison, in the private office of Mr. Hitchcock. Inspector Harrison is the official who ran to earth Eddie Fay and his pal, who robbed the Richmond post-office of \$86,000 in stamps and currency. In addition to capturing the burglars, Inspector Harrison and his associates recovered practically all of the loot and seized what is regarded as the finest set of expert burglar tools ever manufactured. The kit includes "jimmies" of various sizes, "bit" chisels, skeleton keys, nitroglycerine fuse, dynamite caps and various other articles in the safe-blowers' outfit. The tools are made of the most delicately tempered steel, and all are handsomely nickel-plated. Each one is encased in a handsome morocco cover. They will be on exhibition in the Post-Office Department. By request, Inspector Harrison explained to Postmaster-General Hitchcock and his distinguished guests the use of the instruments in the elaborate "kit" showing to the surprise of his observers how comparatively easy it is for the expert workman to open a modern safe, provided only that he be left undisturbed for a sufficient length of time.

Halley's Comet Seen at Lynchburg.

[Special to The Times-Dispatch.] Lynchburg, Va., April 28.—Halley's comet was seen here this morning shortly after 4 o'clock. The tail of the comet did not appear, the head appearing about the size of an arc electric light, with rays extending from it, as around the sun at times. This morning was the first clear sky here in two weeks.

Fire in Farmville.

[Special to The Times-Dispatch.] Farmville, Va., April 28.—A stubborn fire to-night at the foot of Main Street burned out a combination stable and storage house, belonging to the Standard Oil Company. The Fire Department did excellent work in containing the flames to the one building.

EXTENDS SECOND CALL TO MINISTER

Rivermont Presbyterian Church Anxious to Have Rev. J. Allen Christian.

PETITIONS IN BANKRUPTCY

Sunday School Association to Take Religious Census of City.

[Special to The Times-Dispatch.] Lynchburg, Va., April 28.—Despite the fact the West Hanover Presbytery recently by a large vote refused to permit the minister to leave Scottsville to come here, the Rivermont Avenue Presbyterian Church has again extended a call to the Rev. J. Allen Christian. An effort will be made to secure the minister's acceptance of this second call, and if he does a stronger effort will be made to secure a majority of the Presbytery to vote in favor of his leaving the four churches forming the Scottsville group.

The Pastorate here has been vacant since the former pastor, Rev. P. B. Hill, went to Roanoke.

Petitions in Bankruptcy.

The Payne Lumber Company, of Nelson county, has filed in the clerk's office of the United States District Court here a petition for voluntary bankruptcy. The debts are scheduled at \$2,763, and the assets, which consist of a sawmill outfit, are listed at \$1,800.

H. DePriest, a merchant at Evington, Campbell county, in a similar petition, is asking for relief from the payment of debts amounting to \$18,341. His assets are placed at \$18,411. The creditors are in Lynchburg, Spring Mills and Castle Craig.

James Paul, until recently a confectioner, whose business was large, has just filed a petition in bankruptcy, in which his debts are scheduled at \$29,496.61, and his assets at \$210. The creditors are scattered from Boston to Miami, Fla., and from Sandusky, O., to Atlanta, including a number in Baltimore, Roanoke and Richmond, as well as Lynchburg.

May Day Exercises.

The students at Sweetbriar College will hold their annual May Day exercises next Monday afternoon on the campus. These exercises are always attended by large crowds from the city, and a special train has been provided to bring the people back next Monday.

The census enumerators are expected to complete their work on Saturday. It is generally expected that the city will show an increase of nearly 100 percent over the 1900 census, or a population of a trifle more than 30,000.

Sunday School Census.

The City Sunday School Association has decided to begin work shortly on the taking of a religious census of the city for Sunday school purposes. The committee to be in charge of the work is composed of the following members: George E. Caske, John M. Otey, Richard Hancock, Herbert F. Miley and L. E. Wingfield. The association also has a committee at work endeavoring to secure a large delegation to the world's convention in Washington in May.

At the Palace Livery Company's stable yesterday a hen egg was found inside a bale of hay, the egg being intact and apparently as fresh as if laid only a few days. Just how an egg could be handled in this way, though not the pressure of a baling machine, and still remain unbroken, is regarded as very unusual. The egg was baled in Indiana, and had been stored for some time in the stable, and it is now in the possession of John J. Hughes, president of the company.

Spring Cleaning Day.

