

COURT FORFEITS BOND OF RIXEY

President of Defunct Bank Fails to Appear for Its Renewal.

ILLNESS GIVEN AS REASON

Rule Issued Returnable April 21, When Forfeiture May Be Set Aside.

Alexandria, Va., April 10.—Because C. Jones Rixey, president of the defunct Virginia Safe Deposit and Trust Corporation, failed to make his appearance in the Corporation Court at 11 o'clock this morning for the purpose of renewing his bond, his bond in the sum of \$10,000 was declared forfeited by the court, and the court issued a rule returnable at 11 o'clock April 21 next to show cause why the bond should not be forfeited. The court also ordered a capias on the new indentments recently returned by a grand jury in the case against the accused banker.

When the court ordered Rixey's bondmen, together with his array of legal talent, including John J. Jeffries, Norfolk; James R. and H. B. Caton and Mr. Hyden, were present, and the State was represented by Commonwealth's Attorney Brent, Rixey's son, C. Jones Rixey, Jr., was also present. Certificates from Rixey's physicians were handed the court, setting forth that Rixey was physically unable to stand trial at the present time.

His physician in court, Dr. Freeman, of Washington, Rixey's physician, was present. Judge Rixey, who presided, asked him to take the stand to testify concerning the condition of the indicted banker.

The court stated that under section 4937 it would have to issue a rule, and added that if Rixey entered into a new bond returnable upon a time designated by the court, the court would spare the recognition. The court also said that possibly the next move would be to issue a capias for Rixey's arrest.

The court asked Attorney Jeffries when Rixey would be able to be here and answer preliminary questions put to him by the court. The attorney was unable to say, adding that Rixey is suffering from hardening of the blood vessels and also other troubles. It was explained by the court that if Rixey could be brought to this city and enter a new recognition it would save the necessity of issuing a capias, as the court did not desire to do same.

Declares Condition Serious.
Dr. Freeman then took the stand and told the court that the condition of Rixey is serious. He explained that Rixey is suffering from hardening of the liver, slight hemorrhage and softening of the brain, the latter liable to produce paralysis. While Dr. Freeman would not state absolutely that his illness would result fatally, he was of the opinion it would be dangerous at this time to bring Rixey here. Rixey, in his opinion, needs a long rest.

The court asked if a rest would result in Rixey being in better physical condition than he is at present. The physician thought he would improve, and such would be the only chance he has of improving. The rest needed, in his opinion, would be several months.

An All Around Household Remedy

Duffy's Pure Malt Whiskey is used in Mr. Agor's home as the family medicine. It is good for everybody. In his letter he says: "I have used Duffy's Pure Malt Whiskey in my family for the last five years. It is certainly a wonderful remedy for colds, bowel trouble and nervousness. We take it as an all-around household remedy, and feel sure it can't be beat."—John Agor, R. F. D. No. 3, Hammondport, N. Y.

Duffy's Pure Malt Whiskey has to its credit over fifty years of public service. It is the result of years of careful work, and is an absolutely pure distillation of carefully malted grain. Overworked men, delicate women and sickly children will find in it the health and strength-giving parts that are so necessary to them. It is a wonderful remedy in the treatment and cure of consumption, pneumonia, grip, bronchitis, coughs, colds, malaria, low fevers, stomach troubles and all wasting, weakening conditions, if taken as directed.

Duffy's Pure Malt Whiskey is the only whiskey that was taxed by the Government as a medicine during the Spanish-American war. Duffy's Pure Malt Whiskey is sold IN SEALED BOTTLES ONLY by druggists, grocers and dealers everywhere, or shipped direct for \$1.00 per large bottle. The Duffy Malt Whiskey Co., Rochester, N. Y.

Dr. Freeman declared that he saw Rixey December 14 last, which was before the collapse of the bank, and that Rixey was then in a critical condition. Witness only saw him yesterday, and was of the opinion that his condition was now worse than last December.

