Freckle-Face

If the Summer Brought Out Unightly Spots, You Can Remove them Easily.
Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face? Simply get an ounce of Othine—double strength, from Tragic's Drug Co., and one night's treatment will show you how easy it is to rid yourself of freckles and get a beautiful complexion. Now that the summer has brought its crop of freckles to most women, there is an unusual demand for Othine, and in September the druggists sometimes find it difficult to supply all calls. Be sure to ask for the double strength Othine, as it is sold under guarantee of money back if it fails to remove the freckles.
