

V. P. H. GETS ONLY ONE HIT OFF EFRID

Washington and Lee Twirler in Great Shape, and Easily Wins Game.

(Special to The Times-Dispatch.)
 Lexington, Va., April 29.—Jap Efrid of Virginia Polytechnic Institute down with one scratch hit to-day, Washington and Lee taking the game from the Techs, 6 to 0. Efrid was in great form, and after the opening frame, the Blackburg ball-tossers reached the first station but once, only twenty-nine batsmen facing him. The Varsity did some sharp fielding, and gave the crack elabman big-geared support.

Reiter began the game for the Techs, but was wild and unsteady. He issued four free passes in the first inning, and these, coupled with a wild pitch, a passed ball and a stolen base netted the White and Blue team three runs. Evans replaced him in the fifth, and though steady, yielded three hits in the sixth session, which, with a sacrifice and a stolen base, registered two for the Varsity. The locals counted again in the eighth, and should have added a few more, but the Techs were steady, with the bases full, and the Varsity batsmen failed to connect.

Reitenwald was at the receiving end for the first time this season, and caught Efrid in splendid style, showing his old-time great form.

Smith's sharp fielding at second was of big league order. He accepted seven chances without a slip.

Captain Stras got in good work on the initial bag, and Webster assisted him in doubt by reaching his usual ground from right. Ed Brown put up his good game at third. The same teams meet again at third. The score: The score: **Polytechnic.**

HERMITAGE EVINS SECOND MATCH

Lakeside Golfers Fall Victim to Hermitage Players Thursday Afternoon for Second Time.

The second golf match between teams representing the Lakeside and Hermitage Clubs was played Thursday over the Hermitage course, and was won by the Hermitage players, 15 to 7. Match play, Nassau count, was the style of play, and while the score looks a bit one-sided the matches were close and interesting. The players were matched as follows:

Hermitage vs. Lakeside	H. L.
Palmer-Mackay	3 0
Meade-Wood	2 1
Harrison-Young	3 0
Call-Joynes	3 0
Atkinson-Keece	1 2
Hazard-Hill	1 2
Valentine-Fleming	0 2
McGuire-Martin	2 0
Total	15 7

On Saturday, May 7, the Hermitage will have its qualifying round for the spring championship. The sixteen lowest players will compete for the championship cup, the second sixteen for the class B cup and the third sixteen for the class C cup. The qualifying will, of course, be at medal play, and all succeeding rounds will be at match play.

The semi-finals will be played on May 10, 12 and 14, and the finals on May 19 and 21. Provision will be made for any players in the semi-finals on the 14th who wish to take part in the qualifying round at Lakeside.

Entry sheet will be found on the bulletin at the club.

U. S. G. A. rules will govern all matches except where our local ground rules cover.

THIRTY-ONE LIQUOR LICENSES GRANTED

Total Number Not Expected to Exceed Last Year's Record.

DEATH AND BIRTH RECORD

Handsome New Passenger Station to Be Opened To-Day.

Times-Dispatch Bureau.
 109 North Sycamore Street,
 Petersburg, Va., April 29.

Thirty-one liquor licenses were granted by the Hastings Court to-day, the number including retail dealers at \$500 tax each and several order houses at \$500 tax each. More order licenses may be granted later, but it is not believed that the total number will exceed, if it reaches, the number issued for the present year—thirty-seven. The retailers claim that they are not making any money, and some that they are barely making a living at their business.

Death and Birth Record.
 The report of the Board of Health just issued shows a total of forty-eight deaths in the city during the month ending April 28. Of the decedents, six were under one year old; twelve were between six and eighty years of age, and six were beyond four score. Among the causes of death assigned are: tuberculosis, 5; cerebral hemorrhage, 10; endocarditis, 3; Bright's disease, 7. The deaths among the white population were 22, and among the colored 26. Seven bodies were brought to the city for burial during the month and three were removed. The rate of mortality of the whole population was 15.20—of the white, 15.53, and of the colored, 24 per 1,000 per annum.

The city is free from all contagious diseases, only one case of typhoid fever having been reported during the month.

The number of births reported for the month was forty-nine, one in excess of the number of deaths. The stork visited twenty-nine white families and twenty colored.

New Hebrew Synagogue.
 The Orthodox Hebrew congregation of this city has purchased an eligible site on North Market, nearly opposite Friend Street, on which as early in the future as possible it is proposed to erect a handsome synagogue. The price of the property was \$1,000, and the dwellings on it will be razed to give place to the synagogue.

Sale of City Property.
 In accordance with a resolution passed by the Common Council, the city will on Monday sell at public auction nineteen acres of its high service reservoir property lying in Prince George county, near the city and opposite the Southern terminus of Sycamore Street. The property is designated for residential development by private parties, and is to be sold under strict conditions regarding the city's water supply. No bid will be received at less than \$100 per acre.

