

FIGHT ON LORIMER STARTS IN SENATE

Opening Guns Are Fired by Senators Beveridge and Owen.

SPEAKS IN OWN BEHALF

Illinois Man Again Disclaims Innocence of Any Vote Buying.

Washington, D. C., January 9.—The fight to prevent Senator Lorimer, of Illinois, retaining his seat in the United States Senate, was opened today by a contest between Senators Beveridge, of Indiana, and Owen, of Oklahoma, both of whom contested for the right to fire the first gun in the same cause.

Senator Beveridge, by virtue of being a member of the Committee on Privileges and Elections, which investigated charges of bribery against Mr. Lorimer, claimed a tactical victory of filing a minority report attacking the position of his colleagues on the committee who voted to exonerate the Illinois Senator.

Senator Owen, however, introduced a resolution to declare the action of the Senate in exonerating Mr. Lorimer illegal and void, but he was not permitted to address the Senate in its support. The Senate held that the resolution under the rules would have to go over until tomorrow.

Mr. Beveridge then submitted his report, the conclusion of which was: "That this election was invalid under any possible view of the law. If the Senate so concludes, it is our duty so to declare. Therefore, I submit the following resolution: 'Resolved, That William Lorimer was not duly and legally elected to a seat in the Senate of the United States by the Legislature of the State of Illinois.'"

Lorimer Speaks. Before the report was filed Senator Lorimer made a brief speech declaring his innocence of bribery and the innocence of his friends of any participation in corrupt practices in connection with his election.

The Beveridge report reviews the testimony heard upon the alleged acceptance of bribes by four members of the Legislature, and the testimony of these men that the bribes had been paid by three other members. The minority report declares that it is an admitted fact of common knowledge that the confessed bribe-takers were shown to have had in their possession, in bills of large denominations, unusually large sums of money soon after the dates when they were alleged to have received the alleged bribes. This statement, made in reply to the contention of the majority that the men who confessed to having received bribes were not to be believed.

Senator Beveridge devoted considerable attention to the claim of the majority that at least three of those who confessed to having received bribes had been "compelled" or "driven" to make these confessions because of the treatment received from officers of Cook and Sangamon counties, Illinois. In this connection the report says: "What the Senate must determine is whether it believes as a matter of fact that these men actually did receive the money which they testified to having received, and large amounts of which were found in their possession in bills of large denominations."

After the morning business had been concluded in the Senate, Mr. Owen again gained the floor and made the speech which he had attempted to deliver earlier in the day.
