

# STATE SENATE IS BOLDLY DEFIED

## Witnesses in Lorimer Bribery Case Ignore Subpoenas—Arrested and Released.

Chicago, Ill., April 28.—Judge Pettit in the Superior Court today granted a writ of habeas corpus for Edward Tilden, George M. Benedict and W. C. Cummings within a half hour after they had been arrested by E. H. Bluff, assistant sergeant-at-arms of the Illinois Senate.

Hathfield bore warrants charging contempt of the Illinois Senate for the refusal of the three to obey subpoenas calling for their appearance with these books and accounts of the Drovers' Deposit National Bank and the Drovers' Trust and Savings Bank relating to the accounts of Edward Tilden.

Designated by Bank.

Mr. Tilden was mentioned in the testimony of Clarence Bank of the International Harvester Company, as the man to whom he was invited to send a subscription for the United States Senator William Lorimer.

Hathfield made no attempt to arrest the three last night on their arrival here, and they surrendered themselves early today, accompanied by their counsel, Nathaniel G. Sears, they repaired at once to the courtroom, where the writ was issued, returnable forthwith.

Objections to Subpoenas.

With other things the subpoenas were attacked on the grounds that they were not supported by an oath or affirmation; that they did not describe particularly the books showing the receipts and disbursements of money during May, June, July, August and September; that the Helms committee had no power to investigate the conduct of any members of the present general assembly; and that the subpoenas were not signed by the president of the Senate.

Released Under Bond.

Judge Pettit announced, when the defendants, their counsel and Attorney John J. Healy, representing the Helms committee, appeared, that he would be unable to hear the petition today because of other matters. He set Monday at 10 A. M. as the date for the hearing, and fixed the bonds of the three defendants at \$5,000 each.

that falling was really due to being pushed off of the scaffold by an employe of the company, carelessly and through negligence of the company.

At the conclusion of the evidence counsel for the Carolina Company entered a demurrer to the evidence, which was sustained. The plaintiff will appeal.

Official notification came to the Secretary of State to-day of the organization of the North Carolina Interurban Railway Company, with principal office in Rutherfordton, and with J. C. Mills as president and J. T. Gardner as secretary. The corporation was chartered by the last Legislature. The par value of capital stock has been fixed at \$5 for common and \$20 for preferred.

There is an amendment for the charter of the Gaston & Tate Company, Marion, that decreases the capital stock from \$15,000 to \$6,000. E. L. Gaston and J. H. Tate are the principal stockholders.

A charter is granted for the Carolina Coast Line Company, Newbern, with \$100,000 capital authorized and \$13,000 subscribed for mining marl, limestone and other materials.

Adjutant-General R. L. Leinster is notified that Company L, Lumber Bridge, is the winner of the first prize of \$20 for the highest score of any team in the Second Regiment rifle range contest at Goldsboro this week; also that the highest individual score was by Sergeant Wade, of Company D, Goldsboro. The scores are being reserved until after the First Regiment contest at Gastonia next week.

# TO BUILD CHURCH IN WASHINGTON

(Continued From First Page.)

have been given why the church will build a house in Washington. Some of them are plausible. But, he asserted, if the real reason is anything save to reduce a mighty rival, he did not, he continued, believe that God will permit the building of an institution to foster selfish pride or feed sectional partisanship or political prejudice. "We will go to Washington in God's name."

He said that religion measures the quality of civilization, and that a sound government could never be made up of unsound politics.

The bishop deplored the lack of Methodist spirit. The Baptists, he said, would call a man from California to Virginia, and no objection would be made. Yet if a Methodist minister is transferred from one conference to another there is more or less suspicion and quibbling. He closed with an ideal picture of the work the Washington Representative Church is to do among all classes and grades of society.

Need More Churches.

Preceding Bishop Kilgo, Bishop W. A. Candler, of Atlanta, spoke on "Church Extension Work as a Missionary Agency." He asked for better buildings in which to house the foreign missionary work. He believed, he said, with all his heart in an itinerant ministry, but he did not believe in an itinerant congregation. A good deal of money, he believed, is wasted when given to missions which are not needed.

Disabusing the minds of his hearers of the general impression that China is a barbarous land, he said it is tremendously intellectual. Confucius ages ago, he declared, produced a better system of ethics than has Herbert

# ORDERS NON-SUIT IN DAMAGE CASE

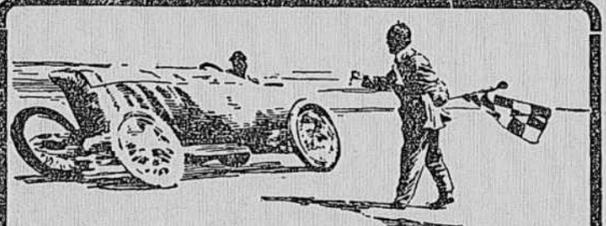

## Judge Whedbee Dismisses Action Against S. A. L. Charters by State.

(Special to The Times-Dispatch.)