Would Be Great Mental Strain.
He thought that coming over to Alexandria was a great mental strain for the accused to undergo, and he thought that Drs. Thayer, Thomas and Himes thought the strain would be dangerous. Commonwealth's Attorney Brent asked if it was not a fact that Rixey recently went to Baltimore. The physician replied in the affirmative, but added that when he returned he appeared greatly upset. He thought the result of a general breakdown.

Nine Indictments Pending.
Nine indictments are pending against Rixey in connection with the collapse of the Virginia Safe Deposit and Trust Corporation, which institution went into the hands of receivers December 29 last.

The indictments were returned by a grand jury following a lengthy investigation, which was concluded last February. Rixey's trial has been postponed from time to time owing to his illness.

RULE IS ISSUED AGAINST CUTCHIN

Roanoke Mayor Must Show Cause Why He Should Not Be Removed.

(Special to The Times-Dispatch.)
Roanoke, Va., April 10.—Judge J. M. Mullen, of the Corporation Court of Petersburg, presiding under a commission from Governor Mann, this morning in the Corporation Court here, issued a rule against Mayor Joel H. Cutchin to show cause why he should not be removed from office. The rule has in it the embodiment of the report of the recent grand jury, with fifteen specific charges. Eleven of them are founded on the charges made by the grand jury concerning his wilful collusion with disorderly persons and his alleged neglect of the law in the suppression of the poor law. The charges charged with allowing merchants to conduct business on Sunday, and instructing them to continue the practice with "the windows open and shades drawn."

He is represented by Marshall McCormick, and the prosecution will have the Commonwealth's Attorney, Judge N. H. Hairston, and R. G. Scott, of Richmond. The rule is returnable Friday, April 21, when the case will be gone into.

LIBEL FOR \$10,000 SALVAGE.
Alleged That British Steamship Would Have Turned Turtle If Not Beached.
Richmond, Va., April 10.—That the British steamship Beatrice, loaded with crooked piles and lumber, would have turned turtle in this harbor Saturday night had she not been beached at Sewell's Point until a portion of her cargo could be removed. A libel in the amount of \$10,000 for salvage brought in the Federal court here today by the Southern Transportation Company, owner of the tug Virginia, which under great difficulties, it is averred, beached the ship before she capsized. The libel says the master of the Virginia observed the Beatrice when she was beached, and that she was perceptibly and so readily increased that those on the Virginia expected to see her capsize momentarily; that with water pouring through portholes, engine room, bunker hatches and the floor of her bridge was being washed away, the crew leaped from the ship to the deck of the tug, one man leaping overboard in his flight, but being afterwards rescued.

REPUBLIC SET UP BY DISCONTENTS

Insurrection in Province of Malaga Not Considered Seriously by Government.

FEELING OF UNREST GROWS

Portugal Being Used as Base for Republican Propaganda Against Spain.

Madrid, April 10.—A republic which has been proclaimed at Canillas de Acetuna in the province of Malaga, is not considered seriously by the government. The populace of the town rebelled against the royal authority and attacked the barracks of the civil guard. Several persons were wounded in the fighting that followed. Reinforcements of troops are being hurried to the scene.

The Republicans are somewhat excited over the movement in Malaga Province. The easy overturn of the Portuguese monarchy appears to have inspired the Republicans, who during the past two weeks have been using the Ferrer debate in the Chamber of Deputies as a means of agitating against the monarchy. It is believed that the insurrectionary outbreak occurred near the Portuguese frontier it would have given more concern to the government, which is determined not to tolerate the intervention of the Portuguese Republicans in Spanish affairs.

Canillas de Acetuna is a town of about 5,000 inhabitants in the Velaz-Malaga district in the southern part of the Province of Malaga, Province of the borders on the Mediterranean, its capital, Malaga, being fifty-five miles northwest of Gibraltar.

King Alfonso had an unpleasant experience in Malaga last January following his arrival in the city from Madrid while on route for Melilla, Morocco. Accompanied by Premier Canalejas and two other Cabinet ministers, the King arrived at the railway station, where he was acclaimed by a great throng that followed the train to the palace doors there was an explosion in the crowd and two persons were injured. One official account of the incident stated that a civilian had dropped a pistol inclosed in a box. Many persons believed an attempt on the life of the monarch had been made.

