**READY TO CHOOSE
THIRD MAN IN RING**

Ben Lomond, Cal., May 1.—Sam Berger, Jeffries's manager, left Ben Lomond to-night for San Francisco to be present to-morrow at the posting of the \$30,000 additional purse money for the big fight. The articles of agreement call for the posting of the remainder of the purse, amounting to \$1,000, forty-eight hours before the fight. Berger will attend a meeting Wednesday, at which the referee for the match will be chosen.

Berger and Jeffries had a long discussion to-day regarding the third man in the ring, but neither would discuss the matter or make any prediction as to the probable choice.

Jeffries disappointed visitors at his camp to-day by eliminating the boxing bout from the day's program. The onlookers saw nothing more exciting than a game of handball between the former champion, his nephew, Tod Boyer, and Billy Papke in the morning, and caught only a glimpse of the big fight in the afternoon as he walked from camp.

Jeffries said to-night that the eruption on his back had disappeared, and he expects to have no more trouble with the affliction.

**33 CARS IN VIRGINIA ENDURANCE
RUN LEAVE THURSDAY MORNING**

Starting Time Is 6 A. M. From Times-Dispatch Building—Cars Must Be Delivered to Technical Committee at Noon Wednesday for Examination—President Will Receive Party of 100 at White House.

Thirty-three cars have been entered for the Virginia endurance run, promoted by The Times-Dispatch and under the auspices of the Richmond Automobile Club, which takes place Thursday, Friday and Saturday of this week. This is the largest number of cars ever entered in a contest in the South, and is the direct outcome of the good road movement, which has done so much for the farmers and property owners of the State.

The cars which will take part in the contest are to be delivered, ready for the road, to the technical committee at the Times-Dispatch Building on Wednesday at noon, when they will be examined and parked in a convenient place near the starting point. Neither owners nor drivers will be allowed to enter or work upon a car after it is in the hands of the technical committee, nor can any supply of gasoline, oil or water be taken on until Orange, the midway control, is reached on Friday.

Final Meeting.
On Wednesday evening at 9 o'clock a meeting will be held for all officials, owners, drivers and observers, when the referee will give final instructions and when observers will be assigned for the first day's run.

On Thursday morning about 5:30 o'clock the pilot car and the officials will leave the Times-Dispatch Building, and at 6 o'clock the first contesting car will be sent away, followed by all other contesting cars at minute intervals. Louisiana will be an intermediate control, at which, however, engines cannot be stopped, although cars must stop if ahead of schedule. This intermediate control is established to prevent speeding.

When Orange, midway control, is reached, engines may be stopped and gasoline, oil and water taken on. At this point all cars, unless behind schedule, must stop for at least thirty minutes. Lunch will be eaten at Orange, after which Judge George Shackelford will start the cars for Washington. There will be no controls between Orange and Washington, and cars, on reaching the capital, will immediately check out at the Arlington Hotel and then proceed to the parking place in front of the National Museum, just behind the Post-Office Building.

Observers must not leave the cars until they are at the parking place and must see that drivers leave as soon as the cars are parked.

Endurance Run Notices.

Cars must be delivered to Technical Committee at Times-Dispatch Building at 12 o'clock noon Wednesday, May 4.

Cars will leave on Endurance Run at 6 o'clock Thursday morning, May 5.

Entrants must name observers by 9 o'clock Monday evening, May 4.

A meeting will be held for officials, owners, drivers and observers on Wednesday evening, May 4, at 9 o'clock, in the Times-Dispatch Building, at which the referee will give final instructions, and when observers will be assigned to cars.

67 Charlottesville 11:30 11:34
151 Richmond 3:33 7:11 6:04

This schedule makes an allowance for thirty minute stops at Orange the first day; Winchester the second day, and Charlottesville the third day.

Of course, all cars do not leave Richmond at 6 o'clock, but at 6:31, 6:52, 6:53, etc., so that as many minutes must be added to the schedule at Louisa, Orange and Washington as are lost at Richmond at starting. This same condition applies to the second and third day's run.

The officials of the run are:
Referee—Dr. H. W. Bassett; Otis M. Allred, alternate.
Chief Observer—Mr. Allport.
Timer and Checker—Mr. Nelson.
Technical Committee—Messrs. Marshall, Schillings and the A. A. representatives who will be sent from New York.

Official Route.
The pilot car, driven by W. F. Gordon, will throw out confetti at every cross road or fork so that the cars following may know the official route, which follows:
Thursday, May 5, First Day—Richmond, Solomons, Glen Allen, Jackson, Montpelier, Cuckoo, Louisa, Trevilians, Green Springs, Gordonsville, Orange, Woodbury Forest, Calnoper, Brady, Elkwood, Remington, Midland, Calverton, Cattlet, Manassas, Centerville, Fairfax, Anandale, Arlington, over Long Bridge, Washington.