New Passenger Station.
 The handsome new Norfolk and Western passenger station in the lower part of the city, erected at a cost of between \$45,000 and \$50,000, will be brilliantly lighted up and thrown open to the public to-morrow night, and thereafter the unsightly old station nearby, which has been in use for a great many years, will be abandoned and razed. The new building is a credit to the company and an ornament to the city. It has abundant room and conveniences, is very handsomely finished inside with oak, and has concrete walkways all around it. The grounds about the building are to be beautifully improved. A tunnel under the Norfolk and Western tracks will connect the station with the Atlantic Coast Line trains going North and South.

Personal and Otherwise.
 Mr. and Mrs. Herbert M. Swoppe have returned from their wedding trip South, and are at home to their friends on Marshall Street.

A delegation of lawyers and other dignitaries went over to Richmond today to see Governor Mann in behalf of Hardy, who was convicted in the Circuit Court of Nansemond county of the murder of T. G. Jones, and sentenced to death. A petition for a commutation of sentence in this case recently received many signatures in Petersburg.

The Police Commissioners' are still hopeful of securing a police patrol system for Petersburg, and the Commission seems disposed to grant a credit to the company and an ornament to the city. It has abundant room and conveniences, is very handsomely finished inside with oak, and has concrete walkways all around it. The grounds about the building are to be beautifully improved. A tunnel under the Norfolk and Western tracks will connect the station with the Atlantic Coast Line trains going North and South.

Fire in Dinwiddie.
 The Rev. W. E. Grant, pastor of the Methodist Church at Dinwiddie, lost his barn and stables by fire last night with its contents—feed, implements, fowls and a cow. It is not known how the fire originated. Mr. Grant's loss is estimated at about \$500.

A movement has been started, and with much encouragement, for the organization of another military company in Petersburg, to be known as the A. F. Hill Rifles.

At 9 o'clock last night at the residence of the bride's mother, on Union Street, Miss Lella W. Grigg was married to W. A. Bonham by the Rev. J. T. Bosman. The young couple left on a bridal trip, and will make their home in Danville.

Adjutant Crawford and wife, of Philadelphia, officers of the Salvation Army, will arrive in the city to-morrow, and will conduct services in the army hall on Sunday.

Ensign Woods, of the Salvation Army, yesterday took under his care an aged woman from Chesterfield county, Mrs. Frances Buckel, seventy years old, and a native of Poland, who reported that she had been ill-treated and now had no home.

WOUND MAY BE FATAL.
 Man, in Protecting Wife From Riddle, Is Shot by Tormentor.
 (Special to The Times-Dispatch.)
 Tattler, Va., April 29.—Rob Dwyer shot and fatally wounded John Lammy, on Town Hill, near Richlands, yesterday, and Dr. Williams, who rushed for help, in Lammy's body, does not think that he will recover.

The cause of the trouble is said to have been over Lammy's wife, who has been in a bad mind. Dwyer went to Lammy's home, and was making fun of Lammy's wife, on account of her coming condition, when Lammy appeared and tried to make Dwyer desist. A battle of words and epithets ensued between the men, and the shooting began. Dwyer escaped and was seen by Lammy, Dwyer escaped.

Remarkable Christmas Present.
 Among the curious Christmas presents of this year will be one for a man of national reputation, which has been all year in the making.

Way last January the present was decided upon, and a friend of the prominent gentleman requested the Burrelle Press Clipping Bureau of New York to watch every paper in America, and to take up every item which appeared concerning the man.

The clipping bureau people followed instructions, and now present the history of one year in the life of this special man. The history ends just after election, and the 20,642 newspaper items found include everything from a three-line editorial mention to full-page illustrated stories. These have been mounted on 3,200 great sheets of Irish linen paper and bound into three massive volumes.

At the head of each item is the name and date of paper clipped from, this information having been put in with a book typewriter. The words thus inserted amount to 153,852.

In actual time, a very strict record of which has been kept, the work has required sixty-four working days throughout the year, and has kept in employment during that time thirty people as readers, clippers, sorters, mounters and binders. Every newspaper of importance is represented.

This is merely a specimen of some of the unique orders which get into the Burrelle Bureau, for the extent to which clippings are used by individuals and by business concerns seems to be remarkable.

There are many people in private as well as in public life who need press clippings and don't know it. It might be well for them to look up this man Burrelle, who is said to be so well known that a letter simply addressed "Burrelle, New York," will reach him with no delay.

Accused Physician and His Loyal Wife

DR. B. C. HYDE.
 MRS. B. C. HYDE.

DR. B. C. HYDE. MRS. B. C. HYDE.

SAW UNDERTAKER BEFORE HIS DEATH

Mrs. Hyde Certain That End Was Near for Millionaire Swopé.