The government already has made representations on several occasions at Lisbon regarding the number of Portuguese who are in close correspondence with Spanish Republicans and plotting for a republic in Spain. This government is not hostile to Portugal, but the Cabinet has considered what action should be taken in the event of a prolonged civil war between monarchists and Republicans. In the event of such a situation Spain for her own security, almost certainly would intervene.

By the military element the occupation of Portugal is regarded as something easy of accomplishment. The Spanish troops are being equipped for field work, and the Spanish garrisons on the Portuguese frontier are being strengthened.

No thought of permanent occupation of Portugal is entertained, however, by the government. This is due to several reasons, the most important of which is that it is not disposed to have another troublesome Catalonia on its hands. It appears to be thought in official circles that the government could not act more rapidly with the Republican movement in Spain should the republic in Portugal fall.

THIS SHAMPOO BEST FOR HOME USE

"Soaps and most ready-prepared shampoos are not good for the hair," writes Mae Martin, in the Los Angeles Herald, "as they contain alkali, which is responsible for scalp troubles and dandruff, itching, brittle hair—often times mistakenly attributed to wearing false hair. For restoring the natural gloss and plumpness to dull, stringy, scant hair there is nothing to compare with a shampoo made by dissolving a teaspoonful of cutchin in a cup of hot water. It makes a creamy, cleansing lather that removes every particle of dirt, dandruff and excess oil from the scalp and stops itching. It rinses off easily and dries in just a few minutes. This peculiar shampoo gives to the hair a moorish, brittle or faded hair which uses it."

FARMERS CROWD INSTITUTE CARS

Final Week Opens Auspiciously. Southwest Interested in Alfalfa.

Cars furnished by the Richmond, Fredericksburg and Potomac Railroad on the farmers' institute train yesterday proved inadequate to seat the crowds which desired to attend the meetings. More cars were requested last night by the officials of the Department of Agriculture, and it is believed the railroad will be generous enough to furnish them.

At Glen Allen yesterday morning many people gathered, and a much larger crowd turned out at Ashland in the afternoon, judging from the opening day, the final week of the long series of institute, in which a large part of the State has been covered, will be among the most successful.

The Business Men's Association of Fredericksburg is preparing for a big crowd in that city to-morrow afternoon, when the train will stop there. Five hundred cards were sent out by the association last night asking farmers to be present. Arrangements have been made whereby all who attend will be presented with free tickets to a matinee at a Fredericksburg theatre in the morning and at Milford in the afternoon.

Institute Director Owen, who has been with the series of institutes ever by the country, was very much impressed last week with the interest in Tazewell and Russell counties in alfalfa growing. The demand for information on this subject was constant, and the supply of alfalfa bulletins was exhausted early in the game.

School buildings in the Southwest, according to Mr. Owen, are mostly new and attractive. Both teachers and pupils attended the institutes in numbers, showing the greatest interest.

R. F. and P. Safety Appliance Case.
The case of the women who sue the Richmond, Fredericksburg and Potomac Railroad Company, involving the question of proper safety appliances, was called to-day in the United States District Court.

Verdict for Defendant.
A verdict for the defendant was returned yesterday in the Henrico county Circuit Court in the case of D. W. L. against a writ of unlawful detainer.

STATE BOARD TO CHOOSE OFFICERS

Agricultural Body Meets To-Day at Capitol—Auditing Committee in Session.

NEW EXCHANGE CHARTERED

Eastern Shore People Launch Concern to Oppose Old Marketing Association.

There seems little doubt of the reelection of both President J. M. Barker, Sr., of Henry county, and Secretary Berkeley D. Adams, of Charlotte county, at the annual meeting of the State Board of Agriculture, which will be held at the Capitol at 10 o'clock this morning. Members of the board who came to the city yesterday expressed themselves as entirely satisfied with the services of these officers.