REDS TAKE A GAME

Cincinnati, O., May 1.—With a man on second and on third, two out in the ninth, one run needed to tie and two strikes and three balls on him, Egan singled to deep short to-day and brought Paucker home with the tying run, while Hauser threw wild a moment later. Miller collected the winning tally. Suggs pitched well. Willis was hit hard. Score: Cincinnati, 1; St. Louis, 0.

HOTLY CONTESTED GAME

Chicago, Ill., May 1.—After Pittsburg to-day scored one run in the ninth Chicago scored two and won a fiercely contested game 2 to 1. The winners lost a score in the eighth when Hoffman fell between third and home and twisted his knee. He could not get up, and Gibson ran out and tagged him while he lay on the ground. In the ninth Wagner singled, went to second on Miller's infield out and scored on Flynn's single. With two out in Chicago half of the ninth Wagner fumbled Scheidt's grounder and Chance and Steinfeld followed with two-baggers, scoring two runs. Score: Chicago, 2; Pittsburg, 1.

DETROIT DROPS ONE

Chicago, May 1.—The Chicago Americans defeated Detroit in a hard-fought fifteen-inning game to-day 4 to 2. Walsh pitched in the first, but had poor support in the ninth, when Hahn dropped a long fly and Blackburn fumbled two line drives, which gave the visitors the advantage. Chicago came back in their half and tied it up on a base on balls, a sacrifice and an out and a hit. The finish came in the eleventh, when Tannhill hit a clean drive to left for two bases, went to third on a sacrifice and scored on a wild pitch. Score: Chicago, 4; Detroit, 2.

Three Players Released.

[Special to The Times-Dispatch.]
Lynchburg, Va., May 1.—Releases have been given by the local baseball association to Outfielder King, infielder Zimmerman and Pitcher Edgewood. King came to the locals in a trade last winter for "Buck" Hooker, now of the Danville team. Zimmerman is a brother of the second baseman of the Chicago Cubs and apparently has a future before him as a shortfielder. He could not be used, Edgewood comes from Philadelphia, and is being released by the Eastern Carolina League, with a string to come back here at the close of the season there.

marriage of a white person with a colored person. You then stated that the test of "color" in this connection is the possession by the person of "one-fourth or more of negro blood." You were right as far as that goes, under section 49 of the Code, but by an act of the General Assembly of Virginia, passed March 13 of 1910 (Acts 1910, page 58), this section was amended and the "one-fourth" was changed to "one-sixteenth" as to the negro, but no provision was made as to the Indian. Crowing Sore.
To the Editor of The Times-Dispatch:—Sir:—I have finished reading Henry M. Holladay's article, entitled "Democracy and the Tariff," published in to-day's issue of your paper. We suspect the author is a Republican, if not in name in conviction at least. We form our opinion from his statements in to-day's issue that some of the protection has retarded progress. That is the very test. Does protection make for or against prosperity? If it does, then the policy of the Democracy is wrong. Whether right or wrong, if it be to the interest of the masses, it is with us to stay. But those of us who believe it is not only an abuse of the power of the government to use it to protect some at the expense of others, believe also that it is actually opposed to the best and ultimate good of the people in general.

The Bryan doctrine of "free raw material" is illogical, unjust and unscientific. All of us know that cane sugar would be on the free list if it were not one of our largest revenue producers, because it is a Southern product.

In drafting a tariff bill, there are but two viewpoints for the Congress—revenue and protection. If one revenue producing article be put on the free list, it means that some other article must be taxed to make up the loss.

The politicians in 1884, in order to catch the votes of the manufacturers of Connecticut, Massachusetts, New York and New Jersey, first pledged the Democracy to that fallacious policy. The Tilden policy of "a tariff for revenue only" will win in time, and if the Democratic party falls at this time to preach it for all it is worth, it is because it has no wise leaders of force. J. MILTON JONES.

Wants Fence to Remain.

To the Editor of The Times-Dispatch:—I protest against the removal of the iron fence around the Square. It is not unsightly, as pronounced by Mr. Christian, in his speech in The Times-Dispatch. The beauties of this oldest of our parks can be easily seen through the fence, whereas the beauties of the Square, which completely cuts it off from view, unless you are tall enough to see over it. Other parks which have been numbered with the fence, have been trimmed and kept in order, and take years to reach perfection. I can see no possible reason for removing the fence, and I regret that The Times-Dispatch is in favor of it. I am quite sure that there will be no uncertain protest from the women's organizations in the city.

But for them the old bell tower would have been numbered with the fence, and the beauties of the Square would be seen through the fence. The beauties of this oldest of our parks can be easily seen through the fence, whereas the beauties of the Square, which completely cuts it off from view, unless you are tall enough to see over it.