Kansas City, Mo., April 29.—R. B. Mitchell, an undertaker, who cared for the bodies of Col. Swoppe and James Moss Hunton, was the first witness today in the trial of Dr. Hyde for the murder of Col. Swoppe. While he was at the Swoppe home preparing for burial the body of Mr. Hunton a day before the death of Col. Swoppe, said Mr. Mitchell, he met Mrs. Hyde, and she spoke about getting a casket for the millionaire.

"She told me Dr. Hyde said Col. Swoppe could not live," he testified. Judge Latham ordered this alleged conversation stricken out.

Upon the taking of the body of Col. Swoppe from the vault in Forest Hill Cemetery on January 11, testified the undertaker, the casket was in good shape and the corpse had not been disturbed. On cross-examination he said the screws were not set as tightly as he had expected them to be. His assumption was that they had settled.

Mr. Mitchell said he saw red spots on the legs of Colonel Swoppe. The State contends they are signs of cyanide poisoning.

No Cause of Death Entered.
 "Although Dr. Hyde signed the death certificate of Christian Swoppe with the names 'Tyman and Hyde,' he did not enter the cause of death," testified Henry J. Ott, an undertaker.

"Dr. Hyde also marked out a line reading 'Hyde treated the case,' and made it 'We treated the case.'"

Mr. Ott said he sent the certificate to Dr. Twyman's office, but the physician was not there. The "cause of death" blank has never been filled.

"He told me Dr. Twyman treated the case and I should take the certificate to him and have him give the cause of death," said Mr. Ott.

Thomas Lawsoncamp and Ira W. McPheters, policemen, and W. F. Stein and F. J. Nichols, undertakers, testified that the body of Colonel Swoppe was not disturbed while it lay in the Kansas City Public Library for two days.

Medical Experts to Testify.
 At the outset of the trial to-day it was expected the contest between the medical experts in the case would be on before the day was over. Dr. Ludwig Hektoen, the first scientist called into the case by Mrs. Logan Swoppe, who made an autopsy on Colonel Thomas H. Swoppe's body, was summoned from his home in Chicago Thursday. He was told he probably would be called as a witness to-day.

Announcement was made at the time that Dr. Walter S. Haines and Victor C. Vaughn, other scientists in the employment of the prosecution, would testify before the end of the week.

Advising Dr. Hyde's attorneys in the examination of the scientists will be half a dozen chemists and toxicologists. Dr. E. E. Smith, of New York, is chief of the defense's medical corps. He has been here for several weeks, making tests and conferring with the defense.

The defense's efforts will be directed mainly toward attempting to discredit expert medical testimony. One of the

COURT APPROVES N. AND S. SALE

Properties Will Go to Reorganization Committee Next Week.

(Special to The Times-Dispatch.)
 Norfolk, Va., April 29.—The Norfolk and Southern Railway will pass out of the hands of receivers early next week.

Such a statement was made this evening by Edward R. Baird, Jr., attorney for the company, after Judge Edmund Waddill, Jr., of the Federal court, had signed a decree approving of the sale of the bankrupt railroad properties to the reorganization committee, headed by Marsden J. Perry, for \$8,500,000.

The decree was signed by Judge Waddill promptly at 6 o'clock. "The decree, approving of the sale of the properties, which is in pamphlet form, brings out no new matter," said Attorney Baird, after Judge Waddill had acted.

"The railroad properties will be delivered to the purchasers just as soon as reorganization is perfected, and we can go to North Carolina and to Richmond to wind up the legal points involved."

"I should say that the receivers will be discharged within the next two or three days, early next week, any way."

Attorney Baird, General Manager E. T. Lamb, of the Norfolk and Southern Railway, one or two other attorneys, attaches of the clerk's office, and newspaper men, were in the Federal Court Building when it was announced that Judge Waddill had signed the decree approving of the sale.

The court directs the receivers of the railway company to retain \$100,000 of the amount paid for the properties, to be held for further instructions. This, so it is understood, is to guarantee the court costs and other incidentals incurred in the long drawn out litigation.

Immediately after the signing of the decree, General Manager Lamb left for Edenton and other points along the Norfolk and Southern line. It is understood that the system has planned a number of improvements, which have been held up pending the settlement of the litigation. This will now be pushed forward, it is said.

Remarkable Christmas Present.
 Among the curious Christmas presents of this year will be one for a man of national reputation, which has been all year in the making.

Way last January the present was decided upon, and a friend of the prominent gentleman requested the Burrelle Press Clipping Bureau of New York to watch every paper in America, and to take up every item which appeared concerning the man.

The clipping bureau people followed instructions, and now present the history of one year in the life of this special man. The history ends just after election, and the 20,642 newspaper items found include everything from a three-line editorial mention to full-page illustrated stories. These have been mounted on 3,200 great sheets of Irish linen paper and bound into three massive volumes.