The auditing committee of the board was in session yesterday, examining the accounts of the Department of Agriculture, accumulated since the last meeting, which was held during the State Fair. This committee will make its report to-day, as will the committee to audit the sale of fertilizer tags. The auditing committee is composed of President Barker, W. W. Sproul, of Augusta, and T. J. Arvin, of Meherren.

A good many matters of public interest will come before the board at all sessions. It is understood the reports from the State test farms will show satisfactory work. The labor of J. J. Owen, as director of institutes, will be reviewed.

The United Agricultural Board will meet in the office of Governor Mann tomorrow morning. Plans will then be mapped out for the extension of agricultural education during the year. Commissioner Kolner and Messrs. Adams and Sproul, of the State Board of Agriculture, are members of the United Agricultural Board. Dr. Seaman A. Knapp, of the United States Department of Agriculture, who was a member of the latter body, died a few days ago.

FORM NEW ASSOCIATION

"Inaugurants" of Eastern Shore Secure Charter for Enterprise.

Formal launching was given yesterday to the movement for an independent association to market the products of the Eastern Shore of Virginia, which has been so thoroughly successful in building up a business co-operatively. The old organization, which has been so thoroughly successful in building up a business co-operatively, is known as the Eastern Shore Farmers' Produce Exchange.

Some time ago a dissatisfied element appeared in the membership of the old association. Various charges, some definite and others indefinite, were made, among them that the management was not quite so economical as it might be. So the new concern has been started. It has an authorized maximum capital stock of \$50,000 and a minimum of \$5,000.

Through the medium of the old exchange the farmers and fishermen of that immensely rich trucking and fishing section of the State have been able to market their products. The closest touch is kept by the officials with all the great markets of the country, and the best possible prices are secured. The deepest regret is expressed by many prominent citizens that a split has occurred.

Officers Are Named.
The officers of the Farmers' Mutual Exchange of the Eastern Shore of Virginia are: Otto F. Mears, Eastville, president; J. S. Matthias, Greenbush, first vice-president; S. C. Turbington, Wolfe second vice-president; F. A. Shield, Exmore, secretary and treasurer; J. W. Chandler, Exmore, general manager. The general officers will be at Exmore, while those of the old association are at Tazewell.

The directors are as follows: J. W. Lankford, New Church; Nathaniel H. Conquest, Oak Hill; William H. Mat-

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

INJURIES OF TWO MAY PROVE FATAL

Several Men in Fight Following Dispute Over Chickens.

(Special to The Times-Dispatch.)
Lawrenceville, Va., April 10.—A difficulty occurred this morning about sunrise between two men, one of whom, Williams, and R. J. Gray, on the one side, and Sidney Mitchell and his father-in-law, J. E. Gray, on the other. It appears that Boyd Williams and Sidney Mitchell had a personal encounter on Saturday about the trespass of some fowls. They separated, and the following morning Boyd Williams' two sons, Talmage and Lear, together with Robert Gray, attacked Sidney Mitchell. J. E. Gray came to the rescue of his son-in-law, and a general fight ensued. In which J. E. Gray and Talmage Williams received severe if not fatal wounds.

Be Careful

Fever and many other diseases have their inception as a result of the installation of unscientific and unsanitary plumbing fixtures. Full protection is to be had if the fixtures come from **McGraw-Yarborough Co. Plumbers' Supplies**
122 S. Eighth St., - Richmond, Va.
Out-of-town orders shipped quickly.

MEN FOR YOUR PROTECTION
Have Been Murdered.

(Special to The Times-Dispatch.)
Bristol, Va., April 10.—James Sweetaker, sixty years of age, who last fall imagined himself a formidable candidate for Congress in the Tennessee district, styling himself a reformer, was found dead by the side of the Southern Railway tracks, near Greenville, Tenn., last night. It was believed he had been killed by a train, but later developments lead to the belief that he might have been murdered.

Officials Inspect Bond.
(Special to The Times-Dispatch.)
Danville, Va., April 10.—The Board of Aldermen here to-night, convened with the Common Council in the award of the contract for the erection of an up-to-date concrete bridge across the Dan River to replace the present Union Street wooden bridge. The bridge is to cost \$35,810.
