

How to Shop by Mail

Following each classification below is the announcement of a progressive, reliable concern, which is prepared to offer special facilities to the "Mail Order" customer, particularly to farmers and those who reside some distance from the conveniences of the city stores. Owing to the extension of the Rural Free Delivery service throughout this section, it is no longer necessary to travel down town to do your shopping. Simply make your selection from the goods listed below, or write for information, which will be gladly mailed, and then send your order by mail. The concerns listed in this page are selected and representative and may be classed as headquarters in their particular lines.