Raleigh, N. C., April 28.—A non-suit has been ordered by Judge Whedbee, of the Wake Superior Court, in the suit by James T. Horton, locomotive engineer, vs. the Seaboard Air Line for \$60,000 damages for injuries to his eyes, through bursting of the glass water gauge of his engine. An admission by Horton that he or his fireman had broken the outer tube, designed as a protection from accident of the sort complained of, and that he had taken the engine out in that condition, without reporting the breakage to the yardmaster, brought about the non-suit under the Hindale act.

The Carolina Power and Light Company obtained a non-suit in Wake Superior Court to-day, in the damage suit against the company by R. H. Dell, who was suing for \$15,000 damages, for injuries in falling from a scaffolding, at the power plant and street car sheds of the company some months ago.

The allegation of the plaintiff was

# POLARINE

"The Winning Oil for Winning Cars"

"To-day I lowered my world's records for the mile and kilometre; also established a world's record for two miles. Time for kilometre 15.88 seconds; for mile 25.40 seconds; for two miles 51.28 seconds. Used Standard Oil Gasoline and POLARINE in practice and in final trials and it helped me break records. Nothing but POLARINE for me from now on."—Daytona, Fla., April 23rd, 1911. (Signed) BOB BURMAN.

"When examined carefully after the trials, the Blitzen Benz was found to be in as perfect condition as ever."—New York Times.

This accomplishment again proves that POLARINE is the best automobile oil yet produced.

Spencer, Soo-chow he denominated the Athens of the East.

He knew of a dozen garages, he proceeded, in his end of Atlanta, where they keep the automobiles, while they are not killing people with them, which are better buildings than the usual mission church in China and Korea.

Discusses False Hair.

In front of a heathen temple at Kyoto, Japan, said Bishop Candler, he saw a mighty cable, and was told that it had been used to hoist the immense pillars which adorned its entrance. The cable was made of the hair of the women of China. Digressing a little, speaker said that if he had the hair on the heads of Southern Methodist women, which was not natural or ancestral, he could make a cable which would build another temple at Kyoto.

He thought perhaps that some contributions were withheld from the church and spent for false hair.

At the afternoon service, Bishop R. G. Waterhouse spoke of church extension work on the Pacific Slope, and Bishop W. R. Lambuth spoke about the Brazilian people, their occupations, their mode of life, and their wonderful country, as large as the United States with Texas counted twice. More of Brazil is still unexplored than remains of the unexplored region of Africa. The Amazon is navigable for 3,200 miles, making the greatest river in the world. There are now two annual conferences in Brazil, with a distance between the two as far as from Virginia to Maine. Good church buildings are needed there, as Bishop Water-

Washington and Lee Defeats Johns Hopkins in Joint Debate.

(Special to The Times-Dispatch.)

Baltimore, Md., April 28.—The Washington and Lee University debating team defeated Johns Hopkins University to-night in McCoy Hall. The subject discussed was, "Resolved, That the present distribution of powers between the Federal and State governments should be revised in pursuance of a general policy of further centralization."

Hopkins had the affirmative and Washington and Lee the negative. Dr. John C. French was the presiding officer.

The speakers for Washington and Lee were John G. Herndon, J. T. Gray, Jr., and H. B. Ferguson, alternate. For Hopkins L. B. Bobbit, Leo Wolman, and J. S. Dickinson, alternate.

Each speaker had a main speech of twenty minutes and a rebuttal speech of five minutes' duration.

The judges were Charles W. Hutcher and Carroll T. Bond, of the Baltimore Supreme bench, and Eugene O'Dunne, of the Washington bar. The decision was by a 2-to-1 vote.

Washington and Lee won mainly on rebuttal, showing that the arguments presented by the Hopkins team did not constitute a revision of the powers in the direction of centralization, but that most of the powers were already exercised by Congress. Herndon was the star speaker for the victors, and by him most of their main argument was presented. All of the speakers showed an exhaustive knowledge of the subject, and were congratulated on their work by the judges.

For Hopkins Leo Wolman spoke well, but the burden of proof which devolved upon the affirmative was too great, and he was unable to rebut effectively the arguments of Washington and Lee. This is the first victory for Washington and Lee in three years, the Hopkins team having won last year and the one before that year.

