

New York Stock Market

New York, January 25.—Trading in stocks began slightly above last night's close, but then following a series of fractional advances and recessions, during which the market demonstrated that it had little or no recuperative power, trading became extremely dull and continued on a nominal basis during the remainder of the day, with prices little above the lowest. The selling movement was extended in the last hour, and prices eased off to a point which showed considerable losses on the day. Norfolk and Western, which was heavy all day, broke two points in the late session when it became known that the directors at their meeting in Philadelphia had taken no action in fulfillment of the prediction that the dividend was to be increased, and the general list declined in sympathy.

U. S. Steel showed some disposition to advance in the initial trading, but later was sold heavily. The Harborman issues and heading were again under pressure, rumors attributing selling of the latter to Philadelphia sources. It is practically settled, although technically denied, that some foreign financing for American roads, probably including Southern Pacific and New York Central, is under way, that other corporations have similar negotiations in contemplation admits of little doubt.

Bonds were irregular. Total sales par value, \$6,248,000. Total sales for the day, 411,900 shares.

New York, January 25.—Money on call steady, 2 1/4-2 1/2 per cent. ruling rate, 2 1/2; closing bid, 2 1/4; offered at 2 3/8. Time loans, easy on sight, 3 1/2-4; sixty days offered at 3 1/2 per cent. and ninety days, 3 1/2-3 3/4; six months, 3 1/2-3 3/4. Prime mercantile paper, 4 to 4 1/2 per cent. Sterling exchange steady, with actual business in bankers' bills at \$4.82 1/2 for sixty-day bills and at \$4.86 1/2 for demand commercial bills, \$1.51 1/2-1.48 1/2-1.47 bar silver, 53 1/4-1.