The spring cleaning, from a municipal standpoint, a scheme projected and pushed with customary vigor by the Lynchburg Woman's Club, was a success again this week, though not nearly so much rubbish was hauled off by the Street Cleaning Department this year as last.

The local Young Men's Christian Association on Sunday will begin a week of evangelistic services, to be conducted at the association building by Rev. Robert Stanley Bradbrook, of London, England. The association is the largest in the South, having more than 1,500 members, and great interest is expected to be taken in the services. Arrangements have been completed for the spelling match to be held Friday evening at the Young Men's Christian Association auditorium between pupils of the city and Campbell county schools, the contesting schools being Fairview Heights, for the county, and Monroe School, for the city.

MEMORY FOOD

A Case Where Memory Was Strengthened by Grape-Nuts.

Food that will actually help the memory as well as agree perfectly with a delicate stomach is worth knowing of. A good wife out in Iowa, who did not know which way to turn to get food that would agree with her husband, who was left in a weakened condition after a serious illness and could scarcely retain any food in his stomach, was one day induced to try him on Grape-Nuts, the famous ready-cooked breakfast food, and from the first he began to improve rapidly. In three months he had gained thirty pounds.

She says that his stomach has recovered so completely that he can now eat any kind of food.

She mentions the boy of an intimate acquaintance, who was so delicate that his appearance was pitiable, and he had no appetite for any ordinary food. He was put on Grape-Nuts, and liked the crispness and sweetish taste of the new food and took to it. His improvement began at once, and he is now a healthy, plump boy.

"I know that Grape-Nuts will do more for weak stomachs than any medicine. The claim that it will build up and strengthen the brain has been proven to my certain knowledge. Sister, who writes for the press, and is compelled to memorize a great deal has been using Grape-Nuts, and says she is surprised at the result. There is a marked improvement in her memory, and the brain works more perfectly and with better results."

POSTAL EMPLOYEES TO GET INCREASE

[Special to The Times-Dispatch.] New York, April 28.—The Postal Telegraph Cable Co. announces that on June 1 it will make substantial increases in the wages of its telegraph operators in all important offices of its system. These offices are to be classified according to their comparative importance. The increases will be applied in each man's favor, and in some cases as high as 25 per cent. Careful examination and full inquiry will be made as to the merits of each individual operator. Years' experience and other special fitness will be given weight, and all will be graded accordingly. Efficient and deserving operators will receive pay commensurate with the value of the work that they are able to perform, and less experienced and new operators will have greater opportunity to demonstrate their fitness for advancement in pay or promotion in other ways.

WEST POINT NOW HAS CHAMBER OF COMMERCE

[Special to The Times-Dispatch.] West Point, April 28.—Twenty-eight business men of West Point issued a call for a meeting of business men for the purpose of organizing a Chamber of Commerce in and for this town and such adjacent towns as may be interested and desirous of co-operating. The object of the organization is solely to promote the material welfare of West Point and vicinity, such as improved and additional transportation facilities, better roads, the introduction of factories and other enterprises. The organization will be strictly non-political and free from factional feeling, acting for the improvement and betterment of business interests.

Last night a great crowd responded to the call and gathered in the hall donated for the purpose by Messrs. Morvitz and Cabe. The meeting was called to order by T. C. Hitchcock, editor of the New South, who instigated the organization.

A Julian Engly was elected temporary chairman and Mr. Lane Cook secretary.

DEFENSE MAY NOT PUT ON WITNESSES

Government About Closes Its Case Against Carraway.

[Special to The Times-Dispatch.] Newbern, N. C., April 28.—The time of Federal court to-day was largely taken up with identifying certain checks found in the National Bank after Carraway's default. These checks came through the mail from other banks, and were paid by the National Bank, but never charged against the parties giving the checks.

When court opened, the first witness called was G. H. Roberts, cashier of the bank. Mr. Roberts said Carraway was usually the first man at the bank in the morning. He had much power in the bank, and had the absolute confidence of the officials. Mr. Roberts added very little to what had already been told.

He succeeded in getting fifty-odd dollars, and made his escape, but was captured by Special Constable Byrd, and taken to the county jail. He was held for six months' imprisonment in the county jail. The money was restored. In the last eighteen months, Coulbourne has had brought against him six similar charges.

GOVERNMENT ABOUT CLOSES ITS CASE AGAINST CARRAWAY.

The government practically closed its side of the case this afternoon, and the lawyers for the defense stated that they would introduce any witnesses. The whole case at present is very much mixed, and the evidence is so twisted that only a practical banker could make much out of it.
