FRENZY OVER RELIGION DRIVES WOMEN CRAZY Goldboro Authorities Order That Meetings of "Unknown Tongue" Preachers Be Discontinued. [Special to The Times-Dispatch.] Goldsboro, N. C., October 17.—Several days ago three preachers pitched a small tent near the post-office in this city, and they have been preaching a doctrine known as the "Unknown Tongue" religion, in which they babble in a language that words cannot interpret. As a result of their preaching three women who have been attending the meetings were to-night pronounced crazy. Others have danced and shouted at the meetings until they fainted.

Last night about fifty followers of the religion gathered together in the northern part of the city at the home of William R. Paul, and began shouting in the "unknown tongue." Those not able to get on the inside of the above home stood on the sidewalk and jumped up and down, shouting at the top of their voices. Several of the women fainted during the mad stampede, while others were knocked down, with their eyes rolled back into their heads and their teeth tightly clinched.

The meeting lasted about one hour in all, at the conclusion of which those who were able retired to the tent meeting going on near the post-office, where they again babbled and shouted.

The meeting in the northern part of the city attracted a crowd of about 100 spectators, while some of the neighbors, thinking a row was in progress, phoned for the police. It was one of the wildest scenes ever witnessed in this city. The city authorities have ordered the meetings to be discontinued.

The road will run from Bristol through the Valley of East Tennessee, and is constructed upon a grade of such low per cent. as to enable the company to haul its coal over the Virginia and Southwestern routes, across Walker's Mountain, where one engine, with the aid of a pusher, could handle only fifteen cars. BEGAN YOUNG Had "Coffee Nerves" from Youth. "When very young I began using coffee and continued up to the past six months," writes a Texas girl. "I had been exceedingly nervous, thin and very sorrow. After quitting coffee and drinking Postum about a month my nervousness disappeared and has never returned. This is the more remarkable as I am a primary teacher and have kept right on with my work. "My complexion now is clear and rosy, my skin soft and smooth. As a good complexion was something I had greatly desired, I feel amply repaid even tho this were the only benefit derived from drinking Postum. "Before beginning its use I had suffered greatly from indigestion and headache; these troubles were of the unknown kind. "The change from coffee to Postum was made without the slightest inconvenience, did not even have a headache. Have known coffee drinkers who were visiting me to use Postum a week without being aware that they were not drinking coffee. "I have known several to begin the use of Postum and drop it because they did not build it properly. "After knowing how it should be prepared they have tried it again and pronounced it delicious."