Before the speeches Dr. Ira Remsen delivered an address.

DANVILLE WINS DEBATE.

Woman Suffrage is Subject of Argument Between High Schools.

(Special to The Times-Dispatch.)

Lynchburg, Va., April 28.—The Webster-Calhoun Debating Society of the Lynchburg High School engaged in a public debate with the Twentieth Century Literary Society of the Danville High School at the Y. M. C. A. to-night on the subject, "Resolved, That women should be allowed to use the ballot."

Miss Lucille Rector and Carter Adkerson upheld the negative, representing the local school, and Harry Harman and Ralph Wheatley took the affirmative, representing Danville.

The judges, Giles Miller, Mayo C. Brown and Thomas Williams, decided in favor of the affirmative by a 2 to 1 vote.

house said they are needed on the Pacific Slope.

Work Not Finished.

Not much more than half the work of the board in apportioning the church extension fund for the year has been completed, but it is likely that the end will be reached some time to-day.

Following an earnest debate, it was decided to appropriate \$10,000 toward the extension fund of \$60,000 to be raised for church building at Seattle, Washington. A similar amount was set aside for work in Eastern Kentucky, where large mining development is in progress and where towns are springing up. A like sum was appropriated for Oklahoma City, while

\$5,000 was given to Key West.

There will be no public services to-day, but to-morrow the bishops will occupy the Methodist churches of Richmond.

JUMPS OVER LIGHTED FUSE AND IS KILLED BY EXPLOSION

(Special to The Times-Dispatch.)

Staunton, Va., April 28.—Roy Sellers, a youth eighteen years old, was instantly killed yesterday by a dynamite explosion, while working with other hands blasting holes for apple trees on the farm of J. E. Sheets in Augusta county. Lighting the fuse he called to the others to watch him jump over it. As he jumped the explosion occurred, mangle his body and blowing off both arms. Some of the others were slightly injured.

COMMITTS SUICIDE BY TAKING POISON

Love Affair Said to Be Cause of Young Woman's Ending Her Life.

(Special to The Times-Dispatch.)

Reno, Nev., April 28.—Miss Juanita Rosenbaum, eighteen years old, committed suicide in her home, near Raleigh Court, in Reno, Nevada, this afternoon by swallowing an ounce of carbolic acid. A love affair is said to have driven her to the act. This afternoon Mrs. D. E. Rosenbaum, mother of the young woman, went into the yard to go to the well, leaving the young woman in her room. When she returned a few minutes later she found her daughter in convulsions of agony. The mother realized at once that her daughter was in a serious condition. Medical aid was summoned, but she lived only a few minutes. A note was found in her room, which simply said that she had taken the step because she had a broken heart. She also asked that an account of the suicide not be printed in the newspapers.

TURN SPOT LIGHTS ON WAVE OF CRIME

Three Grand Juries Investigate, With Widely Divergent Results.

(Special to The Times-Dispatch.)

New York, April 28.—Three grand juries threw their spot lights to-day upon a so-called crime wave in New York, with widely divergent effects.

A strong presentation that the police situation is a matter of grave concern, that the force is demoralized, and that gangs of ruffians operate without official restraint in certain neighborhoods was handed in by one grand jury. On the heels of this came an opinion from the regular April grand jury that the police force was highly efficient and that criticisms of its efforts are unwarranted. Simultaneously, the special grand jury named to investigate crime conditions delved still further into the situation by questioning Police Commissioner James S. Crotty and Deputy Police Commissioner William T. Flynn, who had resigned.

Judge Rosalsky, of the Court of Special Sessions, to whom both presentments were handed, agreed with the finding of the first grand jury.

"I want to say to you," said Judge Rosalsky of the court, after reading the presentment, "that from my experience on the bench during the past few months, I am satisfied that the police department is demoralized, and that the men have no confidence in their superiors. I have known Mayor Gaynor for a long time, and know him to be a good man, but he is sometimes impetuous and does things which he might not approve in wiser moments."

To the regular grand jury's presentment, commending the efficiency of the police, Judge Rosalsky replied with a suggestion that a committee should be appointed to confer with the Mayor on the matter.

Longwood Store Robbed.

(Special to The Times-Dispatch.)

Lynchburg, Va., April 28.—The general merchandise store of Len Brothers, at Longwood, was robbed Thursday night, an unknown thief making way with goods from the stock which are valued at more than \$150, which consisted chiefly of silk dress goods, shoes and ready-made clothing.

VICTORY SCORED BY VIRGINIANS
